'Coffee with the County' Series

On Monday, Livingston County Administrator Ian M. Coyle held another successful "Coffee with the County" event in the Town of Springwater. This was the tenth in a special series of community-engagement events.

"Coffee with the County" events, launched last year, are designed to allow community members in all of Livingston County's seventeen towns and nine villages to learn about their County government, as well as engage their County and Municipal leadership.

"These events allow me an opportunity to visit all of the County's municipalities and hear directly from the people that we serve every day," said Coyle.

"I am proud to serve a County with such an active citizenship and look forward to these events each month."

Those who have not participated in the engaging event will soon have new opportunities to join the scores of County residents who have.

The dates for the final "Coffee with the County" events for 2018 have been set.

They will take place on:

- Monday, Sept. 17
8:30 am
Ossian Town Hall
- Monday, Oct. 15
8:30 am
Groveland Town Hall
- Monday, Nov. 5
8:30 am
Avon Town Hall
- Monday, Dec. 10
8:30 am

In honor of Labor Day.

DRIVERS

Please be aware that school is back in session and keep your eyes open for children crossing the street. Remember, when a stopped school bus flashes its red light(s), traffic that approaches from either direction, even in front of the school and in school parking lots, must stop before it reaches the bus. You should stop at least 20 feet away from the bus. You can identify this bus by a "SCHOOL BUS" sign, the red lights on the top, and its unique yellow orange color. Before a school bus stops to load or discharge passengers, the driver will usually flash yellow warning lights. When you see them, decrease speed and be prepared to stop. When you stop for a school bus, you cannot drive again until the red lights stop flashing or when the bus driver or a traffic officer signals the you can proceed. This law applies on all roadways in New York State. You must stop for a school bus even if it is on the opposite side of a divided highway. After you stop for a school bus, look for children along the side of the road. Drive slowly until you have passed them. Remember that vehicles that transport people with disabilities can be equipped as school buses and you must stop for them as you would for other school buses.

Wishing all our students and staff at MMCS and all area schools a safe, productive and awesome school year!!

Serving Always, Town Supervisor Chuck DiPasquale,
Town Clerk Christie Murphy, Town Councilmen
Dave DiSalvo, Don Huff, and Nate Guzzardi

**Livingston County Participates in #CountiesCare,
Highlights Services to Residents**

On August 29, 2018, Livingston County participated in the #CountiesCare social media initiative of the National Association of Counties. The social media push was designed to highlight the services that counties across the country provide to residents.

Among the services provided by Livingston County highlighted in the social media push were:

- * Job search training classes and recruitment seminars offered by Livingston County Workforce Development;
- * Livingston County's award-winning Center for Nursing and Rehabilitation, which offers long-term care, rehabilitation services, adult day health care and, later this year, on-site dialysis service through a partnership with @URNoyesHealth; and
- * The County's recent designation as a "Purple Heart County"
- * Array of services provided by the Office for the Aging included Home Delivered Meals and Legal Services.

To learn more about these and other services offered by Livingston County, please visit the county's website: www.livingstoncounty.us.

Hebrews 13:8 says, "Jesus Christ is the same yesterday, today, and forever."

Some people wonder if Jesus still heals today, just like He did in Bible times when He lived and walked on the earth.

At Healing Rooms (HR) on the Genesee, many people have come for prayer for their physical body. Jesus met Robert at the HR and healed his knees that had been damaged and in pain for over 15 years. Jesus also came and touched Jason's lungs and healed them of emphysema, and healed one of his heart valves.

Jesus is the same. He still heals today.

Until we find a new home for the HR in Mount Morris, we will come to you.

Give us a call at 585-319-6471 and we'll set something up.

SHINGLES

Almost 1 out of every 3 people in the United States will develop shingles, also known as herpes zoster, in their lifetime. There are an estimated 1 million cases of shingles each year in this country. Anyone who has recovered from chickenpox may develop shingles; even children can get shingles. However, the risk of shingles increases as you get older.

Some people have a greater risk of getting shingles. This includes people who have medical conditions that keep their immune systems from working properly, such as certain cancers like leukemia and lymphoma, and human immunodeficiency virus (HIV), and receive immunosuppressive drugs, such as steroids and drugs that are given after organ transplantation.

Most people who develop shingles have only one episode during their lifetime. However, a person can have a second or even a third episode. The only way to reduce the risk of developing shingles and the long-term pain from postherpetic neuralgia (PHN) is to get vaccinated. There are two shingles vaccines currently available to prevent shingles and its complications for adults over 50 years of age. Shingles vaccines are available in pharmacies and doctor's offices. Talk with your healthcare professional if you have questions about shingles vaccination.

For more information regarding shingles, call the Livingston County Department of Health at 243-7299.
