The IBEW is growing and you are invited!!

Response to our recent advertisements has been terrific! We have welcomed some new contractors into our family and are continually interviewing new membership prospects.

Our new contractors are not only looking for Qualified Electricians but also more Solar Electricians and Tele-Communication Technicians to staff upcoming projects.

One of the greatest benefits of the Electrical Union is the ability for our members to retire with dignity. Retirement of our well seasoned members provides fantastic opportunities for Electricians of Foreman and General Foreman qualifications. If you are an un-represented "lead" electrician, then we should be talking about your future.

We are also always looking for Quality Open Shop Electrical Contractors looking to grow with us. It does not matter if you have just 1 electrician or 1000, we have opportunities for everyone!

The IBEW has been successfully training crews for our contractors since Edison and Tesla were young men. For 125 years our signatory contractors have come to the IBEW to hire the highest quality electricians in the industry. We continue today, working in a mutually beneficial partnership with our contractors to offer the best value in the industry to our valued customers.

Appointments made 7 days a week, in our home or yours!

I wasn't looking
for a discount
funeral. I was
looking for an
affordable one.

Most "discount funerals" mean less money, less service, less attention to detail, less of everything. An affordable funeral is a complete funeral based first on the needs of the family, then priced to fit within their budget.

Good Housekeeping

Coconut Rice Pudding

- 2/4 cup water
- 3/4 cup long-grain white rice
- 1 can cream of coconut
- 1 can evaporated milk
- 2/3 cup sweetened flaked coconut
- 1 tablespoon dark rum (optional)

1. In 4 1/2- to 6-quart slow-cooker bowl, stir water, rice, cream of coconut and evaporated milk until combined. Cover slow cooker with lid and cook as manufacturer directs on low setting 4 to 5 hours or on high setting 2 1/2 to 3 hours.

2. If you like, while pudding cooks, toast coconut: Heat nonstick small skillet over medium heat until hot. Add coconut; cook 4 to 5 minutes or until lightly browned, stirring constantly. Transfer coconut to plate.

3. Remove bowl from slow cooker. Stir in rum, if using. Let pudding stand 10 minutes. Transfer pudding to serving bowl. If not serving right away, press sheet of plastic wrap onto pudding; refrigerate up to 2 days.

ORPHANED WILDLIFE CAREGIVERS NEEDED

Each year, hundreds of orphaned songbirds, squirrels, rabbits & opossum would surely die without skilled and licensed people to help raise them. Trainees will rehab under a Licensed Rehabilitator. Course will be held January 30 in East Greenwich and February 17 & 18 in East Providence. Hints For The Home

Slash Your Energy Bill Fast

(NAPSA)—You're probably spending more than \$2,000 a year on utility bills. Heating and cooling your home accounts for more than half of that.

Older homes can be money pits. In fact, houses built before 1950 use about 60 percent more energy per square foot than those built since 2000.

According to the U.S. Department of Energy, sealing air leaks—especially around doors and windows—and improving your home's insulation are the fastest and most cost-effective ways to save energy and money.

Of course, insulating won't stop leaks. So weatherstripping and caulking should be your first plan of attack. In fact, the government says those two simple air-sealing techniques will pay for themselves within a year.

These tips will help you save money:

•**Check for leaks:** On a cold day, run your hand around doorframes and windows. You'll need weatherstripping if you feel drafts around joints that are inside your door and window frames. You'll need caulking if you see cracks or feel drafts around the outside joints of your door and window frames.

•**Weatherstrip your doors:** A new low-cost DIY product called Cinch, by M-D Building Products (cinchdoorseal.com), allows you to seal your doors in less than 15 minutes using a special peel-and-stick 3M adhesive. All you do is measure, cut, peel and stick it into place around your doorframes and on the bottom of your doors.

Weatherstripping and caulking will pay for themselves in energy savings within a year.

•**Weatherstrip your windows:** Rolled sponge rubber weatherstripping applied to the inner sash, as well as the top and bottom of windows, will create a strong money-saving seal that will last for years.

•**Check your caulking:** You'll need to redo cracked caulking around windows and doorframes to keep outside air, rain and insects from coming in. Look for a long-lasting siliconized acrylic caulk that can be painted, resists mold and mildew and forms a weather-tight seal.

•**Insulate your attic:** If you have less than 11 inches of fiberglass or eight inches of blown cellulose (recycled paper) in your attic, you could probably benefit by adding more. This is especially important if you live in colder climates.

Other easy, low-cost ways to save money include installing a programmable thermostat, turning off lights, lowering your water heater's thermostat to 120 degrees and washing full loads of dishes and clothes.

Thank You! Thank You! Thank You! Thank You! Thank You!

Thank you to all the generous people who helped to make the 2015 Tis the Season Holiday program a GREAT SUCCESS.

Over 237 individuals and families received food, toys and clothes. This effort is only possible through the generous efforts of persons within the communities of Coventry and West Greenwich. Through the efforts of Hopkins Hill Fire Department, Western Coventry Fire Department, West Greenwich Fire Department, \$10,000.00 was raised on November 21, 2015 with the Annual Fireman's Boot Day which has been a fixture with Tis the Season since the beginning in 1992. Thank you to all the men and women who gave of their time on that Saturday.

Many other organizations and groups also supported this program with their generous donations of clothing, toys, Game Stop Gift Cards and funds which are put toward purchasing clothing for every child included in the program. Gift Cards for food and any child over the age of 12 are possible through these events. Toy donations from Sts. John and Paul Church with Linda Macomber as our chief contact elf, Bank RI with Liane and her helpers, Fire and Iron Motorcycle group, Kelly Clark and the Annual Event to remember her brother who passed away, Coventry High School with Lori Ferguson urging the students, provided all the toys we gave to children. Salvation Army and Toys for Tots allowed 443 children to receive requested toys as a result of this undertaking. The monetary donations from members of the community and groups to include, Coventry/West Greenwich Emblem Club, Coventry-West Greenwich Lions Club, Back To the Seventies Group, Samantha O'Gara Foundation and the family of Mandy Reuter were amazing in their generosity. We also THANK those individuals who selected Tis the Season as recipients of their generosity with monetary donations which made it possible to purchase coats, boots, shoes and specially requested clothing items. The Adopt A family Program within Tis the Season would not be possible without the support of Individuals, Schools, Town Departments, Businesses and groups who continue to request families to adopt and attempt to fulfill their wishes for the children of our communities families. The Communities of Coventry and West Greenwich truly show the spirit of helping their neighbors with their support and generosity to Tis the Season. Without the support of donors, we would not be able to reach out to fellow residents who found themselves in difficult situations.

The Tis Committee and this year's recipients Thank You all and I know we speak for all when we say you make Tis's mission of the "The Light That Shines Year Round" possible.

Committee Members,
Clint Shurtleff, Marge Gartleman,
Lynn Andrews, Jim Cady,

(NAPSA)—Whether it's a cramped kitchen, an outdated bathroom or an ugly paint job, you don't have to live with your home's imperfections.

You may have considered tackling these home improvements yourself. However, there are many things to consider before you make the decision to Do It Yourself (DIY) or hire a professional. To help, home improvement expert and DIY Network host Amy Matthews offers homeowners guidance to make an educated decision when it comes to the choice between going DIY versus hiring a professional.

For some home repairs, getting professional help may be less expensive than trying to do it yourself, advises DIY Network host Amy Matthews.

What To Consider

- **Experience and Training:** If you have no experience tackling the home improvement needed, consider hiring an expert. Service professionals have years of training and may know how your home works better than you do.
- **Equipment and Tools:** Matthews recommends taking into account the additional expense of buying any new tools that would be needed for the home repair you are considering. Keep in mind that if you aren't experienced as a do-it-yourselfer, you could end up spending more money fixing your mistakes than it would have cost to hire a professional in the first place. Know which projects you can do on your own and which are best left to the professionals.
- **Commitment and Time:** Extensive home repairs can take weeks to complete. Weigh the urgency of the repair and your own availability to take on a home project. Unfortunately, home emergencies can arise whether you have time or not. That's when HomeAdvisor's Home911 App can help. It lets homeowners get control of any home repair emergency by giving them instant access to service professionals, as well as to live 24/7 support with the Home911 Homeowner Emergency Line. The App is

available in iOS and can be downloaded in the iTunes Store.

When to Call a Professional

Matthews suggests you know it's time to bring in the professionals when the project is out of your scope of experience. If you decide to take the service pro approach, you will want to ensure you're hiring the right pro for the job. Pre-screening your service professionals is the best way to ensure you have a quality professional that will provide an accurate quote and follow through on accomplishing the project to your specifications.

HomeAdvisor's ProFinder is a free tool that helps connect homeowners with pre-screened and customer-rated service pros. Professionals in the network have had their backgrounds checked and reviewed so there are no surprises.

Where to Learn More

You can find more information about home improvement, maintenance and repair projects including project cost guides, emergency support and pre-screened professionals at www.homeadvisor.com.

Moments in time
THE HISTORY CHANNEL

• On Feb. 14, 1867, Sakichi Toyoda, whose textile machinery company spawned the Toyota Motor Corp., is born. In 1937, Toyota was formed as a spinoff of his Toyoda Loom Works. "Toyota" reportedly was considered a luckier name than "Toyoda" and is easier to write in Japanese characters.

• On Feb. 11, 1937, after a six-week strike by General Motors autoworkers in Michigan, GM president Alfred P. Sloan signs the first union contract in the American auto industry. Among other things, GM agreed to give workers a 5 percent raise and permission to speak in the lunchroom.

• On Feb. 8, 1943, Japanese troops evacuate Guadalcanal, leaving the island in Allied possession after a prolonged campaign in which an estimated 1,600 American troops were killed.

• On Feb. 10, 1962, Francis Gary Powers, an American who was shot down over the Soviet Union while flying a CIA spy plane in 1960, is released by the Soviets in exchange for the U.S. release of a Russian spy. The event was chronicled in the 2015 film "Bridge of Spies" starring Tom Hanks.

• On Feb. 9, 1971, pitcher Leroy "Satchel" Paige becomes the first Negro League veteran to be nominated for the Baseball Hall of Fame. In August of that year, Paige was inducted. Joe DiMaggio once called Paige "the best and fastest pitcher I've ever faced."

• On Feb. 12, 1988, in the waning days of the Cold War, two Soviet warships bump two U.S. Navy vessels in waters claimed by the Soviet Union off the Crimean peninsula. A confrontation was defused when the U.S. ships departed.

• On Feb. 13, 1991, Sotheby's announces the discovery of a manuscript of "Huckleberry Finn" by Mark Twain. The manuscript, missing for more than a century, was found in a trunk with some old papers.

Collecting
by Larry Cox

Classical Records
Q. We have a collection of 78-rpm and LP recordings, mostly classical. Could you provide me with the names of buyers? — Janice, via e-mail

A. I get questions about older recordings at least a dozen times each week, and my answer is always the same: Unless you have real rarities, there is little market for older recordings. I contacted used record dealers in Los Angeles, St. Louis, Dallas and New York, and I was told that it was difficult, if not impossible, to sell classical recordings in the secondary marketplace. You might consider donating your collection to a charity.

Q. Can you recommend a good price guide for comics. My son has a collection of about 75 vintage issues, and I think we should investigate to see what the current values are. — Susan, Springfield, Missouri

A. There are three comic references I consult on a regular basis: "Golden Age Comics" by Alex G. Malloy and Stuart W. Wells III (Krause Books); "Official Overstreet Comic Book Price Guide" by Robert W. Overstreet (House of Collectibles); and "Comic Book Checklist and Price Guide" by Maggie Thompson, Brent Frankenhoff and Peter Bickford (Krause Books). Since prices can vary from region to region, don't assume values listed are chiseled in stone. Also,

don't hesitate to contact established comic-book dealers in your area.

Q. I have an old fruit jar that I inherited from my grandmother. Although I realize most fruit jars are fairly common, this one could be an exception. It is a Globe jar and appears to be hand-crafted. It has a deep olive color, and I've never seen one like it before. — Susan, Waco, Texas

A. According to my favorite fruit jar price guide, 1000 Fruit Jars by Bill Schroeder (Collector Books), your jar is extremely rare. In olive green, it is valued at \$1,000; olive amber, \$1,000 plus; and aqua-clear, \$35 to \$65.

Q. I have some sterling flatware by Gorham in the Sovereign-Old pattern. Can you tell me when this pattern was introduced? — Pat, Orchard Park, New York

A. Your pattern was first offered in 1941. It is a handsome pattern and quite desirable.

Fruit-Loving Songbirds
If you want to attract non-seed-eating songbirds to your yard, fruits such as grapes, raisins, cherries, apples and orange halves will attract mockingbirds, catbirds, orioles, towhees, cedar waxwings, blue birds, tanagers and many more. Use a tray feeder or place on the ground near brush cover.

Salome's Stars

ARIES (March 21 to April 19) A gracious Lamb can learn more about a problem-filled situation than one who is openly suspicious of what could be happening. A friend might offer some well-directed advice.

TAURUS (April 20 to May 20) Getting adjusted to an unexpected change might be difficult for the Bovine who prefers things to go according to plan. But help could come from a most welcome source.

GEMINI (May 21 to June 20) This could be a good time to get a head start on those career-related plans. The sooner you check out the pluses and minuses, the sooner you can act on your information.

CANCER (June 21 to July 22) A personal situation you thought would no longer present a problem suddenly could produce some surprises. Try to sort things out with the help of trusted colleagues.

LEO (July 23 to August 22) An upcoming move holds both anticipation and anxiety for Leos and Leonas who have some big decisions to make. Advice is plentiful, but it's up to you to decide which way you want to go.

VIRGO (August 23 to September 22) Someone from a previous project could provide valuable guidance on how to handle a current problem, especially where it might involve a legal matter.

LIBRA (September 23 to October 22) A business situation presents some unexpected complications. But rather than try to handle them all at once, it would be best to deal with them one at a time.

SCORPIO (October 23 to November 21) You just might get what you want, despite the odds against it. In any event, be sure to thank all those people involved who believed in you and went to bat for you.

SAGITTARIUS (November 22 to December 21) Before you even hint at an accusation, remember that you'll have to prove what you say. So be sure you have what you need to back up your comments.

CAPRICORN (December 22 to January 19) A romantic situation takes an unexpected turn that favors some Sea Goats, but causes others to reassess how they've been handling the relationship.

AQUARIUS (January 20 to February 18) A surprise turn of events could unsettle the Water Bearer. But it also might help open up an entirely different way of working out an important matter.

PISCES (February 19 to March 20) A smoothly running operation could bump up against an obstacle. This is where your ability to assess situations and make adjustments can restore things to normal.

BORN THIS WEEK: Your kindness is legendary, and so is your strong sense of responsibility.
