# October is National Breast Cancer Awareness Month

*"Once you choose hope, anything's possible" - Christopher Reeve*

**October is National Breast Cancer Awareness Month,** which is an annual campaign to increase awareness of the disease. While most people are aware of breast cancer, many forget to take the steps to detect the disease in its early stages and encourage others to do the same. And for those who have been diagnosed, know you don't fight this battle alone. **These businesses stand with you and encourage you to keep up the good fight!**
