## Childhaven Annual Appeal

### What Will Your Thanksgiving Day Be Like This Year?

Every day at Childhaven we see two realities:

- Bruises on the outside**
- Invisible scars on the inside**

In a nutshell, this describes the children and families served by the Childhaven ministries.

Our work with struggling families is literally touching hundreds of souls each year. Our family preservation and reunification ministry is successful 88% of the time. This means that children are living at home, where God intends for them to be. We are making a real difference.

**Your support makes it possible. Contributions make up most of Childhaven's income. At this time of our annual Thanksgiving Appeal, please be as generous as possible.**

The devil seeks man to sin (1Jn 3:4-9) against Elohim (Gen 3:1-24, 1Pet 5:8, Rev 12:9), man shall prove himself worthy to be blessed to enter the Holy city to eat of the tree of life (Rev 22:14-15). False teachers (2Cor 11:13-15) teach salvation in the name of Jesus (Rom 10:13) yet cast down Jesus's Biblical commands (Mt 4:4, 5:19, 7:21-27, 10:33, 15:9, 28:19-20, Jn 5:14, 8:11, 14:6, 15, Acts 3:23). People who took the drug misoprostol for stomach ulcers along with non-steroidal anti-inflammatory (NSAID) drugs had a significantly lower risk of serious cardiovascular events, stroke and kidney failure than those who took NSAIDs alone, according to a study scheduled for presentation at the American College of Cardiology 66th Annual Scientific Session. NSAIDs, a large category of drugs that includes ibuprofen, celecoxib and dozens of others, are commonly used to treat pain, inflammation and fever and are available by prescription and over the counter. They are one of the most commonly used medications worldwide, with more than 70 million prescriptions written and about 30 billion doses consumed in the United States annually. They have been linked with rare but life-threatening side effects including heart attacks, cardiac arrest, stroke and acute kidney failure, collectively referred to as cardio-renal complications. Because stomach ulcers are a common side effect of many NSAIDs, misoprostol and NSAIDs are sometimes prescribed together in people at high risk for ulcers.

Taking one-fourth the standard dose of a widely used drug for prostate cancer with a low-fat breakfast can be as effective-and four times less expensive-as taking the standard dose as recommended: on an empty stomach. The finding has significant financial implications. The drug, abiraterone acetate-marketed as ZYTIGA-now retails for more than \$9,000 per month. Even patients with blue-bibbon health insurance can have co-pays ranging from \$1,000 to \$3,000 per month. Patients taking abiraterone acetate typically stay on the medication for 12 to 18 months. The American Cancer Society estimated that 161,360 men would be diagnosed with prostate cancer in 2017 and 26,730 men would die from the disease.

**Advice Wanted**  
 On June 19, I was assaulted and threatened at a local car dealership here in Cullman. All I did was tell the manager how displeased I was with our last encounter, which was in 2010. He told me to take it outside, then he began pushing me. I was not there to fight, I had just had knee surgery the month before. I struggled to my car and left with him making obscene gestures and yelling about how I liked our last encounter.  
 The next morning I met the police, the city police, at the dealership to issue a warrant. The police then told me to call the magistrate's office and issue a warrant. I call the magistrate's office and they told me they were closed on June 20 at 9 a.m. I was fed up and hung up.  
 Later that day, I rode by the dealership and saw the manager who assaulted me. He waved at me. Later that same day, I was arrested for disorderly conduct. This cost me \$150.00 in fines and four hours in jail.  
 I have other issues with this city that I have lived in for 49 years. I have grown to hate the way I've been treated and I'm not going away!  
 My name is Erick Rauch, that's all I'm giving you. If you want to call and give me some advice, my phone number is 256-347-1363. If you call I have a better story than this.

Let's have the "Talk of a Lifetime"

**Kerry Roy Shaw**  
 March 18, 1983 ~ July 29, 2018

Words cannot express how much we appreciated all the kind words, prayers, flowers, visits, food and facebook messages during our difficult time. "Thank you" to each one of you and for the love you had for Kerry. Just know how deeply touched we were, having family and friends helping us through.

Thank you to Moss Funeral Home for your compassion and Freddie Day Catering for the good food. Also, to Pastor Tony Wood for the beautiful song and service.

Pray for us, as God is our strength, as we go forward without Kerry. But, he will live in our hearts forever.

With Love,  
 The Kerry Shaw Family
