Patients with a prior history of heart attacks or stroke have better outcomes when cholesterol-lowering medications are used after they're discharged from the hospital, according to a new study reported at the 2017 American Heart Association Scientific Sessions. Prior surveys in hospitals found that statins, a common medication prescribed to lower cholesterol, aren't being used as consistently in patients who've been admitted to the hospital following a heart attack or stroke. Researchers also found that when the medication is prescribed, dosing is likely not as high as it should be to provide optimal benefits. Researchers examined more than 62,000 records of patients from the Intermountain Healthcare system between 1999 and 2013 who survived an initial atherosclerotic cardiovascular disease event, such as a heart attack or stroke. They were then followed for three years, or until death, to identify the effectiveness of statin use prescribed at the time of their discharge. Patients who were prescribed a statin medication following an initial heart attack or stroke reduced their risk of a future adverse event such as a future heart attack, stroke, revascularization, or death, by almost 25%-the rate dropped from 34 percent to 26 percent.

A study published in The Lancet, comparing the effectiveness of two pharmacologically distinct medications used to treat opioid use disorder buprenorphine/naloxone combination and an extended release naltrexone formulation-shows similar outcomes once medication treatment is initiated. However, it is more difficult to initiate treatment with naltrexone because it requires a full detoxification, Buprenorphine/naloxone (brand name Suboxone) was given daily as a sublingual film (under the tongue), while naltrexone (brand name Vivitrol) was a monthly intramuscular injection.

There is an enormous spiritual problem with the so-called Christian church that teaches its members they are like Christ and call Him Lord, yet do not obey Him, The Holy Truth (Lk 6:46, Jn 14:6, Acts 3:23). They proudly boast against most of His Biblical commands which reveals they are against the love and respect of The Holy Father Elohim, The Holy Word/Son and The Holy Ghost (Jn 1:14, 14:15, 23-24, Rom 14:11, Phil 2:9-11, 1Jn 3:4-9, 5:7) and claim heaven as theirs (Ezek 13:22). So Be It!

"Myths, Legends and Crazy Rumors..."

Dear Friend,

I was watching 20/20 one day. John Stossel had an interesting segment on myths that just aren't true at all. Here they are—it's very eye opening.

The first myth is polluted air and chemicals are killing us, but cancer is actually on the decline. We're running out of places for our garbage, but due to recycling we really are not. The most shocking was the myth that the rich don't pay their fair share of taxes. According to the IRS the top 1% of Americans pay 1/3 of all income taxes. I'm not going to cover the boring ones, such as the myth that money buys happiness. I think deep down we all already knew that wasn't true – but it sure doesn't hurt any.

Now I want to cover some myths concerning Chiropractic. The first myth is that if you see a Chiropractor you will likely be paralyzed. My malpractice premiums are \$858 per year and recently were only about \$600. How many MDs can say that? "Popping" your knuckles or neck will cause arthritis. Actually, keeping motion in joints helps to reduce the risk, and this was proven by a study at UCLA. The last myth is MDs do not want their patients to be adjusted. A lot of MDs have started referring patients to Chiropractors, and there is a branch of the medical field called Osteopathy. These are MDs who are trained in spinal manipulation similar to Chiropractic.

My daughter Emma, who is the little girl in the photo, was plagued by asthma when she was younger. Each day as I changed her diaper, I would give her an adjustment. The asthma started to improve immediately, and now she is virtually symptom free.

My son Nicholas, has recently been having some headaches. He'll come up to me and say, "Daddy, adjust my neck." And even before he gets up he'll say, "man that feels a lot better, it's all gone."

It's strange how life is, because now people come to see me with their carpal tunnel syndrome problems. Also they come to me with their headaches, migraines, chronic pain, neck pain, shoulder/arm pain, whiplash from car accidents, backaches, ear infections, asthma, allergies, numbness in limbs, athletic injuries, just to name a few.

Here's what some of my patients had to say. "Dr. Mike has been helping me with my low back pain and headaches for over sixteen years. (Larry Luttrell)

"Thanks Dr. Mike for helping my wife, my staff and myself." (Dr. Pete Sparks) (Board of Directors, Marshall Medical Center).

You benefit from an Amazing Offer -- Look, it shouldn't cost you an arm and a leg to correct your health. You are going to write a check to someone for your health care expenses, you may as well write one for a lesser amount for chiropractic. When you bring in this article by October 16, 2018, you will receive my entire initial visit, the whole ball of wax for \$37 out of pocket. And, further care is very affordable. You see, I'm not trying to seduce you to come see me with this low start up fee, then to only make it up with higher fees after that. Further care is very important to consider when making your choice of doctors. High costs can add up very quickly.

Great care at a great fee...Please, I hope that there's no misunderstanding about quality of care just because I have a lower exam fee. You'll get great care at a great fee. My qualifications...I'm a 1991 graduate of Life University. I'm certified by the National Boards as well as the states of Alabama and Tennessee. I've practiced in Alabama for 25 years after a one year associateship in Huntsville. I just have the low exam fee to help more people who need care. Results may vary in individual cases.

Being a chiropractor can be tough, because there's a host of so-called experts out there. They tell people a lot of things that are just plain ridiculous about my profession. But the studies speak for themselves, like the Virginia study that showed that over 90% of patients who saw a chiropractor were satisfied with their results. That's just incredible!

Forty-eight million Americans no longer have health insurance, and those who do have found that their benefits are reduced. That's where chiropractic comes in. Many people find that they actually save money on their health care expenses by seeing a chiropractor. Another way so save...studies show that chiropractic may double your immune capacity, naturally and without drugs. The immune system fights colds, the flu, and other sicknesses. So you may not be running off to the doctor as much. This is especially important if you are self-employed. And an entire week of care in my office may cost what you could pay for one visit elsewhere.

My assistant is Sandy and she is a really great person. Our office is both friendly and warm and we try our best to make you feel at home. We have a wonderful service, at an exceptional fee. Our office is called **ELLIS CHIROPRACTIC CENTER** and it is at 916 Main Street, Hanceville. Our number is **1-256-352-1252**. Call Sandy or me today for an appointment. We can help you. Thank you.

Michael Ellis, D.C.

Please do not call between 12:00 and 2:00 p.m.

P.S. When accompanied by the first, I am also offering the second family member this same examination for only \$20.

P.P.S. Can you imagine not having to wait at a doctor's office? Well, your time is as valuable as mine. That's why we have a no-wait policy. Your will be seen within minutes of your appointment.

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

Saving You MONEY

MITCHELL GROCERY CORP.

Local North Alabama, Folks Serving North Alabama Folks! We Truly Appreciate Your Business

IS WHAT WE ARE ALL ABOUT

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

AD PRICES EFFECTIVE WEDNESDAY, SEPTEMBER 12, 2018 THRU TUESDAY, SEPTEMBER 18, 2018
