SPEAK OUT

Dear Speak Out!

I get teased for liking TV programs like I Love Lucy and the Andy Griffith show.

Here's what I have learned through the years about what counts in life:

If you want to know what compassion is, watch Andy.

If you want to know how to treat a youngster, watch Andy.

If you want to know how to be a "peace officer", watch Andy.

If you want to learn how to treat a woman, watch Andy.

If you want to know how to respect a man, watch Andy.

If you want to know how to have faith, hope and charity, watch Andy.

If you want to know how to worship on Sundays, watch Andy.

If you want to know how to be a pal, watch Andy.

If you need to learn how to love your neighbor, watch Andy.

If you need to learn how to help your business, watch Andy.

And most of all, if you want to know what love is, watch Andy.

Love of self, one another and God and country - these to me are the American values I grew up with. Let us never lose sight of them! And long live Andy Griffith!

One more cudo - if you want to know how to laugh, watch Barney!

Annual Pinewood Derby

On Saturday March 2nd, Mount Morris Cub Scout Pack 82 held their annual Pinewood Derby at the VFW Boyd and Parker Post 547. 28 cars were entered in the Derby this year, with stiff competition across all Dens.

The Scouts were given about 10 weeks to craft their cars from humble blocks of wood. The cars must pass a simple inspection, comprised largely of weight, length, and width before being entered in the competition.

Other than a few simple rules, the Scouts are free to design their car any way they choose. This year we had a great variety of colors, shapes, and designs. Each Scout voted for their favorite cars in seven separate categories.

This year's winners are:

Cameron Zingaro - Best Paint job on his TNT Minecraft Creeper car.

Ellie Mallaber - Most Colorful with her rainbow unicorn car.

Morgan Yencer - Funniest Car for her Scooby Doo Mystery Machine with working lights.

Cameron Moses - Most Realistic for his police cruiser car.

Jeremiah Roberts - Fastest Looking for his toxic green and black race car.

Eli Hall - Most Creative for his Batmobile.

Sydney O'Grady - Scout Favorite for her Shark car, complete with Rolls Royce hood emblem.

Prizes were also awarded based on performance, with awards given for first, second and third place overall. This year's winners are:

First Place • **Jeremiah Roberts** (two year defending champion)

Second Place • Stephen Correia

Third Place • Eli Hall

Special Thanks to the VFW for sponsoring the car kits, providing refreshments and hosting our Pinewood Derby!

Morris Ridge Solar Energy Center “Facility”, Livingston County, New York

NOTICE OF SUBMISSION OF PRELIMINARY SCOPING STATEMENT

Morris Ridge Solar Energy Center, LLC, an indirect subsidiary of EDF Renewables, Inc. (“MRSEC” or “Applicant”) is proposing to construct a major solar electric generating facility up to 177 Megawatts (MW) in capacity in the Town of Mount Morris, Livingston County, New York. To construct the Facility, the Applicant must obtain a Certificate of Environmental Compatibility and Public Need (“CECPN”) from the New York State Board on Electric Generating Siting and the Environment (“Siting Board”) pursuant to Article 10 of the Public Service Law and the Siting Board’s rules (16 NYCRR Part 1000). This notice announces that on or about April 1, 2019, the Applicant will file a Preliminary Scoping Statement (“PSS”), pursuant to 16 NYCRR 1000.5, which is designed to gather input from the public and interested agencies on the scope and methodology of studies to be conducted in support of a future Application. The filing of the PSS will start a 21-day public comment period on the scope and methodology of the studies proposed.

The PSS filing marks the beginning of a formal public scoping process. The PSS document will, among other things, describe and identify: the environmental setting in the area where the Facility is proposed, the potential environmental and community impacts from construction and operation of the Facility, and anticipated benefits of the Facility on the environment and local community, as well as on the State’s achievement of its renewable energy generation goals. The PSS will identify and describe the proposed environmental studies it plans to conduct during the Article 10 process in order to assess potential impacts to land uses in the Facility Area; public health and safety; ecological resources, protected species and habitats, and water resources; communications, transportation, and utilities; cultural, historical and recreational resources; visual impacts and screening; sound; and impacts on the statewide electrical system, among other things. Further, the PSS will outline potential measures to minimize environmental impacts from the Facility, as well as reasonable alternatives, other required permits/authorizations, and other relevant information to be provided in the Article 10 Application.

The Facility is proposed to include the installation of rows of photovoltaic (“PV”) panels, no more than 12 feet in height and arranged in discrete subarrays dispersed throughout the Facility Site, as well as associated electrical collection lines, inverters, up to 50 MW of energy storage capacity, fencing, access roads and an Operations and Maintenance (“O&M”) building. The Facility would deliver electricity to the New York State power grid via a short (less than 1,000 feet) transmission line connecting to a point of interconnection (“POI”) substation along the South Perry-Meyers 230-kV electrical transmission line, which bisects the Facility Site and which is currently owned by the New York State Electric and Gas Corporation (“NYSEG”). More information on the proposed Facility can be found on the Siting Board’s website under Case 18-F-0440, on the project’s dedicated website (<https://www.morrisridgesolar.com>), and at the local document repositories listed at the end of this notice.

Within 21 days after filing of the PSS, any person, agency or municipality may submit comments on the PSS by serving such comments to the Applicant and filing a copy with the Secretary to the Siting Board at the addresses provided below. The Applicant will prepare a summary of the material comments and its reply to those comments within 21 days after the closing of the comment period. The scoping process is overseen and mediated by Hearing Examiners. The Hearing Examiner will schedule a pre-application meeting, which will commence the stipulations negotiation process and will allow for the discussion and award of intervenor funding. Additional notice of the pre-application meeting will be published by the Examiners.

To facilitate participation by local municipalities and community groups, the Applicant will provide \$61,950 (or \$350 per MW) toward an intervenor fund, which is disbursed by the Hearing Examiners to groups seeking assistance with expenses associated with their participation in the Article 10 process during the pre-application review phase. By law, at least fifty percent of these intervenor funds are reserved for host municipalities. Once the PSS is filed, the Hearing Examiners will issue a notice that such intervenor funds are available, will describe the kinds of expenditures which are eligible for receipt of those monies, and will provide instructions and a schedule for interested groups to apply for pre-application intervenor funds. Later in the Article 10 process, when the formal Article 10 Application is submitted, additional application-phase intervenor funding will be made available to facilitate municipal and party participation in the Application and Hearing phase.

Could You Use a PRAYER OF FAITH?

What God wants and has for you, versus what the devil wants for you, are both very well defined in one scripture verse. Jesus said in John 10:10, "The thief comes only to steal, and kill, and destroy; I came that they might have life, and might have it abundantly." God is good all the time. All good gifts come from Him.

If your health has been destroyed, or stolen from you, the devil is behind it and at the root of it. Jesus has a good life, an abundant life for you. At Healing Rooms on the Genesee, we get Jesus involved in people's physical ailments. We pray for the tide to be turned and healing to come.
