Day Camp 2018

Day Camp 2018 may be over but the memories can last a lifetime.

Camp Cherith was pleased to host 26 local children for a week of learning disguised as fun. Campers were able to participate in traditional camp activities such as swimming, archery, nature, horses, crafts, air riflery, fishing and more. Silly camp songs, unusual counselor names, water balloons, swim wrist bands and tons of laughter were always included.

Totally unplugged from any electronics, campers were physically active and encouraged to try new things. While adults may question how an alligator can be a friend, how to play Ga-Ga ball or what a Tuck Shop is, any Cherith camper will be happy to explain.

Involved in both large and small groups, campers were able to make new friends and develop socially. Each camper was placed in an age-appropriate cabin group with 2 counselors. These cabin groups had lunch and rest hour together as well as time for Bible Exploration on either the life of Joseph or creation.

On Wednesday, each cabin group went into the woods, made a fire and enjoyed working together for a cook-out lunch.

The Camp Cherith family would like to thank the community for their continued interest & support. We eagerly look forward to Camp Cherith 2019.

Thank You

I would like to offer my sincere thanks to all the employees at the Nunda Lumber Yard who came to my rescue after my tractor accident. A thank you also to the Nunda Ambulance for their excellent care as well as Larry Mallaber and Hugh Thompson for bringing the tractor home and fixing it up. I promise not to cause such a ruckus when I come in to town anymore!

Sincerely,
John C. Rapp

LYME DISEASE

Did you know that Lyme disease is spread by the bite of an infected tick? Cases peak in summer months, especially during June and July. Typical symptoms include fever, headache, fatigue, and a characteristic skin rash called erythema migrans. If left untreated, infection can spread to joints, the heart, and the nervous system.

To help protect yourself, your pets, and your children from Lyme disease please make sure your lawn is well maintained and if planning to be in tall grass, or in moist or wooded areas, wear protective clothing like long sleeves and pants. Be sure to tuck your shirt into your pants and your pants into your socks, and wear insect repellent containing DEET.

For questions or concerns, call Livingston County Department of Health at 243-7299.

Mechatronics

Mechatronics is a multi-disciplinary, technical field which integrates mechanical engineering, electrical engineering and micro-electronic skills. Mechatronic technicians maintain and often program the high-tech, industrial equipment and machinery in modern manufacturing plants. This program is designed for skilled workers with high-tech manufacturing responsibilities, who have a strong background in electronic and mechanical skills and are interested in advancing their skills. This program is designed to instruct participants in the areas of electrical and mechanical technical repair support. Each course is tailored to meet the individual training needs of local manufacturers which enroll students in this program. The Mechatronics program consists of three 17-week phases. Each phase is 136 hours of classroom lessons and technical hands-on skill applications. Participants attend one day a week from 9:00 am to 5:30 pm for the duration of the course.

Mechatronics, Phase 1: Industrial Electronics is an instructor lead class which covers both Electrical and Electronic theory and practice applications. Topics include fundamentals, principles and applications of electricity and electronics within the industrial environment.

Prerequisites: Strong background in electronic and mechanical skills in an industrial environment.

Course Location: CNC Technical Solutions;
460 E. Center Street, Medina, NY 14103
Tuition: (includes supplies): \$4,400

Fridays, September 7, 2018-January 18, 2019

Supervision Certificate Program

Designed for new supervisors as well as those who want to brush up on new skills and techniques.

This intensive, 30-hour course will teach you how to become an outstanding supervisor and an indispensable asset to your company or organization. You will learn how to develop a supervisory style that best fits you, how to get things done more efficiently and how to improve our overall effectiveness as a leader. This course will provide practical, easy to understand and insightful techniques to improve your day-to-day skills in managing employees.

The course is designed to help you build confidence and provide a solid foundation from which to grow. Each week you will learn new skills which you can immediately put into action back in the workplace.

Upon completion of this course, you will:

1. Employ strategic supervisory skills to fit individual situations.
2. Expand foundation of proven supervisory skills.
3. Recognize areas where deficiencies may exist and how to improve them.
4. Apply principles of supervision on the job using Action Plans.

Mark 16:17 says (Jesus is speaking to His followers), "And these signs shall follow them that believe: in my name . . . they shall lay hands on the sick, and they shall recover."

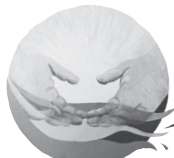

Why did Jesus use the word 'sign'?

Because, just like a road sign provides direction to somewhere, healings point the way to Jesus, and to Father God. Those who have been healed point the way to more healing for those who are sick.

If you or a loved one are sick, call us. We will be glad to come and pray for you.
