# TINY HEARING AID SALE!

30 DAY TRIAL

SoundLens Synergy iQ IIC Tiny, but packed with Starkey's Latest Technology!

Call today for your FREE In-Office Technology Review

## Better Hearing With An Invisible Fit

### Introducing SoundLens Synergy iQ — Invisible. Wireless. BETTER!

What makes SoundLens™ Synergy® iQ so good?

- COMPLETELY INVISIBLE
- Easy-to-use, allowing for effortless transitions as you go about your day
- Customized for comfort, to fit your lifestyle
- Wireless - stream TV, phone calls, music and more with an optional streamer
- Invisible aid helps deliver pristine audio and exceptional listening clarity
- Preserve peace and quiet while amplifying the important things

Hearing aids do more than just make things louder. In fact, amplifying all sounds equally can cause listening discomfort and confusion. Unlike prior technology, the Acuity Voice within SoundLens Synergy iQ technology stimulates only the parts of hearing that have been damaged, leaving any normal hearing un-amplified.

Call for an in-office technology review and see for yourself what this means!

**Call for your technology review! Hurry, this special ends July 20<sup>th</sup>!**

Hearing consultation\* and technology review by appointment only!

**Spaces are limited! Call Today (401) 623-8670**

Or schedule online: [www.AscentAudiologyCoventry.com](http://www.AscentAudiologyCoventry.com)

Ask about our TV and cell phone listening devices!

During your consultation you will receive a **FREE Video Otoscopic Ear Canal Inspection!**

Using our video otoscope we'll do a complete inspection of your ear canal and eardrum to see if there's wax blockage problem or a condition that may require medical attention.

**USED CLOTHING DROP-OFF SHEDS AT LOCAL GRANGES**

There are two local Granges in the area that have Used Clothing Drop-Off Sheds. They are Exeter Grange, 469 Ten Rod Road (Route 102), Exeter & Slocum Grange, 96 Slocum Road, North Kingstown. Each Drop-Off Shed is sponsored by their own respective Grange. Accepted items include clothing, shoes, sneakers, belts, purses, blankets, sheets, pillowcases, drapes and stuffed toys. If possible, please put donations in tied or closed bags.

**HOME ENERGY ASSISTANCE PROGRAM (HEAP)**

Have trouble paying your heating bill? The Home Energy Assistance Program (HEAP) helps income eligible families pay their heating bills. The HEAP is a Primary Grant that is sent directly to your utility company or fuel provider, and it will be credited on your bill. You don't need to have an unpaid bill, you can either rent or own your home, and must meet current gross income guidelines. Please call 732-4660, Ext. 175 for more information.

**WE NEED BOOKS TO MEND!!!**

The Coventry Resource & Senior Center is always looking for books to mend. You may have a book that is special to you that needs repair. Our volunteer book menders may be able to repair it for you. Drop them off at the Center. There is no fee for this service but donations are greatly appreciated. For more information, please call 822-9175.

**INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS-PROVIDENCE, RI**

**IBEW LOCAL 99**

**Open-Shop Electrical Contractors, Your Time is Now!**

For the past several years IBEW Local 99 has been actively recruiting, testing and welcoming into our Local: Apprentices, Journeymen Wiremen, Tele-com Techs and Contractors.

That effort has been an amazing success. We now have a database of many unrepresented hard working men and women who will be coming in the Union. Many of these people currently work in parts of the industry that the IBEW has historically not been as prevalent in, such as Residential and Light commercial.

We are now looking to expand our recruitment of high quality and ethical open shop contractors that specialize in that type of work.

Discover the value IBEW can have for your company:

- You pay nothing to the Union to sign with us!
- Immediate access to indentured apprentices!
- 1-1000 qualified Men and Women available with a single phone call!
- IBEW quickly becoming the main source of manpower in the Northeast!
- Flexible rates for non-traditional work!
- Your partner in protecting the industry!
- The safest and most productive workforce in the industry!
- The undisputed best training facility and staff in the industry!
- Complete flexibility in Staffing!
- Access to General Contractors and Bidding Opportunities!
- Free Benefit Management!
- Contractor Training and Support!

We are looking for only the best in manpower and contractors. If you are a great contractor, we should be talking to you now. There are many very unsatisfied craftspeople looking for a better life who are available right now and ready to move to your company!

Public Forums to Identify the Concerns of  
People with Disabilities and their  
Families**

During the week of the 28<sup>th</sup> anniversary of the Americans with Disabilities Act, the Governor's Commission on Disabilities and many other state and non-profit agencies conduct a weeklong series of open forums to hear concerns of people with disabilities and their families. The forums are open for all to come and speak; representatives of the sponsoring agencies will be there to listen. Policy makers and planners want to hear your concerns about current services, unmet needs, and suggestions for improving services and expanding opportunities.

### Salome's Stars

**ARIES** (March 21 to April 19) Your zeal for challenges usually works well for you. But this week it's best to avoid jumping into new situations without more information. Vital news emerges by the weekend.

**TAURUS** (April 20 to May 20) Once again, the Bovine's patience pays off as that pesky problem works itself out without taking too much of your valuable time. A new task opens interesting possibilities.

**GEMINI** (May 21 to June 20) Those suggestions you want to share need to be set aside for a while so you can focus on the job at hand. There'll be time later to put your ideas into a workable format.

**CANCER** (June 21 to July 22) Be sure about your sources before you use the information in any decision you reach about your new project. Some of the data might be out of date or misinterpreted.

**LEO** (July 23 to August 22) A sudden challenge might rattle you at first. But pump up that strong Lion's heart with a full measure of courage, and face it with the continuing support of family and friends.

**VIRGO** (August 23 to September 22) Watch your expenses this week so you can have a financial cushion to fall back on should things tighten up later this month. Money matters ease by the 1st.

**HALL FOR RENT:** Coventry Men's Club available for Bachelor Parties, Weddings, Birthdays, Retirement Parties, Etc. Menu available. Call 385-3536 after 2PM for more information.

**LIBRA** (September 23 to October 22) Uncertainty over workplace policy creates anxiety and confusion among your colleagues. Don't be surprised if you're asked, once again, to help work things out.

**SCORPIO** (October 23 to November 21) The workweek keeps you busy tying up loose ends and checking data that needs to be verified. The weekend offers a chance to relax and restore your spent energies.

**SAGITTARIUS** (November 22 to December 21) This is not the best time to go to extremes to prove a point. Better to set a sensible goal now and move forward. There'll be time later to take the bolder course.

**CAPRICORN** (December 22 to January 19) A step-by-step progression is the better way to move ahead. Taking shortcuts could be risky at this time. Important news arrives on the 1st.

**AQUARIUS** (January 20 to February 18) Avoid getting drawn into workplace disputes that should be handled by those directly involved. Instead, spend your energy developing those new ideas.

**PISCES** (February 19 to March 20) You still need to be prudent about money matters. But things start to ease by the end of the week. A weekend encounter with an old friend brings welcome news.

**BORN THIS WEEK:** You handle challenging situations with boldness when necessary and caution when called for.

**HOLY SPIRIT,** You who solve all problems. You light all roads so that I can obtain my goals. You who give me the divine gift to forgive and forget all evil against me and that in all instances of my life, you are with me. I want in this short prayer to thank you for all things and to confirm once again that I never want to be separated from you even and in spite of all material illusions. I wish to be with you in eternal glory. Thank you for your mercy towards me and mine. Say for three days. After 3 days the favor requested will be granted even if it appears difficult. This prayer must be published immediately after favor is granted without mentioning favor. Thank you Holy Spirit. RR

**Prayer to St. Jude**  
 Most holy Apostle, St. Jude, faithful servant and friend of Jesus, the church honors and invokes you universally, as the patron of hopeless cases, of things almost despaired of. Pray for me, I am so helpless and alone. Make use, I implore you, of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to my assistance in this great need that I may receive the consolation and help of heaven in all my necessities, tribulations, and sufferings, particularly (your request) and that I may praise God with you and all the elect forever. I promise, O blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you. Amen. R.R.

**Tips For Refinishing A Basement Yourself**

The right vapor barrier can help keep a finished basement floor dry and odor free.

(NAPSA)—Whether you're looking to add a home office, extra bathroom, more storage space or a second living room to your house, you might start by looking down. Refinishing your basement can be a simple and relatively inexpensive solution to get more out of your living space. Plus, you can do many basement renovation projects yourself. Try these tips:

**Plan Ahead**

Before you tackle any work, think about how you'll be using your finished basement. If you're going to have an entertainment center—complete with a flat-screen TV, DVD player, video games and music—be sure you have enough outlets to run your devices. Plan for plenty of overhead space if you are including a game room with a pool table, dartboard and minirefrigerator. If your basement will include a home office, you may need a wireless-Internet signal booster to maintain quick surfing speed.

**Energy Smart**

Basement windows are notorious for letting in plenty of outside air. One solution for cutting energy bills is sealing cracks and gaps with a silicone-based caulk. If splurging on replacement windows isn't in the budget, consider heavy window coverings to help

stop airflow. Additionally, put timers on basement lamps to be certain they're turned off when the room is not in use.

**Stay Warm and Dry**

Water is the No. 1 enemy of finished basements, so make sure to use a waterproofing product such as Platon, available through CertainTeed Corporation, to guard against the moisture that can seep through a home's concrete slab. The durable, easy-to-install dimpled membrane forms an impermeable moisture barrier and air gap, allowing the concrete to breathe while keeping the floor dry. A value-added bonus: Platon keeps the finished floor isolated from the cold, damp concrete, so it becomes room temperature, not slab temperature. This helps keep floors warmer in winter and odor- and condensation-free in summer.

**Up To Code**

Remember that basements are subject to the same building codes as the rest of a house. Depending on the size of the project, you might even need a building permit to begin work. Be certain to check with building officials before you begin renovations and, if required, bring in an expert to help with certain parts of your project. For more information, visit [www.certainteed.com](http://www.certainteed.com).

**Remove Ugly Wallpaper With Ease**

(NAPSA)—Looking for a week-end home improvement project? Removing old tired wallpaper in the hallway, bathroom or other room of your home is a project that will give you dramatic results with little effort.

Wallpaper removal is easy if you follow a few simple steps and use products available at your local home center, paint retailer or hardware store. Here's how:

**Step No. 1:** Score the wallpaper. Most wallpaper has a washable, waterproof surface. Try peeling the top layer away by hand. If it won't peel away easily, you need to score the wallpaper first to ensure that wallpaper stripper solution is able to reach and loosen the glue underneath. PaperTiger Wallcovering Scoring Tool is designed to perforate the wallpaper without damaging the wall for fast and easy scoring. The more holes you make, the faster and easier the paper will come off the walls.

**Step No. 2:** Apply a wallpaper stripper such as DIF Wallpaper Stripper. Available in a liquid concentrate, gel or fast-acting liquid, it is safe, nontoxic and easy to use. Apply to one wall at a time, starting at the top and working your way down. DIF is formulated to penetrate and break down wallpaper paste quickly. In 20 minutes or less, the wallpaper will be ready to be removed.

**Step No. 3:** Remove the loose wallpaper. Use a Paper Scraper tool to get the wallpaper off the wall without hard work or surface damage. If any glue remains, simply reapply the stripper to the area, wait 15 to 20 minutes, remove it with Paper Scraper or a sponge and rinse with clean water. Before you know it, you'll have clear, wallpaper-free walls ready for repainting and redecorating!

For more information about removing or hanging wallpaper or for more helpful home improvement tips, visit [www.zinsser.com](http://www.zinsser.com).

A handy tool can make wallpaper removal easy.

1. What was the name of the instrument played in the bridge solo of "Runaway," by Del Shannon?
2. Who released the song "Nag"?
3. Name Barry White's first No. 1 song.
4. What was the original name for The Five Man Electrical Band?
5. Name the song that contains this lyric: "They say you really mean it, This guy's the one that makes you feel, So safe, so sane and so secure."

**Answers**

1. A clavoline, but it had been reworked by Max Crook (playing the solo) into what he called the Musitron. In "Runaway," the bridge was written first, before the rest of the song.
2. The Halos, in 1961. The song went to No. 25 on Billboard.
3. "I'm Gonna Love You Just a Little More Baby," in 1973 on the R&B chart. The song also charted (although not as well) on international charts.
4. The Staccatos, until 1968. Their big hit was "Signs" in 1971.
5. "The Worst That Could Happen," by the Brooklyn Bridge in 1968. Oddly enough, the song appeared on the Clear Channel Communications 165-song list memo to all its stations after Sept. 11 of songs that should not be played on the air.
