PROTECT YOUR HOME

Double check your locks, burglars enter through windows, or unlocked doors especially on the ground floor. Take the time to check all of those, especially now that the colder weather is here. Make sure the windows are locked.

time when you are not there.

There are many nice security systems, including cameras that are available and are inexpensive. These cameras will alert you when there is activity in front of them. Take time to read about them and maybe think about that route.

Stay safe while your away.

People watch you're routine so they know when you are not home. Many burglaries happen during the day
