The Seasons Of Life

There was a man who had four sons. He wanted his sons to learn to not judge things too quickly. So he sent them each on a quest, in turn, to go and look at a pear tree that was a great distance away.

The first son went in the winter, the second in the spring, the third in summer, and the youngest son in the fall.

When they had all gone and come back, he called them together to describe what they had seen.

The first son said that the tree was ugly, bent, and twisted.

The second son said no – it was covered with green buds and full of promise.

The third son disagreed, he said it was laden with blossoms that smelled so sweet and looked so beautiful, it was the most graceful thing he had ever seen.

The last son disagreed with all of them; he said it was ripe and drooping with fruit, full of life and fulfilment.

The man then explained to his sons that they were all right, because they had each seen but one season in the tree's life.

He told them that you cannot judge a tree, or a person, by only one season, and that the essence of who they are – and the pleasure, joy, and love that come from that life – can only be measured at the end, when all the seasons are up.

If you give up when it's winter, you will miss the promise of your spring, the beauty of your summer, fulfilment of your fall.

Don't judge a life by one difficult season. Don't let the pain of one season destroy the joy of all the rest.

Salome's Stars

ARIES (March 21 to April 19) A project benefits from your organizational skills that get it up and running. Your success leaves a highly favorable impression. Don't be surprised if you get some positive feedback soon.

TAURUS (April 20 to May 20) Spend time on practical matters through the end of the week. Then begin shifting your focus to more-artistic pursuits. Resist being overly self-critical. Just allow yourself to feel free to create.

GEMINI (May 21 to June 20) Restarting those creative projects you had set aside for a while will help provide a much-needed soothing balance to your hectic life. Besides, it will be like meeting old friends again.

CANCER (June 21 to July 22) A change in plans could make it tough to keep a commitment. But stay with it. You'll get an A-plus for making the effort to do what's right and not taking the easy way out by running off.

LEO (July 23 to August 22) The Lion's enthusiasm for a workplace policy review is admirable. But be sure you know who is really behind the resistance to change before pointing your finger at the wrong person.

VIRGO (August 23 to September 22) You can expect to have to do a lot of work through midweek. Devote the rest of the week to checking your holiday plans in case some need to be adjusted to accommodate changes.

LIBRA (September 23 to October 22) Try to avoid signing on the dotted line in the early part of the week. You need time to study issues that weren't fully explored. Later in the week might be more favorable for decision-making.

SCORPIO (October 23 to November 21) A new development could snarl travel schedules or other holiday-linked projects. Some flexibility might be called for to deal with the problems before they get too far out of hand.

SAGITTARIUS (November 22 to December 21) Relatives seek your advice on a matter you'd rather not be involved in. If so, use that sage Sagittarian tact to decline the "offer," so that no one's feelings are needlessly hurt.

CAPRICORN (December 22 to January 19) A shift in planning direction might help you speed up your progress toward achieving that long-planned goal. Trusted colleagues are ready to offer some valuable support.

AQUARIUS (January 20 to February 18) An unexpected demand for settlement of an old loan could create some pre-holiday anxiety. But you might not really owe it. Check your records thoroughly before remitting payment.

PISCES (February 19 to March 20) It's a good time to get into the social swim and enjoy some well-earned fun and games with those closest to you before you have to resume more serious activities next week.

BORN THIS WEEK: Your ability to sense the needs of others makes you a wise counselor for those seeking help with their problems.

Front row left are Joseph Miller, Army veteran Bill Smith, retired Air Force Colonel John Wilt, Guy Cooter, retired Navy Master Chief Daryl Green, Earle Garrett, and Coast Guard Auxiliary member Tim Carpenter. Second row, Wright Garrett, Gary Benefield, Budge Kent, Marine Corps veteran Greg Bock, Harry Milam, Pierce Turbiville, and Andy Farley. The program included a dinner, patriotic songs, the honoring of present and deceased veterans, and a display of uniforms, photographs, and other items from their service.

Free Firewood

The Public Works Department is making available the tree trunks it has collected from Tropical Storm Michael for use as firewood. The tree trunks are being placed outside the fence of the Bishop Road entrance to the former Schoolfield plant of Dan River Inc.

The firewood is available at no cost on a first-come, first-served basis. Citizens wanting the firewood will have to cut and load the firewood.

The Schoolfield site is serving as a temporary storage area for storm debris. Citizens are not allowed to go inside the fenced area.

Veteran Community College Leader Named Interim President of Danville Community College

RICHMOND – Dr. Glenn DuBois, chancellor of Virginia's Community Colleges, announced today that he is naming Dr. Betty Jo Foster as the interim president of Danville Community College (DCC), effective at the beginning of 2019.

Foster is a familiar face throughout the Danville region having worked at DCC for 36 years before retiring as the college's academic vice president in 2004. She has also served stints as the interim president of Central Virginia Community College, in Lynchburg, and as the interim president and CEO of the Danville Pittsylvania County Chamber of Commerce.

"Betty Jo has earned a reputation as an outstanding leader in both higher education and in the business community," said DuBois. "She is strongly-positioned to keep the college focused on our students as we move forward and launch our national search for the college's next permanent president."

Foster began as a DCC professor in 1971. She ascended through the college's ranks, becoming its vice president for academic and student services in 1993 – a position she held through her retirement in 2004. She served as the interim president of CVCC for six months in 1998. Beginning in August 2017, she served as the interim president and CEO of the Danville/Pittsylvania County Chamber of Commerce for five months. Foster holds a bachelor's degree from Radford University; a master's degree from Virginia Tech; and a doctorate from NOVA University.

"I consider this opportunity to be both an honor and a privilege. It's like coming home," said Foster. "So much of my professional life has occurred on the campus of DCC. I appreciate the chance to return there once again and work with the faculty, staff, and students that make it such a special place. I believe the college is in a strong position and will attract terrific candidates in the next presidential search."

Foster replaces Dr. Bruce Scism who announced in September that he is retiring at the end of the calendar year after more than five years as DCC president.

A national search will begin in early 2019 to hire the next DCC president. That process typically takes six to nine months to complete.

Bedford's Morgann Dills Recipient of VEA's 2018 Parks Scholarship

Morgann Dills knew something was wrong as soon as she started school. She just wasn't grasping things as quickly as her classmates and ended up repeating kindergarten.

That second go-round as a kindergartner changed life for Morgann, the winner of the 2018 Beblon G. Parks Scholarship from the Virginia Education Association. She met and befriended a classmate, a boy with autism, and the two ended up going through elementary, middle, and high school in Bedford County together. Morgann was later identified as having dyslexia and went on to graduate from Liberty High School with a GPA of 3.56.

Her experience of learning to live with dyslexia and her continuing friendship with her kindergarten classmate led to a growing interest in becoming a special education teacher, a career path she's now pursuing as a freshman at Averett University. Through her high school years, she was a volunteer with the Special Olympics; president of Project Unify, a campus club that sponsored joint activities for special and general education students; and a teaching assistant intern in an integrated preschool class.

"I think I can connect a little better with special education students because of my own learning issue," Morgann says, "and their strength inspires me. I believe in children with intellectual disabilities and I'll be their biggest advocate in my teaching career."

The Parks Scholarship provides \$500 to a high school senior going on to college to pursue a teaching career and is named for the educator and longtime VEA staff member, who retired as the Association's Director of the Office of Field Support, Organizing and Minority Engagement.

The more than 40,000 members of the Virginia Education Association believe that every child deserves a great public school.

* "I have two guest bedrooms that hardly get used until holidays. I keep the beds made up, but when I am expecting guests I will usually strip the beds to freshen the sheets and blankets. I toss the sheets into the dryer with a fabric-softener sheet and hang the blanket outside in the sunshine for several hours. It always does the trick, and I don't need to wash linens that are already clean!" -- U.C. in California

* According to an eBay survey, more than half of Americans (56 percent) have unused smartphones in their home and nearly half (48 percent) have thrown away a smartphone that they no longer use. If you have unused smartphones hanging around, why not offer them up for sale. eBay has a kit to make it easy to value and sell your device, or use other local services, like Facebook's marketplace option or Craigslist. Be sure to factor in shipping or meet in a safe place to conclude your transaction -- like a local police substation!

* No time for making scratch dinner rolls for Thanksgiving? Here's a way to make store-bought rolls look and taste delectable: Reserve a small bit of any fresh herbs you used for seasoning your turkey or dressing. Finely chop it. Brush warmed rolls with melted butter, and sprinkle with the finely chopped herbs and some flaked salt.

* It's still not too late to get a flu shot, which is the No. 1 way to avoid getting the flu this season. Here's No. 2: Keep your hands clean and away from your face -- that's eyes, nose, ears and mouth.

* Snow flurries got kids down unexpectedly? Give them a little extra traction on their bike tires with the addition of well-spaced zip ties. About 30 per tire, a couple inches apart. Just be sure they're not too tight.
