FLASH BACK

POP ROCK & SOUL TRIVIA BY HARPER

1. "Suicide Is Painless" was the theme song for which TV series and movie?
2. Who released "Right Back Where We Started From"?
3. Which artist wrote and recorded "Affair of the Heart"?
4. Name the LA rock band that released "Patience."
5. Name the song that contains this lyric: "Sweeten my coffee with a morning kiss, Soften my dreams with your sighs, Tell me you'll love me for a million years."

Answers

1. "M*A*S*H." Film director Robert Altman had to turn the lyrics over to his 14-year-old son to complete, insisting that it be the stupidest song ever written. The film, however, picked up five Academy Award nominations, and the TV series ran for 11 seasons.
2. Maxine Nightingale, in 1976. Legend says that the version released was only the original demo using an old bass, but it made millions as a disco hit.
3. Rick Springfield, in 1983. He received a Grammy nom for the song, but lost to Michael Jackson's "Beat It."
4. Guns N' Roses, in 1989.
5. "Then You Can Tell Me Goodbye," by the doo-wop group the Casinos in 1967. Written by JD Loudermilk, the song was a No. 1 hit and is considered a classic, more memorable than versions done by Andy Williams, James Brown and Freddy Fender.

Childhood Sweethearts

An elderly couple were celebrating their sixtieth anniversary. The couple had married as childhood sweethearts and had moved back to their old neighborhood after they retired.

Holding hands they walked back to their old school. It was not locked, so they entered, and found the old desk they'd shared, where Andy had carved "I love you, Sally."

On their way back home, a bag of money fell out of an armored car, practically landing at their feet. Sally quickly picked it up, but not sure what to do with it, they took it home. There, she counted the money - fifty-thousand dollars!

Andy said, "We've got to give it back."

Sally said, "Finders keepers." She put the money back in the bag and hid it in their attic.

The next day, two FBI agents were canvassing the neighborhood looking for the money, and knocked on the door. "Pardon me, but did either of you find a bag that fell out of an armored car yesterday?"

Sally said, "No."

Andy said, "She's lying. She hid it up in the attic."

Sally said, "Don't believe him, he's getting senile."

The agents turn to Andy and began to question him.

One says: "Tell us the story from the beginning."

Andy said, "Well, when Sally and I were walking home from school yesterday..."

The other FBI agent turns to her partner and says, "We're outta here."

Boy complains to his father: You told me to put a potato in my swimming trunks! You said it would impress the girls at the pool! But you forgot to mention one thing! Father: Really, what? Boy: That the potato should go in the front.

..... Something to Ponder

The United States has become a place where entertainers and professional athletes are mistaken for people of importance....

I've Needed a Doctor..
I've Needed a Teacher..
I NEED farmers every day..

I have NEEDED an auto mechanic, a plumber, a house painter and a lot of other everyday people.

But I have NEVER, not even once, NEEDED a pro athlete, a media personality, or a Hollywood entertainer for ANYTHING!

Strange BUT TRUE

By Samantha Weaver

* It was British Prime Minister Winston Churchill who made the following sage observation: "All the great things are simple, and many can be expressed in a single word: freedom, justice, honor, duty, mercy, hope."

* In Washington state it once was illegal to carry a concealed weapon that was more than 6 feet in length.

* Dominique Bouhours, a Frenchman who lived in the 17th century, was a priest, an essayist and a grammarian. The love of language may have been closest to his heart, though; it's been reported that the final words he uttered on his deathbed were, "I am about to -- or I am going to -- die; either expression is used."

* You might be surprised to learn that Italians spend more time on social media than people of any other nationality.

* England's virgin queen, Elizabeth I, went bald at the age of 29. Smallpox was the culprit.

* According to a survey by the National Association of Convenience Stores, 11 percent of adult Americans have at some point in their lives worked at a convenience store or gas station. For 3 percent of adults, that was their first job.

* Those who study such things claim that to get a truly random mix in a deck of playing cards, the deck must be shuffled seven times.

* Chocolate lovers like myself may not believe it, but the most popular flavor of ice cream in the United States is actually vanilla. Chocolate comes in second place.

* In 1875, a locust plague of epic proportions descended upon the Great Plains. Observers say it was 110 miles wide, and at 1,800 miles long, stretched from Canada all the way down to Texas.

Outback Mobile Phone Tower

Three Aussie blokes working up on an outback mobile phone tower: Bruce, Coot and Bluey.

As they start their descent, Coot slips, falls off the tower and is killed instantly.

As the ambulance takes the body away, Bluey says, "Well, someone's gotta go and tell Coot's wife."

Bruce says, "OK, I'm pretty good at that sensitive stuff, I'll do it."

Two hours later, he comes back carrying a case of beer.

Bluey says, "Where'd you get the beer, Bruce?"

"Coot's wife gave it to me," Bruce replies.

"That's unbelievable, you told the Missus her husband was dead and she gave you a case of beer?"

"Well, not exactly," Bruce says. "When she answered the door, I said to her, 'You must be Coot's widow.' She said, 'You must be mistaken. I'm not a widow.' Then I said, 'I'll betcha a case of beer you are.'"

Aussies are good at handling the sensitive stuff.

February is the shortest month, but surely sellers of candy and cards love it because Valentine's Day comes in the middle of the month. It is estimated that one billion Valentine's Day cards are sent worldwide. And, I can honestly say I love Valentine candy!

We could learn a lot from the animals on Valentine's Day. The biggest lesson would be that we should not have to have a day set apart as the time we let our loved ones know they are our loved ones. Our companion animals let us know how they feel about us every time they wag their tail, follow us throughout the house, or look at us with adoring eyes.

The fortunate humans who have been loved by an animal know that their love is really not based on physical appearance, age, wealth, or status. I have seen pets love people that other people would shun or speak ill of.

We can also learn from animals that true love is not selfish, but is selfless. Of course, we fill our animals' basic needs, and they appreciate it. Animals, however, do not warn owners of smoke in the house or bark when a stranger approaches because they expect a reward. They give us service out of sheer love.

From witnessing the love that my pets have for each other, and seeing the

grief they experience when another pet dies, I know that animals have a gift of love that we humans do not always realize that they have.

I have been blessed to share my life with a variety of dogs, cats, birds, hamsters, a rabbit, gerbils, and goldfish. I am not a wealthy, beautiful person, but my pets have never complained. They have given unconditional love. Okay, in all honesty, it is difficult, if not impossible, to know that a goldfish loves you, but I have never doubted that all my other pets loved me.

Pet ownership is not easy, and really should not be. But, oh, the rewards and life's lessons learned far outweigh the costs of time, finances, and other resources.

ARIES (March 21 to April 19) Try to say as little as possible about the work you're doing through the end of the month. Then you can make your announcement and accept your well-deserved plaudits.

TAURUS (April 20 to May 20) You face a more difficult challenge than you expected. But with that strong Taurean determination, you should be able to deal with it successfully by week's end.

GEMINI (May 21 to June 20) Before you act on your "feelings" about that upcoming decision, it might be wise to do a little fact-checking first. You could be very much surprised by what you don't find.

CANCER (June 21 to July 22) A recent workplace success can open some doors that were previously closed to you. On a personal level, expect to receive some important news from a longtime friend and colleague.

LEO (July 23 to August 22) Put your wounded pride aside and do what you must to heal that misunderstanding before it takes a potentially irreversible turn and leaves you regretting the loss of a good friend.

VIRGO (August 23 to September 22) One way to kick a less-than-active social life into high gear or rebuild an outdated contacts list is to throw one of your well-organized get-togethers for friends and associates.

LIBRA (September 23 to October 22) Getting out of an obligation you didn't really want to take on can be tricky. An honest explanation of the circumstances can help. Next time, pay more attention to your usually keen instincts.

SCORPIO (October 23 to November 21) Use your Scorpion logic to push for a no-nonsense approach to a perplexing situation. This could help keep present and potential problems from creating more confusion.

SAGITTARIUS (November 22 to December 21) A friend's problem might take more time than you want to give. But staying with it once again proves the depth of your Sagittarian friendship and loyalty.

CAPRICORN (December 22 to January 19) The Sea Goat can benefit from an extra dose of self-confidence to unsettle your detractors, giving you the advantage of putting on a strong presentation of your position.

AQUARIUS (January 20 to February 18) You might want to ask a friend or relative for advice on an ongoing personal matter. But be careful not to give away information you might later wish you had kept secret.

PISCES (February 19 to March 20) Use the weekend for a creativity break to help restore your spiritual energy. Once that's done, you'll be back and more than ready to tackle whatever challenge you need to face.

BORN THIS WEEK: You get great joy out of creating beautiful things and sharing them with others who appreciate them.

What is EMPTY BOWLS?

Empty Bowls is an international grassroots effort to fight hunger. The basic premise is simple: Potters and artists of the community work together to create handcrafted bowls for the event which will be held at God's Storehouse.

At this event, guests are served a simple meal of soup, crackers and water in one of the handcrafted bowls. In exchange for a donation, guests are asked to keep the bowl as a reminder of all the empty bowls in the world.

We are asking for your support in this fundraising project. Help us fight hunger, one bowl at a time.

The bowl serves as a visible reminder that people go to bed hungry each night.

Kathy Milam named Director of Community Foundation

Katherine “Kathy” Milam has been named the new Executive Director of the Community Foundation of the Dan River Region.

Milam is currently the Executive Director of the Danville Museum of Fine Arts and History and previously served as agency grant writer for the Danville Pittsylvania Community Services. She is a graduate of Emory University and has lived in Danville since 1990 with her husband, Judge Joseph Milam. Kathy is a certified paralegal and certified in nonprofit management through Duke University Continuing Studies. She is active in several long-standing civic organizations, and is past president of the Danville Riverview Rotary, Garden Club of Danville and Danville Concert Association.

Debra Dodson is retiring after serving 20 years as the Executive Director of The Community Foundation. Bob Wiles was the first director who helped to found the organization.

“We are so pleased to welcome Kathy Milam as our next Executive Director,” said Board President Charles Strauss. “We feel confident she will continue to build the region’s trust in The Community Foundation.”

The Community Foundation of the Dan River Region is an independent, public charity established in September 1996 by a steering committee of local civic leaders to gather permanent funds to support our area. The Community Foundation has assets of more than \$35 million and has awarded more than \$21 million in grants and scholarships.

While the Foundation works with donors to establish funds to benefit any geographic area, our primary service area is Danville/Pittsylvania County, Virginia and Caswell County, North Carolina. Donations are also being sought to build up resources for South Boston/Halifax County, with consideration being given to other neighboring counties.

DCC Hires Enrollment Outreach Specialist

Danville, Va., February 12, 2019 – Danville Community College (DCC) welcomes its newest full-time staff member, Moustafa Nassar, as the college’s new enrollment outreach specialist.

“Moustafa brings an array of past experiences that will be beneficial to him in this new position,” said DCC Coordinator of Enrollment Management Cathy Pulliam. “His primary responsibilities include outreach and recruitment activities, including communication with prospective students and tracking their progress in the enrollment funnel from inquiry to class registration. We are excited to have Moustafa in this new role and look forward to seeing the ideas he has to improve our enrollment.”

Originally from Long Island, New York, Nassar graduated from Averett University in 2016, where he majored in communications with a minor in English. He then moved to New York City, New York, where he worked as the volunteer manager and outreach coordinator for City Councilman Ben Kallos. He most recently completed a year of service through the AmeriCorps VISTA program at Middle Border Forward in Danville, where he focused on marketing and recruitment.

During his time in Danville, Nassar has shown a strong commitment to community engagement through the founding of the Love Danville Higher Education Council, a student-led committee for Averett, DCC, and Piedmont Community College aimed at cultivating student leaders in their communities. He is also co-founder of Collidescope, a grassroots organization supporting the LGBTQ+ community in Danville and surrounding areas. Nassar was also recently appointed to serve on the Dan River Nonprofit Network Board.

“What inspires me about Danville Community College is how much we emphasize ‘community’ in ‘community college,’” Nassar said. “Not only do we offer an array of different opportunities for the region, but we have multi-faceted support systems to make sure that, no matter what your circumstances are, we can get you to who you want to be tomorrow.”

* "I store my extra sheets under the bed they go with in a storage box. On the lid of the box, I write the date when the mattress needs to be flipped. This way I never forget how long it has been." -- W.F in Arkansas

* One way to de-pill a sweater is using a new scrubbie from kitchen. Just hold the sweater taut, and use the rough side of a kitchen sponge to lightly brush the fabric, letting it catch the pills and sweep them away.

* "To get rid of brassy undertones in your hair, mix 10 drops of blue food coloring and 5 drops of red food coloring in 2.5 cups of vinegar, and apply as a rinse to hair. The purple cools the red tones, and banishes the brass. The vinegar smell does dissipate, and it leaves hair with a softened shine, too." -- I.W. in Louisiana

* Did you squeeze out too much eye cream? Use it on your cuticles." -- A.S. in Florida

* Here's the secret to dealing with muddy shoe prints: Let them dry. Loosen dirt clumps and vacuum up as much as possible. Then come in with an appropriate carpet cleaner. Never add water to mud.

* Set a standing appointment to check in with your budget and checkbook. If you don't already have a budget set, now's the time. Remember to factor in quarterly or yearly payments. You can divide them by the number of months they cover (say, six for car insurance) and pay that amount into your savings account each month. When the time comes to pay the bill, you'll have the money ready.

HOLLYWOOD by Tony Rizzo

HOLLYWOOD — I'm thrilled that my good friend Sam Elliott has finally received an Academy Award nomination for "A Star Is Born." I met Sam in 1967 when he and Tom Selleck were unknowns and in the contract program at 20th Century Fox, being paid \$200 a week in what they called "earning while we're learning." When they left Fox, Sam hit it big with "Lifeguard" (1976), while Tom took the TV route, eventually making films after "Magnum P.I." became a global hit in 1980. Sam was paired with Katharine Ross in "The Legacy" in 1978, which led to marriage in 1984.

Some of his most memorable roles were in "Mask" (1985), "Roadhouse" and "Prancer" (both in 1989), "Tombstone" (1993) and "The Big Lebowski" (1998). Sam and Tom played brothers in "The Sacketts" (1979) and "The Shadow Riders" (1982). Sam once asked me, "Am I making a mistake not going into television?" To which I said, "Follow your path and it will one day lead to an Oscar nomination." That prediction has finally come true.

His latest, "The Man Who Killed Hitler and Then The Bigfoot," was just released. Sam was nominated twice for Golden Globe and Emmy Awards, and while he didn't win (all cliches aside), just being named one of the year's five best supporting actors makes him a winner already!

Sam Elliott

they were married from 2003-2011 (until his death). Her last TV appearance was as a judge on "Ru Paul's Drag Race" in 2016, and Kaye officially retired from entertaining in 2015. Both brought glamour and laughter to the desert (Channing arrived at events in a wheelchair toward the end). They will be sorely missed.

Producers of "The Soprano's" prequel feature film, "The Many Saints of Newark," have found the perfect lookalike to play James Gandolfini as a younger man. They've cast his son, Michael Gandolfini, who has appeared in five episodes of HBO's "The Deuce," as the busboy in "Ocean's Eight" (2018) and is in the upcoming "The Boy, the Dog and the Clown" as a drunk teen. His likeness to his late father is amazing. He has big shoes to fill ... hope he doesn't sing off key!
