RESIDENTS: WHY YOU SHOULD **ON INCREASING THE HOTEL/MOTEL TAX IN ARNOLDS PARK Resolution 22-18** Is it Fair? Tourism is Key **Changing Times Not the Answer**

5% to 7%

on the November 6th ballot for the electorate to vote hotel/motel tax revenue has increased every year (in 2018, approximately \$477,000 was collected).

Proprietors of Arnolds Park lodging facilities collect: **STATE SALES TAX** HOTEL/MOTEL TAX % ADD-ON CHARGE

Raising that charge to 12% would deter tourists, who are the number one contributors to the city's economy.

TO THEIR GUESTS

Arnolds Park economy. The referendum to raise the hotel/ motel tax another 2% is a burden to the number one infusion of dollars into the city's

Consider the restaurants, bars, the Arnolds Park Amusement Park that exist and thrive because of tourism.

Twenty-five years ago, municipal governments adopted the local hotel/motel tax, which began to generate significant revenues to promote tourism and to invigorate city general funds.

But times have changed. The lodging industry has grown exponentially more competitive, with online businesses grabbing bigger pieces of the pie and not having to collect taxes. Unfair competition is threatening the very existence of some of the most traditional of Okoboji's family lodging.

While it may appear that raising the hotel/motel tax another 2% will add revenues to the Arnolds Park general fund, it is based on faulty reasoning and encourages unfair competition to accelerate.

Construction of several new lodging facilities is underway in Arnolds Park. These additional sites will charge the current five percent hotel/motel tax to their guests, bolstering city revenues.

That, and an aggressive campaign to ensure that ALL rental facilities charge that tax, will add up to far more revenue than the proposed two percent tax hike.

It's a fairness issue, pure and simple. Vote no to raising the hotel/motel tax.

The city can resolve the issue by collecting the 5% tax from the property owners who are currently evading it.

Absentee property owners rent cottages, apartments, condos and homes to tourists and do not collect that tax. This is not only illegal, but also fundamentally unfair.

The estimated \$500,000 that the city reaps annually from the hotel/ motel tax would be significantly increased, and the tax would not have to be raised if all rental

facilities were held accountable. The City of Arnolds Park must find a way to identify these property owners who contribute nothing to the tax

pool and resolve the issue by collecting the five percent tax from the property owners who are currently evading it.

IOWA'S INFRASTRUCTURE

SOIL

- Change happens... there's no stopping it
- Iowa's agricultural future shouldn't all be the same, but should include:
- independent/family farms that will continue to be the bedrock of lowa ag
- large corporate concerns that should act like good lowa neighbors
- organic farms that can develop regional food markets and new crop initiatives
- regenerative farmers that can lead the way in soil health and preservation
- · lowa farmers need viable markets, profits, and respect

WATER

- The Nutrient Reduction Strategy (NRS), the basis for SF512, has won some water quality battles but is losing the war. By the NRS's own report, nitrate loading in Iowa has been worsening instead of improving. Iowa's pollution contribution to the Gulf dead zone is out of proportion to its size, making us a poor neighbor.
- The science-based NRS has left out the science of tracking human motivation and behavior. Tariff-stressed farmers should not be expected to voluntarily anchor water quality improvement efforts. Nobel Laureate soil scientist Rattan Lal asserted on October 2, 2018 that farmers should be compensated and appreciated for conservation efforts.
- lowa needs water quality efforts with watershed-tailored infrastructure implementation plans, documented water quality results, and less reliance on private farmer good will.

"Now more than ever, our votes must go to candidates who will put the public interest ahead of special interests. Karen Larson will bring good government to the lowa House, not petty partisanship." --State Senator David Johnson

FACTS: John H. Wills

- Voted to cut Leopold Center funding
- Opposed collecting water quality data that would show taxpayers results for their dollar
- Used "logic model" projections instead of hard data to support claims of water quality improvement
- · Opposed upgrading IDALS water quality demonstration work to implementation plans
- · Characterized lowa's water quality under 512 as "bright" despite reliance on backwards nitrate progress, overstatement of current monitoring practices, and leaving the concerns of environmental groups unaddressed
- Purveyed misinformation about Iowa's drinking water sources when more than half of Iowa waterways fail federal contamination standards
- Has shown only weak support for IWILL funding
- Voted in favor of corporate ag polluters instead of their neighbors
- Though he was only steps away, did not participate in the 2018 Blue Water Festival panel discussion, where local and statewide experts:
- -called for hard evidence that NRS is working by measuring water quality -called for criticism of the NRS instead of farmers
- -cited the massive increase in cover crop use needed for effective conservation
- -called for infrastructure-based conservation action plans and IWILL funding
- -cited the rate of topsoil loss in lowa and discussed erosion-resistant soil quality -cited the risks of nutrient loading to the health of lowas
- -pointed out that funding cuts to the DNR (which Mr. Wills denies have happened) curtail its CAFO inspection abilities
- -asserted that ag and environment concerns don't have to collide -called for less animosity between stakeholders, more partnerships, and a bipartisan approach to conservation

If you are a steward of soil and water, why not be there at the Blue Water Panel to engage in discussion, teach and learn, defend your positions, and create alliances? Is Mr. Wills a true steward of Iowa's future?

Henriksen to Perform in Estherville

Glenn Henriksen will present a Reformation Sunday Pipe Organ Concert and Hymn Sing at Trinity Lutheran Church, Estherville, on Sunday, October 28. The concert will begin at 2:00pm and will feature great organ music of the church which we have because of the Reformation. One of the things Lutherans celebrate as a result of the Reformation is Martin Luther's emphasis on participatory music in the church. In addition to Glenn playing inspiring organ music on Trinity's pipe organ, a hymn sing will involve those attending to lift their voices in song. Following the concert, everyone is invited to Trinity's fellowship hall to sample homemade German pastries from Luther's heritage, including black forest cherry cake and apple strudel. The public is invited to attend the free event. Thanks to the Boyd and Elaine Berghefer Mission and Ministry Endowment for making this special event possible. The church is located at 721 18th Avenue North, Estherville, Iowa.

Heart to Heart with Heritage Landing

Beating the Cold... Together by Denise Leal

I was sitting in my car early this morning when I noticed a strange white powdery substance lightly accumulating on my windshield. I realize it is only October and very few people

are ready to acknowledge this, but it is only a matter of time before cold weather and this powdery white stuff sets in (I am staying away from the word *snow* as to not freak people out).

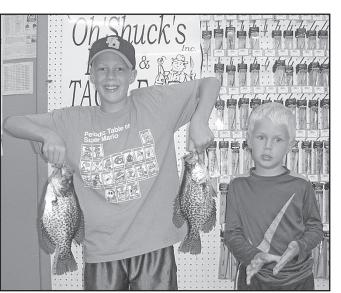

As winter sets in, many seniors tend to move indoors to avoid cold temperatures and all the dangers associated with the wintery months. If you are living alone you may find that you are stuck at home a lot. Winter weather can put you at risk of falling outside on a wet, icy sidewalk and driving on snow packed, treacherous roads. Local friends may relocate to a warmer climate for the winter and it's more difficult for family and friends to pop in for a visit. The lack of socialization during the winter months can lead to isolation, loneliness, and related health issues. If you are a senior living alone or you have a loved one who does, now is a good time to plan for the winter months and the isolation that may accompany them.

One way to prepare is to consider moving to a senior living community like Heritage Landing. At Heritage Landing, you will find a strong sense of community. Our daily noon meal offers our tenants the opportunity to gather and interact with their neighbors. It is not uncommon to see a group of people having coffee, working on the puzzle in our parlor, participating in an exercise group or another planned activity. Feel like getting your hair done or having a massage? You can make an appointment for both and never have to leave the building! We offer transportation to local medical appointments and our garages are attached and heated. No more going out in the snow to scoop your sidewalk. Leave that to us while you stay safe and warm! Don't spend another winter alone! To learn more, call Jenn today at 712-338-2909.

OHS to Perform The Sound of Music

This year the Okoboji High School will perform The Sound of Music, November 9, through the November 10, starting at 7:30pm at Okoboji High School in Milford. The price for tickets will be \$5 at the door.

The show is based in 1930s Austria, a young woman named Maria is failing miserably in her attempts to become a nun. When the Navy captain Georg Von Trapp writes to the convent asking for a governess that can handle his seven mischievous children, Maria is given the job. The Captain's wife is dead, and he is often away, and runs the household as strictly as he does the ships he sails on. The children are unhappy and resentful of the governesses that their father keeps hiring, and have managed to run each of them off one by one. When Maria arrives, she is initially met with the same hostility, but her kindness, understanding, and sense of fun soon draws them to her and brings some much-needed joy into all their lives -- including the Captain's. Eventually he and Maria find themselves falling in love, even though Georg is already engaged to a Baroness and Maria is still a postulant. The romance makes them both start questioning the decisions they have made. Their personal conflicts soon become overshadowed, however, by world events. Austria is about to come under the control of Germany, and the Captain may soon find himself drafted into the German navy and forced to fight against his own country.

Participants will begin on the north side of the park by the summer camp sites and then will head off along mowed trails for a 3.1-mile run through autumn trees. Cross the Little Sioux River via a foot bridge and end near the tubing hill shelter on the south side of the park. Pre-register for the Run the

Bend 5K at www.dickinsoncountyconservationboard.com by November 3. The cost is \$15 per person and includes a blaze orange T-shirt as well as bottled water and bananas after the race. After November 3, the cost will increase to \$20 per runner, and late registrants will also not receive a T-shirt. Registrations the day of the event will cost \$20.

"This event is something completely new for the Dickinson County Conservation Board, and we're excited to offer this event that will get people to a park they may not have explored before," Roth said. "Many people have been to Horseshoe Bend but have never gone deep into the park via the trail system, and the Run the Bend 5K is a great opportunity to do so."

Five Candidates Seek Election to **Dickinson County Extension Council**

Voters will be asked to elect five members to the Dickinson County Extension Council at the November 6 general election.

The County Extension Council guides the workings of the local Iowa State University Extension and Outreach office by developing policy, and helping to make programming and budget decisions. ISU Extension and Outreach educational programming is a cooperative effort involving local citizens, Iowa State University and the United States Department of Agriculture.

"The council members elected this year will be involved in bringing educational opportunities to Dickinson County for the next four years," said Cheryl Heronemus, Regional Extension Education Director.

Extension council members are elected at large and all voters in the county are eligible to vote for candidates.

Candidates on this year's ballot include: Mary Beth Dewall, Brandon Rohrig and Kiley Roth of Spirit Lake; Ann Warburton and Casey Jones of Milford.

Extension council members whose terms expire this year are Jodi Brevik, Connie Purchase, Susan Reiser, Curt Smith and Ann Warburton. Carryover council members whose terms continue through the end of 2020 are Keith Brockmeyer, George Bower, Cindy Mart and Josh Paskert.

Successful candidates will take office in January 2019. Elected council members and offices in every county uniquely position ISU Extension and Outreach to move the state forward. Annually, more than 1 million people directly benefit from ISU Extension and Outreach programs. These programs help citizens solve critical issues affecting their lives. ISU Extension and Outreach and county extension councils are working together to build a strong Iowa.

ISU Extension and Outreach has 100 field offices, providing local access to extension programs in all 99 counties. Conservative, fiscal voters, we are facing aggressive dark forces, forces that want to turn our recent victories in polls from the last 2 years back and undo the gains we have seen.

History shows that voters become complacent and apathetic when they have seen large successes. We must not let this happen.

We have a Republican governor with a Republican Iowa Senate and House. I am asking that you get out and remind your friends and neighbors of the importance of voting and supporting Governor Kim Reynolds and Representative John Wills and Senate Candidate Zach Whiting at the polls and in every way in their races.

Now is the time to use the ground that we have gained and continue to advance the legislative agenda of the conservative ideals of northwest Iowa.

If our opponents are successful in their fight to take back our hard fought for seats, they will repeal and turn back every reform and push forth their agenda of higher taxes, increasing laws and restrictions and limiting our freedoms.

Vote and support your Republican candidates November 6. Mary Beltman

To The Editor: **Reality Winner**

Reality Winner, 26 years old, is being held in jail for leaking information that could be damaging to Trump. She worked for the National Security Agency and gave a paper to a news agency dealing with Trump and Russia. She felt the public should know about it. Google Reality Winner for more information. The TV news program Democracy Now, has a long interview with her mother that is worth listening to.

Charles Grassley used to have an invitation to whistle blowers on his website to contact him. However, that is a problem. There is a price to pay for leaking information just like what happened to Manning and Snowden. The NSA is super secret and super powerful. Those who leak information become heroes around the world, but are condemned here. Grassley is not the person he used to be. I was greatly saddened as he degraded women, flipping the supreme court against women. Reality is another victim as was Dr. Ford. Grassley should resign.

Snow forecasts holidays ahead

Sunday's sudden shout of snow was meant to be a reminder that Christmas isn't far off. While there will be many musical celebrations for the upcoming holiday, only one spans two nights with an Elizabethan Madrigal Feaste. That would be the Iowa Lakes Community College Music Department's annual event, which this year will take place at the VFW in Estherville, on Friday and Saturday, November 30th and December 1st.

This extravagant meal with music provided by dozens of students was common in late 16th Century England – much as the fast food and football

era are celebrated on this side of the pond in the early 21st century. In addition to a fine five-course meal you'll have the opportunity to participate in hilarious hijinx, comedic entertainment, and to listen to the splendid musical sounds of the season – with strolling carolers, wassail toasts, flaming pudding, and a royal dessert. The list of entertainers includes *The Royal Iowa Lakes*

Chamber Choir, My Lady of the Lakers Handbell Ringers, The King's Brass Ensemble, and Her Majesty's Recorder Consort. While there is more than a month before the Feaste, the

advance ticket sale sells out quickly each year, and must be purchased by Friday, November 16th. Call the Iowa Lakes music department at 712-362-8345 for more details or to very simply make reservations for your party...

How Much Tax Is Enough?

On November's ballot, Arnolds Park voters will see a proposal to increase the Arnolds Park hotel-motel tax by 2%. If passed, Arnolds Park's hotel-motel tax would increase from 5% to 7%, a 40% increase. This would be on top of a 5% sales tax for a total of 12% on lodging bills. Those of us who host lodging guests in Arnolds Park believe the excess tax is not needed and would be detrimental to Arnolds Park tourism, the city's primary industry.

The amount of hotel-motel tax collected has steadily risen year after year. Arnolds Park collected \$60,533.86 in FY 1996, the first full year of tax. The FY 2018 tax was \$477,862.64. The significant increase in collections is attributable to a previous 2% tax increase in 2008, more lodging rooms and, in part, inflation. Under Iowa law, 50% of the tax paid must be invested in tourism. The city uses the remaining 50% as it chooses.

Around 100 additional lodging rooms will be available in 2019. That means more tax will be collected, even without an increase in tax. If the city would also collect the lodging tax from individuals who offer short term rentals (such as VRBO, Okoboji Rentals, Homeaway, Home To Go, etc ...) there would be that much more tax money available without burdening businesses already collecting the tax.

How much money is enough for the city? The city collects nearly a half million dollars annually now. More money is on the way next year from the increase in rooms. There is no need for an increase in the hotel-motel tax, which is a deterrent to cost conscious customers. I encourage Arnolds Park residents to vote "No" to an increase in hotel-motel tax.

Dickinson Co. Historical Society and Museum, Inc. Annual Meeting

The public is invited to attend the annual meeting of the Dickinson County Historical Society and Museum, Inc. on Wednesday, October 24, at 5:30pm, at the Dickinson County Museum located at 1708 Keokuk Avenue, Spirit Lake.

Annual reports will be given and board members will be elected. Those individuals who paid lifetime membership dues in 2018 are encouraged to attend to receive their lifetime membership certificates.

The museum will be open following the meeting for anyone wishing to tour the facility. The museum recently upgraded to LED lighting thanks in part to a \$3,000 grant received from the Dickinson County Endowment Fund. This grant was also utilized for the installation of two hanging globe lights originally from the 1914 Spirit Lake school building. The museum received many other items of county history this year as well, including the "Dickinson County" metal sign that hung above the front door of the 1891 Dickinson County Courthouse. This was donated by Jerry and Irene Clark of Milford and is on display in the reception area of the Dickinson County Museum.

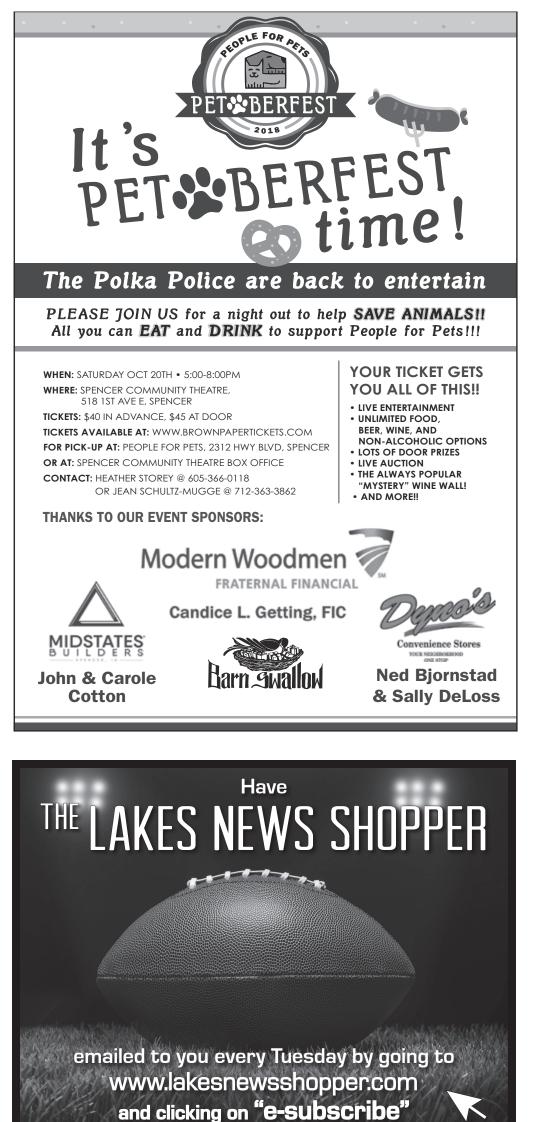

Dickinson County Historical Society members and anyone in the community who would is interested in the preservation of our county's history are encouraged to attend.

Research director RD has "three little words" to celebrate Dictionary Day today. The song by that title was first published in 1930, with music by Harry Ruby, and Bert Kalmer's lyrics. It was first published in 1990, whit induste by Hairy Ruby, and Bert Kalmer's lyrics. It was first recorded by *The Rhythm Boys* (which included a very young Bing Crosby) accompanied by *The Duke Elling-ton Orchestra. Three Little Words* has enjoyed success through the decades, appearing on releases by Ella Fitzgerald (1941), Al Hirt (1961), and on 1957's Award Winner: Stan Getz, on the Verve label ...

Composer and orchestra leader Bert Kaempfert was born in Hamburg, Germany, on this day in 1923. But it wasn't until 1960 that he recorded *Won*derland By Night, and celebrated his first hit song with Wonderland's... haunt-ing solo trumpet, muted brass, and lush strings. The single topped the Ameri-can popular music charts and turned Kaempfert and his orchestra into interna-tional stars for several years — but only after he initially couldn't find a publisher in Germany to release the song! Thursday would have marked actor, jazz pianist, singer, and songwriter Babkur Treen's control with day. Us is meast well known for compariso (Cot

Bobby Troup's century birthday. He is most well-known for composing (*Get Your Kicks*) on Route 66, as well as his salute to this tenth month of the year for the 1956 LP, Calendar Girl, recorded by his then-future wife, Julie London. Troup titled his calendar contribution, *This October*.

Another autumn song, *Something for October*, is attributed to Benny Carter, who appeared on the album *Bobby Troup and His Stars of Jazz*, which became a late 1950s television series Troup hosted featuring jazz musicians of the era... Songwriter Cynthia Weil turns 78 on Thursday. Along with James Horner

and her husband Barry Mann, Weil co-wrote Somewhere Out There, which was recorded by Linda Ronstadt and James Ingram for the soundtrack of the 1986 animated film An American Tail.

Somewhere... won two Grammy Awards at the 30th Grammy Awards Festival – one of them for Song of the Year. Weil and Mann were also inducted into the Songwriters Hall of Fame in 1987...

For no doubt obvious reasons, Sunday is Apple Day, which brought to mind a Bobby Russell hit, *Little Green Apples*. Russell, earned two Grammy Awards for his effort. Basie alum O. C. Smith achieved the biggest hit with his version of the song, selling well over a million singles in 1960. The song was also covered by Sonny Stitt, Tony Bennett, and Bobby Goldsboro, on his 1968 album, *Honey*, where the title track was also written by Russell... Lest we forget, RD has reminded us that today is Boss's Day, and connect-

ed the event to the October 14, 1961 opening of the Broadway musical, How To Succeed In Business Without Really Trying. I Believe In You, one of the Frank Loesser hits from the show that ran for

1,417 performances, was introduced by Robert Morse, but later recorded by a number of artists, including Sarah Vaughan, Shirley Bassey, Peggy Lee, and the aforementioned Ms. O'Day, on her 1962 LP, *Time for 2*, that included vibraphonist Cal Tjader. Happy Boss's Day, John!

Cyclones Stun West Virginia, Not Really

While a 2-3 team knocking off a 5-0 team ranked sixth in the nation would generally be termed a shocker, anyone who watched the Iowa State-West Virginia game on Saturday night knew the Cyclones were the better team, as they manhandled the Mountaineers 30-14 in a game that wasn't even as close as the final score. Iowa State fans are getting used to this occurrence of the Cyclones knocking off ranked teams, especially in October, as Matt Campbell and his team are now 6-0 during October the last two seasons, including three wins over top 6 teams with four wins over ranked foes; Jack Trice Stadium has changed from being a pesky stadium where ISU would hang around with better teams, into a definite home field advantage where this team now expects to win.

The stats from the game on Saturday night showed just how much the Cyclones dominated the game with the following advantages; 25-9 first downs; 498-152 total yards, including a 244-52 advantage on the ground, and 37:21-22:39 time of possession. Iowa State owned the game up front on both sides of the ball; as shown by the discrepancy in rushing yards as well as ISU getting seven sacks for their second game in a row. The Cyclone defense was simply nasty all night long; holding Heisman Trophy candidate Will Grier to just 100 passing yards while also picking him off one time. West Virginia's only offensive touchdown came on a short field after a Brock Purdy interception, with their other score on a blocked field goal late in the first half that trimmed the ISU lead to 20-14. Another eye-popping stat is that ISU held a West Virginia team that was in the top 10 in yards per play at 7.2 to just 3.5 yards per play. What is even more impressive is the Cyclones did this with perhaps their best defender, Ray Lima sitting out the game with a concussion.

Coach Matt Campbell has shut up his critics (myself included) who thought he needed an offensive coordinator after ISU's 1-3 start by calling another terrific game. It has definitely helped that true freshman Brock Purdy was again fantastic in his first start of his career, bouncing back from his early interception to throw for 254 yards and three touchdowns while also running for 39 yards. Running back David Montgomery returned from his injury that kept him out of the Oklahoma State game and looked like the All-American that ISU fans were expecting, rushing for 189 yards and one touchdown while breaking countless West Virginia tackles throughout the night. Hakeem Butler showed he's easily the best receiver in the Big 12 with 6 catches for 107 yards and a touchdown while also causing two pass interference calls, and the rest of ISU's receiving corps is showing that Butler is not just a one man show.

Now the Cyclones have to show that they can handle success, as they have clearly shown they can handle adversity, bouncing back from their 1-3 start with two wins over ranked foes. ISU should be favorites in 5 of their next 6 games, a far cry from when they were underdogs in 5 of their first 6 games. If the team can keep moving forward and improving as they have done the last few weeks the Cyclones will have a chance to finish in the upper half of the Big 12 and make a run at another bowl game. Let's hope this team can keep this Brocktober thing rolling!

ILCC Music Department Announces the 18th Annual Elizabethan Madrigal Feaste

The Iowa Lakes Community College Music Department is proud to announce the Eighteenth Annual Elizabethan Madrigal Feaste. This year's festivities will be held at the Estherville VFW on Friday, November 30, and Saturday, December 1, at 6:00pm.

The Elizabethan Madrigal Feaste pays tribute to the Christmas Feaste that was an annual custom, in early England. This custom originated from the celebration of the New Year and was an extravagant display of rejoicing and toasting of the twelve days of Christmas.

The 18th Annual Elizabethan Madrigal Feaste is a recreation of some of the most important traditions like the procession of the boar's head, the jester's hijinks, strolling carolers, Wassail toasts, flaming pudding, and a special royal dessert. Renaissance costumes will be worn by the performers, and are optional for those attending as guests.

There will be a delicious five-course meal served with the opportunity to participate in some hilarious comedic entertainment, and to listen to the splendid sounds of the season.

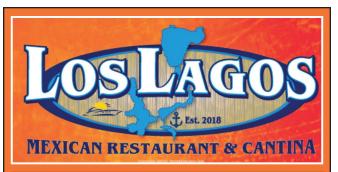

Performers for this years' event include the Royal Iowa Lakes Chamber Choir, My Lady of the Lakers Handbell Ringers, The King's Brass Ensemble and Her Majesty's Recorder Consort.

Tickets are \$20 per person, with limited seating available. Reservations must be received in the Music Department and paid in full by Friday, November 16. Credit card reservations may be made by phone or via email. No refunds will be issued after this date.

Start your holiday season off right by celebrating the gallantry, beauty, and simplicity of the true meaning of Christmas!

For more information or to reserve tickets, contact the Iowa Lakes Music Department (Rachelle Gewecke, Music Program Assistant) at *rgewecke@iowalakes.edu* or 712-362-8345.

I am getting some information in the mail about medical privatization and the job the government is doing.

So far I don't have any complaints about the managed care organizations that run Medicaid. They have paid all my doctor bills and other health related matters. I don't think I have paid one dime out of my pocket for any bills which have been submitted in the last two years. They always send me information in the mail about the bills that have been paid, but they never ask for any money out of my pocket.

So, as far as I'm concerned, I will vote for the present governor, Ms. Reynolds, and the lieutenant governor. James Clark,

To The Editor:

Education, Environment, and Helping Iowan Families The election this November is an important one. It will help determine the future for our great State and Nation. There is one candidate for State Representative whose stance on improving Education, defending our Environment, and strengthening the economy to help Iowa's families far surpasses the competition. That person is State Representative John Wills. What I find refreshing about John is that in today's hyper-partisan political atmosphere, like the antics you may have seen recently on the nomination of Judge Kavanaugh, he remains calm, even keeled, and very logical in his approach to legislation. He works with his colleagues on both sides of the aisle to do what is best for the people of Iowa. Period. There are three areas I want to highlight his ability to work in a bipartisan way: Education, Environment, & Helping Iowa Families.

John knows that our children and grandchildren are our highest priority and are the future of Iowa. Representative Wills has worked in a very bipartisan way to help improve Iowa's educational system by supporting and passing legislation that has led to a record investment in K-12 Schools, allows flexibility and local control in school budgets and spending, provided much needed transportation cost relief, and has put in place numerous school safety measures. Iowa's future depends on today's educational system developing our children and thanks to John and the legislation he has helped to pass, we are well on our way from taking a good system and making it the best in the Nation. Our children and grandchildren deserve this. Iowa needs this.

How many conservatives do you find openly supporting Environmental issues and legislation? When it comes to water quality and protecting the natural resources in this beautiful part of Iowa you will find no stronger advocate than John Wills. He has been involved with water quality for over 15 years and is the former President of the Okoboji Protective Association. Legislatively, he serves on the Natural Resources, Commerce and Agricultural committees and is well placed to understand the critical balance needed to support the needs of ALL Iowans. He supported SF 512 that Governor Reynolds signed that provides \$282 million dollars to find science-based strategy to modernize Iowa's agricultural infrastructure, create jobs and entrepreneurship opportunities, and promote collaboration between urban and rural communities to improve the water quality in Iowa. For those who don't think Republicans are concerned about the environment, they haven't met John Wills. John is passionate about helping Iowa's families. Why? He is from here and he works here, except when he unselfishly put his life on the line to serve in our US Military with numerous tours of duty overseas. John has supported passing comprehensive Mental Health Reform, Affordable Health Care Coverage for Iowans, measures combatting the Opioid Epidemic, expanding health care in rural Iowa, tax reform, and supporting numerous measures to create a strong economic climate in Iowa. Iowa's recent improvement was noticed nationally by US News and World Reports that ranked Iowa as the #1 State in the nation!! We were in the top 20 in the following categories: Education, Healthcare, Economy, Opportunity, Quality of Life, Infrastructure, & Crime Prevention. This doesn't happen by accident. It happens with hard work ethic and good leadership . . . State Representative John Wills embodies both of those characteristics and represents the best qualities of the people of Iowa. In today's "hyper-political-24/7-news-cycle-environment" most Iowans don't want outside interests, agendas, or money influencing the decisions to run our State. John's opponent has close to 50% of her money flowing in from outside of the state and even higher percent from outside of this district. When you are in the quiet solitude of the voting booth, vote your conscience. Do you want an outside agenda, or do you want what is best for Iowa? Do you want someone that is logical and can work in a bipartisan way or someone that will say one thing in public and another in private in a divisive and partisan way? Do you want someone who knows the current price of corn or impact of water quality on tourism or someone who has only recently returned to live in Iowa to get elected? To me, the choice is clear whether you are a registered Democrat, Independent, or Republican. I believe State Representative John Wills deserves your vote this November so that he can continue his work of making Iowa one of the best States in the nation to live, grow businesses, and to raise families. to people of all ages, and features silent auction items donated by local businesses and animal lovers. Howl-O-Ween is sponsored by Okoboji Brewing Co.

'While the spirit of the event is lighthearted, this is an important fundraiser for us. All proceeds will help offset the cost of medications, vaccinations, and supplies for the animals at the shelter," said Humane Society of Northwest Iowa Board member Tara Ford.

The event will begin with a dog costume contest at 5:30pm with prizes for the best homemade, best original, and best duo (humans are encouraged to be in costume too). A dinner from Farm to Fork and Sunshine Foods will be available for \$5 each, and a dessert table with goodies from Lisa's Bake Shop will be for sale. Okoboji Brewing Co. will also be offering their own signature drink called "Dog Breath Brew" and there will be a kissing booth with the sweetest dogs imaginable.

A silent auction with over 20 items will also be held from 5:00 until 6:30pm, and bidders must be present to win. Some of the items in the silent auction are a guitar signed by Paul Mc-Cartney and framed autographs by Michael Jordan, Larry Bird, and Magic Johnson. Silent auction donor opportunities are still available; those interested can contact Tara Ford at 712-331-1457.

Ford added, "There will be many winners at the Humane Society of Northwest Iowa's first annual Howl-O-Ween, but the real winners will be the homeless animals at the shelter who benefit from the proceeds raised at this event."

If someone next to you collapsed, would you know what to do? Pete and Andrea Crew are grateful that people who were nearby when their teenage son Austin collapsed from cardiac arrest a year ago, sprang into action to administer CPR, contributing to Austin's life being saved.

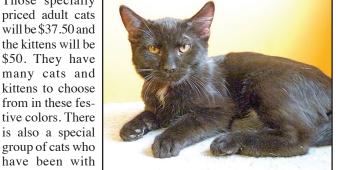

October is Sudden Cardiac Awareness Month and tomorrow marks the one year anniversary of Austin's cardiac arrest. The Crew family presented a generous donation from Faith Lutheran Church on behalf of Austin - which was also generously matched by his parents - to Lisa Doran, representing Spencer Hospital's education department; Laura Manwarren, emergency department director; and EMT/paramedic specialists Brian Trojahn and Guy Hilgendorf, to honor emergency personnel and to be used to help fund public CPR classes. Watch for class offerings in 2019 - one day you may need those skills to be a lifesaver too.

History is almost always the best indicator of what a candidate will do when elected to political office. In Iowa's District 1 state house race, John Wills brings a proven voting record that represents the values of the majority of voters of his district. From protecting the environment, to economic development, to standing up for life, and balancing the state budget, we don't have to rely on promises. We have a conservative candidate with a proven record. For the last four years District 1 has had a spokesman who has delivered and once again has earned my vote. Iowa is now recognized as the number one state to live in. That is not an accident, it comes from hard working citizens like you and representatives that support pro-growth policies. I hope you will join me in sending John Wills back to Des Moines for another two years.

World Polio Day

The Iowa Great Lakes Rotary Club, along with Rotary International, will mark historic progress toward a polio-free world,

while urging community support to end the paralyzing disease. IGL Rotary mem-

bers are among millions reaching out on World Polio Day to raise awareness, funds and support

to end polio - a vaccine preventable disease that still threatens children in parts of the world today.

On Wednesday, October 24, the Rotary Noon program will include a virtual headset so individuals can experience a child being vaccinated from polio in virtual reality. At 5:30 a social time will take place at the Dry Dock to bring awareness to World Polio Day. IGL Rotary President Brad Jungers welcomes the public to attend both events to learn more about polio and how Rotarv is the leading non-governmental voluntary organization contributor to the Global Polio Eradication Initiative.

Since Rotary and its partners launched the Global polio Eradication Initiative 30 years ago, the incidence of Polio has plummeted by more than 99.9 percent, from about 350,000 cases a year to just 22 cases in 2017. To sustain this progress, and protect all children from polio, Rotary has committed to raising US\$50 million per year in support of global polio eradication efforts. The Bill and Melinda Gates Foundation will match Rotary's commitment 2:1. Without full funding and political commitment, this paralyzing disease could return to previously polio-free countries, putting children everywhere at risk.

Rotary has contributed more than \$1.8 billion to ending polio since 1985.

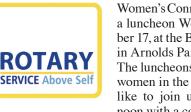

Thousands of "World Polio Day" events are being held by Rotary across the globe on October 24, 2018.

If you're interested in attending or for more information contact Rotarian Amy Marlow at 515-341-0720 or Peggy Gustafson at 712-320-0192

Rotary brings together a global network of volunteer leaders dedicated to tackling the world's most pressing humanitarian challenges. Rotary connects 1.2 million members of more than 35,000 Rotary clubs in over 200 countries and geographical areas. Their work improves lives

In less than a month it is election time again and it seems that

we're losing ground with major concerns of our state and local problems. Our legislature has lost sight of the "big picture" and is caught up in deepening partisan divide.

Something that should concern us all, regardless of party, is the fact that the earth's climate is being impacted in a negative way every day that goes by. It amazes me that intelligent human beings continue to ignore the evidence and frightening

scientific projections.

Here in Dickinson County, it seems our representatives refuse to place a priority on promoting healthy soil, water and air. A recent example of this is the dumping of toxic sludge from the railroad oil spill near Doon into our local landfill. Those who cherish the surrounding beautiful lakes won't know the extent of the damage caused by this percolating waste for a decade. If we continue to fail to protect our natural resources, we will reap what we sow with increasingly severe weather and hotter temperatures, not to mention the economic impacts on generations to come.

God has blessed us with wonderful natural resources on this earth. The responsibility to nurture the planet for our grandchildren is now ours. One step in the right direction is to vote for Karen Larson next month. Karen is running for a seat in the Iowa House of Representatives to represent Dickinson, Lyon, and Osceola Counties. She is the one candidate who will be most attentive to issues of climate change and Iowa's natural resources. Karen has the education, experience, and energy to serve her constituents and avoid becoming a pawn of special interest groups. For the well-being of Iowa, I urge you to vote for Karen Larson this November.

LETTERS TO THE EDITOR

The publisher does not necessarily share the views/opinions stated in the "Letters to the Editor" published in The Lakes News Shopper. To The Editor:

My fellow conservatives, keep up the fight. We cannot allow today's unhinged Democratic party to regain power.

Hopefully someday the Democrats will wake up and realize Trump is not the source of their fall from power. Their behavior and tactics alone are responsible for their own demise.

In the eight years before the Trump administration the Democrats forced their will on good American people. There is nothing that is outside the moral bounds of Democrats. They will slander, lie, and cheat to retain power. When efforts were made on healthcare Republicans wanted to debate the facts and data while Democrats called Republicans greedy people who want old people and the disabled to die. When conservatives object to a government funded abortion mill receiving federal money, it is said that they don't care about women or their health.

The issue of illegal immigration is especially frustrating to me. If conservatives try to resolve the problem that is causing economic and cultural blight across the nation, the Democrats paint conservatives as evil and themselves as compassionate. Don't let them get away with this. Today's Democrats are not compassionate, they are self-absorbed and careless. It's sickening for them to call themselves good while 7,500+ a year people cross the Mexican border and become human trafficking victims. 90%+ of heroin in the US crosses the porous southern border. The nearly unrestricted flow of drugs across the southern border have created a crises of Americans being addicted to opioids across the country. 17,000+ people are killed by heroin overdoses every year and countless more have their lives destroyed by the highly addictive drug. Obstructing efforts to seal the border and manipulating the emotions of minorities for their own political gain (while thousands of people are dying as a result) is not compassionate. It is one of the most depraved and immoral things in the world today.

Every time a policy proposition has been brought to the public eye, Democrats focus on assassinating the character of Republicans instead of hashing out the details and coming to any kind of agreement. After enduring this for so long Conservatives have finally had enough and they are no longer standing still. Instead they are calling the left on their nonsense and joining the conservative fight.

The words of Japanese Admiral Yamamoto apply to the conservative movement in the same way he was speaking about the United States.

"I fear all we have done is to awaken a sleeping giant and filled him with a terrible resolve".
