WELCOME ALL RITE-AID PHARMACY CUSTOMERS!

For over 50 years, Hospital Discount Pharmacy has been serving the needs of our local community.

When you shop locally, you support neighbors and keep jobs at home. Studies show that on average, 48% of each dollar spent on a purchase at a local independent business is recirculated locally, compared to less than 14% of purchases at chain stores.

We would like to become your hometown independent pharmacy!
Please contact us for a no hassle transfer of your prescriptions.
We accept all major insurance plans.

The use of benzodiazepine and related drugs (Vanaax, Valium, Klonopin, etc.) is associated with a 40 per cent increase in mortality among persons with Alzheimer's disease, according to a new study published in the International Journal of Geriatric Psychiatry. The study found that the risk of death was increased right from the initiation of benzodiazepine and related drug use. The increased risk of death may result from the adverse events of these drugs, including fall-related injuries such as hip fractures, as well as pneumonia and stroke. Benzodiazepines are man-made medications that are prescribed for anxiety, panic attacks, depression, insomnia, seizures, nausea, vomiting, and muscle spasms.

Introducing "biosimilar" versions of complex biologic drugs used to treat illnesses such as cancer and rheumatoid arthritis could cut health care spending in the United States by \$54 billion over the next decade, according to new analysis from the RAND Corporation. Biologics are complex, protein-based drugs manufactured in living systems. They include insulin, monoclonal antibodies to block inflammation in rheumatoid arthritis, and a range of drugs to treat cancer, multiple sclerosis and other serious diseases. Biosimilars are very close to already-approved "reference" biologics in terms of potency, safety and efficacy, but manufactured by different companies. Biosimilars can be approved for marketing by the federal Food and Drug Administration after the manufacturer of the reference biologic enjoys several years of patent and exclusivity protection. While biologics are important treatments for many conditions, they often are expensive and patient copays for the treatments can be several thousand dollars per year. Only 1 percent to 2percent of the nation's population is treated with a biologic each year; however, the drugs accounted for 38 percent of prescription drug spending in 2015.

SHOP TODAY'S LOW PRICE TAGS:

We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:

Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

Thank You

This precious 5 year old named Lillie who has cancer (neuroblastoma) for the second time. She was first diagnosed at age 3 and went through chemotherapy and stem cell transplant, but the cancer returned one year after treatment ended. Lillie Handley has just finished what we hope to be her last round of chemo. Princess Lillie was given a Disney Princess Party on Tuesday at Cullman Internal Medicine. Our family would like to thank Cullman Internal Medicine/Chest Medicine of Cullman for their love and support. Thank you to Darrell Fuqna for carriage ride, Ron Foust Stonebridge Farms and Jacy Foust for the delicious meal that was prepared, Tracy Welch Three Wishes Photography for capturing this special time, for all the princesses who came, "the Beast" (Nathan Ziegenbein) and Prince Charming (Dr. Jeremy Stidham), Charters Elsa and Olaf who performed "Let It Go". Also, thank you to Lillie's nurse who has taken such good care of her who attended as Princess Tiana (Jasmine Vance). The balloon release was amazing as well. Thank you Bill Smith GMC for blowing up the balloons for the balloon release. Most of all thank you for the prayers for Lillie. She will undergo testing July 26th and 27th to find out the results of these last 6 months of treatment.

#Godisbiggerthancancer.

Thank you, Cheryl Haynes, Lillie and Family

Many church people may call themselves Christians yet shew they hate Christ by not obeying Him (Jn 14:15) and are not as the Holy Biblical Christians (Acts 11:26) who obeyed Him (Mt 28:19-20). They'll search the scripture and testify of Christ (Jn 5:39), call Him Lord yet not obey Him (Lk 6:46), then take for doctrines man's commandments (Mt 15:9) against The Holy Messiah (Jn 5:43), and show no difference betwixt Christ and the devil by their faith and worship (Mt 24:5, Mk 13:6, 1Jn 3:4-9). So Be It!
