A SENIOR LIVING COMMUNITY

 A Mission of Presbyterian Villages of Michigan

- Who manages or owns the community and what is their years of experience and reputation?
- How often are monthly fees adjusted if more services or care are required?
- Is there a resident association and how does it function?
- What type of social options or wellness programs are offered?
- What happens if you need a higher level of care?
- What is the difference between a for profit community and a not-for-profit community?
- What happens if you out-live your financial resources?

How to create a holiday atmosphere at home

Creating festive cheer at home for the holidays is easy and fun. Here are some great ways to transform your space into a winter wonderland.

- **Get cozy.** During the chilly holiday season, decorate with comfort in mind. Light the fireplace. Add throw pillows to sofas. Turn off overhead lamps and use soft lighting instead. Consider how texture and warmth can contribute to your holiday decorating scheme.

- **Screen festive flicks.** From “It’s a Wonderful Life” to “Home Alone,” keep your favorite holiday films playing all the time to create a festive holiday atmosphere, or host a special holiday movie night and select a few classics. With the right projector, you can turn any room of the house into a home theater experience.

- **Fire up the oven.** There’s no better time of year to roll up your sleeves and knead out some dough. One of the best ways to create a holiday atmosphere is with scent, and the aroma of baking cookies, cakes and other holiday desserts will do the trick. If you’re worried about having all those extra sweet treats around the house just before kicking off your New Year’s resolutions, consider volunteering to bring dessert to potluck and parties you attend this season or donating the product

of your labors to a holiday bake sale raising money for a charitable cause.

- **Make music.** Get the holiday cheer going in your home by making music. Now you can get the sound of a 9-foot concert grand piano with the Privia PX-160, a portable digital piano, making it easy to gather round for a sing-a-long of all your favorite seasonal tunes in any room of the house. Listening to your favorite holiday tunes also is an easy option to create a festive holiday atmosphere at home.

- **Add some flora.** Holly, poinsettias, mistletoe — decking the halls with traditional holiday plants adds color and vitality to side tables, dining areas and staircases, and more. Those with pets and small children should take heed, as certain plant species are toxic — so avoid these plants or be sure they are displayed well out of reach of curious children and animals.

Preparing your home for the holiday season takes a little thought and energy, but the end result is a cheerful and warm atmosphere to make memories while spending time with loved ones.

Stay safe when stringing holiday lights

Lighting displays are one of the many things that help make the holiday season a special time of year. Often awe-inspiring, holiday lighting displays present a perfect opportunity for communities and individuals to showcase their festive sides.

Safety should always be a priority when stringing holiday lights both inside and outside a home. The National Fire Protection Association notes that, between 2009 and 2014, fire departments in the United States responded to an average of 210 home fires that started with Christmas trees per year. Lighting displays strung on home exteriors also can pose safety risks if homeowners do not exercise caution. Fortunately, various strategies can help homeowners safely decorate their homes' interiors and exteriors this holiday season.

- Choose a fresh tree. The NFPA recommends celebrants who prefer natural Christmas trees choose ones with fresh, green needles that do not fall off when touched. Dry trees are more likely to catch fire than freshly cut trees. Adding water to the tree stand each day will keep trees fresher longer. When placing the tree, avoid placing it too close to heat sources, making sure it is at least three feet away from fireplaces, radiators, candles, heat vents, or lights.
- Check all lights before stringing them. All lights, including those going on trees inside a home and those being

strung outside, should be inspected prior to being strung. Look for any worn or broken cords and replace any defective lights.

- Employ the buddy system. When stringing lights, always work with at least one other person. This makes it safe for homeowners who must climb ladders to string lights on especially tall trees and/or on their home exteriors.
- Avoid working in inclement weather. The weather during the holiday season can sometimes be unpleasant or unpredictable. Check the forecast before stringing exterior lights to ensure Mother Nature won't pose a threat. Avoid hanging lights if the forecast predicts wet, icy or windy conditions that can make ladders unstable.
- Turn lights off when going to bed and/or leaving the house. Interior and exterior holiday lights should not be left on when no one is home or everyone inside is sleeping. If left on overnight or when no one is home, lights may contribute to fires that damage homes and may even prove fatal.

Holiday lighting displays help make this time of year special. Following some simple safety procedures when decorating with lights can ensure everyone enjoys a safe and happy holiday season.

Get Christmas crafty with homemade ornaments

Handmade gifts, trinkets and treats help make the holiday season special. Although cookies and other baked goods are some of the most popular homemade creations this time of year, gift-givers young and old can put their talents to use with various craft projects. Ornaments and decorations are one such idea. Here are some clever and, not-too-time-consuming craft projects to try this holiday season.

- **Mini sleighs.** Create miniature replicas of Santa's famous sleigh. Paint several popsicle sticks to form the main body of the sleigh and glue them together. Put one at the top perpendicular to the others to serve as the steering rudder. Two silver-painted popsicle sticks placed on their thin sides act as the blades of a sled.

- **Popcorn garland.** Garland made of popcorn is a classic handmade holiday project. For a new twist, toss the popcorn with food coloring and allow it to dry before stringing for some bright color on the tree.

- **Photo ornaments.** Print out several different photos that you love. Purchase round or square thin wood pieces from a craft store and attach the photos with Mod Podge®. When dry, drill a hole through the top and thread with twine.

- **Advent calendar.** Make an Advent calendar to count down to Christmas by covering a foam board with fabric. Use paper tags or small ornaments and write a number on each for each day of the month. Hang these all from the board. As each day passes, move the tag or ornament to the tree.

- **Wooden snowflakes.** Have children collect small twigs from outdoors, as well as holly leaves and some sprigs of evergreen. Arrange similarly sized twigs in the shape of snowflakes and glue together, or tie with twine. Embellish with stickers, glitter, dried berries, and more.

- **Dough ornaments.** Anyone can have fun molding their own ornaments, letting them dry and then painting them. Use cookie cutters to get perfect holiday shapes. Craft stores sell various types of modeling clays and lightweight modeling materials. Or, make your own salt dough.

- **Reindeer bottle topper.** Put to use any wine corks you have lying around. Attach googly eyes and a small fuzzy nose to the front of a cork. Insert twisted, brown pipe cleaners to make the antlers up top. Add ribbons, small snippets of faux fur or any other extras you desire.

- **Sweet sentiments.** Use old Scrabble® letter tiles to form a favorite holiday phrase, like "Joy to the World." Glue the tiles together and hang from the tree on a piece of ribbon.
