PHARMACY TOPICS
by Rex Smith
Hospital Discount CENTRAL

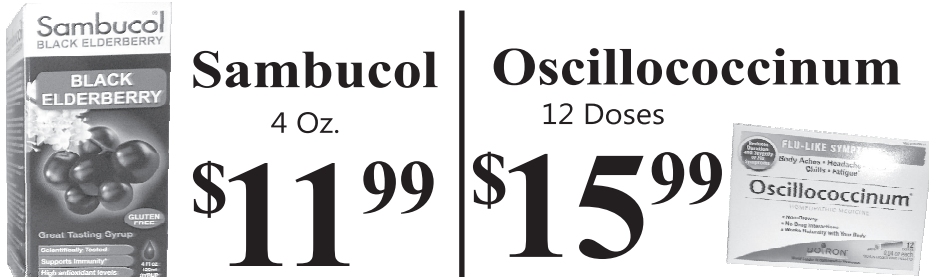

Pictured L-R: Vanessa Patton, Becky Cook, Becky Burks and Rex Smith, RPh

A new study has found treatment with the diabetes drug amylin (or pramlintide) safely improves learning and memory function in Alzheimer's disease (AD) patients and reduces the AD pathology in their brains. The findings, which appear in the journal Translational Research and Clinical Interventions, also may lead to the development of a blood test for AD. Currently, lumbar punctures to detect biomarkers in cerebrospinal fluid and positron emission tomography imaging scans are used to diagnose AD. Unfortunately many patients are fearful of these procedures and the high cost is prohibitive.

Makena, a drug commonly prescribed to pregnant woman with a history of delivering babies early provides no benefit according to a study published in the American Journal of Obstetrics and Gynecology. In fact, the drug may even increase the risk of developing gestational diabetes.

Regular use of ibuprofen (Advil) was associated with a 31% increased risk of cardiac arrest, according to research published in the European Heart Journal-Cardiovascular Pharmacotherapy. This provides additional evidence for the U.S. Food and Drug Administration strengthening in 2015 an existing label warning that non-aspirin nonsteroidal anti-inflammatory drugs (NSAIDs) increase the chance of a heart attack or stroke. NSAIDs are widely used to treat pain and fever from many different long-and short-term medical conditions such as arthritis, menstrual cramps, headaches, colds, and the flu. NSAIDs are available by prescription and OTC. Examples of NSAIDs include ibuprofen, naproxen, diclofenac, and celecoxib. Presented as a service to the community by

SERVICE NEWS

U.S. AIR FORCE AIRMAN

1st CLASS JONAH C. BLANKENSHIP

graduated from basic military training at Joint Base San Antonio-Lackland, San Antonio, Texas. The airman completed an intensive, eight-week program that included training in military discipline and studies, Air Force core values, physical fitness, and basic warfare principles and skills. Airmen who complete basic training also earn four credits toward an associate in applied science degree through the Community College of the Air Force. Blankenship is the son of William T. and Tonya J. Blankenship and brother of Jessica N. Henry of Vinemont, Ala. He is a 2018 graduate of West Point High School, Cullman, Ala.

Refreshments

Merry Christmas!

There's only one pathway for sinners to be received by The Holy Messiah (Mt 25:31-33), by believing and obeying His Biblical words (Jn 3:16-17) or be denied unto the angels of Elohim (Mt 10:33, Lk 12:9). Jesus Christ, The Living Word of Truth (Jn 1:1-14, 14:6, 15, 24, Heb 13:8), said sin no more (Jn 5:14, 8:11), be born again with water and spirit (Jn 3:3-7) and man's way is vain (Mt 15:9). So Be It!

CULLMAN REGIONAL FOUNDATION

Dr. Herman C. Ensor Lights of Love

Tree Lighting Ceremony

Thursday, December 6 at 5:30 p.m.
Colonel Cullman Room, POB 2

Lights of Love Tree Lighting Ceremony

Named in memory of the late Dr. Herman C. Ensor, who established this event, the tree lighting ceremony enables members of the community to honor or remember family and friends. For a minimum donation of \$20, a personalized card is sent to the honoree or family of those being remembered. This year the event will be held in memory of Dr. Bob Echols. Refreshments are served while guests enjoy reflective, meaningful Christmas music. The event is concluded with the lighting of the Christmas tree. Accepting lights through December 3.

Donate today online at www.cullmanregional.com/foundation/events or call the Foundation at 256-737-2565 for more information.
