### Cullman County

#### Notice of Tax Lien Auction and Sale

In accordance with Title 40, Chapter 10, Code of Ala. 1975 (§40-10-180 through 200), the Cullman County Tax Collecting official has authority to auction and sell tax liens on properties for which ad valorem property taxes are delinquent. Cullman County conducts its delinquent property tax lien auction sale on May 7, 2019.

**The format of sale has officially changed to tax lien auction and sale effective with the 2018 tax collection year and as advertised on [www.revenuecommissioner.com](http://www.revenuecommissioner.com).** A list of tax lien parcels can be found on the following website <https://cullmanrevenue.us/TaxPayments> under "Delinquent Parcels."

Effective with the **2018 tax year**, delinquent property taxes will be sold via a Tax Lien Auction to be held Tuesday **May 7, 2019** at 10:00 and within the legal hours of sale, in the County Commission conference room of the Courthouse of Cullman County, the following process will apply to Cullman County's Tax Lien Auction and Sale.

- Before bidding begins, the Tax Collecting official will read the PPIN number associated with the parcel on which taxes are delinquent, the name(s) of the last known parcel's owner, as listed in the property assessment and the taxes due for each respective parcel, and all cost fees and interest.
- Bidders will purchase the tax liens for the property in the amount of past-due taxes, which equals the principal amount of the delinquent taxes, the amount of accrued and accruing interest thereon, and penalties, fees, and costs proposed through the day of the tax lien auction or sale.
  - Purchasers will bid down the interest rate they are willing to accept on their purchase of a tax lien starting at 12% per annum. The Tax Collecting official shall set increments of the bids.
    - Competing bidders will continue to bid down the interest rate until no bidder continues to bid lower or until the interest rate reaches 0%.
    - If there is a tie, the Tax Collecting official shall break the tie by having each bidder (in the tie) to draw a card from a container with index cards. One card will read "yes" and the other cards will be blank. The one drawing the "yes" card will determine the winning bidder for the tax lien.
- The name of the tax lien purchaser will be recorded in the County Tax official's office at the time of sale, along with the date of sale, the interest rate, and tax lien purchaser's contact information, known as the record of tax lien auction and sale.
  - All bids must be paid 1 hour before closing of the Tax Collecting Official's office, on the date of Tax Lien Auction via cash or immediately available certified funds (no personal checks are accepted.)
  - A \$5.00 tax auction certificate fee will be added to each sale.

Tax Lien Sale: (§40-10-199)

- The Tax Collecting official, within 45 days after the tax lien auction date, may sell at private sale an unsold tax lien for no less than all taxes, interest, penalties, cost, and fees. The purchaser at private sale shall be entitled to interest on the amount paid at a rate agreed to by the Tax Collecting Official, not to exceed 12%.
  - All tax liens that remain unsold by the tax lien auction or sale shall be included in all future tax lien auctions or sales until sold.

Barry Willingham, Revenue Commissioner for The State of Alabama, Cullman County and Municipalities therein.

Payment must be made with cash, cashier's check, money order, or credit card. No personal checks will be accepted.

The U.S. Food and Drug Administration has approved the first generic versions of Suboxone (buprenorphine and naloxone) sublingual film (applied under the tongue) for the treatment of opioid dependence. Medication-assisted treatment (MAT) is a comprehensive approach that combines FDA-approved medications (currently methadone, buprenorphine, or naltrexone) with counseling and other behavioral therapies to treat patients with opioid use disorder (OUD). Regular adherence to MAT with buprenorphine reduces opioid withdrawal symptoms and the desire to use opioids, without causing the cycle of highs and lows associated with opioid misuse or abuse. At proper doses, buprenorphine also decreases the pleasurable effects of other opioids, making continued opioid abuse less attractive. According to the Substance Abuse and Mental Health Services Administration, patients receiving MAT for treatment of their OUD cut their risk of death from all causes in half.

\*\*\*

The U.S. Food and Drug Administration has approved the first generic version of EpiPen and EpiPen Jr (epinephrine) auto-injector for the emergency treatment of allergic reactions, including those that are life-threatening (anaphylaxis), in adults and pediatric patients who weigh more than 33 pounds. Life-threatening allergies can include reactions to insect bites or stings, foods, medications, latex or other causes. Anaphylaxis is a medical emergency that affects the whole body and, in some cases, leads to death. Anaphylaxis occurs in approximately one in 50 Americans. People who have had an anaphylaxis episode always face the risk of another one. Because of this risk, they must carry an emergency dose of epinephrine at all times. Many must keep more than one dose at hand.
