\* Here's a great recipe substitution: "If you do not have cream, melted vanilla ice cream can be used for icings on cakes or pastries." -- P.B. in North Dakota

\* "I have four brothers and sisters, and Thanksgiving is always a huge affair. We rotate homes for hosting, but we each take a responsibility for food. A few weeks ahead, we hold a 'food lottery' to decide impartially who gets to bring what: side dishes, desserts, etc. This way, we don't get stuck in ruts, like always having a certain person do desserts. The surprise factor makes it exciting. The host family is always responsible for the bird." -- K.M in Massachusetts

\* "With two preschoolers, I have a rather large collection of artwork. I save papers that are decorated on only one side and use them to write letters to family members. I try to write which child drew the picture and the month and year, but even when I can't, the papers make very unusual and appreciated stationary." -- M.F. in Oregon

\* A great way to keep the overindulgence from getting out of hand during the holidays: Keep a snug-fitting pair of jeans at the ready. Try them on every day or so, just to get a bead on whether you've been hitting the eggnog too hard or if you need to back away from the cookie plate. Jeans don't lie.

\* Here's a wonderful tip received via e-mail: "If you have a panic button for your car alarm, keep your keys by the bedside. If you experience a problem during the night, trip the panic alarm. Let your trusted neighbors know about your intention, and they'll be able to assist you."

\* Use the closure tab from your bread bag to keep your place on a roll of packing tape.

Things You Would Never Know Without the Movies

- It is always possible to park directly outside any building you are visiting.
- A detective can only solve a case once he has been suspended from duty.
- If you decide to start dancing in the street, everyone you bump into will know all the steps.
- Most laptop computers are powerful enough to override the communication systems of any invading alien civilization
- It does not matter if you are heavily outnumbered in a fight involving martial arts - your enemies will wait patiently to attack you one by one by dancing around in a threatening manner until you have knocked out their predecessors.
- When a person is knocked unconscious by a blow to the head, they will never suffer a concussion or brain damage.
- No one involved in a car chase, hijacking, explosion, volcanic eruption or alien invasion will ever go into shock.
- Police Departments give their officers personality tests to make sure they are deliberately assigned a partner who is their total opposite.
- When they are alone, all foreigners prefer to speak English to each other. If they're villains, they will probably speak with an English accent.
- You can always find a chainsaw when you need one.
- Any lock can be picked by a credit card or a paper clip in seconds, unless it's the door to a burning building with a child trapped inside.
- An electric fence, powerful enough to kill a dinosaur will cause no lasting damage to an eight-year-old child.
- Television news bulletins usually contain a story that affects you personally at that precise moment you turn the television on.

## Salome's Stars

**ARIES** (March 21 to April 19) Although your energy level is high, be careful not to commit to too many projects at this time. You'll do better focusing on just a few tasks rather than spreading yourself too thin.

**TAURUS** (April 20 to May 20) Your heart might be leading you in one direction, but pay attention to your keen Bovine intellect. I'm cautioning you to think things through before making any commitments.

**GEMINI** (May 21 to June 20) Your "serious" Twin has been dominant in your life for quite a while. It's time now to let that "wilder" half take you out for some good times -- perhaps with someone very special.

**CANCER** (June 21 to July 22) Career aspects are high for Moon Children who make a good impression. Show people not only what you can already do, but also how you can be more valuable to them in the future.

**LEO** (July 23 to August 22) Things start to brighten for the Lion's immediate financial future. But be careful to resist the urge to splurge. You need to tuck something away to help you through another tight period.

**VIRGO** (August 23 to September 22) Having to do too many tasks in too short a time could lower your mood to just above the grumbling level. But if you handle things one at a time, you'll get through it all soon enough.

**LIBRA** (September 23 to October 22) Your usually carefully made holiday plans could be subject to change later this month. Use this week to prepare for that possibility by starting a Plan B just in case you need it.

**SCORPIO** (October 23 to November 21) Be careful about joining a colleague's plan to solve a workplace problem. Investigate it thoroughly. Otherwise, you could find yourself in a predicament with other associates.

**SAGITTARIUS** (November 22 to December 21) Slow down that high-paced whirl you've been on. Spending quiet time alone or with people you care for can be both physically and spiritually restorative.

**CAPRICORN** (December 22 to January 19) Make suggestions, not demands. You'll be more successful in getting people to follow your lead if you exercise quiet patience instead of strong persuasion to get your ideas across.

**AQUARIUS** (January 20 to February 18) You still need more facts before you can make an informed career choice. One note of caution: Be careful about whom you ask for that information; otherwise, you could be misled.

**PISCES** (February 19 to March 20) Changing situations through the end of the week could lead to some challenging opportunities for those perspicacious Pisceans who know how to make them work to their advantage.

**BORN THIS WEEK:** You have a way of being both daring and cautious, traits that could make you a research scientist or maybe even a rocket-ship designer.

### Seeing Eye to Eye

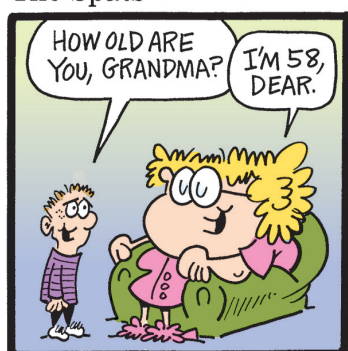

A man and woman are having marriage problems, and decide to end their union after a very short time together. After a most brief attempt to reconcile, the couple goes to court to finalize their break-up.

The judge asks the husband, "What has brought you to the point that you are now at, where you are not able to keep this marriage together?"

The husband says, "In the six weeks we've been together, we haven't been able to agree on one thing.

The wife says, "Seven weeks."

**PIEDMONT PETS**

November 8, 2018  
 By Paulette Dean

Since Danville's public animal shelter is an open-admission one that means we receive all kinds of animals. We receive more cats and dogs than any other kind, but at the shelter now we have guinea pigs, rabbits, all kinds of exotic companion birds, a gerbil, hamsters, and a bearded dragon. Through the past several months, we have also received turtles, ferrets, rats, an iguana, gecko, and even farm animals. It has been quite some time since we have received a snake or monitor lizard. We like to think of ourselves as a Noah's ark or a peaceable kingdom!

As I think of the past 26 years of employment, there are some animals that come to my mind that should never have been sold as pets.

In 1993, the police seized a monkey and brought him to the shelter. He stayed with us for a couple of months, until we were finally able to find a sanctuary that would accept him. He was a Green Monkey and weighed about 20 pounds. Mick the Monkey won our hearts, but he was very difficult to care for and deal with. He should never have been kept as a pet.

I have always felt very sorry for the reptiles we have received. It seems so inhumane to breed them for pets, then force them to live in small areas in unnatural environments.

I felt that same way when we received a prairie dog that had been sold as a pet. My father was an honorable career Army sergeant and when my sister and I were children, we lived in Kansas. Prairie dogs were commonplace and I probably remember them more from seeing them in zoos. This prairie dog we received should never have been forced to live in a glass tank. The people who brought him to us

 Phone: (434) 799-0843

did not have any idea how to meet his needs. We kept him for several weeks until we were told there were no options for him. We could not adopt him as a pet, we could not find a sanctuary or zoo that would accept him, and we knew it would be cruel to expect him to live in a glass tank for his entire life. We had no choice but to euthanize him.

Around that same time, we received two dagus. These animals are native to South America and have never really caught on as pets in this country. These two were scared and mean. Again, we tried to find them a home; however, they became ill and died. We were told that was not unusual.

Just recently, we received a hedgehog. These little creatures are adorable, but have very specific needs. Thankfully, we were able to adopt him into a home experienced with hedgehogs.

Although it may be fun to have an unusual pet, we urge everyone to consider the needs of the animals. If no one bought an animal that should never be a pet, the breeders would quickly stop breeding them. We believe that would be a very good thing.

## Westover Christian Academy Middle School Volleyball Team

Congratulations to the Westover Christian Academy Middle School Volleyball team and Coach Timothy Scearce on a great season! Coach Scearce said this of their season at the awards banquet: "With a total of 16 matches played, I am proud to report that we ended our season 12 and 4 overall, with only 1 regular season conference loss and the other 3 coming during our invitational tournament and at our season quarter finals. And while we didn't bring home a first or second place trophy this year, we did make it to the quarter final round which is significant, and we are definitely looking at the future, which is bright indeed! We trust the skills and challenges presented will foster a desire to continue learning, and we trust that the spiritual component to this season carries well beyond the last whistle."

## G. Brooks Powell, Jr. Police Community Engagement Fund established with The Community Foundation

(November 2, 2018 – Danville, Virginia) The G. Brooks Powell, Jr. Police Engagement Fund is being established with The Community Foundation of the Dan River Region through a generous donation by Kickback Jack's Restaurant.

The Fund is in memory of G. Brooks Powell, Jr.'s lifetime support of the police department and will accept gifts to support the community and youth engagement programs of the Danville, VA Police Department.

"The Danville Police Department greatly appreciates this generous gesture by Kickback Jack's and is pleased to partner with The Community Foundation to strengthen our community and youth engagement programs," said Danville Police Chief Scott Booth.

G. BROOKS POWELL, JR.

"We are excited to help build this fund on behalf of the Danville Police Department," said Debra L. Dodson, Executive Director of The Community Foundation. "We hope other businesses, organizations and individuals will donate to this important cause."

Anyone who wishes to help build the G. Brooks Powell, Jr. Police Community Engagement Fund can also support the Fund by sending donations to The Community Foundation, c/o the Police Engagement Fund, 541 Loyal Street, Danville, VA 24541.

The Community Foundation of the Dan River Region is an independent, public charity established in September 1996 by a steering committee of local civic leaders to gather permanent funds to support our area. The Community Foundation holds assets of \$37 million and has awarded more than \$22 million in grants and scholarships.

While the Foundation works with donors to establish funds to benefit any geographic area, our primary service area is Danville/Pittsylvania County, Virginia and Caswell County, North Carolina. Donations are also being sought to build up resources for South Boston/Halifax County, with consideration being given to other neighboring counties.

For more information on the Caswell Family Medical Center Endowment Fund or The Community Foundation, contact the Foundation office at 434-793-0884 or visit its web site [HYPERLINK "http://www.dpccf.org" www.cfdrr.org](http://www.dpccf.org)

Jesse Tate and other representatives of Kickback Jack's present the first check to Debra Dodson of The Community Foundation to establish the G. Brooks Powell, Jr. Police Engagement Fund. Also participating were Danville Police Chief Scott Booth, Altavista Police Chief Thomas Merricks (formerly with the Danville Police Department) and Brooks Powell, III and his family.
