Must be 60 years or older

Having recently finished climbing the 46 high peaks in the Adirondacks, I'm left with great memories of a journey that took me on many challenging yet rewarding hikes. I would like to thank my girlfriend Sharon for taking me to Cascade Mountain 10 years ago and starting me off on the quest for all 46.

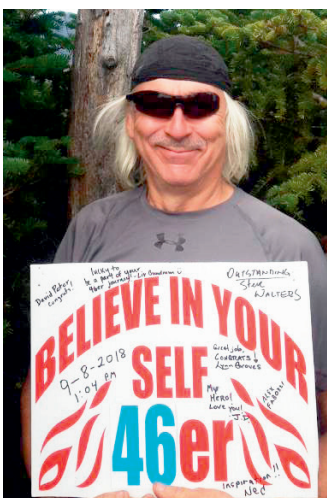

Since then, she has accompanied me on over half of the peaks, and she has now climbed 28 of them herself. Her daughter Sarah has joined us on some hikes as well. Some great memories and exciting stories to say the least!

My sons Adam and Justin have also joined me for many miles of trails on the journey. Adam, Erin, and my grandson Carter have been up several climbs with me. And Justin made a surprise visit on my last guided hike, to be with me as I finished the 46th peak. I can't put into words how special it was to have him there.

I want them both to know that this month I have realized that this quest isn't just about me anymore. I pushed myself extra hard to finish so that when I pass on, my boys can say with a smile "Pops was a 46er".

Thanks to my family, friends, and ADK guides for the support and motivation over the ten years as I was able to complete this goal.

# SPEAK OUT!!!

The Mount Morris Shopper feels that everyone has a right to be heard (or read, in this case) so we are offering this page each week (space permitting) for our readers to share their ideas, views, feelings or whatever. Realizing that everyone cannot AFFORD to pay for this privilege, the Mount Morris Shopper is offering this page as a FREE Public Service for articles or letters sent in for publication. All letters submitted must be signed with the name, address and phone number of the author. Please make letters as brief as possible.

Dear "Speak Out,"

My name is Edward Kenney I have over 40 years combined service as a police officer for NYS, in Mount Morris and Village of Geneseo. I retired two years ago as the overnight/weekend shift supervisor (Lieutenant) at SUNY Alfred, a university with approximately 3000 resident students.

The only reasonable solution to the traffic problem on Main Street is to hire more officers and return our PD to its full-time status. There are options of course like speed cameras. However, be prepared to pay a vendor to administrate the program and the cost of signage. Red light cameras might give people pause, but be prepared for more fees and more signs. About 50% of the money will not go to the village and the systems often lose effectiveness within a couple of years, but we will still be paying fees to the vendor. The most serious drawback is that a sign cannot respond to your call for help.

We really need to get back the 7p-11p patrol car so that officers can once again check the doors of the businesses then go write tickets and assist where needed. I am old enough to remember the old triple A-trip ticks. Every one I ever saw had "SPEED STRICTLY ENFORCED" stamped in red all over Mount Morris. Unfortunately, the village board decided to vote themselves a raise and short the PD at every turn.

I find it amusing how the village fathers are so willing to poo-poo our plight. Unfortunately, chin pulling and head bobbing will not get it done. FIFTEEN THOUSAND cars a day go through our village. Our village fathers wanted to park on Main Street like they do in Geneseo. Any Police Officer will tell you that Route 36 is a New York State access highway and they can haul any length, width and height they can get down the road. That is precisely why you see all the big equipment come through the village and precisely why you have to parallel park on Main Street. This board is not attentive to the potential hazards involved.

A few years ago the Board authorized officers to go to special tractor trailer enforcement school, but it was only lip service. They never funded any money for it afterward. I can imagine the hue and cry of our residents when a tractor trailer of methyl-ethyl-death overturns and erupts into a mushroom cloud of noxious death at Main and Barone. Where was the PD? Reduced to less than viable and allowed to wither on the vine while the village fathers dance off to the bank. We are the Best Town by a Dam Site. Unfortunately, with terrorism threats and the largest concrete gravity dam east of the Mississippi, we need a local PD to observe suspicious comings and goings.

We need a board that is responsive to the residents. In my opinion, this Board is killing the PD with a thousand cuts. The bleeding has begun. A recent candidate for the part-time Chief job was hired by the mayor and ready to be sworn in. The Officers at the PD intervened at the last minute and thwarted the hiring of a candidate with no supervision experience and also of dubious character. Neither the mayor nor the board called his former employer for any background at all. Is this the action of a board that has our best interest at heart?

I know Rich White, the new part-time and I hope temporary Chief. I know and like Rich but we need to get back to a full-time Chief ASAP. Rich has a solid reputation and will provide a steady experienced hand in guiding the PD. As it stands now the PD is way ahead of last year's numbers in tickets. But that is what cops do, even when working short staffed, because they care about their community.

The investment in Main Street by Mr. O'Connell has improved all our lives. Maybe we have turned a corner. A local PD will go a long way to improving our quality of life as well as property values. Do you really think that any favors gained by getting rid of the PD by our village fathers will translate to better and faster police response for you?

Alas, the more things change the more they remain the same. The village board tried to get rid of the PD before. I see some of the same familiar faces on the board now. A prominent citizen once said that we needed a PD just not the PD we got. I agree. I also know that the fish rots from the head. The only thing that will save the village and the PD is to end this slipshod Persian bazaar, What's in it for me? way of doing business.

Respectfully submitted,  
Edward Kenney

## To the family and many friends of the late Joan Sanford

we wish to extend our sincere thanks for your many kindnesses, and for the condolences and support that we have received. We also send our gratitude and appreciation to the staff at Murray Hill and Mann Funeral Home. We need to also send special thanks to Debbie Brogan, Lois and Jim Mann, and Mike and Roxanne Underwood for all their help and support. To Evva and Tom McTarnaghan and David Smith for being the Oakland Neighborhood Watch Team and all they did for our mom/step-mom. To Sandy Stover and Carl Dieter for all the doctor trips, bird seed runs and other things we may not even be aware of. To the Nunda Ambulance crew for all they did, above and beyond. To Sherman and Bev Sanford and Roberta Richardson for all their love and support over the years. Finally to Donny Claud for being a good friend and doing so much for our mother/step-mother and our family for so long. We appreciate everyone and consider it a blessing to have come from such a caring community.

*The family of Joan Sanford*

# Positively Tuscarora

*First Presbyterian  
Church of  
Tuscarora*

## Annual Auction Was A Huge Success

Thanks to a wonderful community effort, the Auction held in July has been the reason our little church has been able to re-lead the beautiful stained glass windows to their original beauty. The price for each window for this small church is \$8500.00 each.

This year was no exception. Everyone enjoyed a fun-filled day of listening to the auctioneers request bids for items of donated STUFF. Quilts are made exclusively for our auction and many arrive early just to see what is ready to be sold.

We are so fortunate to recognize our many friends and neighbors arrive with the anticipation of a real deal BUT also bringing items and donating them for our benefit. It is truly a blessing for the prices and for our community church. We have a special Children Time, where all the toys and items specifically for children are bid on by children.

A little reminder: Twenty five years ago the Tuscarora First Presbyterian church celebrated opening the doors after devastating news that the church was no longer allowed to meet due to the structural damage from the belfry. Recalling that time, the amount of the estimated repair was near \$70,000. The church members and pastor were aware that a member congregation of about 50 would not be able to afford this repair. With God all things are possible was an underlying theme for the solution to this huge problem.

"Many hands make light work" was true for this project. Hearts and brains from the entire community were responsible for the First Presbyterian Church doors to be open for all to enjoy. On the Federal's observance of Veterans Day in November of 1993, everyone gathered to witness the ingenuity of creative workers lift a steel beam at the top of the structure to strengthen the entire church after slowly jacking the walls. It was a glorious day with workers from as far as Virginia coming to help with all the details that needed to be in order before the large machine from Rochester arrived to place the beam.

It worked! The church was able to continue to serve the community and the community continues to serve by attending our many fund raising events.

Please join us on November 11 at 9:30am for a special recognition of 25 years ago with a slide show and video.

Each year a community picnic is held in August at the Tuscarora Park where this year over 70 attended and music provided.

Thank you all, we are ever so grateful.

Have the doctors done all they know to do?

Have you exhausted all efforts to get well?

And still you are not any better?

We met Joe several years ago near Penn Yan. In talking with him, he revealed how he had been diagnosed with brain cancer. Joe was not just concerned about his health, but also about how his family would get along after he passed away. We called upon the name of the Lord for Joe and his family, taking authority over the cancer in the name of Jesus. The following week, the oncologist told Joe there was no more cancer - it was miraculously gone. Four years later we saw Joe, doing very well. God is good. God heals. Nothing is too hard for Him.

# Are you *SURE* you're paying a fair price for your propane?

Check your last propane bill. If you're paying more than \$3 a gallon for residential or commercial heating, you're **paying too much!** Valley Propane & Fuels offers fair, consistent pricing—unlike many other area suppliers. Plus, you'll NEVER pay ANY hidden fees or extra costs for a standard delivery.

**Switch now,** lock in a low, competitive rate for the entire 2018/2019 heating season and start saving hundred\$\$ right away. All with friendly, reliable customer service.

**Valley customers are saving hundreds of dollars. You can too!**
