Mom Again?

The mother of three notoriously unruly youngsters was asked whether or not she'd have children if she had it to do over again.

"Sure," she replied, "but not the same ones."

Pilot and Aircraft Mechanic

After every flight, UPS pilots fill out a form, called a "gripe sheet," which tells mechanics about problems with the aircraft. The mechanics correct the problems; document their repairs on the form, and then pilots review the gripe sheets before the next flight.

Never let it be said that ground crews lack a sense of humor. Here are some actual maintenance complaints submitted by UPS 'pilots (marked with a P) and the solutions recorded (marked with an S) by maintenance engineers. By the way, UPS is the only major airline that has never, ever, had an accident.

P: Left inside main tire almost needs replacement.
S: Almost replaced left inside main tire.

P: Test flight OK, except auto-land very rough.
S: Auto-land not installed on this aircraft.

P: Something loose in cockpit
S: Something tightened in cockpit

P: Dead bugs on windshield.
S: Live bugs on back-order.

P: Autopilot in altitude-hold mode produces a 200 feet per minute descent
S: Cannot reproduce problem on ground.

P: Evidence of leak on right main landing gear.
S: Evidence removed.

P: DME volume unbelievably loud.
S: DME volume set to more believable level.

P: Friction locks cause throttle levers to stick.
S: That's what friction locks are for.

P: IFF inoperative in OFF mode.
S: IFF always inoperative in OFF mode.

P: Suspected crack in windshield.
S: Suspect you're right

P: Number 3 engine missing.
S: Engine found on right wing after brief search.

P: Aircraft handles funny. (I love this one!)
S: Aircraft warned to: straighten up, fly right, and be serious.

P: Target radar hums.
S: Reprogrammed target radar with lyrics.

P: Mouse in cockpit.
S: Cat installed.

P: Noise coming from under instrument panel. Sounds like a midget pounding on something with a hammer.
S: Took hammer away from midget.

* If you are serving hot rolls on a buffet, line the basket with aluminum foil before you line it with a towel. The foil will help reflect heat, keeping the rolls warmer longer.

* Metal skewers are great for a barbecue, but the tip also can be used to create fancy designs on an iced cake, just like a pencil.

* "If you get stuck in the snow, try using your car mats to get a little traction. Keep some kitty litter or sand in the trunk too just in case you run into trouble." -- D.C. in Michigan

* "Running the heater is expensive, especially when there's only one person in a house. I find that I can get by with a much cooler overall temperature by using my space heater for about 15 minutes in the bathroom and lounging on the couch and in bed with my electric blanket. Those two things cut down on the need to have the house toasty warm, and truly keep my heating bill in check." -- B.J. in Pennsylvania

* A pot of mulling spices on the stovetop will both fill your house with a lovely holiday smell and add a respectable amount of humidity. Simply keep a watch on the kettle or pot, and add water as necessary.

* "Here's a clothing tip on a very cold day: Today's running tights are fantastic under pants as a liner. They are warm, wicking and cut a flattering silhouette as well. Much better than old-fashioned thermals." -- M.E. in Montana

ARIES (March 21 to April 19) Careful, Lamb. Don't let your generous nature lead to some serious overspending as you contemplate your holiday gift-giving. Your social life kicks off into high gear by week's end.

TAURUS (April 20 to May 20) A positive attitude helps you weather annoying but unavoidable changes in holiday plans. Aspects favor new friendships and reinforcement of existing relationships.

GEMINI (May 21 to June 20) Demands on your energy level could be much higher than usual as you prepare for the upcoming holidays. Be sure to pace yourself. Friends and family will be happy to help.

CANCER (June 21 to July 22) Don't allow a sudden icy reaction from a friend or family member to continue without learning what caused it -- and what can be done to restore that once warm and caring relationship.

LEO (July 23 to August 22) A relationship seems to be unraveling, mostly from a lack of attention. It might be a good idea to ease up on whatever else you're doing so you can spend more time working to mend it.

VIRGO (August 23 to September 22) New facts emerge that not only help explain the recent rift with a trusted colleague, but also might provide a chance to wipe the slate clean and make a fresh start in your friendship.

LIBRA (September 23 to October 22) A family member's personal situation is, fortunately, resolved in time for you to get back into your hectic round of holiday preparations. An old friend might bring a new friend into your life.

SCORPIO (October 23 to November 21) Pace yourself in meeting holiday pressures and workplace demands to avoid winding up with a frayed temper and a Scorpian stinger that lashes out at puzzled kith, kin and colleagues.

SAGITTARIUS (November 22 to December 21) A financial matter requires close attention. Also, news from a trusted source provides the means to help sort out a long-standing state of confusion and put it into perspective.

CAPRICORN (December 22 to January 19) This is a good time to reinforce family ties. Make it a priority to assess and resolve all outstanding problems. Start the upcoming holiday season with a full measure of love.

AQUARIUS (January 20 to February 18) Don't be pressured into a so-called solid-gold investment. Wait until the holiday distractions are over. Then take a harder look at it. You might find that the "gold" is starting to flake off.

PISCES (February 19 to March 20) A former friend might be trying to heal the breach between you by using a mutual friend as an intermediary. Best advice: Keep an open mind despite any lingering bad feelings. **BORN THIS WEEK:** You have a way of saying the right thing at the right time. Your friendships are deep and lasting.

Averett University and Southside Virginia Community College Partner in Sociology/Criminal Justice Articulation Agreement

DANVILLE, Va. (November 30, 2018) -- Today, Averett University President Dr. Tiffany M. Franks and Southside Virginia Community College (SVCC) President Dr. Alfred Roberts signed the first articulation agreement and a community educational partnership agreement between the two schools in order to make the transfer process to Averett orderly and smooth for graduates of SVCC.

The articulation agreement focuses on those studying sociology and criminal justice, allowing for students who have completed SVCC's administration of justice program to transfer to Averett University and continue their education to earn a Bachelor of Science in sociology/criminal justice. The students will enter Averett with a junior status and can expect to graduate after completing a minimum of 60 credits at Averett.

The community educational partnership agreement guarantees acceptance into Averett with a junior status of any student from SVCC who has completed an associate's degree. Students with a cumulative GPA of 2.0 or higher will be able to transfer.

"We are excited to enter into a new partnership with Southside Virginia Community College. This is a wonderful opportunity for more students who wish to build upon their two-year degree by taking that next step to a four-year university," Franks said. "We want to make the transition as easy as possible and we look forward to continuing to work closely with the team at Southside Virginia Community College."

Both the Community Educational Partnership Agreement and the articulation agreement allow for an orderly and smooth transition for students, including many scholarship and financial aid options. Members of Phi Theta Kappa, the community college honor society, are automatically awarded a \$2,000 Phi Theta Kappa Scholarship once they are admitted to Averett University.

"Partnerships such as this one with Averett University are critical to the success of SVCC and our students. By joining others who share a common commitment to access and opportunity, we are able to provide additional pathways for our students to further their educational journey. We look forward to continued collaboration with Averett to better serve the citizens of Southside Virginia," said Dr. Roberts. ###

About Averett University

Since 1859, Averett University has grown and developed into a dynamic institution that serves students of all ages, offering more than 30 undergraduate majors, minors and special programs, along with five graduate programs with a number of concentrations. Dedicated to preparing students to serve and lead as catalysts for positive change, the University's historic main campus is embedded in the heart of Southern Virginia with regional campuses throughout Virginia and online. Averett enrolls a diverse student body, and boasts an alumni network that spans the globe.

About Southside Virginia Community College

Established in 1970 as a part of the 23-college Virginia Community College System, SVCC is a two-year institution of higher education. The college operates under the guidance of a local board and is financed by state funds, supplemented by contributions from the participating localities. The college serves ten counties and one city in southern Virginia. SVCC is dedicated to the belief that each individual should be given a continuing opportunity for the development and extension of skills and knowledge along with an opportunity to increase his/her role and responsibility in society.

HOLLYWOOD by Tony Rizzo

HOLLYWOOD — After **Matt Damon's** last two films did poorly — “Downsizing” (\$76 million cost/\$55 million gross) and “Suburbicon” (\$25 million/\$12 million) — he had a small role in **Steven Soderbergh's** psychological horror film “Unsane,” and then literally lit a fire under his career. For his latest film, “Ford v. Ferrari,” with **Christian Bale**, he plays auto designer and race driver **Carroll Shelby**, associated with Ford's AC Cobra and Mustang, and allowed them to set his back on fire during the re-creation of a racing accident, filmed at a private Los Angeles airport. After that, we owe it to him to support this one. It arrives June 28.

Oh, the problems of the idle rich and famous. Allegedly, **Katie Holmes** has been confiding to friends that she's troubled about her 12-year-old daughter, **Suri**, whom she's parenting with **Tom Cruise**. Katie worries that she is becoming more like her father every day because **Suri** is adamant about following her own path, is very bossy and likes to prove her point with over-the-top gestures. Katie ended her marriage with **Tom** because she didn't want to raise **Suri** in Scientology, but despite **Suri** being close to **Katie**, **Tom** seems to have had a bigger influence on her, and that includes Scientology.

Meryl Streep, soon to be “Topsy” in “Mary Poppins Returns” (opening Dec. 19), is currently shooting “Little Women,” as Aunt March, with **Saoirse Ronan**, **Timothee Chalamet**, **Emma Watson**, **Laura Dern** and **Bob Odenkirk**. Then she'll go right into Netflix's “The Laundromat,” with **Gary Oldman**, **Antonio Banderas**, **Alex Pettyfer**, **David Schwimmer** and **Will Forte**.

Streep was in a relationship with **John Cazale**, who played **Fredo Corleone** in “The Godfather” (1972), from 1976-1978, when he died of lung cancer. She then wed sculptor **Don Gummer**, and they have four children. Their daughter **Mamie Gummer**, now 35, is

successfully following in her legendary mother's footsteps as an actress.

Her first film was the 1986 supernatural thriller “Separation,” with **Meryl**, when she was 3 years old. **Mamie** also appeared with her dynamic mother in “Ricki & The Flash” (2015) and in the current release of “An Actor Prepares,” with **Jeremy Irons** and **Jack Huston**. She's also appeared in “Evening” (2007), “Side Effects” (2013) and “Cake” (2014), as well as in a recurring role on the TV series “The Good Wife,” “Robot Chicken” and HBO's “True Detective.”

Sandra Bullock, who won an Oscar for “The Blind Side” (2009), experiences the post-apocalyptic horrors we all fear in Netflix's “The Bird Box,” with **Sarah Paulson**, **Tom Holland** and **John Malkovich**, due Dec. 21. **Bullock** opened her heart and donated \$100,000 to help save animals that were affected by the recent California fires. You may say it was post-apocalyptic fire money.
