Eastonmade Equipment–
Durable, Efficient and Reliable

New Model FHC-10 Firewood Hopper Conveyor — Built to Last!

Whether you're feeding a splitter, packaging line, or screener, this conveyor takes the back-breaking labor out of wood handling. If you're looking for durability, efficiency, and reliability—this is the conveyor built for your wood yard

Simply dump in cut rounds of wood and let the conveyor do the work—feeding directly into your firewood splitter for maximum efficiency. It's equally versatile for moving split firewood into a packaging line, or for feeding a firewood screener or tumbler.

KEY FEATURES:

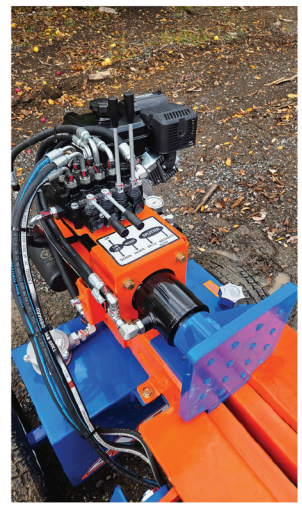
- **Powerful Motor:** Provides consistent, dependable operation under load.
- **Versatility:** Handles both cut rounds and split wood with ease.
- **Easy Transport:** Equipped with a pintle hitch for moving around the yard.
- **Adjustable Setup:** Adjustable legs and axle allow for quick height changes to match your operation.

Apex — Our Newest Splitter

Introducing the Eastonmade APEX, the brand-new powerhouse that redefines what a wood splitter can do. Built on the proven foundation of our legendary ULTRA model, the APEX takes performance and efficiency to the next level.

UPGRADES INCLUDE:

- **Hydraulic Log Lift –** Save your back & keep production moving with effortless log handling.
- **Hydraulic Wedge –** Precision & power at your fingertips with smooth, controlled operation.
- **Full Auto Cycle –** Split more wood with less effort
- **Increased Tonnage –** More force, more capability—handles the toughest rounds with ease.
- **Larger Catch Pan -** Increase work space for sorting and re-splits
- **Swapable Log Lift to Either Side**



The APEX isn't just another splitter—it's a game changer! Whether you're processing for business or for home, this machine is built for speed, strength, and reliability. Step up to the APEX. The future of firewood processing starts here.

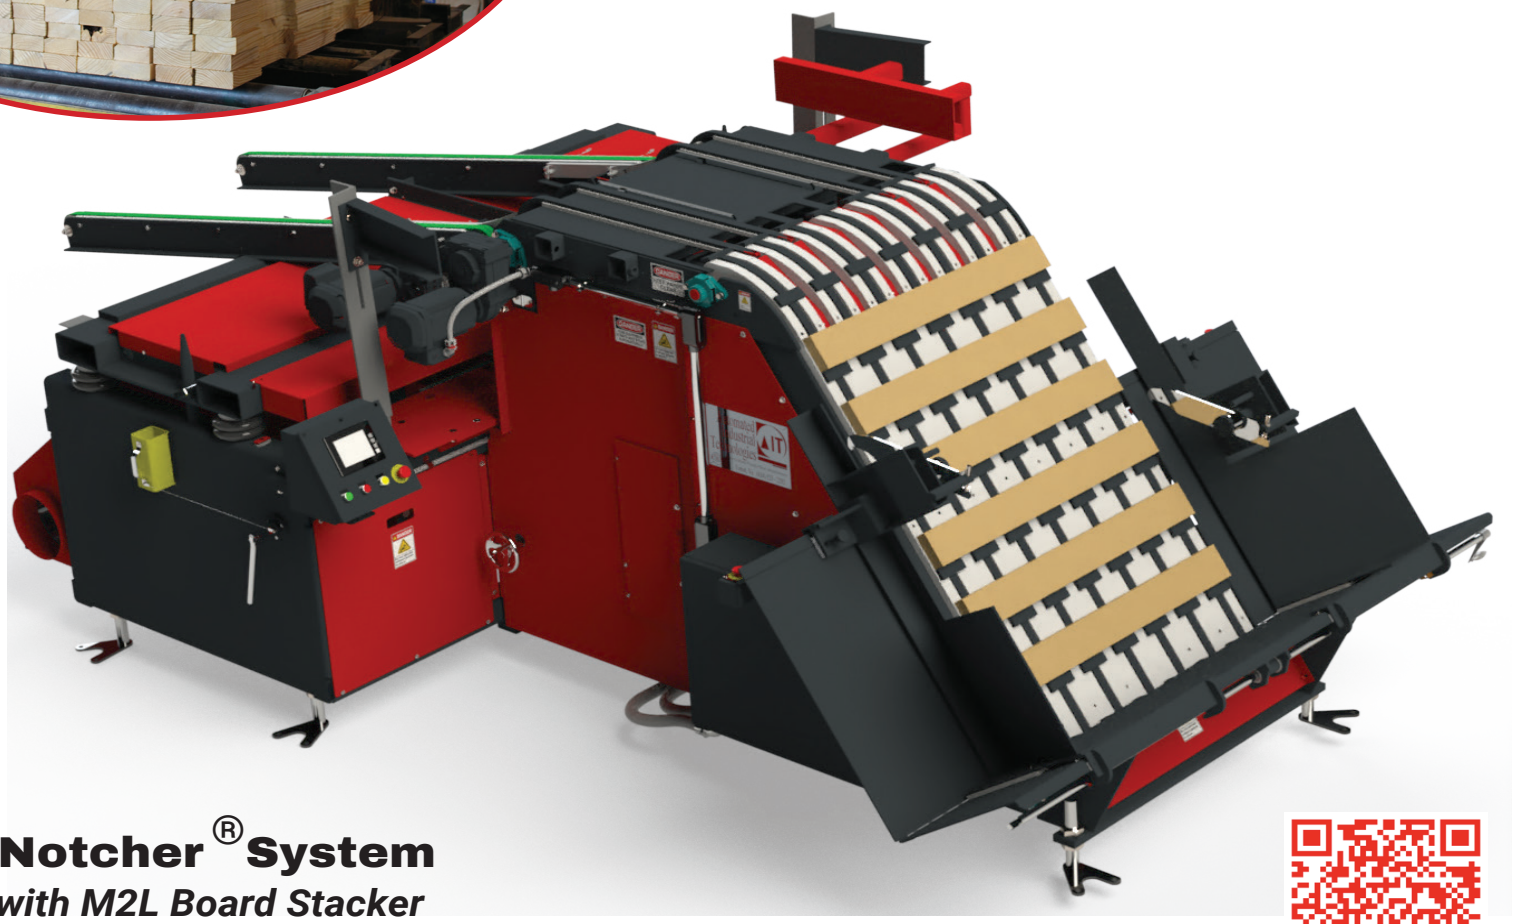
Throughput on Your Notcher Line Like You've Never Seen Before

Automation is the key to moving more board feet per hour without wasting labor hours.

That's what **MAX** delivers.

The KA 6000 Notcher is your solution for efficient throughput on boards from saw to stacker--nearly hands free.



ByPass Notcher® System

Integrates with M2L Board Stacker

Feed both notched and non-notched stringers to the same board stacking line at up to 6000 boards per hour.

LOW COST PALLET MOLD SOLUTIONS

FOOD COMPANIES INSIST ON AIR FLOW TRAILER SYSTEMS

Jasper Products of Joplin, MO , a manufacturer of food related products, had struggled to eliminate mold on pallets. After trying Air Flow Trailer Systems, they have eliminated the mold problem. "We are happy with it because we aren't seeing moldy pallets. We tried many other solutions before and nothing else worked even marginally, but this AFTS fan system worked exceptionally well," said Ed Beam, vice president of Jasper Products. Jasper recently purchased additional units from AFTS, bringing their total to 40.

Tough, Fast. Simple

"We currently run four Hurdle mills and they give us the versatility to cut cants, ties, grade, and feed our thin-kerf resaws ... Hurdle has been a big part of our success for the last 25 years. You could spend 4 or 5 million dollars building a mill to square logs for a resaw, but why? Hurdle is the MOST cost effective headsaw, no other sawmill can produce like this and keep total capital investment this low!"

P: 541.345.7454 - F: 541.345.7971 - sales@mdiblue.com - www.mdiblue.com - Eugene, OR USA

A letter to my fellow sawmillers:

I hope you all are doing well. Just a quick note about our saw bits. We spent over 3 years designing and testing our carbide circle saw bits. After selling some of them a year or so ago, we received feedback that some of them broke due to improper welding. If you bought any of these, please write to us and explain any issues you may have had. We will then send replacement bits to you to correct the problem.

We have made changes to our welding process and are happy to report that the issue has been resolved and they are working well now. We are sorry or any inconvenience this may have caused, and we intend to manufacture and sell Eagle Claw saw bits for many years to come. Our customers' satisfaction is very important to us.

Kind regards,

Aden L. Troyer
