## In Loving Memory of Joe and Sue Sciarrino on their 60th Wedding Anniversary October 31, 2018

**Joseph V. Sciarrino**  
August 5, 1924-September 14, 2012

**Suzanne T. Sciarrino**  
September 10, 1937-July 27, 2018

Joe and Sue were married in 1958 and lived in Bayport, Long Island until they moved to Florida in 1987. Joe was born in Mt. Morris, NY, the son of Sicilian immigrants, Joseph and Mary Sciarrino. He was one of eight children. Joe was inducted into the Army in 1943 and was awarded the Bronze Star during World War II. He graduated from Ithaca College with a bachelor's degree and from Columbia University with a master's degree. Joe was a music teacher and taught in public and private school in NY and Florida. He retired from Patchogue Medford School District.

Joe taught private music lessons until he was 80 years old. He enjoyed opening small music shops throughout his life. Joe enjoyed playing the trumpet and the piano and watching sports, especially college football.

Suzanne was born in Larchmont, NY, the daughter of George and Teresa Atwater. She was a descendant of the first settlers in Southampton, NY. She was one of three children. Sue attended Marymount College. She enjoyed selling real estate, reading and playing Bridge. Joe and Sue enjoyed musicals and concerts, traveling and spending time with family and friends. They were beloved by their children, grandchildren, great-grandchild, nieces and nephews.

**"Their lives were a connection between past and future, it remains forever so"**

### EXTRA DOE TAGS AVAILABLE NOVEMBER 1st

November 1st starts the First Come, First Served (FCFS) Deer Management Permit (DMP) process. The following Wildlife Management Units (WMU's) will be available:

1C 3M, 3R, 3S (bowhunting-only), 7F, 7H, 7J, 7R, 8A, 8C (bowhunting-only), 8F, 8G, 8H, 8J, 8N, 8R 9A, 9F, and 9G.

- Hunters may apply for and receive up to two additional DMPs in these WMUs.

- DMPs are only valid for antlerless deer in the WMU for which they are issued.

- Leftover DMPs are issued on a first-come / first-serve basis. DEC will continue to issue permits in these WMUs until sufficient numbers of DMPs are issued to achieve optimum management in each unit. **When a unit is opened, it will remain open at least until close of business that day. At the end of the business day, any units that have reached the desired number of permits will be closed.**

- Applicants with licenses that are exempt from paying a DMP application fee or hunters who have previously applied for DMPs this license year will not be charged any additional fees during the extended application period. Otherwise, there is a non-refundable \$10 application fee for leftover DMPs.

*Serving Always, Town Supervisor Chuck DiPasquale,

# VOTE!

The Livingston County Board of Elections will be open the following hours in addition to the regular weekday hours of 8 AM to 4 PM for voters to request an **ABSENTEE BALLOT** for the **November 6, 2018 General Election**.

- Monday, **October 22<sup>th</sup>** - 8 AM to 7 PM
- Wednesday, **October 24<sup>th</sup>** - 8 AM to 7 PM
- Saturday, **October 27<sup>th</sup>** - 8 AM to Noon
- Tuesday, **October 30<sup>th</sup>** - 8 AM to 7 PM
- Thursday, **November 1<sup>st</sup>** - 8 AM to 7 PM
- Saturday, **November 3<sup>rd</sup>** - 8 AM to Noon

### Qualifications to Vote by Absentee Ballot:

- Absent from Livingston County on Election Day.
- Unable to appear at the polls due to temporary or permanent illness or disability; or you are the primary care giver of one or more individuals who are ill or physically disabled.
- A patient in a Veterans' Administration Hospital.

Applications must be postmarked by **October 30, 2018**, in order for the Board of Elections to mail a ballot or hand-delivered to the Board of Elections on or before **November 5, 2018**.

A voter cannot submit an application online or by fax, because an original signature is required. Please note that a power of attorney or printed name stamp is not allowed for any voting purpose.

**Election Day is November 6, 2018**

**Poll sites will be open from 6 AM to 9 PM**

# Halloween Safety Tips!

It's the time of year for tricks and treats, but it's also important to be sure that your family stays safe this Halloween. Halloween is one of children's favorite holidays and can be an exciting time of year. Please follow these tips below to help your children stay safe:

- Be sure your children's costumes are safe. Use costumes that are bright and reflective. It is important to be sure that their costumes are fireproof, contain large eyeholes to see clearly, and fit properly to avoid tripping hazards.
- If a sword, cane, or stick is a part of the costume, make sure it is not sharp or too long. These accessories may easily hurt children if they stumble or trip.
- Teach your children basic safety rules such as, never entering a stranger's home or car and safe ways to cross the street.
- Only approach houses that are well lit and make sure children and adults have a flashlight on hand.
- A parent or responsible adult should always accompany young children.
- Set a time for your children to be home.
- Plan a safe route. Know the route your children are taking if you are unable to be with them.
- Instruct children not to eat any treats until they have been brought home and examined.

If you have any questions or concerns pertaining to Halloween Safety, please call the Livingston County Department of Health at 243-7299 or visit our website at [www.livingstoncounty.us/doh.htm](http://www.livingstoncounty.us/doh.htm).

**October is Liver Awareness Month** and the Livingston County Department of Health would like to remind you of the importance of a healthy liver. The liver is a vital part of the human body. It produces bile, which helps to carry away waste and breaks down fats in the small intestine, as well as filters the blood free of drugs and other poisonous substances. To protect your liver, please eat a well-balanced meal, exercise regularly, avoid excessive amounts of alcohol, protect yourself during sexual activity, do not share needles with others, get a Hepatitis B shot and ask your doctor about being tested for Hepatitis. For more information on the liver or Hepatitis, please call 243-7299.

## Prenatal Care is Crucial

One of the most critical factors in ensuring a healthy pregnancy for a woman and her baby is early prenatal care. Prenatal care means health care during your pregnancy, before your baby is born.

Prenatal care is important to ensure that problems and treatments can be administered as soon as possible.

If you are planning a pregnancy or are already pregnant, here are some ways to take care of yourself and your baby:

- Eat healthy foods consisting of fruits, vegetables, and whole grains.
- Exercise regularly. About 30 minutes a day is recommended. Studies have shown that women who exercise regularly have an easier time recovering from childbirth.
- Take at least 400 micrograms of folic acid every day. Folic acid will help to prevent certain birth defects.
- See your health care provider for a check-up as soon as you become pregnant. Your health care provider will then set up a schedule of visits throughout your pregnancy and may suggest prenatal vitamins if you are not already taking them.
- Do not smoke, drink alcohol, or take drugs. When you inhale, or ingest these things, your baby does as well. Babies can have slow development and may be born prematurely from these toxins.
- Protect yourself and your baby. Talk with your health care provider about getting your flu and Tdap (pertussis) shots during your pregnancy.

By following these steps both the mother and baby can have a healthy beginning. The Livingston County Department of Health has services for women who are thinking of becoming pregnant and who are pregnant. For more information on prenatal care or women's health, contact your health care provider or the Livingston County Department of Health at 585-243-7299 or visit our website at [www.livingstoncounty.us/doh.htm](http://www.livingstoncounty.us/doh.htm).

**7000 HOUSEHOLDS**  
would be reading your  
**HELP WANTED AD**  
if it was placed in our  
**Job Opportunity Section**  
**right now!**

A large black rectangular box containing a cartoon character on the left and bold white text on the right. The character is a round, grey figure with large eyes, holding an open newspaper. The text is arranged in a vertical stack, starting with '7000 HOUSEHOLDS' in the largest font, followed by 'would be reading your', 'HELP WANTED AD', 'if it was placed in our', 'Job Opportunity Section', and 'right now!' in the largest font at the bottom.

## Is Your Home Bat Proofed?

According to the Centers for Disease Control and Prevention (CDC), bats are the most common source of human rabies in the United States. Although bats are very helpful to humans and the environment, by consuming insect pests, bats can also be infected with rabies. You can't tell whether or not a bat has rabies by looking at it. Rabies can only be confirmed in a laboratory. People and animals can get rabies if they are bitten by a rabid bat. A bite from a bat may not be noticed because bat's teeth are so small.

If you or someone you know has had physical contact with a bat, please call the Livingston County Department of Health at (585) 243-7280 and consult with a health care provider to determine if rabies treatment is needed. It is important to keep bats out of homes. It's best to contact an animal-control or wildlife conservation agency for assistance with "bat-proofing" your home. However, if you choose to do it yourself, "batproofing" can be done by caulking any holes that are larger than a quarter inch, closing all doors to the outside tightly, using chimney covers, window screens, and draft guards beneath doors to attics. Bats can even enter homes through loose shingles, siding, or open vents.

If a bat is in a home and there is a chance that the bat had contact with a person, pet, unattended young child, a sleeping individual, a person under the influence of alcohol or drugs, or a person with other sensory or mental impairment, please follow these simple guidelines:

- Do not touch the bat with your bare hands. Put on leather work gloves.
- Get a small box or coffee can, a piece of cardboard and tape.
- Wait for the bat to land.
- Approach the bat slowly, and while wearing the gloves, place the box or coffee can over it.
- Slide the cardboard under the box or can to trap the bat.
- Tape the cardboard to the can or box opening so the bat cannot escape.
- Punch small holes in the cardboard allowing the bat to breathe.
- Leave the bat in the container. Then take the container outside and call the Livingston County Department of Health at (585) 243-7280, or the Livingston County Sheriff's Department at (585) 243-7100 after hours.
- Do not release the bat. The bat should be tested for rabies to determine the need for rabies treatment. If you have pets, it is important to keep them up to date with their rabies vaccinations to prevent exposure.

If there are any questions or concerns please contact the Livingston County Department of Health at **(585)243-7280** or visit our website at **[www.livingstoncounty.us/doh.htm](http://www.livingstoncounty.us/doh.htm)**.

*Mr. Robert H. Hurlbut  
Administrator, Avon Nursing Home*

## Care, Compassion, Commitment.

A small town nursing home with a rich history and bright future...

*Est. 1969*

For more than 50 years the Hurlbut family has been providing compassionate care for the elderly in the Rochester area. ROHM Services Corporation, the parent company for Hurlbut™ Care Communities, was founded in 1964 by the late Robert H. Hurlbut. The name "ROHM" is actually an acronym and a tribute to his parents and stands for Robert's Outstanding Harold and Martha (Hurlbut). Family runs deep in this company; from the namesake to the fact that Robert W. Hurlbut, President of Hurlbut Care Communities is the third-generation to lead the organization and eagerly anticipates his eldest son Robert to join in the family business of caring as the fourth-generation later this year.

This history of caring began when founder, Robert H. Hurlbut was just a young boy. Being an only child can have its moments of loneliness, but not for Robert. For as he grew up, he was surrounded by elderly folks that his parents brought into their home to care for as they could no longer care for themselves. Through this exposure, at such an early age, it became clear to Robert that he wanted to build upon the nurturing foundation his parents had so naturally yet unknowingly created for him.

One of the first members of the 'ROHM' or Hurlbut™ Care Communities family was Avon Nursing & Rehabilitation which opened in October of 1969. Located within the charming community of Avon, NY this 40 bed, single level facility has stood the test of time. While we are nearing 50 years of operation, the building has many recent updates and we offer many post-acute nursing services. We also have a variety of fun, engaging activities with the goal of fostering close friendships among residents while enhancing their physical, emotional, and mental well-being.

Today, there are 13 Hurlbut™ Care Communities in the greater Rochester area serving the needs of the elderly and those individuals who needed short-term rehabilitative care. Our roots run deep in this community, and the Hurlbut family has dedicated their lives enriching the lives of our seniors while also giving back to the community in many ways.

To learn more about Avon Nursing & Rehabilitation, as well as the services that we provide please visit [www.hurlbutcare.com](http://www.hurlbutcare.com) or call (585) 226-2225.

### ...With all inserts?

If you are missing any inserts, let us know.

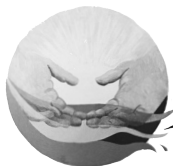

If you experience any of these issues, even once, please call us immediately,

# 658-3520!

Have the doctors done all they know to do?  
 Have you exhausted all efforts to get well?  
 And still you are not any better?

We met Joe several years ago near Penn Yan. In talking with him, he revealed how he had been diagnosed with brain cancer. Joe was not just concerned about his health, but also about how his family would get along after he passed away. We called upon the name of the Lord for Joe and his family, taking authority over the cancer in the name of Jesus. The following week, the oncologist told Joe there was no more cancer - it was miraculously gone. Four years later we saw Joe, doing very well. God is good. God heals. Nothing is too hard for Him.
