Dear Patients, Friends and Neighbors of Davis County and Beyond:

After 33 years of practice in Bloomfield, I have decided to retire from Family Medicine and close the Fenton Medical Clinic as of March 29, 2019. The present medical climate is making it difficult to practice as an independent physician. It has been an honor and privilege to serve you all these years. I have made lasting friendships with many of you. I will continue to work in the area in a different capacity. Dianne Knapp, ARNP would like to continue to work part-time, so is exploring practice options in the area.

Your charts will become property of Davis County Hospital. We will be happy to transfer records to another primary provider upon request. We are unable to accept record transfer requests after March 29, 2019.

All of us at Fenton Medical Clinic wish to thank you all for trusting us with your healthcare needs.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
