If you're a cattleman, you can do the numbers in your head: To add 100 pounds of beef to those five weight calves, you only need 400 pounds of MFA Cattle Charge. That's a 4 to 1 feed conversion that nets you more dollars per head after feed costs than if you'd sold the calves at weaning. Plug in the numbers. Any way you add it up, MFA Cattle Charge is a good deal - and a great way to put more money in your pocket. MFA Cattle Charge...

NOTICE

Southern Iowa Electric Cooperative, Inc. will be cutting and trimming trees in Appanoose, Davis, Wapello and Van Buren Counties.

Overgrown right-of-way can cause problems during severe weather and can make it difficult to reach trouble spots to make repairs. Due to our experience with the ice storms, maintenance issues and the requirements for increased reliability, we will be trimming re-growth and areas that may have been previously missed in years past to insure your electric reliability. Southern Iowa Electric Cooperative has hired contractors to cut and trim trees in the Belknap & Floris substation areas starting in Dec. 2018 & throughout 2019. The contractor will attempt to contact each house along the right-of-way at least one week before clearing will commence.

If you have any questions, you may contact the Cooperative toll free, 800-607-2027.
