Irish Twins

The new father ran out of the delivery room and announced to the rest of his family who were waiting for the news: "We had twins! We're naming them Maureen and Colleen!"

The family was so excited they immediately asked, "Who do Maureen and Colleen look like?"

The father paused, smiled, and said, "Each other."

 The hometown paper for hometown people

* It was Democratic governor and presidential hopeful Adlai Stevenson who made the following sage observation: "A free society is a place where it's safe to be unpopular."

* Statistics show that for every 71,000 skydiving jumps made, there is only one fatality. That might not seem surprising until you put it in context: You have a one in 20,000 chance of dying from a regular fall right here on solid ground.

* A.A. Milne, the British author best known for his children's books about Winnie the Pooh, had a teacher and mentor you might not expect: H.G. Wells, one of the acknowledged fathers of science fiction and author of such novels as "The War of the Worlds," "The Invisible Man" and "The Island of Dr. Moreau."

* Here's a smart idea: Some fitness centers are now using the energy clients expend on its exercise bikes to help power the building's lighting.

* Arctic biologists say that polar bears can go weeks without eating -- which is certainly handy in an environment where food isn't always easy to get. Evidently, if a polar bear goes a week to 10 days without eating, its metabolism will slow down and the animal will live off its fat reserves until it finds its next meal.

* According to not one, but two studies conducted on the subject, those who have a ring finger that is longer than their index finger tend to be better athletes.

* If you drive a white automobile, you have a lot of company. There are more white cars in the United States than any other color.

Hurricane Preparations

We carefully watched all of the warnings about Hurricane Florence and did what we could to prepare the shelter in case the worst case scenario happened. Since the animal shelter is on higher ground, we did not think that it would be completely under water, but we were concerned about our ability to reach the shelter in the event that Highway 58 flooded at Fall Creek below the shelter.

For years, we have prepared the shelter to handle disasters. We have stockpiled cages and crates to be able to provide short-term emergency sheltering for animals whose owners have had to evacuate. We sheltered four dogs this time to help their owners go to a safer place for the possible flooding in their low-lying areas.

A staff member and a volunteer prepared to spend at least one night at the shelter to receive animals in the middle of the night, if necessary, as well as to be able to take care of the shelter animals in the event that the shelter could not be reached.

We have 55 gallon barrels that are suitable to store water, for cleaning and for the animals to drink. We also have water stored to take care of the employees' needs. Flashlights are located throughout the shelter and the batteries were checked to make sure they still worked.

Food supplies were checked and through the generosity of wonderful supporters, we had enough food to feed all the animals for at least a week in case of total isolation. Conversations were held with two shelters in the Tidewater area about accepting some of their shelter animals if they had to evacuate their shelters. We had a plan to turn non-animal areas into temporary holding areas.

All of these preparations took a lot of time and, thankfully, the worst case scenario for us did not happen. We do not consider the time wasted because it is always a good thing to be prepared. This would be a good time for families to review their emergency plans, discover the weaknesses, and prepare for whatever may come next. We are doing the same.

Salome's Stars

ARIES (March 21 to April 19) Your Aries charm helps persuade others to listen to your proposal. But it's still a long way from acceptance, unless you can stand up to the tough questions that are set to follow.

TAURUS (April 20 to May 20) Plan to share a weekend getaway from all the pressures of your hectic work-a-day world with a very special someone. You could be pleasantly surprised at what develops.

GEMINI (May 21 to June 20) Your keen insight once again helps you handle a challenging situation with a clearer perception of what it's really all about. What you learn helps you make a difficult decision.

CANCER (June 21 to July 22) If you want to steer clear of getting involved in a new family dispute, say so. Your stand might cause hurt feelings for some, but overall, you'll be respected for your honesty.

LEO (July 23 to August 22) Expect recognition for your efforts in getting a project into operation. Besides the more practical rewards, your Lion's heart will be warmed by the admiration of your colleagues.

VIRGO (August 23 to September 22) Set aside time to rid yourself of clutter that might well be drawing down your creative energies. Consider asking someone to help you decide what stays and what goes.

LIBRA (September 23 to October 22) A colleague could make a request that might place you in an awkward position with co-workers. Best advice: Share your concerns with an associate you can trust.

SCORPIO (October 23 to November 21) Your energy levels are way up, allowing you to take on the added challenge of a task you've been hoping to secure. Expect this move to lead to an important opportunity.

SAGITTARIUS (November 22 to December 21) Your continuing sense of confidence in what you've set out to do gives encouragement to others. Expect to see more people asking to add their efforts to yours.

CAPRICORN (December 22 to January 19) You might think it would be best to reject a suggestion that others insist would be unworkable. But you might be surprised by what you find if you give it a chance.

AQUARIUS (January 20 to February 18) Changing a decision might disappoint some people, but the important thing is that you be honest with yourself. Don't go ahead with anything you have doubts about.

PISCES (February 19 to March 20) There could be some fallout from an emotional confrontation that you really should deal with before moving on. Best to start fresh with a clean, clear slate.

BORN THIS WEEK: Your honesty not only helps you make decisions for yourself, but also helps others find the right choices for themselves.

CBN SECURE TECHNOLOGIES INC.

Security Guard (USA)

As a Security Guard at CBN Secure Technologies Inc., you will be tasked with protecting employees, our assets and the integrity of our secure facilities. You will achieve this by manning an Integrated Security Operations Center (ISOC) and effectively operating and troubleshooting the internal/external security and life-safety systems, identifying and addressing threats to the security of employees and operations. In joining us, you will become a valuable member of a successful high-tech, secure printing company and will work in a clean, modern facility where you will enjoy competitive health benefits and a matching 401 (k) plan.

Success in the role will require you to draw upon your 5+ years of experience in an armed security role (or equivalent) along with the knowledge and skills that you have developed in your previously held positions. Keen powers of observation will provide the basis of success in this role – you are the kind of person that looks for and notices when things are outside the norm. Your well-developed interpersonal and communication skills will help you build trust and cultivate relationships with your co-workers, and your self-control and discipline will ensure that you stay calm under pressure. Our internal systems are highly computerized, you will therefore also possess basic computer skills and a degree of technical savvy that will allow you to troubleshoot minor system issues.

What you can expect to do in the role:

- Control access to and movement of personnel (employees, visitors, contractors) within the building via a computerized access control system.
- Perform regular internal/external building security patrols and monitor security cameras to ensure that security and health and safety procedures are being adhered to across the building and grounds. Investigate identified security and health and safety threats, building maintenance issues, and communicate and report them to management.
- Act as a first responder and react quickly and effectively to emergency situations (fire, flood, chemical, medical, criminal, etc.) by initiating and following established emergency management plans to protect and preserve life, assets and the facility.
- Ensure the security of our facility and assets by monitoring incoming/outgoing deliveries and shipments.
- Prepare and submit incident/occurrence reports for security and health and safety related incidents and communicate and escalate accordingly. Complete daily shift reports your recorded observations regarding potential security or health and safety related threats pertaining to facility issues or personnel behaviours.

There are a few mandatory requirements for the position – you must be First Aid/CPR/AED certified, possess a valid Driver's License, be able to obtain certification or hold a certification under the Department of Criminal Justice Services (DCJS) of the Commonwealth of Virginia as per the Armed Special Conservator of the Peace Regulations and be able to pass a background investigation with no record or convictions. You must also be able to work a 12 hour rotating shift schedule that includes days, evenings and nights.

CBN Secure Technologies, Inc. is an Equal Opportunity Employer and all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, gender, sexual orientation, age, disability, marital status, genetics, political affiliation, veteran's status, status as a reservist, or any other prohibited ground of discrimination

RIVER DISTRICT ASSOCIATION: DANVILLE SELECTED TO PARTICIPATE IN PARTNERS IN PRESERVATION MAIN STREET CAMPAIGN REFLECTING AMERICAN DIVERSITY

Danville, VA Competing to Win \$150,000 in Grant Funds for North Union Street with Support From the Local Community

DANVILLE, VA – September 24, 2018

Danville, VA has been selected as one of 20 participants in the National 2018 Partners in Preservation campaign. The River District Association is encouraging the public to visit VoteYourMainStreet.org every day through October 26 to secure funding to help preserve properties located at 206 and 208 North Union Street in Danville. These properties are architecturally, historically, and culturally important to our community. North Union Street has long been central to entrepreneurship in Danville, first as part of tobacco history and heritage, and later known as a mecca for black entrepreneurship. These specific buildings, constructed in the early 1900's, need rehabilitation to preserve our history and continue the legacy of North Union for the future entrepreneurs in our community. In the past these properties have contained tobacco warehouses, furniture stores, a lunch-and-billiards parlor, a cobbler shop, boxing gym, and art gallery. American Express and The National Trust for Historic Preservation, in collaboration with Main Street America, announced today that their annual Partners in Preservation campaign is headed back to Main Street with a focus on sites that celebrate diversity and the fight for equality. Drawing on the success of the 2017 program, this year the campaign will award \$2 million in grants to historic sites on America's Main Streets. Each of the 20 sites featured in the campaign played a role in the development of a diverse nation or the struggle for equal rights.

"We are beyond grateful that Danville has been selected to participate in this campaign" said Diana Schwartz, Executive Director of the River District Association. "The recognition of our City as an important part of the history of diversity in our nation coupled with our incredible efforts towards revitalization is something every citizen in Danville, and in the Commonwealth of Virginia, can be very proud of."

While being selected to participate in the month-long campaign is cause for celebration in itself, being chosen to take part is only the beginning. "Now the real work begins. We must encourage everyone in our community, our region, our state – everyone we know – to vote online for Danville every day. The top 10 communities that garner the most votes will win \$150,000 in grant funding for their project. We are fighting hard to restore our properties on North Union, and we invite everyone to help us win the funding by taking part in the Fight for North Union Street by voting every day." Said Schwartz.

Partners in Preservation: Main Streets seeks to inspire long-term support from local citizens for sites on Main Street. Each local partner received an initial grant of \$20,000 to increase public awareness of the importance of these historic places and build grassroots support for their Main Street district. The public will decide which historic sites will receive a share of \$2 million in preservation funding by voting for their favorite main streets through October 26 at VoteYourMainStreet.org, hosted by media partner National Geographic. You can also text the word "votedan" to 555888 to be connected to the website. Winners will be announced on October 29.

Partners in Preservation: Main Streets Open House Weekend The River District Association will host an Open House event on Saturday, October 20, 2018 for the public, highlighting the importance of Main Street preservation efforts in Danville, Va. The River District is one of twenty diverse and historic Main Street districts across the country participating in the Partners in Preservation: Main Streets Open House Weekend.

As part of The River District's Open House, residents and guests of Danville will be invited to preview the new office location of the River District Association at 527 Bridge Street, learn more about the work that RDA is involved in, and help support the efforts in the North Union Campaign. The community is encouraged to stay and enjoy the festivities of the River District Festival, taking place Friday evening on Main Street, and all day and evening Saturday on Bridge Street.

For more information and to vote daily for Danville and North Union Street through October 26, visit VoteYourMainStreet.org.

The River District Association was organized in 1999 as the Downtown Danville Association. In May 2015, the organization was renamed the River District Association to complement the City's River District brand and is an accredited Virginia and National Main Street Community. The office is currently located at 527 Bridge St, Danville VA.

THIS WEEK'S FARM FRESH RECIPES

Grilled Apple and Bacon Stuffed BBQ Chicken Breast

Ingredients

- 2 lb. Boneless Chicken Breasts
- 1 Red Apple
- 1/2 lb. Bacon
- Preferred BBQ Sauce
- Mesquite Grilled Chicken Seasoning

Directions

Core and slice apple into 1/4 inch slices. In a large skillet, cook the bacon until crispy. Remove bacon and cook apples in bacon grease. Drain and reserve. Using a sharp filet knife, carefully cut a pocket out of the middle of each chicken breast, be careful not to puncture the sides. Stuff the breast with the apples and bacon. Season liberally and grill or bacon chicken to 165 degrees. Finish by basting with BBQ sauce. Slice in medallions and serve.

Homemade Butternut Squash Soup

Ingredients

- 2 Celery Stalks
- 1 Yellow Onion
- 1 Large Carrot
- 2 Large Butternut Squash
- 1 Quart Heavy Cream
- 1 Cup Vegetable Broth
- Cinnamon, Nutmeg, Salt and Pepper to Taste

Directions

Peel, seed and cube butternut squash. Add these to boiling pot of water and cook until they are completely cooked and soft. Finely mince the celery, onion and carrots. Saute them in a large pot until tender and translucent and deglaze the pan with vegetable stock. Upon draining the squash, stir and mash them, much like potatoes. After getting a consistent texture, add the squash to the other vegetables along with the heavy cream. Bring the soup to a boil while stirring non-stop to prevent scorching. Return to low simmer and add seasonings. Cook for at least one hour, stirring frequently.

They also used paper hands for the icebreaker and played "Reach Out and Touch Somebody's Hand" with members of the congregation and the Evangelism team. This event was a "BIG" hit! Danville Utilities warns of bill payment scam

Danville Utilities is warning its customers about a payment scam involving a threat to disconnect service if payment of their utility bill is not made immediately.

In this scam, a customer receives a phone call from an individual falsely claiming to be with the Utilities Department. The individual is threatening to disconnect service if the customer does not make immediate payment. The customer is asked to provide a credit card number in order to make payment.

"We have received four calls today from customers notifying us of this scam," Philip Haley, director of customer accounts, said Thursday. "We do not make phone calls to customers about disconnects. Any notice of disconnection from us is done by mail."

Businesses often are targets of utility bill payment scams, but Haley said households appear to be the targets of this scam.

Utility bill payment scams are not new. Guard against fraud. Never provide a Social Security number, credit card number or banking information to anyone requesting it unless you initiated the contact and know the identity of the person with whom you are speaking.

If you receive a call from someone you do not know and who is urging you to make a payment to Danville Utilities, capture the phone number and then hang up and contact the Division of Customer Accounts at 434-799-5125 or visit the Charles H. Harris Financial Service Center, which is located at 311 Memorial Drive.

HOLLYWOOD by Tony Rizzo

HOLLYWOOD — "A Star Is Born," which opens Oct. 5, is Lady Gaga's film acting debut and Bradley Cooper's directorial debut. Owen Gleiberman's review in Variety (the showbiz bible) calls the film "rapturous and swooning, but also delicate, intimate and luminous, which turns into something indelibly heartfelt and revealing, a total emotional knockout, the movie is thrillingly authentic." He concludes, "'A Star Is Born' is more than a throwback — it's a reminder of the scrappy grand passion that movies are all about!"

This fourth remake of "A Star Is Born" could possibly exceed the others and win Oscars for Gaga and Cooper (possibly as actor and director). The \$30 million production probably will fare better than the 125 other remakes and reboots that have been announced. Among them: "All Quiet On the Western Front," "The Birds," "Dirty Dancing," "My Fair Lady," "Pet Sematary," "An American Werewolf in London," "Starship Troopers," "The NeverEnding Story," "War Games," "Time Bandits," "The Creature From the Black Lagoon," "Death Wish," "Highlander," "Little Shop of Horrors," "Romancing the Stone," "Scarface," "The Bodyguard" and "The Wild Bunch." Also planned is a remake of "Dune," with **Timothee Chalamet**.

Television is not exempt from remakes. When Netflix successfully rebooted "The Gilmore Girls" and "Full House," among many other oldies, the networks followed suit with "Will & Grace," "Roseanne," "To Tell the Truth," "\$100,000 Pyramid," "The Match Game" and "The Gong Show." Now "Roseanne" (minus **Roseanne Barr**) is going to be "The Conners," along with "Murphy Brown," with the original cast, and "Charmed," with a new cast made up of **Sarah Jeffery, Madeleine Mantock** and **Melonie Diaz**.

ABC/Bob D'Amico

Constance Wu

The latest James "007" Bond film, "Bond 25," probably will be delayed because "Slum Dog Millionaire" Oscar-winning director **Danny Boyle** (who replaced **Sam Mendes**) has bowed out, and they're searching for a new director, trying to hold onto the October 2019 release date. **Daniel Craig** has seized the opportunity to start filming "Knives Out" in November for "Star Wars: The Last Jedi" director **Rian Johnson** before "Bond 25" begins in December.

To end on a happy note, we'd like to say **Constance Wu**, who stars in ABC'S "Fresh Off the Boat," is a great actress. She literally carries her all-Asian cast to great heights in "Crazy Rich Asians" (which already has announced plans for a sequel). The film is an old-fashioned comedy, like the studios used to make, that pokes fun at old traditions that died in our country years ago but still prevail in Asian cities such as Singapore. Constance will "Wu" you into singing her praises just as she has us!

Shingles Vaccine Can Prevent Complications

DEAR DR. ROACH: My boyfriend, who is in his 60s, got the recommended shingles shot a couple of years ago. Three weeks ago, he got a very bad case of shingles. It went from the front of his stomach, along the left side, to the middle of his spine. He has huge blisters, a red rash, pain and no appetite, and he constantly sleeps. The doctor put him on a regimen of valacyclovir. He was told to keep the area moist to avoid cracking and pulling of the blisters and rash. I thought that if you got the shingles shot, you wouldn't get the shingles, or at least you'd get only a mild case. His has not been a mild case. The doctor told him that the shot just gives a false sense of security. If so, why get the shot? -- D.H.

ANSWER: I disagree with his doctor; it isn't a false sense of security so much as it's an incomplete sense of security. No medical treatment is 100 percent effective, and that includes vaccines. Even the best vaccines don't work on some people, or can't be used, which is why having a large proportion of the population vaccinated is so critical for a really infectious disease, like measles.

In the case of shingles, the vaccine prevents about 50 percent of shingles episodes from ever occurring, and it might keep others from being worse. (As an aside, it's possible that your boyfriend's case would have been even worse without the vaccine, but there's no way of ever knowing for sure.)

What might be the most important reason of all to get the vaccine is to prevent the dreaded complication of shingles -- post-herpetic neuralgia. The rate of post-herpetic neuralgia in vaccinated people who still get shingles is 67 percent lower than in nonvaccinated people.

It's not a perfect vaccine, but it's a lot better than no vaccine. Its downside is seldom more than a redness at the injection site or a sore arm, and it has never been shown to transmit the virus. Post-herpetic neuralgia, on the other hand, can be exquisitely, disabblingly painful and can last for months.

DEAR DR. ROACH: I have a twitching of my left eye. My face draws up when it happens. I went to a doctor and he gave me 15 Botox shots around my eye and said I will need them every three months. They help some. Can you tell me what it could be? -- F.G.

ANSWER: This is a special type of dystonia, a movement disorder, called blepharospasm (blef-a-row-spasm). It's an involuntary contracture of the orbicularis oculi muscle, which goes around the eye. Other muscles may be involved, giving your face the "drawn up" appearance.

The botulinum toxin the doctor injects you with partially paralyzes the muscle, preventing the spasms, but the toxin wears off. The condition is common, but in most cases is mild enough or intermittent enough that such powerful treatments aren't needed. In a few cases, surgery is required.

You can get more information about blepharospasm and other dystonias at www.dystonia-foundation.org.

Dr. Roach regrets that he is unable to answer individual letters, but will incorporate them in the column whenever possible. Readers may email questions to ToYourGoodHealth@med.cornell.edu.
