# DON'T LIVE WITH A WET BASEMENT

## Keep Your Basement Dry

Living with a wet basement can be miserable, leaving nearly half of your home's square footage totally unusable - just because it gets wet when it rains. Cleaning up water and dealing with the results such as mold, mildew and damage to your furnishings and stored items is tiring and expensive.

## WET BASEMENT SYMPTOMS:

- Damp and musty smells
- Wet and nasty basement walls
- Water stains on walls and concrete slab floors
- Standing water
- Damage to building materials, stored items and home furnishings

### Meet... The Man

"The Man" is a two year old Labrador Mix, neutered, up-to-date on all vaccinations, heart worm negative and on flea prevention. He is good with other dogs and children and his adoption fee is ONLY \$10.

The \$35.00 adoption fee is minimal when compared to the years of joy a pet can offer your family. Please visit the shelter to choose your pet. The shelter has an ongoing need for donations of dog food, collars, leashes, treats, stainless steel food bowls and monetary donations to provide medical care. We greatly appreciate all donations made to the shelter.
