**What's Wrong With Me?**

"Doctor!" said the woman as she loudly bounced into the room, "I want you to tell me very frankly what's wrong with me."

He surveyed her from head to foot. "Madam," he said at length, "I've just three things to tell you."

"First, you need to lose at least twenty pounds. Second, you should use about half as much rouge and lipstick. And third, I'm an artist - the doctor's office is on the next floor."

**The Clever Judge**

One man started a fight with the others. The police came and took the drunk guy to jail. The next day the man went before the judge.

The judge asked the man, "Where do you work?"

The man said, "Here and there."

The judge asked the man, "What do you do for a living?"

The man said, "This and that."

The judge then said, "Take him away."

The man said, "Wait, judge when will I get out?"

The judge said to the man, "Sooner or later."

New Words

Randy W., of Los Angeles, put his mind to the oft-experienced problem of facing modern situations for which there are no existing words or phrases in the English language. The following are his suggestions for some situations to which we might all be able to relate.

arachnoleptic fit, n:  
The frantic dance performed just after you've accidentally walked through a spider web.

bozone, n:  
The substance surrounding stupid people that stops bright ideas penetrating. The bozone layer, unfortunately, shows little sign of breaking down at any time in the future.

cashtration, n:  
The act of buying a house, which renders the subject financially impotent for an indefinite period.

caterpallor, n:  
The color you turn after finding half a grub in the fruit you're eating.

dopelar effect, n:  
(1) The tendency of stupid ideas to seem smarter when you come at them rapidly. (2) The tendency of stupid ideas to seem smarter when they come at you rapidly.

extraterrestaurant, n:  
An eating place where you feel you've been abducted and experimented on. Also known as ETry.

Grantartica, n:  
The cold, isolated place where arts companies without funding dwell.

intaxication, n:  
Euphoria at getting a tax refund, which lasts until you realize it was your money to start with.

kinstirpation, n:  
A painful inability to get rid of relatives who come to visit.

lullabuoy, n:  
An idea that keeps floating into your head and prevents you from drifting off to sleep.

**Auto-repair**

Wayne, a friend of mine, owns an auto-repair business. One day a woman called to inquire when he could work on her car. "I'm not busy now," he replied. "bring it right in."

A short time later, the woman pulled into the service bay, stopping her small car perfectly over the wide, deep grease pit.

"Wow!" Remarked Wayne. "That's great driving. Your wheels only have a couple of inches to spare on each side of the pit."

She looked blankly at him and asked, "What pit?"

**Salome's Stars**

**ARIES** (March 21 to April 19) There might still be some uncertainty about the decision you made. But a quick check of the facts should reassure you that you're doing the right thing.

**TAURUS** (April 20 to May 20) The tidy Taurean needs to be a little more flexible about accepting some changes to those carefully made plans. You might be pleasantly surprised by what follows.

**GEMINI** (May 21 to June 20) Consider stepping away from your concentrated focus on your new project for a bit so you can get some perspective on what you've done and where you plan to take it.

**CANCER** (June 21 to July 22) The understandably angry Crab might not want to accept the reason why someone might have tried to hurt you. But at least you'll have an insight into why it happened.

**LEO** (July 23 to August 22) There might be some facts you still need to know before leaping onto center stage. Best to move carefully at this time so that you can observe what's happening around you.

**VIRGO** (August 23 to September 22) It's a good time to expand your outlook by getting out and around, whether you do some long-range traveling or just explore the great things to see closer to home.

**LIBRA** (September 23 to October 22) Your wise counsel continues to be needed as that family situation works itself out. Meanwhile, the decisions you made on your job begin to pay off quite nicely.

**SCORPIO** (October 23 to November 21) Your job situation brightens thanks to all your hard work. Now, spend some time repairing a personal relationship you might have neglected for too long.

**SAGITTARIUS** (November 22 to December 21) Aspects favor action in the workplace. Line up your facts and show your superiors why you're the one they're looking for.

**CAPRICORN** (December 22 to January 19) Your hard work pays off on the job. Personal relationships also can benefit from more of your time and attention. Spend the weekend with loved ones.

**AQUARIUS** (January 20 to February 18) Early feedback on your project might be disappointing. But don't be discouraged. Use it to make needed adjustments, then submit it to your superiors again.

**PISCES** (February 19 to March 20) Flattery could lure the otherwise sensible Fish into making an unwise decision. Be careful. All that praise might be an attempt to reel you in before you can learn the facts.

**BORN THIS WEEK:** You have a wonderful sense of who you are. You are a shining example to others, helping them believe in themselves and what they can do.

Until I started working at the animal shelter in 1992, I had no idea that fleas could actually lead to the death of dogs and cats. We received a call about a woman who had many cats in her house, and her family members were concerned because they would get fleas every time they went into her house or even into her yard.

The animal control officer investigated and found a dog that was near death. In fact, the dog died at a veterinary clinic a few minutes later. The veterinarian said that flea anemia was the cause of death.

Fleas are much more than annoying creatures that can bite animals and humans. They are parasitic insects that feed on the blood of cats, dogs, other animals, and humans. Female fleas suck more blood than male fleas and can consume 15 times their own body weight in blood per day!

Pets that are not allergic to fleas may just have some mild itchiness. However, some pets are allergic to flea saliva and this can cause severe skin irritation and hair loss.

Fleas can also cause a problem with tapeworms. Dogs or cats swallow fleas as they groom and if the flea is infected with tapeworm, it is transmitted to the pet. If your pet has been scratching and then scoots the bottom along the floor, chances are there are fleas and tapeworms.

Are you scratching yet? The good news is, there are many products

on the market now that can help with fleas. Your best option is to take your pet to their regular veterinarian; you can be told about all the types of flea treatments available. There are also over-the-counter treatments, but they may not be as effective as what a veterinarian will prescribe. A simple fecal check for worms by the veterinarian is definitely also in order.

Fleas, of course, can be present in yards and in inside carpets and rugs. The problem with a flea infestation will best be solved by a three-prong approach on the same day: the administration of prescribed flea treatments by a veterinarian, the spraying of the yard, and the spraying of areas inside the house that may be infected (pet beds, beds, rugs, etc.). Don't forget to immediately vacuum and then dispose of the bag!

With improved products on the market, a diligent owner can protect their dogs and cats from fleas.

**Aluminum Armchair**

Sometimes a designer becomes very popular with a new design, sells his products, becomes wealthy, and then his designs become commonplace and he eventually goes bankrupt. That is the sad story of Warren McArthur, a talented designer of the 1930s who was among the first to make aluminum furniture.

McArthur (1885-1961) was born in Chicago and grew up in a house designed by Frank Lloyd Wright. He went to Cornell to study mechanical engineering, and by 1914, he had filed for 10 patents for lamp designs. He moved to Phoenix and, with his brother, owned car dealerships and a radio station, and built the Arizona Biltmore. He also patented a useful adapter for a car radiator. All were successful.

In 1929, he moved to Los Angeles and started a metal furniture business. He improved the manufacturing process with his inventions, including an aluminum that didn't tarnish and a way to permanently color the metal. The brightly colored metal furniture was popular in Hollywood, and was featured in movie theaters and stars' homes.

During the Depression in the 1930s, McArthur moved to New York City and then to Connecticut two years later. His company made airplane seats during World War II, but went bankrupt in 1948. McArthur died in 1961.

**Q. What is the value of a Fowler's Cherry Smash syrup dispenser? It was used at a soda fountain counter. It's about 17 inches tall. There's a pump at the top, and it reads "Always drink Fowler's Cherry Smash — our nation's beverage" on the front and back. There is a 5 cent symbol on both sides and three cherries with stems. Underneath the base it reads "John E. Fowler, Richmond Va., to be used by Cherry Smash only."**

**A.** At one time, Cherry Smash was the second most popular soft drink in the United States. The name "Cherry Smash" was registered by John E. Fowler in 1909. The company started out in Richmond but moved to Rosslyn, Virginia, in 1920. After Pro-

The Great Vitamin Debate

---  
DEAR DR. ROACH: Do you prescribe vitamins or treatments to enhance the immune system? -- C.N.  
ANSWER: I do not. In my opinion, a healthy diet makes a deficiency of a vitamin or mineral severe enough to weaken the immune system unlikely. Stress reduction (through many techniques) and good sleep are more important than supplements. People think that a daily vitamin and mineral supplement is like an insurance policy against a good diet. However, many studies have shown that taking vitamins does not, in general, lead to improvements in prevention of disease, including heart disease, cancer or infections. So I would be much more likely to recommend a better diet (especially in the fresh fruits and vegetables) than I would a supplement. Many adults have not gotten all the vaccines that are recommended, and these are a huge benefit to your immune system for those specific bacteria and viruses.

\*\*\*  
DEAR DR. ROACH: I am an 81-year-old male in generally good health. I am maybe 10 pounds overweight. I have had no heart attacks or cardiac symptoms. I walk on the treadmill for exercise. I have controlled hypertension, and have been taking simvastatin, 10 mg. My LDL is 71, very favorable. My HDL is also good, at 73. Several years back, when I started the statin, my doctor added Zetia, 10 mg. At the time, I wondered why this would be OK, and he said, "Well, there is a certain synergy there." While I have continued taking the Zetia and suppose it might be helpful, I wonder if I need it. I say this because it is rather expensive (about \$500 a year with my part D coverage). It is the only thing I take that costs me this much. My reading of the literature suggests that while Zetia might help the LDL level, there is no evidence that it improves longevity (i.e. cardiovascular). -- J.P.

ANSWER: This is a confusing subject, because the theory (that lowering cholesterol protects your heart) and the evidence (that it actually works) don't exactly align. High cholesterol certainly is associated with a higher likelihood of heart blockages, which can lead to heart attack and death. However, not all treatments that lower cholesterol reduce risk of heart attack. On the one hand, there are treatments that lower cholesterol that do help your heart. The Mediterranean diet clearly reduces risk of heart attack. Dr. Dean Ornish's plant-based diet of very little fat and little or no meat, in combination with stress reduction and smoking cessation, actually reverses blockages in arteries in some people. Statin drugs reduce cholesterol and help prevent heart attacks, at least in people at high risk for them. On the other hand, ezetimibe (Zetia) reduces cholesterol, but like most nonstatin drugs to treat high cholesterol, it has not been proven to reduce heart disease risk. It tends to have few side effects and probably is not harmful. But you are correct that it is expensive, and like all medications, it can possibly cause harm. Being conservative about medication, I very rarely prescribe it. Studies are ongoing, and I will address this topic when there is more evidence.

# VETERANS POST

by Freddy Groves

VA Links With National Cancer Institute

A recent move by the Department of Veterans Affairs will allow seriously ill veterans to access a wider range of cancer treatments. The VA has just hooked up with the National Cancer Institute.

The program is called NAVIGATE, standing for NCI and VA Interagency Group to Accelerate Trials Enrollment. Those trials will be held at 12 VA sites across the country, with the facility in Boston serving as the coordinating center.

Veterans can benefit by taking advantage of clinical trials run by the cancer institute. These trials often use experimental treatments, such as immunotherapies and precision medicine, which are individualized to the patient. Treatments often are cutting-edge and not offered elsewhere.

While the VA already has other types of research running at over 100 sites, it's been difficult for it to start and complete trials, such as the ones run by NCI. With NAVIGATE at the helm, veterans with cancer will have much easier access as they work toward a cure.

One of the programs run by the VA's Office of Research and Development is the Million Veteran Program (MVP), which seeks to collect a blood sample and health info from a million veterans. The goal is to study how genes affect health, especially with cancer, diabetes and PTSD, and to learn why some treatments work for certain veterans but not others. If you'd like to consider joining the program, read about it online at [www.research.va.gov/MVP](http://www.research.va.gov/MVP).

The VA Technology Transfer Program seeks to speed up access of VA technology and patents, by both veterans and the civilian population. Currently the VA has hundreds of patents ranging from a collapsible wheelchair and an ankle-foot prosthesis to a method to screen skin for tissue damage.

If you want to consider signing up for one of the cancer trials, talk to your VA physician.

### Keynote Speakers

**Ryan Hall**  
"Broken Dreams, Ruined Lives"

**The Regional Alliance for Substance Abuse and Prevention and Danville-Pittsylvania Community Services** are teaming up for an opioid event to inform the public and help prevent the opioid epidemic from taking over our area.

This summit will feature two keynote speakers – Ryan Hall and Urgent Love.

**Ryan Hall** is a recovering addict of opioid and heroin that was the result of an accident that left him taking painkillers. Ryan now spends his time discussing his experience and helps to prevent others from suffering through a similar experience.

**The Urgent Love Initiative of Southwestern Virginia** is shifting the conversation of opioid addiction to a more accurate understanding and helps to provide local resources for those in need.

Additionally, the summit will offer training breakout sessions to further inform attendees.

## Stratford House Fund established with The Community Foundation

(July 31, 2018 – Danville, Virginia) The Stratford House Fund has been endowed with The Community Foundation of the Dan River Region. The Fund will provide grants to charitable organizations that support activities and programming for senior citizens (ages 60+) in Danville, Pittsylvania and Caswell Counties.

Stratford House Center was sold to Commonwealth Senior Living in 2016. The assets from the dissolution of any nonprofit are required to be used for charitable purposes

“The Stratford House Center Board is pleased to partner with The Community Foundation to continue our legacy of caring for our area’s senior citizens,” said Charley Majors, vice chairman.

“We are very excited to accept this fund on behalf of Stratford House,” said Debra L. Dodson, executive director of The Community Foundation. “What an honor it will be to continue the good name and good work of Stratford across our region.”

Anyone who has a special connection to the former Stratford College or Stratford House can make donations to the Stratford House Fund. Checks should be made to The Community Foundation, c/o the Stratford House Fund, 541 Loyal Street, Danville, VA 24541. The Fund’s first community grants will be awarded after one year.

The Community Foundation of the Dan River Region is an independent, public charity established in September 1996 by a steering committee of local civic leaders to gather permanent funds to support our area. The Community Foundation has assets of \$35 million and has awarded more than \$22 million in grants and scholarships.

While the Foundation works with donors to establish funds to benefit any geographic area, our primary service area is Danville/Pittsylvania County, Virginia and Caswell County, North Carolina. Donations are also being sought to build up resources for South Boston/Halifax County, with consideration being given to other neighboring counties.

For more information on the Stratford House Fund or The Community Foundation, contact the Foundation office at 434-793-0884 or visit its web site [HYPERLINK "http://www.dpcpf.org" www.cfdrr.org](http://www.dpcpf.org)

## Centra Names Beth Doyle as Executive Vice President for Centra Foundation

Centra is proud to announce Beth Doyle as the new Executive Vice President for the Centra Foundation. She succeeds Dr. Kathryn Pumphrey who retired earlier this year.

Beth, a native of Lynchburg, holds a degree in economics from the University of Mary Washington and has dedicated 30 years to nonprofit management. Prior to joining Centra, Beth worked with the Annenberg Washington Program in Washington, DC, the Virginia Legal Aid Society in Lynchburg, and most recently served as the Director of Development at the Academy Center of the Arts in downtown Lynchburg. Beth managed the Academy's \$16.6 million capital campaign to restore the historic Academy Theater, while simultaneously increasing overall operating contributions by 131% during her tenure.

"Beth is a talented leader who is dedicated to improving the health of those who live and work in our communities," says E.W. Tibbs, President and CEO of Centra. "Centra welcomes Beth and looks forward to the Foundation's continued growth under her leadership."

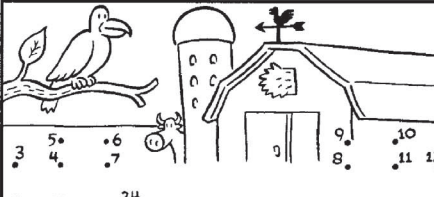

The mission of the Centra Foundation is to develop resources to enhance and enrich the services, programs and facilities of Centra Lynchburg General, Centra Virginia Baptist, Centra Southside Community, Centra Bedford Memorial and other Centra facilities and to meet a broad range of health needs in our community.

## James Howard Pruitt

James Howard Pruitt, age 92, passed away on July 28, 2018. He was living at Phoenix Assisted Care in Cary, NC at the time of his death.

James was born April 26, 1926 in Danville to the late Henry Early Pruitt and Pauline Otts Pruitt. He joined the U.S. Navy in 1944 and served

aboard the USS Hutchins in the Pacific Ocean during WWII. In 1945, he married Minerva Virginia Stanley. Together they built a home on the Holland Road and started a family. He was a part of what has been described as the "Greatest Generation."

James worked in Dan River Mills for many years before joining the US Postal Service where he worked until his retirement. James will be remembered for his kind and gentle spirit. He was always willing to lend a hand to someone in need. Children always had a special place in his heart.

James is survived by his son, Danny Leon Pruitt and his wife, Cathy, of Pelham, NC; his daughter, Brenda Pruitt Chandler and husband, John, of Apex, NC; grandchildren, Elizabeth Hockaday and husband, Josh, of Wilson, NC; John David Chandler and wife, Marisa, of Raleigh, NC, and Jessica Pruitt, of Greensboro, NC; great-grandchildren, Cohen, Liam, and Sophia Hockaday, all of Wilson, NC; and Alexander Chandler, of Raleigh, NC. In addition, he is survived by nieces and nephews.

In addition to his parents, Mr. Pruitt is predeceased in death by his wife, Minerva Stanley Pruitt; brothers, Henry, Raymond, and Jimmy Pruitt; and sisters, Naomi Warrick Curd, Dorothy Adkins, and Betty Brooks.

Funeral services will be conducted at 2:00 p.m. on Tuesday, July 31, 2018 at Swicegood Funeral Home with Pastor Pam Spencer officiating. Visitation will be held one hour prior to the service at the funeral home. Interment will follow in Danville Memorial Gardens.

Military Honors will be provided by the United States Navy and American Legion Post 1097.

In lieu of flowers, the family respectfully suggest memorial be made to Central Boulevard Church of God.

Swicegood Funeral Service is respectfully serving the Pruitt family.

## Irvin Leonard Reynolds

Mr. Irvin Leonard Reynolds, age 85, of 882 Oak Tree Ln, Danville, VA, passed away on Saturday, July 28, 2018 at SOVAH Health in Danville, VA.

He was born on October 26, 1932, in Schoolfield, VA, to the late Ray Vaughn Reynolds and Annie Lee

Reynolds.

Before his retirement, Mr. Reynolds worked in the weave room in Dan River Mills, as a weaver.

He is survived by his wife, Judy Carr Reynolds, of the residence; daughter, Faith Stamps and husband, Larry, of Danville, VA; step-sons, Barry Carr and wife, Katrina; Jack Carr, III; and Tony Carr; step-daughter, Karen Ferguson; and five step-grandchildren.

In addition to his parents, Mr. Reynolds was predeceased by his brother, Ray Lee Reynolds.

Visitation for Mr. Reynolds will be held on Wednesday, August 01, 2018 at Swicegood Funeral Home from 6:00 p.m. until 8:00 p.m. A memorial service will be conducted at 2:00 p.m. on Thursday, August 02, 2018 at Kingdom Hall Jehovah Witnesses, 118 Jenny Ln, Danville, VA with Elder Ty Covington officiating. Interment will follow in the family cemetery located at 1242 Hinesville Rd., Dry Fork, VA. At other times, the family will be at the residence of his daughter, Faith Stamps, 205 Walnut Rd., Danville, VA.

Swicegood Funeral Service is respectfully serving the Reynolds family.

## Howard Baxter Thomasson

Howard Baxter Thomasson came into this world on 10 November 1943 and departed on 27 July 2018. He was born in South Carolina, spent most of his childhood in Hampton Roads, graduated from Warwick High School, and spent the past thirty years in Pittsylvania County. He

was a proud veteran who served his country with honor as a Yeoman First Class in the United States Navy deployed on the USS Holder. After his retirement, he proudly served his church and community becoming well respected in the process. He enjoyed fishing with his grandson, Alexander, as well as his "fishing buddies." Howard was known for his sense of humor and even in the end he was playing practical jokes.

Howard is survived by his wife of forty-nine years Patricia as well as his two sons, Brian and Christopher, his grandchildren, Alexander, Addison and Maxwell, as well as his best friend and brother and sister-in-law, Larry and Terri Prevatte, his "adopted son", Scott McDowell, Alexander's mother, Jennifer, and Chris' wife, Jenn. He will be joining his mother, Eunice Turner, in Heaven.

Visitation will occur on 4 August 2018 from 12:00 p.m. to 1:00 p.m. at Temple Baptist Church, 1325 Kentuck Road, Danville, VA 24540. A celebration of Howard's life will follow at 1:00 p.m. as well as a military service.

In lieu of flowers, Howard's family would ask that donations be made to The V Foundation at <https://www.jimmyv.org/>. Howard bravely fought cancer and won by the way that he lived his life. He didn't give up; he never gave up.

Barker Funeral Service is respectfully serving the Thomasson family.

**"Nothing Stays Hidden Forever"**

I have long surmised that everything that people say and do in these days is somehow secretly being recorded and taped and held for some eventual nefarious purposes. So when the news broke last week of President Trump's former lawyer, Michael Cohen, secretly recording confidential conversations with him and then making them public, my suspicions only increased.

And then came the email ads. Do not tune me out, this is essential...

My wife and I were lying in bed recently, and she said, "Where is that music coming from?" Perplexed, I wondered if perhaps the angels were coming for her, since I heard no music whatsoever. But then our daughters came in to ask about it, they heard it too. It was then that I confided to my wife that for a few years now, whenever I lie down at night, I hear a high pitched ringing in my ears that tends to drown out certain other sounds.

The very next day for the first time ever there were ads for Tinnitus medications popping up on our email account. Coincidence? Perhaps. But then one watches the news and hears of data mining, wire taps, electronic devices listening to us surreptitiously, and NSA programs that look for key words in emails, texts, posts, messages, and

kindergarten "I love you do you love me check yes or no" notes, and one begins to wonder. I confess that, just as a test, I have from time to time inserted random phrases target has been acquired into ordinary put the payment in a plain box in the trash can sentences just to see what would happen.

Even such "innocent, wholesome" entities such as Chick-fil-A seem to be part of the conspiracy. Whisper, ever so softly, where no one could possibly hear, "I really would like a re-fill of my tea to wash down these scrumptious waffle fries" and before you finish the word "scrumptious" they are already standing there with it saying "it's my pleasure."

No wonder people wear tin-foil hats.

In all seriousness, though, our every word and deed is being recorded. In fact, it goes much deeper than that; even our thoughts are daily laid bare. Proverbs 15:3 says, "The eyes of the LORD are in every place, beholding the evil and the good." Luke 12:2 says, "For there is nothing covered, that shall not be revealed; neither hid, that shall not be known." Hebrews 4:12-13 speak of the word of God discerning even the thoughts of our heart, and says "Neither is there any creature that is not manifest in his sight."

People routinely try to hide what they do and what they are. But everyone will be just as big a failure as Adam and Eve and their Fig Tree Ltd. disguises. The God who made it all and knows it all is the one that said, "there is nothing covered that shall not be revealed.

This, all by itself, ought to tell us the only safe manner of living. It is fairly pointless trying to hide anything; we simply need to live in such a way that we have nothing to hide.

Mind you, I am not letting sleazy back-stabbing lawyers and overbearing intelligence agencies off the hook for their illicit taping and uber prying and daily leaks that would soak through a Depends undergarment the size of a Hollywood ego. I am, though, saying that everyone from the President to a preacher to a parsnip harvester to a pauper ought to live by one inviolable rule: always do right even if you think no one is watching or listening.

In the mean time, small unmarked bills, militia, Assange was right, and Dimitri and Vlad have the password.

## Strange BUT TRUE

By Samantha Weaver

\* It was poet, philosopher and satirist Horace, who lived in the first century B.C., who made the following sage observation: "He who postpones the hour of living is like the rustic who waits for the river to run out before he crosses."

\* Legislators in Vermont once found it necessary to outlaw whistling while underwater.

\* If someone were to ask you to name the sunniest spot on Earth, you might be tempted to answer "the Sahara Desert" or some other such exotic place. You would be wrong, though; that distinction belongs to a town right here in America. Out of the possible 4,456 daylight hours each year, the sun shines for an average of 4,050 in Yuma, Arizona. That means that there's cloud cover or rain for only about 10 percent of the time there.

\* You might be surprised to learn that, according to those who study such things, Alaskans eat twice as much ice cream per capita than the rest of the nation.

\* Those who have the time to study such things claim that the most difficult small object to flush down a toilet is a ping-pong ball.

\* In 2010 a new species of slug was discovered in the mountains of Borneo. It is distinguished from other species of slug by its novel method of mating: It shoots its mate with a so-called love dart made of calcium carbonate and containing hormones. The researchers nicknamed the gastropods "ninja slugs."

\* Other than the fact that they're all performers, what do Darryl Hannah, Telly Savalas, James Doohan and Jerry Garcia have in common? They are (or were) missing one finger. \*\*\*

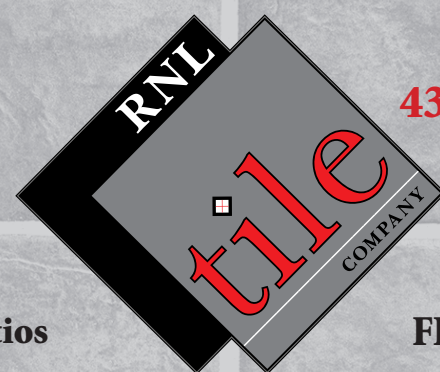

Thought for the Day: "We must believe in luck. For how else can we explain the success of those we don't like?" -- Jean Cocteau

1. Who wrote and released "Uncle Albert/Admiral Halsey"?
2. Which artist wrote and released "Gonna Make You a Star," and when?
3. Name the group that originally recorded "Walk Like a Man."
4. Where did the Caravelles get their name?
5. Name the song that contains this lyric: "Love and lies just bring me down, When you've got women all over town."

**Answers**

1. Paul and Linda McCartney, in 1971. The song, compiled of fragments of other songs, won a Grammy for Best Arrangement Accompanying Vocalists.
2. David Essex, in 1974. The song spent three weeks at the top of the U.K. charts but didn't do as well in the U.S.
3. The Four Seasons, in 1963. As they were recording, the studio above them caught on fire. They closed the door and continued recording, even as smoke and water got into their studio. Firemen had to ax the door to make them come out.
4. From a French plane, the Sud Aviation Caravelle.
5. "I Love the Nightlife," by Alicia Bridges, in 1978. In "The Simpsons'" "I'm With Cupid" Valentine's Day episode in 1999, Apu teaches the song to a parrot with different lyrics for his wife.

**Piedmont Shopper**  
**FAVORITE RECIPES**

**KEY LIME COCONUT BARS**

**INGREDIENTS**

- Crust:**
- 1 1/2 c. graham cracker crumbs (I just buy a container of crumbs so I don't have to bash crackers)
  - 2 T. sugar
  - 1/2 c. sweetened, flaked coconut
  - 1/3 c. melted butter, melted

- Filling:**
- 3 cans sweetened, condensed milk (the smaller 14 oz. cans)
  - 1/2 c. sour cream
  - 3/4 c. key lime juice
  - 1 Tbsp. grated lime zest

**Topping:**  
Whipped cream and toasted coconut for garnish

Preheat oven to 350 degrees. Line an 8 x 8 square baking pan with parchment paper, overlapping the paper over the sides to create handles for later. Mix crumbs, sugar, coconut, and butter in a bowl and press into the pan; bake for 8-10 minutes. Remove and cool slightly.

While crust is cooling, make the filling. (the FUN part!) In a bowl, add the remaining ingredients: sweetened, condensed milk, sour cream, lime juice, and lime zest. Whisk to combine until smooth and creamy. Pour on top of crust; bake for 8-10 minutes until firm to the touch but not browned at all. Cool at room temperature, then chill completely.

Top with some homemade whipped cream and toasted coconut. (to toast the coconut, line a baking sheet with parchment paper; spread a thin layer of sweetened, shredded coconut on top, and bake at 350 degrees for 3-4 minutes until it's lightly golden brown)

# HOLLYWOOD

by Tony Rizzo

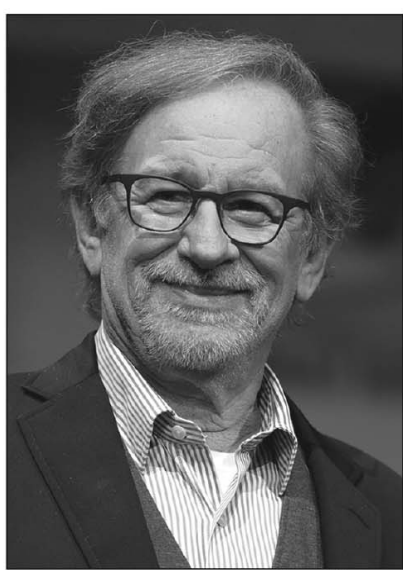

**HOLLYWOOD — Harrison Ford**, who first played Indiana Jones in "The Raiders of the Lost Ark" (1981) at age 39, will play him for the fifth time at age 81, in "Indiana Jones 5," a continuation of "The Kingdom of the Crystal Skull" (minus **Shia LaBeouf**). But first he'll be heard in "The Secret Life of Pets 2" before reuniting with **George Lucas** (producing) and **Steven Spielberg** (directing) for "Indiana Jones 5."

Spielberg recently has produced "First Man," with **Ryan Gosling** as **Neil Armstrong** (the first man to walk on the moon), coming Oct. 12, and "Bumble Bee," with **Hailee Steinfeld** and **John Cena**, out Dec. 21. When Disney put off "Jones 5," for two years, Spielberg became free to do his reboot of the second highest-grossing film of 1966, "West Side Story," which holds the record for the most Oscars awarded a musical (10 out of 11 nominations), and "The Turning," a modern supernatural horror adaptation of **Henry James**' "The Turn of the Screw." It will star **Mackenzie Davis** ("The Martian") and "Blade Runner 2049") and **Finn Wolfhard** ("It" and the Netflix series "Stranger Things").

It could be a race for time for two "Joker" films going into production, one with Oscar-winner **Jared Leto**, who played him in "Suicide Squad," and the other with Oscar-nominee **Joaquin Phoenix**.

**Jason Momoa**, who stars as "Aquaman" (opening Dec. 21), will play a fearless warrior, leader and guardian in Apple's original drama series "The Lone Night." Momoa starred in the original HBO series "Game of Thrones" and will topline the prequel, which begins shooting in Belfast, Ireland, in October.

**Jerry O'Connell** did so well guest-hosting "The Wendy Williams Show" for a week when she was ill that he'll host a new Bravo late night talk

show, produced by **Andy Cohen**. It will feature a panel of male celebrities, comics and taste makers, discussing the buzziest Bravo moments and a variety of topics steeped in pop culture.

Also going the talk-show route is **RuPaul**, who has just completed a pilot for a talk show. RuPaul found success with a reality show, "Ru Paul's Drag Race," and hopefully will again with the upcoming Netflix comedy series "AJ and the Queen."

Claims of sexual misconduct may have slowed Oscar-nominee **James Franco**, but it didn't stop him from completing the sci-fi action Western "Future World," released in May; "The Long Home," with **Josh Hutcherson**; the animated film "Arctic Justice: Thunder Squad," with **Jeremy Renner**; and the sci-fi film "Kin," with **Dennis Quaid**, opening Aug. 31. Franco also is returning in his dual role for the second season of "The Deuce." Looks like he can survive anything ... even double trouble!
