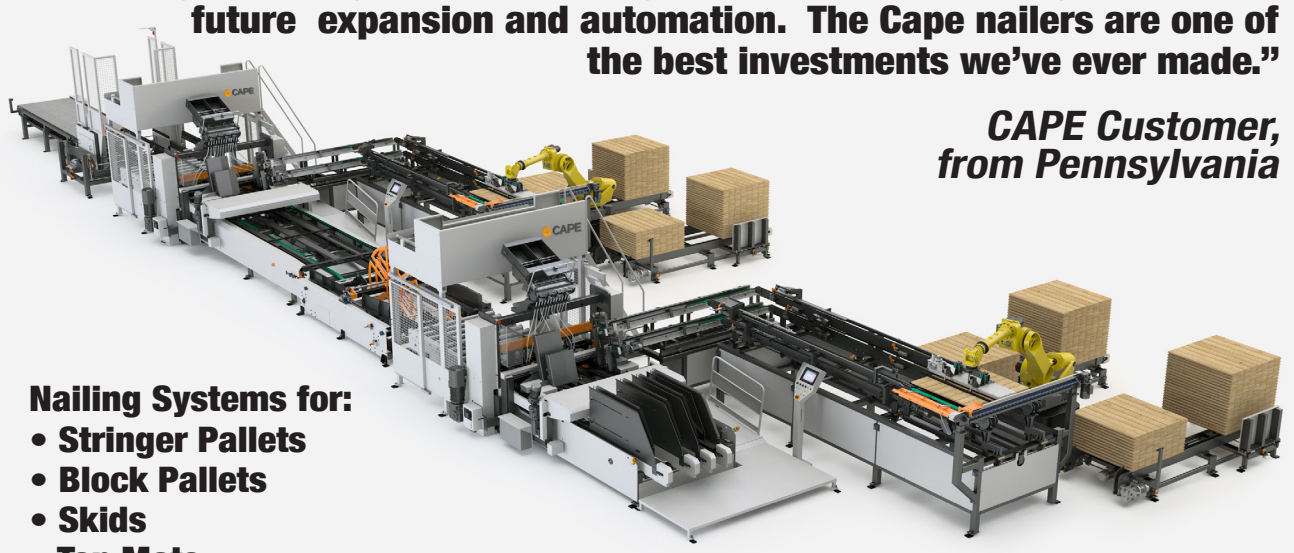
CAPE Nailing Machines

"We have been impressed with the Cape nailing machines since day one. It is a well built machine that incorporates a great design with technology, and its modular design allows for future expansion and automation. The Cape nailers are one of the best investments we've ever made."

CAPE Customer, from Pennsylvania



Nailing Systems for:
- **Stringer Pallets**
- **Block Pallets**
- **Skids**
- **Top Mats**
- **Cable Drums**

Innovative Solutions For Pallet Manufacturing, Recycling, Lumber Processing, Material Handling & More

AMERICAN LUMBER & PALLET
P.O. BOX 342
OLDSMAR, FL 34677-0342

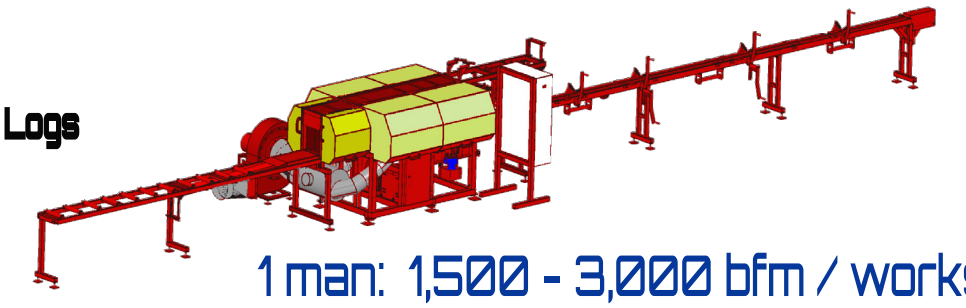
PRESORTED STANDARD
U.S. Postage Paid
Atlanta, GA
Permit No. 3592

WoodLandia LogRipper®-200S

In Stock for 3-12" Logs

5th Generation

168 HP of Total Milling Power. Small Footprint
Profiling capabilities. Output: from 1/4x2" to 6x10"
Can mill T&G, Shiplap (*experimental feautures)



1 man: 1,500 - 3,000 bfm / workshift*

3 men crew: 4,000 - 10,000 bfm / workshift*

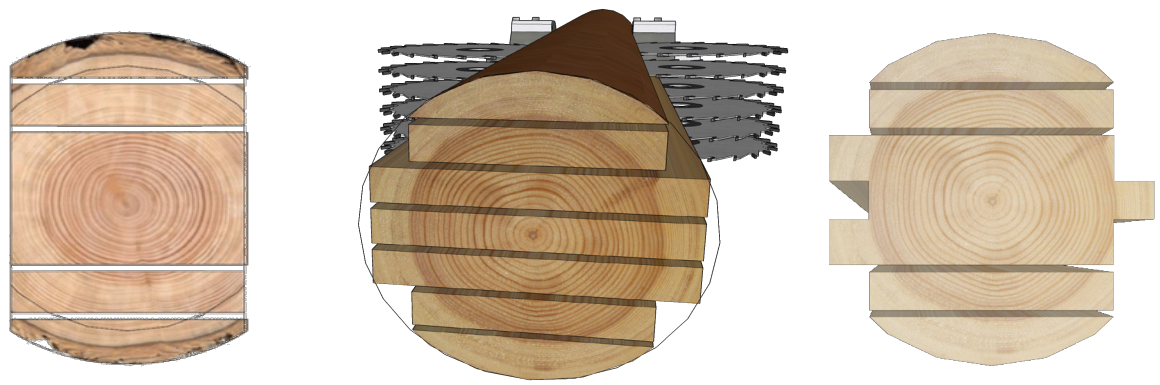
*Larger Diameter Input + Larger Profile = Greater BFM per shift.
Greater BFM requires faster material handling i.e. automation or labor.

WoodLandia LogRipper®-200XP

In Stock for 3-11" Logs

4th Generation

One-Pass & Done Multi-Functional Sawmilling Systems



1-877-508-8777 or LogRippers.com

WoodLandia LogRipper®-300

For 5-15" logs

since 2023

264 HP Milling Power. Profiling Capabilities
Input: 5-15" Logs. Output: from 1/2x4" to 10x12"

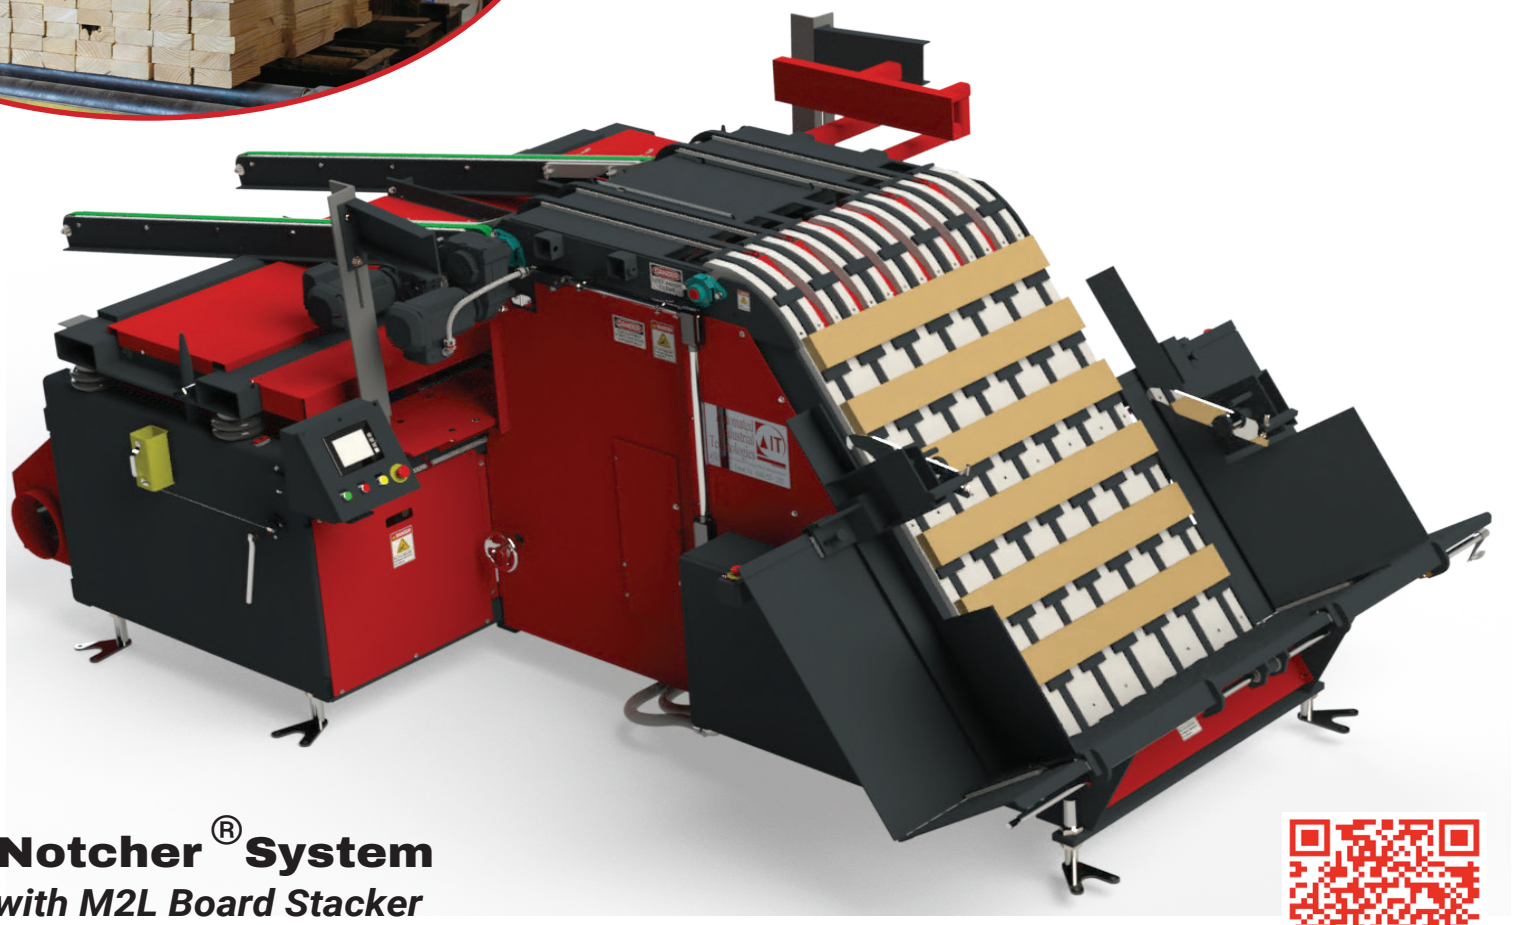
Throughput on Your Notcher Line Like You've Never Seen Before

Automation is the key to moving more board feet per hour without wasting labor hours.

That's what **MAX** delivers.

The KA 6000 Notcher is your solution for efficient throughput on boards from saw to stacker--nearly hands free.



ByPass Notcher® System

Integrates with M2L Board Stacker

Feed both notched and non-notched stringers to the same board stacking line at up to 6000 boards per hour.

LOW COST PALLET MOLD SOLUTIONS

FOOD COMPANIES INSIST ON AIR FLOW TRAILER SYSTEMS

Jasper Products of Joplin, MO , a manufacturer of food related products, had struggled to eliminate mold on pallets. After trying Air Flow Trailer Systems, they have eliminated the mold problem. "We are happy with it because we aren't seeing moldy pallets. We tried many other solutions before and nothing else worked even marginally, but this AFTS fan system worked exceptionally well," said Ed Beam, vice president of Jasper Products. Jasper recently purchased additional units from AFTS, bringing their total to 40.

Tough, Fast. Simple

"We currently run four Hurdle mills and they give us the versatility to cut cants, ties, grade, and feed our thin-kerf resaws ... Hurdle has been a big part of our success for the last 25 years. You could spend 4 or 5 million dollars building a mill to square logs for a resaw, but why? Hurdle is the MOST cost effective headsaw, no other sawmill can produce like this and keep total capital investment this low!"
Brandon Clark, Clark Lumber Company

B-5 FEED COMPLETE WHEEL

FITS MORBARK PS8

IMPROVES THE FEED, AND OUTLASTS THE CONE TYPE SPIKES BY AT LEAST 7X- 10X, WHILE IMPROVING THE FEEDING PERFORMANCE.

ATS SPIKES

Featuring a weld-lock design & created from a solid, high-quality chrome alloy, ATS Spikes are American-Made & easy to install.

We have many different shapes & sizes to choose from. Custom sizes are available upon request!

OPTIONS

#1) Long Life Spikes or Tips

Made from a tough, durable alloy, outlasting common products by at least 7 times.

#2) Tungsten Carbide Sprayed Spikes or Tips

Only second to the ATS Long Life Spikes, these last much longer than the machined ones.

#3) Heat Treated Spikes or Tips

Machined spikes, when it is not necessary for either #1 or #2.

Premium Lumber Absolute Auction - 9 AM EDT

Call Eugene:
(574) 626-1244

This auction offers a unique opportunity to purchase high-quality, fresh cut, notched #1 grade pallet stringers by the truckload. With at least 10 truckloads available, it's an excellent chance to secure bulk quantities at competitive prices. This virtual absolute auction provides a convenient and efficient way for buyers to meet their lumber needs.
Located at various locations so be sure to check out the BidBook or the website regarding the locations.

BREWCO ACQUIRES BREWER MACHINE & PARTS — A HISTORIC UNIFICATION OF TWO SAWMILL INDUSTRY LEADERS

Brewco, a leading manufacturer of industrial sawmill equipment, announces its acquisition of Brewer Machine & Parts, LLC, uniting two of the most respected names in the North American wood products industry.

This acquisition transforms a long-discussed vision into reality — creating the most complete, American-made sawmill equipment manufacturer in the market.

"This is a move that just makes sense. Brewer is a legacy brand with decades of credibility, and we're honored to carry it forward with precision, speed, and pride. For many in the industry, this is something that's been talked about for years — and now it's finally happening." said Kevin Curran, President & CEO of Brewco.

What this Means for Customers Effective immediately:

- All Brewer equipment will be manufactured exclusively at Brewco's headquarters in Central City, KY.
- Brewco is now the sole source for Brewer parts fulfillment, service support, and equipment manufacturing.
- Brewer's expertise has joined Brewco's leadership team, ensuring continuity of knowledge, quality, and customer care.

Brewer Machine & Parts, LLC will continue to collaborate with Brewco during the transition to ensure seamless service and operational continuity for customers nationwide. "This is a tremendous opportunity for all customers. Combining Brewco and Brewer staff, product lines, and institutional knowledge offers a better customer experience than either company could provide alone. The focus on service, innovation, and durability will continue — but now with even more power to drive it forward," said Paul Kirtley, former President of Brewer and now a senior leader at Brewco.

A Unified Future — Decades in the Making

For years, sawmill operators, suppliers, and industry veterans have said the same thing: Brewco and Brewer belong together. That moment has arrived.
"We're not just expanding — we're aligning," said Curran. "Brewco redefined service and speed. Brewer built machines that last for decades. Now, we're combining those strengths into one team, one brand, and one mission: to set the new standard for sawmill equipment."

Brewco is a U.S.-based manufacturer of premium sawmill systems for hardwood and softwood mills across North America. Known for its relentless commitment to American manufacturing, Brewco delivers high-output, innovative solutions with unmatched speed, service, and support.

Founded in 1967, Brewer Machine & Parts became a trusted name in the sawmill and wood products industry by delivering rugged machinery, custom solutions, and long-term customer relationships.

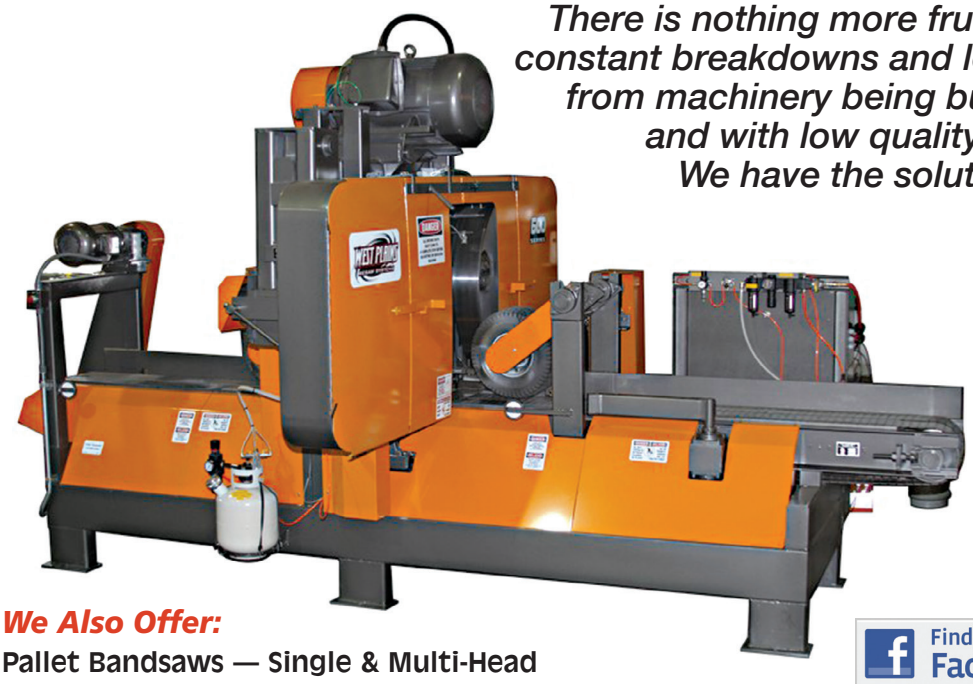
West Plains Grade Resaw Systems are Built to Run & Built to Last!

There is nothing more frustrating than constant breakdowns and lost production from machinery being built too light and with low quality parts. We have the solutions.



200 Series

Economical Grade Resaw to make your thin kerf, specialty mill or lower production circle mill more profitable. Standard cap. 16" x 16"

400/500 Series

The "Next Step" in production and profit. The perfect fit in medium & high production mills. Standard cap. 18" x 18"

600 Series

The "Ultimate" in production and profit. With the 6" band & 75 HP head motor you can easily cut grade lumber at 150 fpm and higher. Standard cap. 18" x 18". Optional — 20" x 20"

We Also Offer:

Pallet Bandsaws — Single & Multi-Head
Chopsaws — Single & Multi-Head Trimsaws, Mini Edgers,
Whole Tree Cut-Up, Package Decks, Unscramblers,
Log Decks, Green Chains, Belt & Roll Conveyors.
