SUMMER TIME CHECKLIST

So summer is here and it is HOT! The market is hot and so is the weather. Do you have your checklist ready? Your check list can be a vacation, a daycation or a list of things you want to get done to get your house ready to sell.

If you go from item to item and back and forth, you will find that you don't get anything done. In the summer I would certainly start with the outside, then work your way in.

Now is the time to get it ready. If you have any questions about what should be done and whether it is what you should do to get the house ready, please don't hesitate to call.

Take a good look at that list and prioritize it. I always suggest one room at a time. Make a list, check off as you go and get each item done before you start the next.
