Strange BUT TRUE

By Samantha Weaver

* It was Leroy "Satchel" Paige, arguably the best pitcher in baseball history, who made the following sage observation: "Never look back. Something might be gaining on you."

* The "Harley" in "Harley-Davidson" comes from William Harley, one of the motorcycle company's three founders. His is a common surname in England with roots in Old English, in which language it means, literally, "pile of rocks."

* A narwhal's horn isn't a horn; it's a tooth -- the left front tooth, to be specific. As such, it's considered to be a tusk, making the narwhal the world's only animal with a tusk that's straight rather than curved. The tusk was highly prized in the Middle Ages, fetching as much as 10 times its weight in gold for those fortunate enough to have one to sell.

* Those who study such things say that millions of trees are planted accidentally when absent-minded squirrels forget where they buried their nuts.

* Charlie Chan, the fictional Honolulu detective, was created in 1919 by novelist Earl Derr Biggers. The books featuring Chan became so popular that the character made the leap to radio, movies and television. Even though more than a dozen actors have portrayed the detective over the years, not one of them has been of Chinese ancestry.

* A scorpion can live for an entire year without eating.

* In the 1830s you could give someone a "blizzard." Back then, of course, the word wasn't referring to a snowstorm; rather, that phrase meant to give someone a piece of one's mind.

* In the original calculations made by NASA experts, a landing on the moon was thought to have only a 5 percent chance of success.

Thought for the Day: "One dog barks at something, the rest bark at him." -- Chinese proverb

Magic Number 5

I was walking down the street the other day when I saw my best friend Jeff. I walked up to him and mentioned that I had the craziest dream the other night. Jeff listened as I told him that the dream consisted of just one thing. A huge glowing number "5". It was made of gold and sparkled with shiny diamonds. Jeff's curiosity was peaked. I went on to say that the first thing that I did in the morning was to grab the daily racing digest and look up the 5th race.

Jeff raised an eyebrow. I told him that the #5 horse in the 5th race was named "The 5th Element." Jeff started grinning. Then I told him point-by-point what I did that entire day.

I ate 5 bowls of cereal for breakfast and drank 5 cups of coffee

I went for a 5 mile jog to clear my head

I took a 5 minute shower to rinse off

I dressed in the 5th suit I found in my closet

I sat in my car for 5 minutes before starting it

I drove to the racetrack and parked in the 5th stall in the 5th row

I entered through the 5th admissions gate

I bought 5 programs

I went to the 5th betting window and bet \$555 on the 5th horse in the 5th race

I went and sat in the 5th row of the bleachers making sure there were 5 people sitting on both sides of me.

I settled in and waited for the race to start.

"Well," said Jeff. "Did your horse win?"

I frowned at Jeff and said, "Stupid horse came in 5th."

Only one kiss per yard

Walking up to a department store's fabric counter, the pretty girl said, "I would like to buy this material for my new dress. How much does it cost?"

"Only one kiss per yard," replied the male clerk with a smirk on his face.

"That's fine," said the girl. "I'll take ten yards."

With expectation and anticipation written all over his face, the clerk quickly measured out the cloth, wrapped it up, then teasingly held it out.

The girl snapped up the package, pointed to the old man behind her, and smiled, "Grandpa's gonna pay the bill."

SPECIALIZING IN BIRTHDAY & WEDDING CAKES

ARIES (March 21 to April 19) Seeing the silly side of some really ridiculous situations helps give the Lamb a new perspective on how to handle them. Some important contacts can be made this weekend.

TAURUS (April 20 to May 20) Try to complete your outstanding tasks by midweek. This leaves you free to take advantage of new possibilities -- both professional and personal -- opening up by week's end.

GEMINI (May 21 to June 20) With both your creative side and your energy levels rising this week, you should be able to tackle that too-long-neglected project again. A family member might have important news.

CANCER (June 21 to July 22) An explanation you requested seems to be more confusing than enlightening. You should insist on clarifications now, rather than deal with problems that might arise later.

LEO (July 23 to August 22) Your energy levels might be ebbing a bit. But that's no excuse for taking cat-naps when you could be working on those unfinished tasks. There'll be time to curl up and relax by week's end.

VIRGO (August 23 to September 22) It's a good time to get those ideas out of your head and into a readable format if you hope to have them turned into something doable. A good friend is ready with worthwhile advice.

LIBRA (September 23 to October 22) Careful -- you might be stepping into dangerous territory if you decide to "exaggerate" the facts too much. Remember: The truth speaks for itself and needs no embellishment.

SCORPIO (October 23 to November 21) Although your workplace successes have earned you many admirers, there are some colleagues who are not among them. Be careful how you proceed with your new project.

SAGITTARIUS (November 22 to December 21) You might have to go into great detail to explain why you're currently reluctant to make changes to an already prepared plan. Be sure you have all the facts to back yourself up.

CAPRICORN (December 22 to January 19) Travel plans might still be uncertain. But instead of getting upset about the delay, open yourself up to other possibilities, and begin checking out some alternative destinations.

AQUARIUS (January 20 to February 18) Changing conditions might require you to alter some of your plans. While you might be agreeable to this, be prepared with explanations for those who do not want changes made.

PISCES (February 19 to March 20) Although you might have to deal with some detractors who aren't too kind in their critiques, you gain points when you're willing to stand up and defend your work.

BORN THIS WEEK: You have a gift for creating a warm and loving environment between yourself and others.

* Keep a cutting board in place with a lightly damp kitchen towel underneath. It won't slide. Cutting a juicy fruit? Even better. The towel catches drips off the side.

* Soften butter in a jiffy without a microwave. Cut into pats and let sit for 10-15 minutes. The smaller the pat, the quicker it softens.

* "Overwhelmed by paper clutter? Using a plastic file box, gather papers in file folders, simply filling up each folder before moving to the next. Then, go folder to folder, and decide what should be kept or tossed/shred/recycled. You should be left with a much smaller amount, which you can file with other like items." -- A.N. in New Hampshire

* "Store your kids' favorite breakfast cereal in a large jar with a measuring scoop. This will help children be more independent and stop them from pouring too much in a bowl -- and spilling cereal all over the floor." -- R.Y. in Virginia

* Quick pickled vegetables can make a perfect little side dish or even garnish that makes you look like a fancy cook. Just add a bit of salt and sugar to white vinegar, then add some thinly sliced veggies -- carrots, cucumber, cabbage, beans or squash. Let sit for 20 minutes or more, then drain and serve.

* "What I'm loving right now: marinated fresh cheese! Slice or chunk fresh mozzarella or goat cheese, and throw it in a bowl with some olive oil, Italian seasoning, red pepper flakes, fresh herbs or what have you. The longer it sits, the yummier it gets. It doesn't last long around here!" -- V.R. in Florida

Well-Planned Retirement

Outside England's Bristol Zoo there is a parking lot for 150 cars and 8 buses. For 25 years, its parking fees were managed by a very pleasant attendant... The fees for cars (\$1.40), for buses (about \$7).

Then, one day, after 25 solid years of never missing a day of work, he just didn't show up; so the zoo management called the city council and asked it to send them another parking agent. The council did some research and replied that the parking lot was the zoo's own responsibility. The zoo advised the council that the attendant was a city employee. The city council responded that the lot attendant had never been on the city payroll.

Meanwhile, sitting in his villa somewhere on the coast of Spain, or France, or Italy, is a man who'd apparently had a ticket booth installed completely on his own and then had simply begun to show up every day, commencing to collect and keep the parking fees, estimated at about \$560 per day -- for 25 years. Assuming 7 days a week, this amounts to just over \$7 million dollars... and no one even knows his name.

PIEDMONT PETS

January 24, 2019
By Paulette Dean

During the days before the frigid temperatures arrived, it was heartwarming to see all of the memes on social media, reminding people to keep dogs inside. National animal organizations also issued warnings. Sadly, most omitted the need to protect cats from the cold. I suppose it is because of the mindset that cats can survive on their own quite well. We do not agree. Cats cannot always find adequate shelter from the cold.

Many years ago, our cat adoption policy was changed to require cats adopted from us to be kept strictly inside. We received criticism about it, but now most shelters require the same thing.

It is vital to keep cats inside. Outside cats face many dangers, and their life expectancy is 1-5 years. A cat kept strictly inside has an average life expectancy of 12-20 years.

Contact with other cats outside leads to the risk of disease transmission. Feline leukemia and feline immunodeficiency are transmitted from cat to cat and, once contracted, result in the eventual death of the animal.

Dogs and other wild animals pose a threat to cats; the very real danger is one of exposure to rabies. Outdoor cats can suffer torn ears, cut eyes, abscesses, and other injuries requiring veterinary treatment.

Indoor cats are not generally exposed to fleas, ticks, ear mites, or other parasites that can cause anemia, skin irritations, allergic reactions, and even death.

Outdoor cats are at risk to be poisoned. Neighbors may deliberately poison cats they view as nuisances, but accidental poisonings also occur. Chemically treated lawns, bait left out to kill rats or mice, and antifreeze can all be deadly dangers.

It is a myth that cats are "streetwise." Cats are intelligent and alert, but they stand very little chance against traffic. It is almost impossible to list all of the hazards faced by cats that are allowed to go outside; we have hundreds of pictures of ones that have been injured, killed, tortured, or have become sick. We encourage everyone to keep their cats inside. It truly is the best life for a cat.

George A. Grekos Scholarship started with The Community Foundation

(January 18, 2019 – Danville, Virginia) The George A. Grekos Scholarship has been started with The Community Foundation of the Dan River Region in memory of the 21-year-old Chatham High School graduate.

The Scholarship will support Danville/Pittsylvania County graduates, with a preference for Chatham High School graduates, who attend Christopher Newport University.

“We are honored to help build this permanent legacy to George Grekos,” said Debra L. Dodson, Executive Director of The Community Foundation.

Anyone who wishes to help build the scholarship can support the Fund by sending donations to The Community Foundation, c/o the George A. Grekos Scholarship, 541 Loyal Street, Danville, VA 24541.

The Community Foundation of the Dan River Region is an independent, public charity established in September 1996 by a steering committee of local civic leaders to gather permanent funds to support our area. The Community Foundation holds assets of \$37 million and has awarded more than \$22 million in grants and scholarships.

While the Foundation works with donors to establish funds to benefit any geographic area, our primary service area is Danville/Pittsylvania County, Virginia and Caswell County, North Carolina. Donations are also being sought to build up resources for South Boston/Halifax County, with consideration being given to other neighboring counties.

How to get more money from your tax return...

Yes, it is tax time again. That magical time of the year right after Christmas when many of us are looking forward to getting a refund from the government. I don't know about everyone else but I want to get back as much as I can so why pay someone to do your taxes if you don't have to. There are lots of resources out there to help you get your taxes done... for free!

The Volunteer Income Tax Assistance (VITA) program offers free tax help for families or individuals with incomes of \$54,000 or less. This year there are locations in Danville (434-793-5627), Chatham (434-432-8250) and Caswell County (336-694-7447). These sites will prepare your federal and state taxes at no charge. The volunteers are IRS certified and you can have your money in your account within just a few days.

If you are interested in filing online yourself you can go to www.myfreetaxes.com and file for free. Or, if you are a member of URW Credit Union you can log onto our online banking service (Netbranch) and there is a link to use Turbo Tax service for free also.

Answers: Starting with "T" in the left rail: "That a loaf will not break or fall (Did you think he meant the egg?)"
