Positively Mount Morris

Rick and Cathie Barry
"Side-by-Side" signing off
for Theatre 101

THEATRE 101

101 Main St. Mount Morris, NY 14510

Where Culture Meets Community

Final Curtain Call for Theatre 101

Beautiful Dreamer cast

In November of 2010, Rick and Cathie Barry (aka Side-by-Side Productions) inquired through Louise Wadsworth if Greg O'Connell might have a small space to rent on Main Street, Mount Morris for the following summer. Their hope was to not only bring quality entertainment to the community, but to encourage the summer traffic passing through town to stop. Once they did, they could then see a show or a concert, and maybe even shop or dine in the newly established (and long-established) local businesses.

When they subsequently met for a lunch, O'Connell surprised them by offering the use of 101 Main Street as a venue without any cost to them. He hoped such a space would do for Mount Morris what he had seen the arts do in other places he had helped develop: be the attraction that creates business opportunities for others.

As it was way more than they needed or wanted to manage, they reluctantly accepted his offer. When Greg handed Cathie the key with its tag that read "101",

she got an idea. She walked home and asked Rick "How about 'Theatre 101' as a name?" And the rest, as they say, is history.

Louise asked if they could prepare something for Christmas in Mount Morris (about three weeks away at the time) so they began casting and rehearsing their first production there, Truman Capote's "A Christmas Memory." It was performed five times for FREE over the two weekends including Christmas in Mount Morris. But first, on December 4, 2010, they set up the 50 folding chairs that came with the building and hosted the kickoff of the Angels in Mount Morris event, with over 200 people attending!

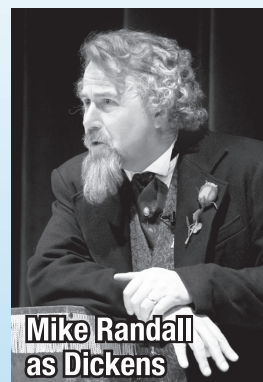

They have since hosted more events than they can name (literally 100s), including (but not limited to) plays, musicals, concerts, children's plays and musicals, acting classes ending with performances, quilt shows, craft shows, benefits (they helped raise \$5225 for Red Hook, Brooklyn after Hurricane Sandy in 2012!); annual Bob Dylan Birthday Bashes, 101st birthdays: Lucy, Tennessee Williams, Dylan Thomas and others; a year-long celebration of Charles Dickens at 200, the World Premiere and encores of their *Beautiful Dreamer*, eight annual workshops and shows with ARC Drama Club; Idol Contest preliminaries (both for Italian Fest and ARC); and always their First-Thursday-of-the-Month Open Mic, which became one of the most popular in the area for musicians and performers.

As they look back at their Wall of Fame, they realize that more than 75% of their events were FREE and open to the public, usually with refreshments provided! They have a small core of fabulous supporters who have donated advertising, money, treats, toilet paper, and much more, but most importantly, they CAME to Theatre 101 to enjoy whatever they had to offer.

For the other 99% of Mount Morris citizens, they're sorry you missed it. It was grand, and they are still so grateful for the opportunity given them by Greg O'Connell to serve their community, and the folks who kept them going for these 7 1/2 years.

Their plea: **SUPPORT** your local businesses. **GO** to their places, shop, eat, drink, play, **TALK** about it to others! The Barrys wish all the best for the future of Mount Morris.

DO YOU HAVE **concerns** about falling?

Many older adults experience concerns about falling and restrict their activities. A MATTER OF BALANCE is an award-winning program designed to manage falls and increase activity levels.

This program emphasizes practical strategies to manage falls.

YOU WILL LEARN TO:

- view falls as controllable
- set goals for increasing activity
- make changes to reduce fall risks at home
- exercise to increase strength and balance

WHO SHOULD ATTEND?

- anyone concerned about falls
- anyone interested in improving balance, flexibility and strength
- anyone who has fallen in the past
- anyone who has restricted activities because of falling concerns

Sponsored by Genesee Valley Health Partnership, Lifespan, and the Livingston County Office for the Aging, Livingston County residents 60 years and older are eligible to participate.

Classes are held once a week for 8 weeks for 2 hours each.
 This class is free, and covers Participant Workbook and snacks.

Wednesdays 1:30-3:30pm
August 29-October 17
 Livonia Public Library
 2 Washington St., Livonia

Mondays 10:00am-Noon

BAT SAFETY:

According to the Centers for Disease Control and Prevention (CDC), bats are the most common source of human rabies in the United States.

Rabies is a deadly virus that can be spread to pets and people who come in contact with rabid bats and causes the nervous system to shut down. Because bats have small sharp teeth and you can't always see a bite mark, if you find a bat in your home, DO NOT discard or release it.

Call the Livingston County Department of Health at (585) 243-7280 for advice, because many bats should be tested for rabies if found in a home.

YOUR TEETH are one of the most important factors for good health. Many people ignore dental health because of cost or discount it for other medical issues. The Livingston County Department of Health would like to remind people that simple prevention can lead to good oral health as well as your physical well-being. Remember to brush at least twice a day, stay away from acidic and sugar filled foods and drinks, and visit your dentist every 6 months. For more information on dental health please contact the Livingston County Department of Health at 243-7299.

ARE YOU PREGNANT or thinking of becoming pregnant?

If you are, the Livingston County Department of Health would like to remind you of the importance of prenatal care. Prenatal care is crucial to your baby's development. Please remember to see your health care provider regularly, take at least 400 micrograms of folic acid before and throughout your pregnancy, eat healthy meals including fruits and vegetables, and if you smoke, drink, or do drugs, STOP! Your baby eats, drinks, and inhales everything that you do. If you have any questions or concerns please contact your health care provider or call the Livingston County Department of Health at 243-7299.

On August 7, 2018, Livingston County unveiled plans for a new trail at Al Lorenz Park in Mount Morris, set to be completed by a mobile work crew and a team of summer employees in the Livingston County Central Services Office.

"The new trail is designed with the goal of encouraging physical exercise," said Livingston County Environmental Health Director Mark D. Grove.

"The creation of the new trail will link the already-existing Genesee Valley Greenway and Finger Lakes Trail, thus creating a comprehensive trail network in Al Lorenz Park."

A section of the trail is set to be completed by the fall, with the rest finished as funding becomes available.

Al Lorenz Park is an 80-acre county park in Mount Morris, located between the Genesee River and Letchworth State Park. Facilities located in the park include four open pavilions, two gazebos, a 1.5-acre mowed field, numerous ponds and biking and walking trails. The acreage was acquired by Livingston County and became the County's first park on July 14, 1974.

The park is open to the public from May 1 through September 30. For more detailed park hours please visit <http://www.co.livingston.ny.us/facilities>.

Hebrews 13:8 says, "Jesus Christ is the same yesterday, today, and forever."

Some people wonder if Jesus still heals today, just like He did in Bible times when He lived and walked on the earth.

At Healing Rooms (HR) on the Genesee, many people have come for prayer for their physical body. Jesus met Robert at the HR and healed his knees that had been damaged and in pain for over 15 years. Jesus also came and touched Jason's lungs and healed them of emphysema, and healed one of his heart valves.

Jesus is the same. He still heals today.

Until we find a new home for the HR in Mount Morris, we will come to you.

Give us a call at 585-319-6471 and we'll set something up.

SHINGLES

Almost 1 out of every 3 people in the United States will develop shingles, also known as herpes zoster, in their lifetime. There are an estimated 1 million cases of shingles each year in this country. Anyone who has recovered from chickenpox may develop shingles; even children can get shingles. However, the risk of shingles increases as you get older.

Some people have a greater risk of getting shingles. This includes people who have medical conditions that keep their immune systems from working properly, such as certain cancers like leukemia and lymphoma, and human immunodeficiency virus (HIV), and receive immunosuppressive drugs, such as steroids and drugs that are given after organ transplantation.

Most people who develop shingles have only one episode during their lifetime. However, a person can have a second or even a third episode. The only way to reduce the risk of developing shingles and the long-term pain from postherpetic neuralgia (PHN) is to get vaccinated. There are two shingles vaccines currently available to prevent shingles and its complications for adults over 50 years of age. Shingles vaccines are available in pharmacies and doctor's offices. Talk with your healthcare professional if you have questions about shingles vaccination.

For more information regarding shingles, call the Livingston County Department of Health at 243-7299.
