**BACK HOME!**

If I had the power to turn back the clock,  
Go back to that house at the end of the block -  
The house that was HOME when I was a kid,  
I know that I'd love it more now than I did.

If I could be back at my mother's knee,  
And hear once again all the things she told me,  
I'd listen as I never listened before,  
For she knew so well just what life had in store.

And all the advice my dad used to give,  
His voice I'll remember as long as I live;  
But it didn't seem really important then;  
What I'd give just to live it all over again.

And what I'd give for the chance I once had,  
To do so much for my mother and dad;  
To give them more joy and a little less pain;  
A little more sunshine - a little less rain.

But the years roll on and we cannot go back,  
Whether we were born in a mansion or a shack;  
But we can start right now - in the hour that's here,  
To do something more for the ones we hold dear.

And since time in its flight is travelling so fast;  
Let's not spend it regretting that which is past;  
But let's make tomorrow a happier day  
By doing our "good to others" - TODAY.

**LAFF - A - DAY**

"An ex-lion tamer? Nerves of iron? We have just the job for you!"

**Strange BUT TRUE**

By Samantha Weaver

\* It was Scott Adams, best known as the creator of the "Dilbert" comic strip, who made the following observation: "Give a man a fish, and you'll feed him for a day. Teach a man to fish, and he'll buy a funny hat. Talk to a hungry man about fish, and you're a consultant."

\* According to the Oxford English Dictionary, the word that has the largest number of different meanings is "set"; it takes 26 pages to detail them all.

\* As fall approaches, here's some good news: Except for the queens, all wasps die in the autumn.

\* There are those who feel that we should adopt the metric system of measurement, claiming that our current system is outdated and archaic. To go truly archaic, though, we could start measuring things in flags, baronies, falls, roods, townships and hides. Yes, those are actual terms of measurement. They equal, respectively, 25 square feet, 4,000 acres, 342 square feet, a quarter of an acre, 36 square miles and 10 acres.

\* Do you suffer from misoneism? Quite a few people these days seem to; it's a hatred or fear of change or innovation.

\* Between Memorial Day and Labor Day, it's estimated that Americans eat a whopping 818 hot dogs "every second."

\* In 1938, Fortune magazine published a prediction that, in hindsight, turns out to have been rather egregiously off the mark: "Few scientists foresee any serious or practical use for atomic energy. They regard the atom-splitting experiments as useful steps in the attempt to describe the atom more accurately, not as the key to the unlocking of any new power."

Thought for the Day: "Should you shield the canyons from the windstorms, you would never see the true beauty of their carvings." -- Elisabeth Kubler-Ross

SPECIALIZING IN BIRTHDAY & WEDDING CAKES

**ARIES** (March 21 to April 19) With your Arian charm quotient at an almost all-time high this week, plus all the facts to back you up, you just might win over the last doubters to your proposal.

**TAURUS** (April 20 to May 20) You might be in line for that job change you applied for. But be advised that you could be called on to defend your qualifications against supporters of other applicants.

**GEMINI** (May 21 to June 20) Creating a new approach to an old idea is one way to get beyond that workplace impasse. No such problems in your personal life, where things continue to flow smoothly.

**CANCER** (June 21 to July 22) Be more forthcoming about your feelings concerning a proposed change either in your workplace or in your personal life. Your opinions are valuable. Don't keep them hidden.

**LEO** (July 23 to August 22) A changing situation in your life needs more patience than you appear to be willing to offer. Allowing it to develop at its own pace is the wisest course you can take at this time.

**VIRGO** (August 23 to September 22) With more stability in your life -- on both personal and professional levels -- this could be a good time to strengthen relationships with both friends and colleagues.

**LIBRA** (September 23 to October 22) People have always relied on your integrity not only to get the job done, but to get it done right. So don't be pressured by anyone into cutting corners to save time.

**SCORPIO** (October 23 to November 21) While others might get rattled over unexpected changes, your ability to adapt calmly and competently helps you make a positive impression during a crucial period.

**SAGITTARIUS** (November 22 to December 21) A changing environment might be daunting for some, but the adventurous Sagittarian takes it all in stride. A friend from the past could awaken some meaningful memories.

**CAPRICORN** (December 22 to January 19) With your self-assurance rising to full strength, the bold Goat should feel confident about opening up to new ventures as well as new relationships.

**AQUARIUS** (January 20 to February 18) Reaching out to someone who has been unkind to you might not be easy. But in the long run it will prove to have been the right thing to do. A friend offers moral support.

**PISCES** (February 19 to March 20) Your keen insight once again helps you work through a seemingly insoluble problem in your workplace. The weekend offers a good chance to develop new relationships.

**BORN THIS WEEK:** You have a knack for finding details that others would overlook. You would make a fine research scientist.

**In The Library**

A not-so-smart person walks up to the counter and says: "I'd like a cheeseburger, fries and a Diet Coke."

The man behind the counter says "Look around! This is a LIBRARY!"

"Oh, how silly of me." says the person. She then begins whispering, "I'd like a cheeseburger, fries and a Diet Coke..."

**PIEDMONT PETS**  
August 30, 2018  
By Paulette Dean

For a little more than half of the 1980s, I lived in Utah. I worked at Brigham Young University for over three years, moved back to Danville for a few years, and then moved back to Provo where I worked at a bank for a few years. Danville, though, called me back and I answered.

When my niece, Jenny, graduated from high school and was accepted at BYU in 1993, I was the natural choice to fly to Utah with her and help her learn her way around. My Utah friends and I went to a favorite park and had a cook-out. While there, we all noticed a dog on a chain. He had a broken down doghouse, but it was his body language that haunted me. He was lonely. He had completely worn a circle in the ground. His entire life consisted of that small little radius of chain, dirt, and loneliness.

My friends all commented, "Someone should do something." Have you ever heard yourself or someone else say that? Who is the "someone" who needs to do "something?"

What should you do if you see an animal that you believe is being neglected? The answer always is - call the authorities. Maybe nothing can be done, if the legal minimum standards of care are being done. However, perhaps your phone call is the one hope for help that animal has. In Danville, if the animal control officer

996 South Boston Rd., Danville, VA 24540  
Phone: (434) 799-0843

is off-duty, regular police officers investigate the complaints of neglect or pick up strays and injured animals. Call 799-5111, and press 8 to reach the animal control dispatcher.

Pittsylvania County does not have 24 hour a day, 365 days a year help, unless it is an emergency, but you must still call 432-7937 so at least the animal control officers will know that there may be an animal in need.

In my mind's eye, I can still see that hopeless dog. He has been dead for many years now, but I hope that the phone call I made when I returned to Virginia two days after the picnic brought him some relief.

Maybe you can be the "someone" who does a life-saving or life-altering "something" for the animals.

**Bell Toys**

Bell toys, a type of pull toy that had moving parts that rang a bell, were made in America just after the Civil War. The Gong Bell Co. of Connecticut made the first one. It was an iron four-wheel platform, holding a bell and an animal. The animal kicked or hit the bell when the platform moved. A popular bell toy featured an elephant that stepped on the bell to make it ring. The 9-1/2-inch-long toy is made of decorated metal. It was estimated to be worth about \$800 to \$1,200.

*This bell toy elephant has the tip of his trunk up, signaling the good luck he rings. The 19th-century toy was offered for sale at a James Julia auction a few years ago.*

Later bell toys used wood, tin or other metals and added realistic hair or animal hide. The toys all were painted. The 1880s-1890s were the golden age for the bell toys, and in the 1900s, copies were made of metal and eventually plastic. Today, the bell toys are wood or plastic made by Fisher Price or Playskool.

**Q.** I have dishes with bowls that look like heads of lettuce and plates that are a single lettuce leaf. They are marked with the signature "Dodie Thayer." Can you tell me anything about them?

**A.** Large leaves probably were one of the first "plates" used at a feast. So it is not surprising that

plates were shaped like cabbage or lettuce leaves by the 1600s. Leaf-shaped European majolica plates were made by Delft, and by the 18th-century they also were crafted by English potteries Wedgwood, Longton Hall, Chelsea and Minton, and French potteries Jacob Petit and Palissy. There was Etruscan Majolica from Pennsylvania, and modern giftware items like California Dodie Thayer ceramics. This Palm Beach dishware was made during the 1960s and '70s. Dishes were made from molds of actual cabbage or lettuce leaves, or full heads of the vegetable. Pink, red, yellow and green sets were made. They are signed with the artist's name.

Recently, the Lettuce Ware dishes were reproduced for the Tory Burch shops in green or white. Full sets are made with cups, plates, tureens and more. A new salad plate costs \$40. Leaf-shaped dishes of all ages are popular with collectors, but only those made of porcelain or after 1900 should be used to serve food.

# HOLLYWOOD

by Tony Rizzo

**HOLLYWOOD** — Johnny Depp's behavior on the set of "City of Lies" (with Oscar-winner Forest Whitaker), about the investigation of the murder of rap star Notorious B.I.G., has caused the Sept. 7 release of the film to be scrapped. A lawsuit filed by location manager Gregg "Rocky" Brooks for assault and battery alleges Depp hit him repeatedly when he informed him that the downtown L.A. location shooting would go well into the night and wrap late. Brooks is seeking damages for Depp creating a hostile work environment, retaliation and wrongful termination.

Depp has a small role in "London Fields," with Billy Bob Thornton, Amber Heard (his ex-wife), Tim Sturges and Theo James, which originally was set for release in August but has been delayed because Lionsgate is suing both the director, Matthew Cullen, and Amber Heard over alleged hanky-panky with the editing and looping of the film.

Depp plays a dark wizard in "Fantastic Beasts: The Crimes of Grindelwald," starring Eddie Redmayne (in theaters Nov. 6) and the lead role in the comedy "Richard Says Goodbye," with Zoey Deutch. Also upcoming for Depp is "Waiting for Barbarians," with "Bridge of Spies" Oscar-winner Mark Rylance and Robert Pattinson, and a romp as "The Invisible Man" in a remake of the classic 1933 film.

**Jennifer Lopez**, whose "Shades of Blue" ended after its third season, continues as a judge in "World of Dance" and has turned her attention to "Hustlers," about a group of former strip-club employees servicing Wall Street men who scheme to get their fair share. "Second Act," also starring Vanessa Hudgens, Leah Remini, Dan Bucatinsky, Milo Ventimiglia and Treat Williams, will be in theaters Nov. 21. Lopez also will take on the role of "Rosie" in the NBC produc-

tion of "Bye, Bye, Birdie" (created by Chita Rivera on Broadway and Janet Leigh in the film), which has been delayed until later in 2019 because of her busy schedule.

It's amazing that it took BBC Films to immortalize the great comedy duo Laurel and Hardy in the upcoming film "Stan & Ollie," which will have its world premiere Oct. 21 at the London Film Festival. It stars Oscar-nominee John C. Reilly as Oliver Hardy and Steve Coogan as Stan Laurel.

**Ben Affleck** (director) and **Matt Damon** (star) are teaming up again for the true-crime story about the ex-cop who rigged the McDonald's Monopoly Game and stole \$24 million in prize money, which he allegedly shared with his co-conspirators who offered kickbacks to the mastermind of the scheme. As with their Oscar-winning script "Goodwill Hunting," many studios were in a bidding war for them and the property. Playing "Monopoly" as kids is really going to pay off for them as adults!

## Dyer elected into the Virginia Motorsports Hall of Fame

BY MIKE SMITH, PR, SOUTH BOSTON (VA.) SPEEDWAY SPECIAL TO THE PIEDMONT SHOPPER

Three legends, each who impacted motorsports in a different but significant way, were inducted into the Virginia Motorsports Hall of Fame Saturday night at South Boston Speedway.

In a trackside ceremony before Saturday night's races, Curtis Turner, Hubert Hensley, and Bill Dyer were honored as the latest inductees into the Virginia Motorsports Hall of Fame.

Dyer, Danville native, was inducted as a journalist after chronicling short-track racing around the Commonwealth in a weekly syndicated column that ran for 40 years. But his involvement in the sport runs much deeper than that.

Dyer was working at the Danville Register & Bee when he got permission to start writing a column about NASCAR racing. It was one of the first columns in a daily paper to chronicle mostly short track and weekly NASCAR racing and it quickly grew in popularity and was picked up by several other newspapers in syndication. Its popularity grew and spread from just short-track racing into NASCAR's premier series, known now as the NASCAR Monster Energy Cup Series.

His column, Pit Stop, was the source for fans of racing in Virginia for many years until he retired in 1992. He was honored several years ago by South Boston Speedway when the press box was named the "Bill Dyer Press Box."

Dyer's career went well beyond pen, paper, and typewriter. For more than 23 years he worked at either South Boston Speedway, or Orange County Speedway starting in 1966. He served both tracks as general manger, promoter, and public relations director.

He was also Tommy Ellis' public relations representative on the Busch Grand National circuit for two seasons. Ellis is a previous inductee into the Virginia Motorsports Hall of Fame.

All the time he was employed in the sport, he continued to pen his weekly column. His last columns appeared in the Piedmont Shopper for two years, before finally retiring from the sport after more than 42 years in racing.

*Congratulations Bill from your friends at the Piedmont Shopper!*

## Danville Community College Holds First Day of Classes for Academic Year

Danville, Va., August 23, 2018 – Danville Community College (DCC) kicked off the 2018-19 academic year with the first day of classes on Wednesday, August 22.

Between classes, new students filled the hallways of the campus buildings, looking for their next classrooms and adjusting to their new course schedules.

Students were greeted across campus with welcome tables, coordinated by DCC Student Success and Academic Advancement, DCC Student Activities, and DCC's Office of Public Relations, which contained free snacks and student handbooks/planners to help them stay organized as they progress through the semester.

"There is so much energy on campus right now," said DCC Vice President of Academic and Student Services Dr. Debra Holley. "The parking lots are full and the halls are bustling with students. We've even had to expand the capacity in some of our classes to respond to the demand. Our preliminary enrollment numbers are looking good for the fall, for which we are grateful! We are looking forward to the continued positive momentum this year and invite people to our

campus to learn more about all of the programs DCC has to offer!"

Students were especially impressed with the new amenities on campus in the renovated EIT Building and the recently constructed welding building, both state-of-the-art facilities that have received high praise from industry leaders.

"In all my travels with Lincoln Electric, this is the finest and most modern welding school I have seen," said Greg McQuaid of The Lincoln Electric Company.

Danville Community College is a two-year institution of higher education under the state-wide Virginia Community College System. DCC's service area includes the City of Danville, Pittsylvania County, and Halifax County. For more information about the college's more than 100 programs of study, visit [www.danville.edu](http://www.danville.edu).

DCC Photos: Danville Community College was abuzz for the first day of 2018-19 classes on Wednesday, August 22. New and returning students alike were treated to free snacks and giveaways at the college's welcome tables before going into their first classes of the year.

# OBITUARIES

"For whether we live, we live unto the Lord; and whether we die, we die unto the Lord: whether we live therefore, or die, we are the Lord's." - Romans 14:8

## Ronnie C. Lewis

Mr. Ronnie C. Lewis, of Danville, VA, went to be with his Lord and Savior on Wednesday, August 22, 2018 at SOVAH Health.

He was the son of Esta "Corky" Lewis and the late Ruby B. Lewis.

Before his retirement, Mr. Lewis worked as an Area

Manager for Goodyear Tire and Rubber, and he was a member of St. Mark's Pentecostal Holiness Church where he served on the Men's Fellowship.

He is survived by his wife of 31 years, Sylvia Lewis, of the residence; father, Esta "Corky" Lewis; children: Ron Lewis, Todd Abbott, and John Abbott; daughters: Tammy Bobruska and Sharon Lewis; grandchildren: Brandi Sams, Brandon Powell, Corey Powell, Travis Lewis, Kelly Jackson, and Daniel Ricketts; great-grandchildren: Blake, Jacob, and Makayla Powell; and Cody Frazier; brother, Terry Lewis; sister, Lawana Lewis; and brother-in-law, Roger Lewis.

In addition to his mother, Mr. Lewis was predeceased by his brother, Ricky Lewis.

A celebration of Mr. Lewis' life will be conducted at 12:00 p.m. on Saturday, August 25, 2018 at St. Mark's Pentecostal Holiness Church, 1201 South Boston Rd, Danville, VA 24541 with Dr. Jerry Foley officiating. Visitation will be held one hour prior to the service at the church. At other times, the family will be at the residence.

In lieu of flowers, the family requests that memorial contributions be made to the St. Mark's Pentecostal Holiness Church Fellowship Building Fund, 1201 South Boston Rd, Danville, VA 24541.

Swicegood Funeral Service is respectfully serving the Lewis family.

## Danny Eugene Land

Danny Eugene Land, age 76, of Danville, VA, passed away on Monday, August 27, 2018 at his residence.

Funeral services will be held on Thursday, August 30, 2018 at 2:00 PM at Swicegood Funeral Home with the Reverend Daryl Joyce officiating. Burial will follow in Danville Memorial Gardens. The family will receive friends on Wednesday evening from 6:00 until 8:00 PM at the funeral home.

Danny was born in Danville VA, to William Frank Land and Lona Everhardt Land on May 8, 1942. He went to school at George Washington High School. He married Brenda Faye Clack on December 14, 1962 in Reidsville, NC. He worked for Goodyear Tire and Rubber Company for 37 years from 1967 until 2004.

Danny was preceded in death by his parents, grandson, Aaron Land, brothers, Lloyd, Nathan, Bill, and Henry Land; sisters, Lula Mae Hodges, Lucille Jackson, Jeanette Hyman and Rosemary Lewis.

Danny is survived by his loving wife, Brenda; children, Michele Overbey, Danny Land, Jr. and wife Beverly, Brian Keith Land and wife Jennifer, of Abilene, KS; Laura Siegfried and husband, William of Richmond, VA; and Larry Dwayne Land and fiancé Erica Moss; brothers, Cecil Land and wife Lois of Hobe Sound, FL, and Michael Land and wife Tonya of Forest, VA; special sister-in-law, Lena Gillespie; brothers-in-law, Ronald Clack, Junior Hodges, and William Hyman; grandchildren, Chase, Quentin, Jordan (Kari), KaLeigh, and Savannah Land, Ashley Kernodle, Colby, Dylan and Taylor Mein (Josh), and Darian and Cianna Watson; great grandchildren, Cayden, Callie, Adalynn and Aryn Elise Mein, Charley and Amelia Kernodle, Skylar Robinette and baby Willow Land to be born in January.

In lieu of flowers the family requests that donations be made to a cancer society, hospice organization or a favorite charity.

The family of Danny wishes to extend our sincere thanks to Lena Gillespie and Commonwealth Home Nursing and Hospice, especially his caregivers Sandy, Carolyn and Reverend Joyce.

Swicegood Funeral Service is respectfully serving the Land family.

## Jack Wilson Cook, Jr.

Jack Wilson Cook, Jr., 67, of 3411 Westover Dr., Danville, VA, died on Thursday, August 23, 2018 at his residence after a decline in health for the past few years.

Mr. Cook was born in Hillsville, VA, on February 4, 1951, a

son of the late Jack Wilson Cook, Sr. and the late Lora Lee Jennings Bates. He lived most of his life in the Danville area where he owned and operated Schoolfield Pest Control. He was a veteran who proudly served his country in the US Navy. He was known for the unconditional love and time he gave in service to his community. He was of the Christian Faith.

Survivors include, his loving companion of twenty-four years, Robin Gregory; two sons, Jack W. Cook, III and Jesse Gregory; six grandchildren, Cameron, Carleigh, Destynee, Trinity, Zildjian, and Sabian; a sister, Linda Stallings and husband Sandy; a brother, Bryan Travis; and a number of nieces and nephews.

In addition to his parents, he was predeceased by a daughter, Tina Louise Crumpton; and a brother, Jerry Michael Cook.

A Celebration of Life service will be held on Monday, August 27, 2018 at 6:00 P.M. at the Wrenn-Yeatts Westover Chapel with Mr. John Bauer officiating. The family will receive friends following the service and at other times will be at the residence.

The family suggests that memorial donations be made to the Wounded Warrior Project, PO Box 758517, Topeka, KS, 66675.

Wrenn-Yeatts Westover Chapel is serving the Cook family.

**"The Fine Line Between Cheap And Frugal"**

I do not know whether or not I will still have the Saturn by the time this column goes to press. I do know that, if my wife and daughters have their way, it will probably assume a resting place somewhere in the general vicinity of Jimmy Hoffa sooner rather than later. Mind you, even at thirteen years old the body is still in relatively good shape, it still runs superbly, and it still gets better gas mileage than any of the other family vehicles.

It is not even the fact that the headliner is falling down and the sun visors will not stay in place that has turned them so virulently against the little gray goose. No, it is the fact that the incessant clicking noise from somewhere in the dash has now added a duck sound to go along with it, thus earning my nickname for it.

For a while it was just the click click click click sound. What made that all the more annoying was that it would not stay in a good rhythm. It would have a "Journey: Don't Stop Believin'" rhythm and then segue directly into an "It's A Small World After All" rhythm. But even that did not prepare me sufficiently...

"Clickquack! Clickquack! Clickquack! Clickquack!"

It was my youngest daughter that was riding with me at that moment. We looked at each other and both said, "We have a duck."

I was hoping that the mechanical duck would leave on his own. But he seems to have made himself right at home in our dash, and shows no intention of ever leaving. But I, wise husband and father that I am, had just the right words to say to my irritated family the last time they brought it up:

"That, family, is the sound of frugality. Say that word with me, frooo-gall-iii-ty."

To which they immediately chimed in unison, "CHEAP"

That hurts.

I do intend on fixing the click-quack at some point. But right now after tithing and missions and other giving I have bigger priorities such as children's school tuition, tires, orthodontist bills (I am putting my money where my family's mouths are), savings, debt reduction, and the satellite package that allows me to get SEC football on Saturdays. Further, since the click-quack continues even when the blower fan is off, I am perplexed as to what I am dealing with, and therefore know that I will likely have to hire help on this one.

And so I choose frugality.

There is a fine line, I suppose, between cheap and frugal, and it may well be mostly in the eye of the beholder. What I do know is that,

heretical prosperity gospel notwithstanding, no one can ever have it all, and therefore everyone has to make choices. Call it cheap, call it frugal, but anyone who does not carefully make good choices will have bad choices foisted upon them.

In Luke 14:28-30 Jesus said, "For which of you, intending to build a tower, sitteth not down first, and counteth the cost, whether he have sufficient to finish it? Lest haply, after he hath laid the foundation, and is not able to finish it, all that behold it begin to mock him, saying, This man began to build, and was not able to finish."

It is called budgeting. A frugal budget is not a set of chains to enslave you; it is a set of bolt cutters to free you. The vast majority of the marriages in trouble that I counsel are stressed and falling apart due to poor financial management. What I try my best to help them grasp is that budgeting is the key to fixing that problem, and that a person willing to live like others will not live now will be able to live like others cannot live later.

Even if it means having a duck in your dash in the meantime.

\* Whenever I'm at the dollar store, I make sure to pick up an assortment of general purpose greeting cards. People really love to get snail mail. There's just something about a colorful envelope addressed to you sitting in the mailbox that makes you smile. So I send cards for special occasions and often for no reason at all. The cost -- \$1.50 for card and postage -- is small compared with the joy they bring.

\* "Make a pincushion for pointy tools in the shop: Glue a piece of rigid foam to a plywood base for stability. Then just stab screwdrivers, needle nose pliers and the like right into the foam for easy and secure access. This also works to keep drill bits in place." -- T.F. in Virginia

\* To clean your coffeemaker and your drain in one fell swoop, brew up a pot of hot vinegar water. Simply add equal parts white vinegar and water to your coffeemaker and brew for a cycle. In the meantime, add a cup of baking soda to your drain. When the pot is done brewing, pour it slowly down the drain. Then run another cycle of plain water through your coffeemaker. Nice and fresh!

\* When is the last time you cleaned your natural bristle brush? These brushes are essential for redistributing oil from the scalp to the end of the hair, but they need a bath regularly to get rid of old oils and scalp cells. Use a plain shampoo or mild soap, and rinse thoroughly. Be sure not to soak a wood-handled brush, as it can compromise the wood.

\* "Keep the fridge smelling fresh with this simple trick: put a small bowl of baking soda in the back, near the vent going to/from the freezer. Circulating air will be refreshed as it passes over the bowl, since baking soda absorbs smells." -- N.N. in Idaho

- Who released "Love So Right?"
- "China Girl" appeared on what artist's debut album, and when?
- Which group released "People Say," and when?
- Name the English singer whose first solo offering was "Never Gonna Give You Up."
- Name the song that contains this lyric: "And now the clock is still passing time, And I know someday that she will be mine, And I know she'll always bring me love."

**Answers**

- The Bee Gees, in 1976. The single's B-side was "You Stepped Into My Life," except in Canada, where the two sides were reversed.
- Iggy Pop's "The Idiot" album in 1977. The song didn't get any traction until co-writer David Bowie recorded it on his album "Let's Dance" in 1983.
- The Dixie Cups, in 1964. The trio consisted of two sisters and their cousin in New Orleans.
- Rick Astley, in 1987. The song launched his career, topping the charts in 25 countries. Astley would go on to sell 40 million records worldwide before retiring in 1993.
- "Image of a Girl," by the Safaris, in 1960. The doo-wop song, which featured a ticking clock in the background, went to No. 6 on the Billboard chart.

## OLD-FASHIONED COCONUT CAKE

**Ingredients**

- 2 2/3 cups flour (1/2 all-purpose, 1/2 cake flour)
- 2 cups sugar
- 2 1/2 tsp baking powder
- 1/2 tsp salt
- 5 lg egg whites
- 1/2 cup milk
- 1 TBL natural coconut flavor (if you can't find this in your local store, you can order it here.)
- 1/2 cup unsalted butter, softened but not melted
- 3/4 cup unsweetened coconut milk

Preheat oven to 350 F. Grease and flour two 8 or 9-inch cake pans. Whisk the egg whites, milk and coconut flavoring until frothy. (We will use these bubbles for the leavening to expand as the cake bakes). Set aside.

In a mixer bowl, add the flours, sugar, baking powder and salt. Mix with a whisk. Add the butter and coconut milk and mix on low with a paddle attachment just until moistened, then beat on medium for two minutes.

Add the egg white mixture in a few additions, mixing just until incorporated.

Pour the thick batter into the prepared pans. Bake for 36 to 40 minutes, then test with a toothpick to see if it comes out clean. Remove from the oven and let cool for about 10 minutes, then remove from pans and cool completely on a rack.

Toasting coconut  
Sprinkle coconut in a thin layer  
While the cakes are cooling, use the warm oven to toast your coconut. Simply sprinkle the coconut on a cookie sheet in a thin layer and set it in the oven at 350 F for about two minutes. Stir the flakes and watch them for another minute or so. When they've toasted to golden, remove and cool.

- Icing
- 8 oz. cream cheese, softened
  - 1/2 cup butter, softened
  - 4 cups powdered sugar
  - 1 tsp natural coconut flavor

Filling  
1 cup of the icing from above  
1 cup of heavy whipping cream  
Cream together the cream cheese and butter. Add the coconut flavor. Then add the powdered sugar, one cup at a time. Once it's smooth, add a tablespoon of the coconut milk or regular milk to achieve a spreadable consistency

For the filling, simply whip 1 cup of heavy whipping cream until medium peaks form, then gently blend in 1 cup of the cream cheese icing.

I divided my cake layers into four pieces, using a cake leveler. I used the whipped cream between each layer, then iced the outside of the cake with the cream cheese frosting. Lastly, I sprinkled the toasted coconut, using my palm to "bounce" the flakes onto the sides of the cake.

# ENERGY SAVERS THAT MAKE 'CENTS'

## FAMILY FEATURES

A home that operates efficiently isn't just better for the environment. Ensuring your home systems are as efficient as possible can also help reduce the financial burden of maintaining your home throughout the year.

These tips from Gary White with JCPenney Home Services can serve as areas of focus for lowering your energy bills and lessening your appliances' negative impact on the environment.

### Water Heaters

The cost of heating water for bathing, laundry and kitchen use is a common home energy drain, so it's an area that deserves attention when you're looking to upgrade for efficiency. To reduce energy use from your hot water heater, try taking shorter showers and switching to cold water for some washing machine wash and rinse cycles. Other options include turning down the thermostat on your heater, adding insulation or purchasing a newer, more efficient model.

### Heating and Cooling

According to the U.S. Department of Energy, as much as 40 percent of a home's energy expenses come from the heating, ventilation and air conditioning (HVAC) system, also known as the heating and cooling system. Like appliances and other mechanical features of your home, over time, the heating and cooling system becomes less efficient. Regular seasonal service like appropriately changing out the air filter can help ensure your system performs at its best, but once its life expectancy has passed, a new unit is usually the more cost-effective solution in the long run.

Understanding your options is important because these systems represent a meaningful investment. There are a lot of potentially overwhelming options and you want to be sure you get the right system for your home. A consultation with an expert, such as those you can find

at JCPenney Home Services, can help you determine the proper size and functions necessary to effectively manage your home's climate, as well as assist in exploring the latest technologies and products. For example, heat pumps, which were once reserved for more moderate climates, are now a cost-efficient solution for homes where temperatures dip lower.

Another option that is relatively new but growing in popularity is known as a mini-split system. These systems let you customize the temperature settings in various spaces, enhancing personal comfort and allowing you to focus your energy use on the parts of your home that need it most. Learn more about these and other energy-efficient heating and cooling solutions at [jcpennyhomeservices.com](http://jcpennyhomeservices.com).

### Thermostats

While servicing or replacing an HVAC system may be the obvious change when it comes to conserving energy, you can also see reductions by using an upgraded thermostat, such as a "smart" or connected model. These devices can help you monitor the temperature setting in your home while maximizing efficiency. For example, a connected thermostat that's synced to your smartphone may allow you to adjust temperature settings when away from home. This way, if you forget to bump the air conditioner up a few degrees while you're gone more than a few hours, you can log-in remotely and set an appropriate temperature.

### Weatherproofing

A great deal of energy is lost through cracks, holes and faulty seals. Take time to assess all windows, doors and openings for air leaks, adding caulking or weather stripping where needed. Don't overlook culprits like openings around lighting and plumbing fixtures, switch plates and other electrical elements. Also assess potential losses from the fireplace, attic, garage and crawl spaces, where it's common that less attention is given to thorough sealing, and determine whether additional insulation can help contain energy.

## UNDERSTANDING HVAC EFFICIENCY RATINGS

An HVAC system can be rated in a number of different ways. While some of these ratings may be confusing, it is helpful to understand what they mean.

**AFUE:** An Annual Fuel Utilization Efficiency (AFUE) rating is important if you are purchasing an oil or gas furnace. The AFUE rating measures the amount of fuel used to heat your home against the amount of fuel wasted. A higher rating indicates a more efficient system. The more efficient your system, the less fuel it takes to heat your home, which translates into lower heating bills during the winter.

**SEER:** The higher the Seasonal Energy Efficiency Ratio (SEER), the more efficient your system and the less it will cost to heat and cool your home. Federal regulations require all new HVAC systems to have a SEER rating of 13 or higher.

**HSPF:** The Heating Seasonal Performance Factor (HSPF) measures the efficiency of a heat pump when it is used to heat a home. A higher rating indicates greater efficiency and greater monthly savings on energy bills. New HVAC units are required to have a rating of 7.7 or higher.

## Take Control of Your Climate

Managing your home's climate control is typically no small task or small expense. These options offer flexibility and efficiency.

**Heat pumps** pull from the ground or outside air temperature to both heat your home in the winter and cool it in the summer. Since heat pumps move heat instead of generating it, they're energy-efficient year-round.

**Hybrid systems** or combination systems combine elements of both a furnace and heat pump.

The more efficient heat pump runs until the outside air temperature falls below a certain level, at which point the system automatically switches the heat source to the furnace. This option is more expensive up front, but can generate significant savings in terms of monthly utility bills long-term.

**Ductless systems** are a flexible, efficient choice for homeowners looking for simple solutions. These systems can be easily mounted on the wall or ceiling, and don't require ductwork, making them ideal for a converted attic space or room addition.
