THE LAW AND YOU

BY NATHAN D. PACE  
ATTORNEY AT LAW

**DECIDING IN ADVANCE**

As life-sustaining medical technologies continue to develop, there is the increasing possibility that we may be faced with decisions about how we want to be treated at the end of our lives. In the event that an accident, injury, or illness renders us unable to speak for ourselves, it is very important that we make our wishes known in advance. The documents known variously as "living wills," "medical directives," "health care proxies," or "advance health care directives" enable us to express our wishes concerning medical treatment in terminal illness or injury situations when we are unable to speak for ourselves. In such cases, the person named in the directive will communicate the wishes expressed in the health care proxy.

In addition to helping your physician, these documents express your wishes to your family so that they do not have to guess about what you would want. Making your wishes known in advance prevents family members from making hard choices at what likely will be one of the most stressful times in their lives. To learn more, please call the Law Office of MACK & PACE. We offer a free initial consultation to evaluate our situation and provide you with an honest, straightforward assessment of how to resolve your legal issues.

(585) 798-1000  
534 Main St., Suite 6  
Medina, NY 14103

*HINT: Without an advance health care directive in place, families of an injured and/or dying patient may find it necessary to obtain court orders to deal with the medical situation.*

Perfect Gift for an Angler!

# Stream & Lake Map of New York

## LOST STREAM MAP

The STREAM & LAKE MAP OF NEW YORK resembles another map--known to Pennsylvania anglers as the "Lost Stream Map."

It was completed in 1965 after a 30 year effort by Howard Higbee, a former Penn State Professor.

Professor Higbee painstakingly plotted by hand, the location of 45,000 miles of streams onto the map. It sold extremely well - until the printer declared bankruptcy and hauled Higbee's work to the landfill.

But reprints were impossible because the maps were printed in non-photographic blue. Higbee was even offered \$400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

Then, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map.

Then the STREAM & LAKE MAP OF NEW YORK was created.

### Why every angler and boater needs this map

Professor Higbee's® Stream & Lake Map of New York is the first and only highly detailed map of its kind. The 3.5-foot-by-4.5-foot New York map shows 65,000 miles of streams plus lakes.

### For a limited time -- get 3 bonuses with each map

**BONUS #1** **GUIDEBOOK:** Pinpoint the best fishing in New York with this valuable guide. Easily locate over 3,000 streams and 1,200 lakes shown on the "Stream & Lake Map." Your map guide will take you to the top 1,123 select water for 19 species of gamefish.

**BONUS #2** **REPORT: Finding Secret Fishing Spots** 47 tips, tactics and tools you can use to find your own secret spot and catch more fish.

**BONUS #3** **REPORT: How Anglers Stalk and Catch Record Fish** The average big fish has evaded capture for over 10 years. Find out which instincts set them apart from smaller fish. Stalking and catching a trophy requires knowledge of their unique habits and those special times when their guard is down. Armed with the information in this new and exclusive 24-page report--you could be in for the fight of your life.

### RAVE REVIEWS

"It is in showing where to find out-of-the-way trout streams that makes the map such a treasure to the fisherman."

—Joe Gordon, TRIBUNE-DEMOCRAT, Johnstown, PA

"I have one of the original Higbee's Stream Map of Pennsylvania on my wall behind my desk. It's the best thing available as far as streams are concerned. I use it all the time for reference. I don't know of anything more extensive and it is the most accurate map out there as far as streams are concerned."

—Dave Wolf, PA Fish and Boat Commission

**Town of Gaines Residents;**

I submit this letter as the endorsed Republican candidate for the Town Councilperson seat in the general election this Tue., Nov, 6, 2018, in the Town of Gaines. Not only was I born and raised in this community, but I have lived specifically in the Town of Gaines for over 30 years.

As a career law enforcement officer I have spent the last 24 years serving the citizens of Orleans County. My career began as a Road Patrol Deputy with the Sheriff's department where I rose through the ranks to become a Criminal Investigator. I currently serve as an Investigator with the Orleans County District Attorney's Office focusing on drug and other major felony investigations.

My wife Marilyn and I have raised three children in the Town of Gaines; two of which have chosen to also become police officers serving our community, while our youngest is currently a full-time college student. Marilyn and I also have owned and operated local businesses and real estate. I have experience in preparing budgets, applying for and managing grants, and the procurement process. As a taxpayer myself, I understand how important it is to be responsible with taxpayer money and to research purchases to ensure that money is not being wasted. I believe in fiscal responsibility and accountability. As a town resident I do not want to pay any more in taxes than any other resident does and, if elected, I will do everything within my power to combat raising taxes.

My experience as a Deputy Sheriff, Supervisor, Investigator, Police Instructor, SWAT Team Leader, and multiple other duties and responsibilities have taught me many things. In my job I am called upon to handle many difficult situations. I have learned how to listen, work as a team, respect others and their point of view even when it differs from my own. I pride myself in my ability to assist others with solving their problems, even when faced with extreme crisis. I have been trained to remain calm, think with a level head, to be a leader and make tough decisions. As your next councilperson I will call upon this experience to serve and protect the best interests of our township.

I believe in serving the residents of the Town of Gaines with fairness and impartiality. I have no hidden agendas and I want to promote transparency. I believe in not wasting taxpayers' money. With my experience I believe it will be my responsibility to you to investigate issues with which our township is confronted and to make informed educated decisions that are in the best interest of all town residents. I believe in simply doing the right thing for the right reasons. I believe all residents should have a voice and have the right to express that voice freely and openly without being disrespected.

Should I be fortunate enough to be your choice for town councilperson, it would be my goal to be available to speak with any residents and listen to your concerns and make myself available to help you resolve any issues you may have. My lifetime commitment to this county enables me to have an extensive understanding of our community, your needs and your concerns. As a career public servant this is simply another opportunity for me to do what is meaningful to me, helping others. As the endorsed Republican candidate, I respectfully and humbly ask for your vote on Election Day, this Tue., Nov. 6, 2018.

*Thank you,  
**Corey Black***

### ASSEMBLYMAN HAWLEY HELPS HOLLEY CSD CELEBRATE PUBLIC SCHOOLS WEEK

Assemblyman Steve Hawley of the 139th Assembly District stopped by Holley Middle School/High School (MS/HS) on Oct. 23 to help the Holley Central School District celebrate Public Schools Week. Since the week of Oct. 22-26 is also School Board Recognition Week, Hawley began his visit by having lunch with several members of the Holley Board of Education and the district's administration team.

From left, German foreign exchange student Janne Grasshoff speaks with Assemblyman Steve Hawley and Current Events teacher Nick D'Amuro.

The Board members and Hawley attended a Current Events class, where teacher Nick D'Amuro explained the ongoing multimedia projects the students were working on. Current Events students were working on their first podcast to be released later that week. German foreign exchange student Janne Grasshoff spoke with Hawley about her segment of the podcast that focuses on her impressions of America. Grasshoff is spending this year at Holley MS/HS as part of her exchange experience sponsored by the Holley Rotary Club.

Hawley answered students' questions about his position in state government, how he got started in politics and his views on current events. He also observed students in the MS/HS Library using Sphero BOLTs, trying to guide their remote-controlled robots up a ramp into a garbage can.

Hawley then met with technology teacher Tim Rogers, who showed the assemblyman the blueprints for the project that this year's Geometry in Construction class is working on. Geometry in Construction is a class that teaches students how to take math concepts and apply them to real-world problems to create solutions. This year, the class will be building a barn for Homesteads for Hope in Spencerport.

## CLIFFORD WISE MIDDLE SCHOOL CELEBRATES RED RIBBON WEEK WITH PEACE AND LOVE

Medina's Clifford Wise Middle School Celebrated Red Ribbon with a display of Peace and Love.

Art teacher Judy Light had the 7th-grade students draw 3D words that completed the sentences, "Peace is..." or "Peace is not..." The students showed off their inspirations in the hallway near the computer room.

The 4th- and 5th-grade art students created pinwheels with peaceful colors on one side and words that express peace on the other side. The pinwheels were planted in front of the school for the day during the week and is known as the 'Whirled Peace' installation.

The art pieces highlight the school's "Love Yourself" project. Each student is tracing their closed palm onto red paper and cutting it out. Then in the center of their palm, students are writing a complimentary word about themselves. They will be incorporated into another project that Mrs. Light and the student council representatives from all grades will create by placing them into paper hearts for each of the grades. There will be a special quote about caring for and loving one's self in the center of each heart. The school's message will hopefully carry on for the rest of the school year.

## How to Invest in Gold and Silver

Gold, silver and other precious metals have been used as currency throughout history. Paper money is a relatively recent method of payment, one that requires a certain level of faith among consumers. But that faith in paper currency has waned in recent years, and there are many people who are once again investing in gold and silver. Gold and silver still have a position of great financial importance in today's market. With the value of a dollar fluctuating, precious metals may make a more stable investment. But investors who plan to investigate gold and silver should consider a few things before making their decision.

- Look into bullion. Gold and silver bullion are made from 99 percent of the total metal. This helps stabilize the cost and is not dependent on some of the fees or price fluctuations resulting from coins issued by various government institutions. Keep in mind that investing in bullion can be expensive and will require a high initial investment outlay. Also, you will have to find a secure method of storing and protecting the metal. Also, bullion can be more difficult to acquire than other forms of gold and silver, so it may require more leg work for investing.
- Purchase coins. One of the easiest and safest ways to invest in gold and silver is to buy coins. These will be minted from pure metals and are often issued through government-backed mints. Although gold coins aren't widely circulated, silver coins contain enough whole silver mixed with other alloys to make them valuable.
- Consider mutual funds. Rather than purchasing gold or silver outright, you can invest in mutual funds that then allocate a bulk of the fund's investment into the purchase of gold or silver. This requires less knowledge of metal markets and also less work. However, it still enables you to invest in gold and silver.
- Sell scrap jewelry. While you may not get the full value of the jewelry, you can take advantage of the rising rates of gold and silver by selling off items you may not use. Selling extra jewelry requires little work on the part of the seller. ■

## Host a Successful Event with the Help of a Catering Hall

Special occasions often call for special venues. Catering halls are capable of hosting big and small parties, making them worthy of consideration for hosts looking to impress.

While catering halls are most often associated with weddings, such venues can host everything from birthdays to religious rites of passage to anniversary parties and more. Catering hall staff can guide clients through the booking, preparation and hosting of their events.

Many party hosts prefer to leave much of the hosting work to the professionals, feeling it reduces the stress associated with hosting while ensuring hosts they will have the time to mingle with guests and enjoy the festivities.

Working with a reputable and reliable caterer is the first step toward ensuring a party will be successful and enjoyable. The following tips can help anyone develop a good relationship with a caterer en route to hosting a fun and memorable party.

- Think about the size of the venue. Catering halls can cater to parties of various sizes. When choosing a venue for the party, hosts should keep the comfort of their guests in mind. Guests should be able to move around and not feel as though they are sitting on top of one another at the tables. Halls can be too big as well. Rooms that are too large for the guest list can feel uncomfortable and make guests feel isolated.

- Develop a budget. Budget should factor into hosts' decisions regarding a catering hall. Speak with the catering manager prior to booking and be sure that there is a package that will fit into your budget. When examining catering packages, hosts can discuss if certain substitutions or amendments can be made to packages to meet their needs and the needs of their guests.

- Consider the banquet hall location. Proximity to public transportation, highways and hotels is an important consideration. Guests should be able to get to and from the venue with ease. Try to find a catering hall that is not too far from home. This way you can communicate with the banquet manager and be able to pop in to drop off centerpieces and favors easily or handle any other last-minute issues that pop up.

- Explore the amenities. Amenities, such as outdoor gardens or gazebos for photo opportunities, can add to the experience of throwing a party at a catering hall. Hosts should compare amenities at the catering halls they're considering, and factor in the benefits of having those amenities versus the disadvantages of choosing a venue with no such offerings.

- Don't forget the food. Food should not be overlooked when choosing a catering hall. Be sure to taste test the menu to determine if the food is up to par. Catering halls can be beautiful, but the food should meet hosts' expectations as well.

Finding the right catering hall requires hosts to consider the venue, their budgets and a host of additional factors. ■

# Tips on how to write CLASSIFIED ADS that sell!

- 1 **USE A KEYWORD.** This immediately tells the reader exactly what you have to sell.
- 2 **Make your description CLEAR AND FACTUAL.** State the year, make, model, color & size and tell what condition the item is in. Also, state the special features.
- 3 **STATE THE PRICE.** Successful classified advertisers have learned that the price in an ad helps increase the chances for results.
- 4 **IF THERE IS A GENUINE SENSE OF URGENCY,** say so. The words "We're moving," or "Must sell fast," suggest that readers respond immediately.
- 5 **INCLUDE YOUR PHONE NUMBER.** Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 9pm" or "before 11am."
