Oberammergau 2020 It began in 1633.

Oberammergau was suffering from the Bubonic Plague. The surviving villagers appealed for Divine Intervention to save their families. They vowed if God were to spare them, they would perform a Passion Play every ten years. They say not a single person fell victim to the Plague after that.

Keeping their promise, the people of Oberammergau's residents still take part in the powerful work of art featuring dramatic performances, beautiful music and choral accompaniment. Preparations are already underway for the 2020 Passion Play in the tiny Bavarian hamlet of Oberammergau. Perkiomen Tours will be there, sharing in the magnificence of this performance with itineraries that showcase the charm and beauty of central Europe.
