Livingston County Calls for State Sales Tax Modernization

Geneseo, NY, February 6, 2019— Today Livingston County called on the New York State Legislature to pass, and Governor Andrew M. Cuomo to sign, a bill modernizing state sales taxes and enforce the collection of taxes through third-party sales made on online retail websites. Under current law, online retailers such as Amazon have no responsibility to enforce or collect state and local sales taxes on purchases made on their website through third-party sellers.

Researchers estimate New York State has missed millions of dollars by not enforcing the collection of sales taxes through online third party purchases. According to data from the New York State Association of Counties:

- Over \$110 billion was transacted in the United States through online retailers in 2016.
- Around \$275 million in sales taxes would be collected through third-party sales in the first full year alone if an enforcement measure were enacted.
- A majority of all products sold on Amazon are sold via third-party, meaning sales taxes are not collected in New York State on these purchases.

"It is abundantly clear that local governments across the state are missing out on millions of dollars in revenue that are legally owed to them," said County Administrator Ian M. Coyle. "We applaud the Governor's proposal to have the state step-up to its responsibility to make sure local governments have every legal avenue possible to collect the revenue owed to them. Livingston County calls on its entire state legislative delegation to support and Governor Cuomo to sign a measure fully enforcing the collection of online sales taxes via third-party sellers."

Governor Cuomo introduced a measure to enforce the collection of sales taxes online in his most-recent Executive Budget proposal.

Protect Your Family from Radon

Radon is a gas that you can't **see, smell,** or **taste** — but it can be dangerous. It's the second leading cause of lung cancer in the U.S.

Radon is in the ground naturally. Sometimes it gets into homes through cracks in the floors or walls.

FREE radon test kits are available for Livingston County homeowners!

PRAYER TO THE BLESSED VIRGIN MARY: (Never known to fail.) Oh most beautiful flower of Mt. Carmel, fruitful vine, splendor of heaven, Blessed Mother of the Son of God. Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power, Oh Mary, conceived without sin. Pray for us who have recourse to thee (3 times). Holy Mother, I place this prayer into your hands (3 times). Say this prayer for 3 days & then you must publish it & it will be granted to you. With eternal gratitude and thanksgiving for answering my prayers. A. L.

Livingston County and the Genesee Valley Conservancy Announce Availability of Farmland Protection Applications

Livingston County and the Genesee Valley Conservancy have announced that the Livingston County Agricultural & Farmland Protection Board will be accepting pre-applications from landowners interested in being considered for the next New York State Department of Agriculture & Markets Purchase of Development Rights (PDR) program or other state and federal farmland protection initiatives that may become available in the future.

The State PDR program buys conservation easements on the State's most productive farmland. (A conservation easement is a permanent restriction on the future development of the land.) The program is completely voluntary, and the seller retains title to the land and can continue farming the property.

However, the land will have permanent restrictions on commercial, residential and industrial uses in perpetuity. To date in Livingston County, 12 conservation easements have been completed protecting 7,412 acres through the state PDR program.

The State PDR competitive program reimburses farmers up to 87.5% of the value of the development rights on their land. The process of choosing the Livingston County farms to be submitted to the State will begin with a pre-application. All farmers wishing to apply to the State PDR program must complete the preapplication.

These will be scored using criteria including amount of development pressure, quality of soils to be protected and farm viability. The highest scoring pre-application(s) will be invited to have full applications submitted to the State PDR program. These pre-applications may be used to select eligible farms for other future state and federal farmland protection programs. The Livingston County Planning Department, the Genesee Valley Conservancy, and the Livingston County Soil and Water Conservation District in Geneseo work cooperatively to manage the pre-application phase. Prior to submitting the pre-application, farmers must meet all eligibility requirements as specified on the pre-application. Eligibility requirements include having at least 50% USDA Prime Soils, Prime if drained, and Soils of Statewide Importance; being in good standing with local tax authorities; attending a mandatory pre-application workshop in February or March, and other requirements.

Two workshops will be held to provide landowners with information about the (PDR) program. Attendance at one of two workshops is required by all landowners prior to submitting a pre-application. Workshops will be held: Thursday, February 28th from 7:00 - 9:00 p.m. and Saturday, March 9th from 10 am -12 pm, both at the Livingston County Government Center, 6 Court Street - Room 205/208, Geneseo.

The pre-application can be downloaded from the County's website at: <https://www.livingstoncounty.us/215/Purchase-of-Development-Rights-Program>. Paper copies of the pre-applications and eligibility requirements can be obtained from the Genesee Valley Conservancy, the Livingston County Planning Department, or the Livingston County Soil and Water Conservation District in Geneseo.

The pre-application deadline is March 29, 2019. The full application deadline to the New York State Department of Agriculture & Markets has not yet been announced. It will likely be winter 2020. Farmers will be notified in Summer 2019 as to whether they have been selected to have a full application submitted to the State program.

For more information, please contact: Dave Bojanowski at the Genesee Valley Conservancy at 243-2190; the Livingston County Soil and Water Conservation District in Geneseo at 243-0043; or the Livingston County Planning Department at 243-7550.

"Where there is no way,
You make a way.
When no one else can
reach us, You find us."

The above song lyrics, from Desperation Band's Make A Way (2014), express the heart of Father God. Robert came to the Healing Rooms about a year ago. The severe pain in his knees was the result of competitive karate and kick boxing. His knees were shot. The doctors could do nothing except recommend pain killing drugs and knee replacement surgery. We laid hands upon Robert and prayed for him to be healed by God. The pain left. One year later the pain is still gone. Father God made a way for Robert, touched him and healed him. He wants to do the same for you.

Conversations with the County 2019

Geneseo, NY- Livingston County will be continuing the popular Coffee with the County community engagement series under a new name for 2019. Re-branded as Conversations with the County, these are town-hall style, drop-in gatherings designed to encourage residents and business owners to give feedback on County programs and services in an informal environment. Feedback received from the events in 2018 included having some of these gatherings in the evening hours. Therefore, the monthly series will intersperse after business-hour opportunities along with morning sessions.

Mr. Coyle stated, "In order to make the meetings as accessible as possible for our engaged residents, I, in consultation with the Board of Supervisors, have moved some meetings to the evening. I look forward to continuing the engaging and thoughtful discussions with even more people in the coming year."

During these informal meetings, County Administrator Ian M. Coyle will provide updates from the Board of Supervisors on County government happenings and answer questions.

All "Conversations with the County" events are open to the public and all are encouraged to attend.

Opioid Abuse Awareness Campaign

Mount Morris, New York- The opioid crisis continues to devastate communities across the nation including Livingston County. The New York State Association of Counties (NYSAC) has partnered with the New York State Association of Coroners and Medical Examiners (NYSCCME) to create a campaign to bring awareness to the signs of opioid abuse. Advertisement that will run on television stations throughout New York State.

A comprehensive website, ny.seethesignssavealife.org, was created to anchor this campaign and is a resource for those who are affected by this epidemic. To view the PSA and other resources from NYSAC, please visit <http://www.nysac.org/opioids>.

"From 'first responder' law enforcement receiving calls for help, to the 'last responder' Coroners and Medical Examiners confirming the cause of death, local government officials confront the effects of addiction and opioid abuse in our communities every day," explained Stephen Acquario, Executive Director of NYSAC. "We need to continually educate and inform our communities of the danger associated with opioid abuse. We are hopeful that this campaign will raise awareness of the signs of addiction before it's too late. We can all encourage our families, friends, and neighbors to seek help and break the all too familiar cycle of use, abuse, addiction, overdose and death. It's never too late to see the signs and save a life."

If you or a family member are struggling with drug addiction The Amnesty Program can help.
