**We'd like to thank all of the
hardworking men & women in the pork industry!!**

Did you know...

Nationwide, more than 60,000 pork producers annually market more than 115 million hogs. The pork industry supports about 550,000 jobs. These jobs range from pork producers and meat processors to transport and Main Street businesses.

Iowa is the nations #1 pork producing state.

Nearly one-third of the nation's hogs are raised in Iowa. At any one time there are about 20 million hogs in Iowa. That's about seven times as many pigs as people living in the state. 94 percent of Iowa's hog farms are family owned enterprises.

Thank Your Pork Producers!
