He gained his law enforcement certificate from the local community college in 1993 and worked part-time with the Breezy Point and Pequot Lakes police departments.

There was some back-and-forth work with Breezy Point and the sheriff's office but he eventually went to work full-time for Crow Wing County in

1999. He has filled positions of patrol deputy and sergeant, boat and water; lieutenant and captain. He has super-

Pay the Piper

The city council and Mayor feel no need to act upon the egregious acts of their police leadership. The truth is, they're wrong. The police leadership has compromised themselves, the fine officers of the Crosby PD, the city itself, the council and Mayor remain silent in La La Land, but they must act. Their silence is an agreement of the facts. They can't prove the reports false.

The two failed wrongful termination lawsuits BMS Case No 17-PA-0260, BMS Case No 13-PA-0659, 13-PA-0660 found the police leadership creates problems for the city. They lied, distorted the truth,

altered documents. Three failed attempts to prosecute a prominent citizen, the same biased and prejudiced tactics used, now compromising the county legal system with their garbage. The police leadership failed because they are not protecting or serving their community, they are attempting to create criminals.

Their acts are deliberate, malicious acts to control the city, what gets printed with the *Courier*, and pursuit of their agenda.

They have compromised the city financially with the purchase of multiple police vehicles at once. Not that the

officers don't deserve new vehicles, it's a future fiscal catastrophe for the city. The police leadership are not the ones paying for their acts, the citizens are.

The honesty and integrity of the police leadership shall forever be called into question, their continued employment is destructive. It's not unreasonable for the leadership to pay the piper for their own acts, it is unreasonable for Crosby and their fellow officers to.

Rep. Dale Lueck legislative update

Busy week, this past Sunday I participated in one March for Life event at Aitkin and then attended another one Tuesday here at the capital. Despite the cold weather there was an impressive turnout at both Aitkin and St. Paul.

I have introduced a bill H.F. 0081 which is designed to provide relief for our local charitable gambling organizations. Our Lions Clubs, Snowmobile & ATV clubs, Legion and VFW clubs and many other local groups conduct charitable gambling activities to raise funds that are put right back into the local community for good causes.

Minnesota takes a large portion of those proceeds through an onerous charitable gambling tax. Charitable gambling tax revenues are part of a complicated formula to collect the funds necessary

to make the annual bond payments on the Viking Stadium. My proposal would cut the gambling tax rates in half.

Rural Minnesota have always helped share the burden on major projects like the Vikings stadium. However, the current charitable gambling tax is siphoning off more local revenue than is needed to meet the bond requirements. My bill is one of several bills in play from both sides of the aisle that are working to resolve this issue.

This week I met with a wonderful group of school children from the Catholic Home School Academy at Crosby when they toured the capital this week. We had a good visit in Capital Rotunda at the conclusion of their tour. The trip was part of their civics and government studies.

On Wednesday newly appointed Minnesota Pollution

Control Agency Commissioner Laura Bishop visited my office. I provided her with an overview of the many issues we face in the district. I was pleased to discover she is no stranger to our area, as her family has a place on one of our many wonderful lakes in Aitkin County.

Commissioner Bishop has significant private sector and government experience. Most recently, she served as Chief Sustainability and Corporate Responsibility Officer at Best Buy Inc. She also has served in senior positions with Governor Ventura's Administration, the U.S. Department of Education, and US State Department at the U.S. Embassy in Switzerland.

Please stay warm, spring is just around the corner!

New CWC Sheriff | Continued from Page 1

process, investigations and volunteers.

He has served in many different roles, including training, firearms instructor and co-commander of the tactical team.

The *NewsHopper* asked the new sheriff the following questions:

What do you like best about Crow Wing County? Why did you stay here all of your life? What do you hope to do for the community?

"Crow Wing County is so unique due to in part to our vast natural resources. From farmland, lakes, our seasons, there is always something to do for our area residents and those that come to visit. I have traveled through many states and many towns and have yet to find an area that welcomes people better than we do and just feels like home. I hear it quite often, and it is true, we are blessed to live and work in such a

beautiful place. My hope for our community is to keep our small town feel while looking at how we can shape our future."

How many staff do you supervise? What is your management philosophy?

"We have over 130 employees who work in our support, dispatch, corrections, patrol and administration teams. Our mission statement is a perfect example of our mission and how we manage. The Crow Wing County Sheriff's Office is Committed to Providing Public Service that is Beneficial to All Members of the Community through Leadership, Experience and Compassion."

What are your goals for your own performance and tenure as the sheriff of Crow Wing County?

"My goals are to strengthen community and collaborative bonds while focusing

on the current and future needs of our area. Two areas that have been highlighted are mental health and drug use. We are actively looking at ways to better address the mental health issues of those we serve as a collaboration of multiple county offices and resources. I have never been part of a stronger administrative team and this high level of performance continues throughout all divisions of our office. With this team, we will accomplish great things."

Other administrative promotions

Dave Fisher, a 22-year veteran of the sheriff's office, is the new chief deputy. Joe Meyer, a 30-year staffer, is captain. Andrew Galles, with the sheriff's office for 22 years, is a lieutenant as is Adam Kronstedt, a 15-year veteran.

Todd Holk and Brad Thesing were named sergeants.

The refrain of that song will soon ring through our ears as the Minnesota Twins will begin their baseball season in two months -- at home at Target Field against Cleveland on March 28.

It is hoped that there won't be two feet of snow on the ground and below-zero temps that day.

But the cold north wind blew the Twins' Caravan into Aitkin on January 24 when

new manager; Eddie Rosario, outfielder and Jose Berrios, pitcher.

They arrived late, about 11:45 a.m., with a crowd of boys from Rippleside Elementary waiting in the hallway.

Baldelli, the new manager, hails from the Tampa Rays where he was the first base coach. "People love the Twins. They come out of every stop. We've been ice fishing, curl-

have a lot of say that I need to hear."

Eddie Rosario has a lot of charisma and often takes the stage to chants of "Eddie, Eddie," it was noted. A woman wanted a hug in St. Cloud, saying she was 100 years old. The same woman showed up in Pierz, saying she was 101.

With Joe Mauer's retirement, Rosario is expected to take a leadership role on the team.

Jose Berrios was an All Star in 2018. "If any of you want to see how I work out in the off-season, watch my video," Berrios advised. When he faces a batter: "I want to strike him out and he wants to give me a homer. We'll see who beats who."

The players and manager stayed around for autographs and photos after their short presentation.

“Projects like Line 3 are really good for our community.”

Jerome and Cheryl (Viking, MN)

Owners, Viking Diner and Antiques

“As part of the upgrade project Enbridge worked on, we provided meals to-go, including 50 breakfasts, 100 lunches, 100 suppers and another 50 breakfasts in one day. It was a lot of work on our part, but good business! It's all really good for the community. And we get the oil where it needs to be without adding more rail cars and trucks.”

> Here are some of the ways Minnesota communities will benefit from the Line 3 Replacement Project:

Stimulating local communities

Pipeline construction workers stay close to construction sites, so local businesses like hotels, restaurants, campgrounds, stores, movie theaters and recreational businesses will all benefit during the project.

More than 8,600 jobs

Private investment in Minnesota for the Line 3 Replacement Project is anticipated to be responsible for more than 8,600 jobs, \$334 million in labor income and a total economic impact of more than \$2 billion.

Almost \$50 million in state taxes

Currently, \$30 million is paid annually by Enbridge to Minnesota in property taxes. In the first year of service, that will increase incrementally by \$19.5 million, bringing our annual total to nearly \$50 million—that's tax dollars that can be used to fund schools, infrastructure, recreation and more.
