DON'T LIVE WITH A WET BASEMENT

Keep Your Basement Dry

Living with a wet basement can be miserable, leaving nearly half of your home's square footage totally unusable - just because it gets wet when it rains. Cleaning up water and dealing with the results such as mold, mildew and damage to your furnishings and stored items is tiring and expensive.

WET BASEMENT SYMPTOMS:

- Damp and musty smells
- Wet and nasty basement walls
- Water stains on walls and concrete slab floors
- Standing water
- Damage to building materials, stored items and home furnishings
