Chamber launches its new website

By Mike Mathes
for the Depot Dispatch

A brand new website has been unveiled for the Elkhart Lake Chamber of Commerce, giving the chamber a greater presence on the internet.

The new website has been created in cooperation between chamber Executive Director Missy Koehler and Delta Publications.

At www.elkhartlakechamber.com, chamber members can find all sorts of information about chamber events and involvement.

The interactive site goes beyond mere information, as it provides opportunities for members to join, renew and pay their dues right on line in secure fashion. A directory of member businesses is available, sorted by business variety.

Other features for chamber members include pages to post press releases, offer job opportunities or submit an e-blast to chamber members. The calendar of chamber events is also available under the members tab.

In addition, the site features a member spotlight page.

Chamber information

Another segment of the site is set up to keep people informed about the Elkhart Lake Chamber of Commerce, including the mission page, information about member benefits, leadership/staff, economic development, Chamber Cash and social media posts.

Elkhart Lake's Chamber of Commerce is known for its monthly newspaper that serves the greater Elkhart Lake community—the Depot Dispatch. On the new site, visitors can link to the electronic version of the Depot Dispatch to enable them to read the paper on line. You can even browse back issues.

Visitors can also learn about advertising in the Depot Dispatch, or how to receive a mailed copy of the physical paper.

Events highlighted

Still another segment of the website is designed to keep the community aware of current events in the community, along with information about annual, standing

Top Chef honors dished out

Two Elkhart Lake Chefs received Top Chef honors in the annual Top Chef Elkhart Lake competition/fundraiser held in early March at The Osthoff Resort.

Congratulations goes out to Chef Al Behnke of the Elkhart Inn, above, for winning the People's Choice Award for the second year in a row at the 10th annual Top Chef Competition!

The winning dish, crab spinach artichoke-stuffed mushroom with chard tomato relish.

Congratulations to Casey Sparkles Moulam, right, for winning the Judges Choice award at Top Chef.

A special thank you goes out to Travis Carlson, Max Knauf and Lexi Orosco for all the assistance.

In its 10th year, Top Chef Elkhart Lake continues to raise funds in support of the of MCCD programming in Sheboygan County and surrounding areas.

May 24–26, 2019

THIS IS HOW WE ROLL Helping Put Students on the Road to Success

At Elkhart Lake-Glenbeulah High School, we offer learning experiences which are meaningful and relevant to our students' lives. Our size allows us to tailor individual and small group educational opportunities that satisfy our students' curiosity. A unique component of ELGHS is the visits to post-secondary institutions based on students' interests provided by the staff and administration. It's not uncommon to see 4-6 students with a teacher or building principal touring an area university, technical college or job center. By combining additional academic, technological and hands-on learning resources with the knowledge and skills to be college or career ready, a better plan for the student's future is able to be built. At ELGS, it is our goal for all students to be informed and ready for their future, no matter what career path they choose.

Customizing educational experiences to match a student's needs and interests is a common occurrence at ELGS. To learn how we can work with you to build a "road map" for your child's future, please contact either school principal, Debbie Hammann or Ryan Faris.

Sharing our Journeys

By Carol Edler Baumann
with contributions from Richard Baumann

Imitations

Cell Phones - OK, they are here to stay. But doesn't it seem like no matter where you look (walking, riding, standing, etc.) that almost everyone is talking on the phone? Is everyone so busy, is there so much to be talked about, are there so many critical situations that they have to be resolved immediately? I find grocery shoppers calling someone to see if the price is okay, what size they want, etc. Mostly I dislike (especially when traveling) is having to overhear someone's conversation—usually businessmen. Aren't their deals or business tactics supposed to be confidential? Seems not—we can all hear what he/she is talking about. There is no privacy around cell phones but oh my goodness, we have to stand far back from the reception counter in a doctor's office or bank lest we invade someone's privacy. Talk about contradictions! Amen.

Previews - I like watching movies on my DVD, guess what, you can see a whole movie without being interrupted by obnoxious, multiple ads. Well, not entirely true, there are usually five previews on the DVD before you actually get the movie to start. I fast-forward to eliminate that. Praise to Universal Studios, there DVDs have a 'Next' category which allows one to eliminate the preview—just keep pressing Next until all the previews are eliminated and the actual movie begins.

Scam & other Phone Calls - how clever they are now. They give a greeting

that prompts your response and then a pause and then the message, it's all set up so it sounds like you're talking to a person rather than a recording which is what it really is. I always ask, "Is this a real person talking?" and if the message keeps on, well then you know it's a pre-recorded sales pitch so hang up. Scam calls, they are so obvious I really can't imagine how anyone can get sucked in by them but I agree that some are so slick that extreme diligence is required. I either hang up or say, "The FBI is recording this and you will be prosecuted." I doubt if they would even care.

Donations - Don't you get enough solicitations in the mail or by phone? When you go grocery shopping do you really need the clerk asking if you want to contribute to this or that cause? If I'm really irritated I say, "I know you are required to ask, but I resent this and tell your manager that I just want to buy groceries and not be hit by a charity request." And recently (while eating) I even got a donation request all printed up nicely on a sheet of paper that said, "Donate While You Dine." This is getting out of hand!

Don't get me wrong. I'm usually very agreeable and none of the above will cause a heart attack, although it might raise my blood pressure a bit. I can accept all these irritations as a part of a business doing marketing to boost sales. But I just won't let myself get sucked into this mire of mindless obedience.

Four diamonds for The Osthoff

The Osthoff Resort in Elkhart Lake, Wis. has received the prestigious AAA Four Diamond Rating for the 21st consecutive year. General Manager, Lola Roeh, states, "We are honored to be among the elite group of all AAA-rated lodging properties in the nation that receive the AAA Four Diamond Award. It is a testament to our mission to deliver the best Midwest resort experience to our guests."

It is also a fitting complement to other recent awards for the resort, including a top 10 ranking from the prestigious Readers' Choice Awards by Condé Nast Traveler magazine, voted the state's Best Lakeshore Resort by Wisconsin Meeting's magazine, and the resort's Old World Christmas Market was voted the #1 holiday market in the U.S. in the latest Readers' Choice Awards from USA TODAY

and 10Best.

For more than 80 years, AAA has used professional inspectors to conduct in-person property inspections.

Of the more than 27,000 AAA Approved and Diamond Rated hotels, just six-percent make the Four Diamond list.

For the complete lists of AAA Four and Five Diamond hotels, visit www.AAA.com/DiamondAwards.

GROWING OLD
IS OPTIONAL!!

**"Let us never know what old age is. Let us know
the happiness time brings, not count the years."**

Ausonius

We all know what they say about age – *it's a state of mind and you are only as old as you feel.* At Cedar Community we strive to make sure there are opportunities for our residents to *enjoy, explore and embrace their best life.*

Cedar Community's assisted living offers active living and personal wellbeing with activities, socialization, tasty meals, housekeeping and a sense of security. It's independent living with services as needed to maintain your or a loved one's current lifestyle and personal privacy. There's nothing like a personal tour to appreciate all the comforts of home that Cedar Community has to offer.

**Call to schedule a private tour of Elkhart Lake's only
assisted living, 920.876.4050, and enjoy lunch on us!**

chamber events.

The community calendar updates daily with new events like community meetings, business events, entertainment, fundraisers and the like.

Separate pages are available to handle information about each of the Elkhart Lake Chamber's four main sponsored events.

A page devoted to Farmer's Market needs, includes information for vendors and visitors alike. Vendors are also able to make their applications directly through the website. They can also reserve and

pay for their farmer's market sites right through the online site.

Other pages highlight the events and schedules for Downtown Night, Christmas in the Square and Schnee Days.

In addition to many features that help to connect chamber members, the site also offers valuable community information.

Links are available to the official information sites for Elkhart Lake Tourism and the Village of Elkhart Lake.

The site also includes an opportunity for visitors to subscribe to the weekly events newsletter—The Lake Effect.

CALL NOW to schedule your cleaning.

STEAM CLEANING 920.564.4278
◆ Carpet ◆ Tile ◆ Furniture ◆

www.impressfloorcare.com

Floor cleaning firm aims to impress

Impress Floor Care, founded in 2015, is a small owner-operated floor cleaning business based in Hingham.

One of the new members of the Elkhart Lake Chamber in 2019, the company was founded based on the desire to serve customers, both residential and commercial, in several phases of floor care.

“Whether you call us to clean your carpet, tile or furniture, you get the same great technician each time. You don’t have to wonder who is cleaning any of your home or business,” said co-owner Teresa Beardsley, who operates the business with her husband, Paul.

Paul is an IICRC certified technician and experienced in various cleaning method to fit the needs of the flooring that customers have invested in. His IICRC certification includes the following areas: Commercial Carpet Maintenance, Carpet Cleaning, Odor Control, Stone, Masonry, and Tile Care, and Upholstery and Fabric Cleaning.

“Whether for your home or business, the investment made in your flooring and furniture can be safeguarded with regular maintenance,” Teresa said.

Cleaning based on needs

Impress Floor Care bases its pricing on the needs that of the customer. Several options for care include

Complete Clean: A room with furniture that we move for you.

Walking Path Clean: A room in which we clean around the furniture.

Empty Clean: An empty room with no furniture.

Spotting Care is part of the general pricing package. If a customer has a spot that needs additional care, Impress Floor Care will walk you through that process.

Fitting customer needs

Impress Floor Care is happy to find the best cleaning process to fit your needs. For the carpet in many homes, the preferred choice is hot water extraction—commonly referred to as steam cleaning.

Impress Floor Care uses a hot water extraction cleaning processes powered by a truck-mount unit for a better, deeper cleaning and faster dry times. With Impress Floor Care’s ability to use various extractors, scrubbers and modern safe cleaning solutions, you will receive the best possible results.

The Impress Floor Care van comes with the first 90 gallons of water to use for your cleaning process. The dirty water from cleaning is extracted and vacuumed back to the truck-mount.

Low Moisture Carpet Cleaning

The cleaning agent is brushed into the carpet using a cylindrical or rotary pad machine. The encapsulation chemistry surrounds each soil particle and crystallizes it so it can’t attract other soil. The encapsulated particles release from the fiber and are removed through dry vacuuming.

Low moisture carpet cleaning is ideally suited for commercial maintenance especially in office, church, schools, and other areas where the time frame to clean an area is minimal and fast dry time is critical.

“We use environmentally safe cleaning agents and protectors to be considerate of your family’s safety,” Teresa said.

“The beauty and life of your carpet depends on the care it receives. Keep your carpet looking great for its full lifetime and improve your indoor air quality.”

Don’t forget steps

Impress Floor Care reminds people not to forget the steps! Carpeted steps add beauty and texture to the setting in your home. Steps can be cleaned and maintained like any other carpet in your home.

Additionally, Impress Floor Care can provide furniture cleaning service.

“Our furniture cleaning service can assist you in removing the food enzymes that often get on your chairs,” Teresa said.

Whether lobby furniture for your customers or sanctuary chairs for your congregant, we will assist you in making your business look great with our furniture cleaning service.

Get the tile and grout cleaned

Tile and grout cleaning is achieved through the use of hot water and high pressure.

Grout is porous and will easily absorb grease, dirt, mold, mildew and lime scale.

Over time the tile may appear dull and the entire floor will look dirty and unattractive and in need of cleaning services.

Proper steam cleaning will refresh any area. “Our process includes the application of grout sealer once the tile and grout has been cleaned to assist in the protection of the grout during its life span.

VCT cleaning

Impress Floor Care also offers tile cleaning services, with an emphasis on Vinyl Composite Tile, a highly popular floor for many business facilities.

In order to sustain its durability, VCT needs to be cleaned regularly and properly maintained.

Polyacrylate floor finish creates a renewable, repairable, restorable wear layer that can be used to maintain the beauty and clean, shiny appearance that people want

to see in a floor.

Impress offers the following services for VCT cleaning

- Strip and apply new finish;
- Scrub and re-coat;
- Buffing; and
- Burnishing

Call (920) 564-4278 for more information or to get a free estimate. Check out Impress Floor Care online at www.impressfloorcare.com.

Luxury Motor Courts has a perfectly blended combination of everything you want, need, and expect from luxury accommodations — beyond a hotel or vacation rental.

Luxury Motor Courts to extend its offerings

Elkhart Lake-based luxury accommodation specialists, Luxury Motor Courts, LLC (LMC), announced this month an extension of its offerings, with an eye on even more luxury to come. Since its founding 3 years ago, the company has grown to include more luxury villa rentals and they now have a premier location opening in downtown Elkhart Lake with a main street office space to better cater to guests.

Going into the summer season, LMC's goal is to showcase more luxury options for guests to enjoy while in Elkhart Lake.

LMC sets itself apart from the other accommodation offerings in Elkhart Lake by understanding superior service and luxury features to provide a lifestyle of privacy and comfort during their guests' visits.

The company uses its knowledge in travel, hotels and event planning to consistently provide top-tier experiences. Maren, managing partner of Luxury Motor Courts, knows that the company's key to success comes from combining composed properties with exceptional service to deliver an exclusive guest experience. She explains, "At LMC, we create a new way to stay. Hotels have the amenities, the concierge and resort atmosphere, while vacation rentals and bed & breakfasts have classic tradition."

What LMC has, is a perfectly blended combination of everything you want, need, and expect from luxury accommodations — beyond a hotel or vacation rental. Their priority is the guests and the spaces they can enjoy when they stay at any LMC property.

In the coming months, LMC plans to

rely on its knowledge of luxury accommodations and outstanding customer service to continue to expand the company to compel more guests looking for a new way to stay. Aston Flats, the new downtown location, will feature four new villa options, ranging from a one-bedroom executive suite to a three-bedroom upper with a balcony overlooking Rhine Street. More villas, several housing options and extra amenities are also gaining popularity among guests in 2019. The main street office space, which resides within the new Aston Flats building, will bring the guest experience full-circle with a place to inquire about accommodations, a point of check-in upon arrival and a centrally located site with a community-like feel.

In addition to making a name for itself in the accommodations world market locally, LMC is also working with the community. As they grow, they have committed to devoting time, energy, and resources to give back by becoming a proud sponsor of Lemons of Love, which delivers chemotherapy care packages to individuals in treatment.

About Luxury Motor Courts

Based in Elkhart Lake, Wisconsin, Luxury Motor Courts is a luxury accommodations specialist. The Luxury Motor Courts team brings travel and planning expertise to help guests find the most fitting accommodations within their network of luxury offerings. Since 2016, the company has helped guests connect with accommodations that fit their needs and wants. www.luxurymotorcourts.com

Inside the Bottle

by Jaclyn Stuart CS, DWS, FWS

Wine glassware

If you've taken a walk down the glassware aisle of a department store, you know that wine glassware choices are vast. While there are hundreds of different sizes, shapes, and styles to choose from, the most important factor is what feels comfortable to you. Glassware companies claim that different glasses affect wines differently and would lead you to believe that you need a full set of at least two different glasses for red and white wine – but do you?

I have always believed that wine is meant to be enjoyed and however you want to do that is great. Whether it be from a \$50 crystal wine glass or a \$2 thrift shop juice glass is totally up to you. Glassware manufacturers lead seminars with different shaped and sized glassware to show how the same wine can smell and taste differently in each. This is because each glass allows for a different delivery of flavor and aroma based on the surface area of the wine in the glass and the depth of the bowl. While the same wine may taste different in each of those glasses, is it necessarily better? This really comes down to the experience and environment.

In Italy, it is common to enjoy wine out of a stemless tumbler, not a fancy stemmed glass. This is because wine is meant to be an everyday pleasure there, not something that is posh. I think that enjoying a Chianti in a tumbler in a Tuscan villa would be just as enjoyable as enjoying it from a fancy Sangiovese crystal glass in your living room. Some will argue that stemless glasses shouldn't be used because your hands will 'warm up the wine' while you hold it. I think that if you are clutching a glass long enough for your body heat to warm up a wine, you aren't drinking it fast enough. Stemless glasses are great because they are more durable in a dishwasher and are a bit harder to knock over. To some, though,

"Inside the Bottle" will be a monthly column that dives into the world of wine, craft beer, spirits, and other beverages – fermented and beyond. Jaclyn Stuart, author of *The Complete Idiot's Guide to Wine & Food Pairing* and owner of Vintage Elkhart Lake, will author the column and answer questions she frequently encounters inside her shop, at our wonderful Elkhart Lake area restaurants, and on her travels. If you have a question that you would like to see answered in this column, you can submit it to sommelier@vintage-elkhartlake.com.

they lack the romance of a stemmed glass.

For the perfect-stemmed glass, I feel you can get a single wine glass that works for both red and white wine. You want to find something that feels comfortable in your hand, is balanced and sturdy, and not too oversized. Some glasses are so big they will fit an entire bottle of wine in them. While these can make a statement, they aren't all that practical and are often quite expensive. You want to look for a glass that is around a 12-18 ounce capacity so that when it is filled 1/3-1/2 full, it will allow the wine to equal a standard glass-pour size and allow for room to swirl the glass. I like a glass that has a relatively thin lip but is still somewhat durable. It is also a good idea to find a glass that has been produced for a while and from a reputable producer, so if one does happen to break, you can replace it easily without having a mismatched set.

I have seen some people that intentionally have a mismatched, hodgepodge of glasses and this can be a fun conversation starter and make it easy for people to know which glass theirs is at a party. It all really comes down to your personal style and there is no set rule—just to enjoy! Cheers!

Gina's celebrates 15 years in Elkhart

Set in the quaint surroundings of the Elkhart Lake Feed Mill building, Gina's Fine Gifts & Framing is celebrating its 15th anniversary of business this year.

The business began solely as a professional custom framing shop, but has evolved over the last 15 years into much more than just a frame shop. It is now also a fine gift shop with an eclectic mix of offerings as well as an outdoor/active lifestyle apparel store that carries a vast selection of men's & women's apparel & accessories.

Professional Custom Framing

"We frame all styles and types of art, photography, needlepoint, diplomas, jersey's, keepsakes and more," said proprietor Gina Borland. "We professionally frame works of art and all of the aforementioned for the home as well as corporate offices, resorts and just about anyone who has cool things they want to hang on the wall." Gina's can accommodate all types of projects, big or small. "We have framed over 1500 pictures for local resorts as well as thousands of pictures, over the years, for local customers in Elkhart Lake as well as radiating communities." Borland also states, "We have over 15 years of professional custom framing experience, an art degree to go along with all of our learned talents, and a long list of very happy customers."

Forward thinking

Borland said vision is critical to her business. "We are always trying to find fun ways to stay creative and be forward thinking in our approach to growing our business & offerings to our community of Elkhart Lake and the surrounding area." This quest led Borland to move to a new location for expansion 7 years into running the biz of solely framing pictures.

"The move into the current location in the Feed Mill building gave us the much needed space to add many of the other fabulous things we love to the shop along with our framing services." Borland states that it is important to her to offer things for the locals as well as the tourists. "We carry a little bit of something for everyone and also items that aren't commonly found in our area." Gina's also offers special events with other local shops in town like their spring Shop and Sip event (April 27th) as well as an annual Holiday open house. She also offers sales at various times throughout the year.

"These offerings and great events keep the locals coming back time and time again and the tourists coming through the door each time they come back into town for a visit," stated Borland. One can follow Gina's Fine Gifts and Framing to keep up with their ever changing mix of gift items, decor and more, as well as info on sales and events on their Facebook & Instagram pages. You can also check out their website www.GinasGiftsandFraming.com.

Gina's continues to offer professional custom framing services along with her ever changing mix of home decor and gift items at their current location in the Feed Mill building next to Off the Rail Cafe.

Wide selection

Gina's shop carries an eclectic collection of wonderful things, including—

- luxurious bath & body products
- fine teas & tea accessories;
- home decor;
- kitchen linens & gadgets;

- fine stationery, humorous gift cards & gift wrap;
- purses & accessories ;
- artisan & customizable jewelry;
- children/baby gifts;
- home fragrance, candles/diffusers; and
- candies & chocolate treats

Check out the photo section on Gina's Fine Gifts & Framing Facebook page to see images of many of the wonderful items in store for you!

Passion for people, outdoors

Borland said her business thrives on a passion for quality and working with people. She also has a huge love for the outdoors and a vast array of outdoor activities including hiking, cycling, snowboarding, snowshoeing, SUP, and swimming. These interests led her to make the next addition to her shop in the existing space of the Feed Mill building. In 2011, Borland decided to add the name Elkhart Lake Outfitters to the existing Gina's Fine Gifts & Framing signage and begin offering outdoor/active lifestyle & casual apparel, shoes and accessories.

Ever changing selection

Elkhart Lake Outfitters carries an ever changing selection of seasonal apparel, footwear and accessories from great lines

like Patagonia, Kavu, Toad & Company, Lole, Smartwool, Kuhl, Pendleton, Sorel, Salomon and many more. Borland added, "The vast selection of brands we carry are perfect for your lake living needs and active lifestyle. We really do offer a little bit of everything fun under one roof at Gina's Fine Gifts & Framing and Elkhart Lake Outfitters."

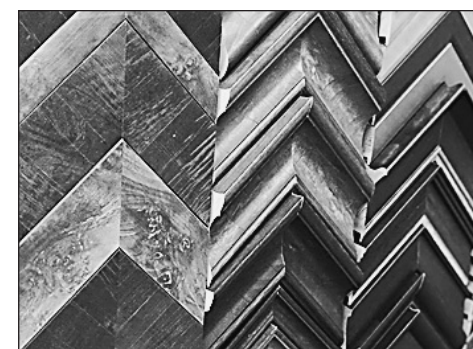

She noted that the community's commitment to shopping local and supporting local business has allowed Elkhart Lake Outfitters to increase its apparel offerings each season that goes by.

You can check out some of Elkhart Lake Outfitters offerings on their Facebook and Instagram pages as well as their website www.ElkhartLakeOutfitters.com.

Shop and support local

Borland states that she is grateful for the community support she has received these past 15 years. Borland and her staff reciprocate that love of community. "You will see us out in town supporting our community's other amazing businesses, and we hope you all come to town and do the same" said Borland.

"Elkhart Lake is a gem filled with so many amazing restaurants, shops and people. The great people who own businesses in Elkhart Lake share our sentiments of supporting local business, which

is part of the charm that Elkhart Lake exudes" said Borland.

"We shop local, eat & drink local, hike, bike, swim, and paddle local. When you keep your business local, "you" win because your community wins." said Borland.

She added, "We love what we do and we love the people we keep our doors open for year after year. It's been an amazing 15 years and we look forward to many more!"

Pictured with the ESOP Award are Brian Wieland - Used Car Director, Van Horn Automotive; Laura Pehler - Photographer, Van Horn Ford of Oconomowoc; Hannah Vassar - HR Coordinator, Van Horn Automotive; Chuck Van Horn - Co-CEO, Van Horn Automotive; Tonya Stahl - Vice President, Wisconsin Consumer Credit; Ryan Thiel - Marketing Director, Van Horn Automotive; Tom Stocco - Chief Financial Officer, Van Horn Automotive.

Van Horn Automotive named top WI ESOP

The Wisconsin Chapter of The ESOP Association recognized Van Horn Automotive Group as 2019 Company of the Year at its Annual Spring Conference in Wisconsin Dells, Wisconsin. The ESOP Company of the Year award is presented to a company that demonstrates a commitment to employee ownership, as exhibited by involvement with the Association and its programs, communication with employees, and commitment to the Association's vision.

Out of the 185 employee owned companies in Wisconsin, the ESOP Association considered five finalists and awarded 1 winner for this award. Each applicant was asked to provide examples of creating and supporting a working environment of employee ownership. "When we received word that we were getting the ESOP Company of the Year Award, we were ecstatic!"

said co-CEO and ESOP Trustee Teresa Van Horn. "Since we started the ESOP in 2015, we've been diligently working to build awareness and value among our 'employee owners.'" "It's a long process, but it's really starting to pay off in the mindset of how our employees treat each other and their customers. It really creates a forward-thinking attitude, and we are committed to building the strength of our ESOP for many years to come."

Alicia Diekow, ESOP Chapter Administrator expressed, "The selection committee enjoyed reading about the various ways that Van Horn has worked to be recognized as an ESOP company with their 'I OWN IT' T-shirts and internal competitions as well as in their communities with a slogan of "Family Born. Employee Owned." This recognition by the Wis

Celtic history on stage

The Plymouth Arts Center presents Celtic Folk "History," four performances featuring folk music from Ireland, England, Scotland, and America. This live musical concert features vocalists Tom Clegg, Julie Henze, Neal Horneck, Kerrylynn Kraemer, and Roy Schwab, under the direction of Clegg and Kraemer with accompaniment by Celtic Folk musicians. Evening show dates are Thursday and Friday, April 11-12, 2019 at 7:30pm. Matinees will be presented: Saturday and Sunday April 13-14 at 2:00pm. Tickets in advance are \$13 and \$15 at the door. Tickets for Children 12 and under are \$5 in advance; \$6 at the Door. Tax is included. Visa and Mastercard are accepted. Call (920) 892-8409 or visit our website: www.plymoutharts.org. PAC Box office hours

are: Tuesday-Friday, 10am to 4pm. Closed on Mondays and holidays.

The group Celtic Folk originated in 2013 at the Plymouth Arts Center under the direction of co-creators/directors, Kraemer and Clegg. Their first production was "Celtic Christmas" in 2013. The success of this show encouraged the directors to design additional shows: Celtic Christmas in 2014 & 2017; and Celtic Folk "Memories" in 2017. As the group evolves, new elements are introduced for each show, such as adding different instruments, a choir, soloists, dancers, etc. to help make it a memorable experience. Later this year, "Celtic Christmas 2019" will be presented at the Plymouth Arts Center, Nov. 21-24.

The Plymouth Arts Center is a 501(c)3 charitable non-profit organization solely

supported through memberships, fundraisers, business and individual donations, grants and sponsorships. The mission of the PAC is...to enliven the spirit of our community and to enrich the lives of all, by providing diverse experiences in the arts. For more information or a full schedule of events, please visit the PAC at 520 E. Mill Street, downtown Plymouth, WI or the website: www.plymoutharts.org

LTC named friend of military services

Lakeshore Technical College has been named to the Military Friendly® Schools list for the 10th consecutive year by Viqtor, a media entity for military personnel transitioning into civilian life. LTC earned a 2019-20 Silver Award designation, which recognizes the top 20 percent of colleges, universities, and trade schools that are doing the most to embrace America's military service members, veterans, and spouses as students and ensure their success on campus.

"We are eternally grateful to those who served in our military. LTC's designation as a Military Friendly college for 10 consecutive years is affirmation the support systems we have in place specifically for veterans are having a positive impact," said LTC President Paul Carlsen.

LTC routinely works with County Veterans Services, Wisconsin Department of Veterans Affairs and the Federal VA to ensure veterans have every available resource to be successful. LTC's newest military-friendly effort is that veterans are

now eligible to receive up to nine credits for prior learning. The credits apply to specific courses and are based on years of service and honorable discharge.

At the state level, LTC processes National Guard Tuition Grant Applications, Retraining Grant Applications for veterans who are dislocated workers, and VetEd Reimbursement Grants. Through the Wisconsin GI Bill, veterans and their dependents are able to apply for tuition and material fee waivers.

LTC processes federal benefits for eligible veterans and dependents. Over 100 students are served on an annual basis in this program. Also, the Veterans Priority Registration program allows any veteran with an honorable discharge to receive priority registration privileges.

LTC competed for this title by completing a survey of over 100 questions covering six categories, including military student support and retention, graduation and career, and academic policies and compliance.

Emma Salzwedel, Megan Flora, Ciara Hassinger, Emma Mrozinsky practice for their roles in "Night at the Wax Museum."

Les Tension Photos by Michael D. McGill

ELGHS players present Night at The Wax Museum

Three performances of "Night At The Wax Museum" will take place at Elkhart Lake-Glenbeulah High School March 29, 30 and 31.

The play is written by Craig Sodaro and produced by special arrangement with Pioneer Drama Services, Inc., Englewood, Colorado.

The production is directed by Ms. Erin Glynn and Ms. Brittany Neil. Technical Director is Bill Johnston.

The hysterical meets the historical in this comic romp through the wackiest wax museum in history! School's out for summer, but not for six unlucky students who don't know much about history--they have to re-take the class in summer school. First year teacher Heather Fairchild has arranged for them to help her two aunts set up a new wax museum as a class project. Though the students' eyes glaze over with boredom, there's a twinkle in the wax figures eyes when a mysterious incantation for the back of Cleopatra's bracelet brings them to life! King Henry VIII finds himself smitten with Cleopatra, making his queen, Anne Boleyn, furious. If she can just not lose her head, John Adams is there to serve as her divorce attorney! When

Butch Cassidy, Blackbeard and a bevy of lady pirates show up, everybody's out for one thing--treasure! Join the hilarious fun as treasure-hungry outlaws, pirates and royalty mount the greatest siege since Vicksburg! Wax historical in this mad-cap comedy adventure where the magic of history comes alive, literally!

Cast members are Leah Hetzel, Patrick Ward, Saylor Schoenborn, Anders Waage, Yoshi Sesoko, Julia Cain, Ava Lulloff, Emma Salzwedel, Emma Mrozinsky, Kylie Kaczor, Megan Flora, Ciara Hassinger, Cole Entringer, Hannah DeVries, Austin Henschel, Paige Ward, Ashley McEathron, Ethan Heier, Athena White, Mia Herrera, Cole Rentmeester, Yuki Sesoko, Baxter Salzwedel, Jesse Guerrero, Skyler Brusky, Ella Busse, Brady Hassinger, Paige Lehrke, Peyton Radloff, and Alex Schneider.

Tickets are \$5 for students/senior citizens and \$7 for adults. Tickets available at the High School Office. At the door prices are \$7 students/senior citizens and \$10 for adults.

Friday and Saturday shows are at 7 p.m., while Sunday's matinee is at 2 p.m.

Memorial pavers available

The Memorial Tribute Program put on by the Elkhart Lake Lions Club is fast approaching. This year's program will be held at 11 a.m. on Saturday, May 25 at Memorial Park, located on the corner of Highway 67 and Chicago Street.

Pavers to honor area veterans are available for purchase through the Lions Club. To ensure dedication of these pavers at this year's program, applications should

be submitted no later than April 30.

The pavers come in three sizes: 6x6 for \$75, 6x12 for \$125, and 12x12 for \$250. Forms and information may be obtained by contacting Gary Kegler at (920) 946-6197 or by emailing gkarchit@yahoo.com.

Checks should be made out to the Elkhart Lake Lions Club. Further details concerning this year's program will be made available at a future date.

Read Across America

EL-G Elementary school buzzes with reading activities for special week

Students and Elkhart Lake-Glenbeulah Elementary students and staff celebrated Read Across America Feb. 25-March 1 with a variety of activities. The theme of the event was "Soar into Reading - It's Supercalifragilisticexpialidocious!" The students made kites in art class, which were displayed in the cafeteria. Students and staff participated in special dress up days based on the songs from the Mary Poppin's movies.

- Monday "Trip a Little Light Fantastic" - Students wore bright colored clothing.
- Tuesday "Supercalifragilisticexpialidocious" Students wore clothes that made them feel special.
- Wednesday "I Love to Laugh" - Students wore silly or mismatched clothes.
- Thursday "Step in Time" - Students wore outfits from a different decade.
- Friday - Dr. Seuss Birthday celebration - Students dressed up in their favorite book character or wore read in honor of Dr. Seuss.

On Wednesday, Feb. 27 JK-4 staff and students met in the library for buddy reading. The school also held "Stop, Drop & Read" every day; students were expected to carry a book with them wherever they went because they never knew when the announcement would come. Students also participated in a daily trivia contest with questions related to various books.

Celebrity Readers - Dr. Buechel Haack, District Superintendent, and Mrs. Hammann, Elementary Principal, visited classrooms and read to the students.

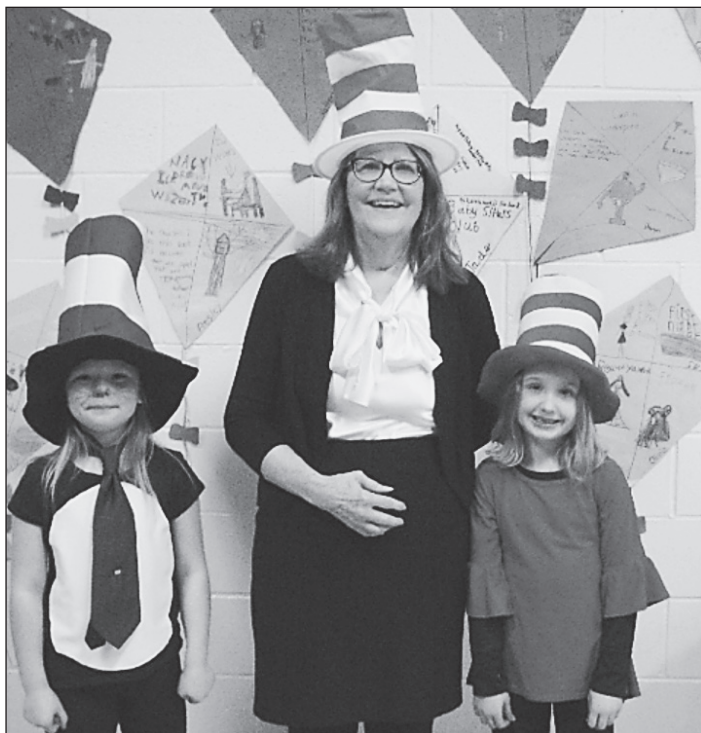

Students and families were invited to an evening event on Thursday, Feb. 28 with magician, Tim Glander.

The EL-G School community enjoyed an evening of magic that celebrated reading, books and family literacy. Huge thank you to the EL-G PTA for funding this awesome evening event.

On Friday, March 1 students and staff met in the cafeteria for a birthday celebration honoring Dr. Seuss's 115th birthday. Special thanks to "Off the Rail" for providing the cupcakes for the birthday celebration. The week finished with students watching the original Mary Poppin's movie.

Students and teachers joined in the Dr. Seuss Birthday Celebration to celebrate Read Across America.

ELGHS robotics team competes at tourney

The Elkhart Lake-Glenbeulah High School Robotics team of Carter Lutzke, Dakota Schmidt, Anthony Buechel, and Sean Higgins took part in the 6th Annual Ishamon Harris Memorial VRC Tournament in Fond du Lac on Jan. 26 and the VEXFest Robotics Tournament at Xavier High School in Appleton on Feb. 16.

This year's VEX Robotics game "Turning Point" challenges students to design a robot that will be no larger than an 18-inch cube at the start of the game. The robot may then expand in designated zones to flip and stack caps, collect and shoot

balls at targets, and climb obstacles using autonomous control and driver control.

The team finished 29th out of 54 teams during qualifying matches and 24th in the skills competition at Fond du Lac. In Appleton, the team finished 35th out of 47 in qualifying matches and 38th in skills.

Fund-raiser at Elkhart Lake horse shelter

A tack and bake sale and brat fry will be featured at the next Visitors' Day at the Amazing Grace Equine Sanctuary in Elkhart Lake. The event will be held on Sunday, April 7, from noon to 4 p.m. at the shelter, W4985 County Rd. FF (just west of State Hwy. 57).

Fringe Benefits will host a large sale of items for horses and riders with proceeds benefiting the horses at the sanctuary. Volunteers will hold a brat fry, compliments of Miesfeld's Market, and a bake sale. Visitors may meet the 20 horses at the shelter and bring small carrots to feed them.

The Amazing Grace Equine Sanctuary is marking its tenth year helping at-risk horses find new homes and caring for those who cannot be adopted. More information is available at rescuehorses.org.

Elkhart Lake Village Report

Thanks for a job well done!

Thank you President Rudnick

I would like to say Thank you to President Alan Rudnick for his years of service from the Village employees and committee members. It has been a great nine years working alongside Alan. He has a great passion for the Village and making the Village a better place.

Alan has put countless hours into Village business. He truly cares about Elkhart Lake and wants to see it prosper. Alan has led the Village through the closing of the first Osthoff TID, the building/opening of the Fire Station, the creation of three successful Tax Incremental Financing Districts, the caboose renovation, Sargento Expansion, Throttlestop and the Vet Clinic, Wolf Motorsports & Villas, creation of the shred day, champion of digital Board packets, and the list goes on and on.

If you see Alan please thank him for his service. From myself and all the staff please know you will be missed and it has been a pleasure working with you.

Spring Election Tuesday, April 2, 2019

The spring election will be held on Tuesday, April 2, 2019. The ballot has been set. The polls are open from 7 a.m. until 8 p.m. Absentee ballots are available. There is a State Supreme Court race, The Court of Appeals District 2 race, Village President contest, the Village Trustees' contests, and the school board contest on the ballot. We hope to see you at the polls on April 2. Photo ID will be required at all elections.

Dog Licenses

Please stop in at the Village Hall to license your dog by March 31. You need to provide a proof of rabies vaccination and pay the fee (\$7 per spayed or neutered dog and \$14 per dog if not spayed or neutered). A late charge will be assessed to all dogs not licensed by March 31.

Fire Department Breakfast at the Firehouse

The Elkhart Lake Fire Department will be holding its annual breakfast at the firehouse event. It will be held on Sunday, April 14, 2019 from 8 a.m. until 12 p.m. It will be all you can eat scrambled eggs, pancakes, French toast, sausage, ham, toast, coffee, milk, and orange juice. The cost will be \$10 for adults and \$5 for children 8 and under. Hope to see you at the event.

3rd Annual Shred Day

A reminder that the Village will be hosting our 3rd Annual Shred Day on Saturday, June 15, 2019 from 9:30 a.m. until 12 p.m. Once again we will have the shredding truck at the Elkhart Lake Fire Station located at 610 S. Lincoln Street. There is no cost for Village residents to bring your paper for shredding. Members of the Elkhart Lake Fire Department will be on hand helping unload your vehicle. A small donation to the Fire Department would be appreciated. If you have questions call Kim at 920-876-2122.

School Electronics Recycling Event

The Elkhart Lake Schools will be holding an Electronic Recycling Event at the high school on Saturday, April 13 from 8 a.m. until 12 p.m. The high school's National Honor Society Students run this event in the high school parking lot. Many electronics can be recycled free of charge, but some will have a charge including monitors and TVs. If you have questions please call Mr. Moore, the NHS advisor at 920-876-3381.

Household Hazardous Waste

Sheboygan County has established three (potentially four) periodic collection sites for disposing of hazardous wastes. The majority of the program is funded with County tax dollars, so be prepared to show proof of residency. When those funds are depleted, the sites will be closed until funds are again available. The fees are: \$10 – Vehicles with hazardous waste only, \$30 – Vehicles with household size electronics only (for each six items), and \$30 – Vehicles with both hazardous waste and household size electronics (for each 6 electronic items). For more information on the days, times, and locations please visit <https://www.sheboygancounty.com/home/showdocument?id=11444>.

Library Renovation Update

The library renovation project is nearing completion. They are expecting it to be completed by the end of March. The vestibule is built, the walls are painted, and the carpet is in. They are just waiting for a few pieces of furniture. Come stop in and see the renovated library. There will be a grand opening scheduled for April on a date to be determined. Due to the renovation there are some pieces of furniture the library is selling. They have some tables, chairs, and computer stations available for sale. If you are interested in purchasing any item or seeing what is for sale, please visit the library's Facebook page or call Betty at 920-876-2554.

Library Continues to Offer Gale Courses

The Monarch Library System continues to offer Gale Courses. Through this unique program residents can access instructor-led, online courses through their local library's websites and the Monarch Catalog. Gale courses offer patrons access to hundreds of instructor-led online courses covering everything from health and wellness to creative writing, computer programming, GED test preparation and much more. Gale Courses are developed by expert instructors, many of who are currently working at universities around the country and have continuous enrollment dates.

Elkhart Lake Public Library patrons can use a current library card to enroll at no cost. Courses run for six weeks, with two new lessons released weekly, and new sessions beginning every month. The courses are entirely web-based with comprehen-

sive lessons, quizzes and assignments.

For more information about the catalog of courses offered or to enroll in a course, visit the Gale Courses/Monarch Library System website (<https://education.gale.com/l-monarchcls/>). Here you can browse through the course offering and find additional information.

If you don't have a current library card, stop in at Elkhart Lake Public Library or apply online at Monarch Catalog (<http://www.monarchcatalog.org/polaris/>). For questions or more information please contact the Elkhart Lake Public Library at 920-876-2554.

News on Water Cross Connection Inspections

The Village will be putting more emphasis on inspecting homes and businesses for cross connections in the water system. The DNR requires that all homes and businesses are inspected for cross-connection. We hired a company named L-R Meter to conduct the cross connection on commercial, industrial, and public buildings. They will begin the work the second week of April and complete half the properties this year and half the properties next year.

What is cross-connection?

Cross-connection is an actual or potential connection between the safe drinking water supply and a source of contamination of pollution. State plumbing codes require approved backflow prevention methods to be installed at every point of potable water connection and use. Cross-connections must be properly protected or eliminated.

How does contamination occur?

When you turn on your faucet, you expect the water to be as safe as when it left the treatment plant or well. However, certain hydraulic conditions left unprotected within your plumbing system may allow hazardous substances to contaminate your own drinking water or the public water supply. Water normally flows in one direction; however, under certain conditions, water can actually flow backwards. This is known as backflow. Backsiphonage or backpressure may cause the water to flow backwards. Backsiphonage may occur due to a loss of pressure in the municipal water system during a fire fighting emergency, a water main break, or system repair. This creates a siphon in your plumbing system, which can draw water out of a sink or bucket and back into your water or the public water system. Backpressure may be created when a source of pressure (such as a boiler) creates a pressure greater than the pressure supplied from the public water system. This may cause contaminated water to be pushed into your plumbing system through an unprotected cross-connection.

In most cases where can cross connection issues occur?

In the bathroom with handheld shower fixtures and toilet tanks and in the kitchen.

How can you protect your drinking water?

Do...

- Keep the ends of hoses clear of all possible contaminants.
- Make sure dishwashers are installed with a proper "air gap" device.
- Verify and install a simple hose bibb vacuum breaker on all threaded faucets around your home.
- Make sure water treatment devices such as water softeners have the proper "air gap", which is a minimum of one inch above any drain.

Don't...

- Submerge hoses in buckets, pools, tubs, sinks or ponds.
- Use spray attachments without a backflow prevention device.
- Connect waste pipes from water softeners or other treatment systems directly to the sewer or submerged drain pipe. Always be sure there is a one-inch "air gap" separation.

If you have questions on cross-connection please contact Pat Zorn at the Village garage at 920-876-2231.

Water Conservation & Water Loss

There are many ways a person can conserve water. You turn off the faucet while brushing your teeth, you take shorter showers, you can replace your old toilet with a new 1.28 gallon/flush model, you can check for leaks in your toilets or faucets, or only do laundry when you have a full load, etc. These are all good ways to conserve water, but there are ways you can conserve water and use water efficiently outdoors.

Some things you can do outdoors include:

Making lawn watering optional. Some people choose to forgo watering estab-

April mystery photo

Can you identify the photo?

Take a look at April mystery photo above. Do you know anything about it? Where was the location? What was the approximate year? Do you know specific building in the photo?

If so, let us know!

To enter the April contest, send an email or letter with as many details as you can include to the Elkhart Lake Chamber. Either drop off at our office, or email depotdispatch@elkhartlake.com.

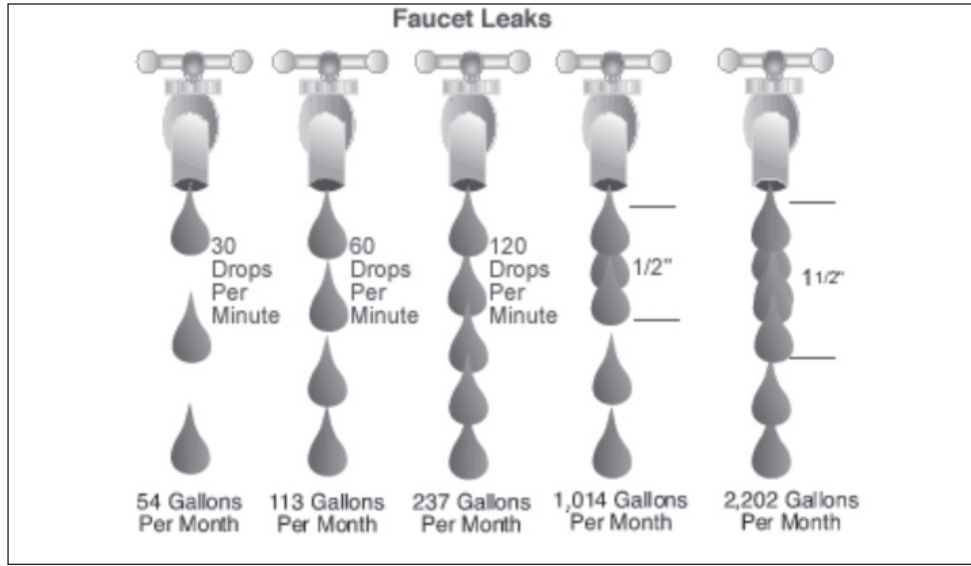

The person with the best submission

will receive a finely matted, quality enlarged print of the original, courtesy of Schamberger Gallery in Elkhart Lake.

Meanwhile, we have a winner for the March contest.

This from winner Gary Gritzmacher—
“I’m guessing it’s a derailment from the forties or fifties because of the older style of box car, or it’s an ill fated attempt by the Milwaukee Road at trying to establish a drive through service!”

March mystery photo

Village

continued from page 18

lished lawns and allow their lawns to go dormant during hot periods in the summer.

- Decrease your lawn area. Assess your lawn and decide if you can convert lawn into garden beds.

- Use native plants. Plants and shrubs native to Wisconsin come in beautiful varieties. Correctly matched to soil and light needs, once established, native plants will survive wet weather and drought conditions alike.

- Redirect and disconnect downspouts. In this case, redirecting your downspouts into your lawn or a garden, allows for some of that rainwater to infiltrate into the soil and eventually reach the water table. This practice keeps your water local and on your property as much as possible. This does not work for all situations such as if the downspout is keeping water out of your basement, but often the water can be redirected to flow into your lawn or garden with no detriment to your yard and a benefit to water supplies.

- Plant a rain garden. A rain garden is a specialized garden that uses water typi-

cally captured from a roof, and allows the rain to slowly infiltrate into the ground, contributing to groundwater supplies and reducing storm water runoff.

- Create rain barrels. Installing a rain barrel connected to a downspout is a great way to create an additional water source. Rain barrel water can be used for outdoor and indoor non-edible plants. These barrels usually hold 50 gallons and fill quickly in a rainstorm.

People do not realize how a small leak can be costly. Below is an image that shows that a faucet dripping only 30 drops per minutes can mean that 54 gallons are lost a month. If you have a leaking toilet that is leaking at 1/4 gallon per minute, it can use 10,800 gallons per month and can cost over \$125 in water and sewer charges in one month in the Village of Elkhart Lake. If you suspect your toilet is running or leaking you can contact the public works department and they can check for a leaking toilet.

If you have any questions, please call 920-876-2122.

April 18 - Print ready ads due.
April 30 - Issue on newsstands.

Elkhart's Community UCC hosting two Spring Events

Community UCC will hold its annual garage sale on May 3 and 4 in the lower Fellowship Hall. There will be items for all ages available for purchase. It will be a time to visit, have a cup of coffee, eat a cookie and shop for special treasures. We are located at 174 N. East Street.

We have a beautiful new entrance to our church, which allows access to all. We will have many items, including clothes, kitchen utensils, holiday decorations, jackets, vests, purses, baskets, toys, and much more.

Our second event will be a silent auction and raffle held on May 10 in conjunction with our Spring Fish Fry at Anchor Lanes. We will have items from our local merchants and private individuals. A chance for you to bid on or win the raffle for dining out or enjoying outdoor activities or a basket of surprises while enjoying a delicious fish dinner.

These fundraisers help us to assist families within our church and community. A percentage of the proceeds will go to help people that have lost much through the many disasters in our world.

Exciting things are happening at the Elkhart Lake Library!

Hey folks, our painting, carpeting and construction are done!
Our new furniture and service desk will be arriving soon.
We will have an Open House when everything is finished.
Check our website and Facebook for date and time.

Sargento named Robinson as new VP-Engineering

Sargento Foods Inc. announces Diane Robinson has accepted the position of Vice President – Engineering.

Diane will manage all aspects of engineering at Sargento, including production, facilities, innovation and continuous improvement, to ensure they meet strategy goals. She will report to Kerry Kremer, Senior Vice President – Manufacturing & Engineering.

"Diane has a proven track record of leading teams that drive innovation and execute successful strategic programs," said Louie Gentine, CEO of Sargento Foods. "We're excited to welcome Diane to the Sargento Family and look forward to her helping continue our history of creating innovative products for our customers."

Prior to joining Sargento Foods, Diane most recently served as Senior Director – Advanced Engineering for Whirlpool Corporation. While there, she led the company's global Advanced Engineering team that focused on Innovation, Product, and Technology development for all of Whirlpool's product lines and regions.

Diane Robinson

Diane earned her master's degree in mechanical engineering with emphasis on manufacturing systems leadership from Stanford University. She also holds a bachelor's degree in mechanical engineering from Michigan State University.

Boettcher named top ACT readiness champion

Lakeshore Technical College Career Coach Tanya Boettcher has been selected as the Wisconsin ACT College and Career Readiness Postsecondary Champion by ACT, a national non-profit organization known for its college and career readiness assessments.

The College and Career Readiness Postsecondary Champion is a person who excels at assisting individuals in navigating their education and career journeys. One Champion in each state is selected annually.

Boettcher advises and recruits prospective new and transfer students by addressing individual concerns, exploring their interests, and identifying career opportunities that can meet their goals. She also assists them regarding credit transfers, program options, and job placement opportunities.

The average age of an LTC student is 25, and 86 percent of students attend part-time. This means Tanya primarily works with adult students who are balancing work and family responsibilities with college, while facing uncertainty about their education path and their academic readiness. Tanya is notably a champion

Tanya Boettcher

in serving these students. As a certified Career Development Facilitator, she takes a proactive coaching approach to assist students in preparing to enter the best LTC program for them.

Horse-Drawn carriages and vehicles on display at the Jung Carriage Museum

Looking for a way to get the family out of the house this winter? Visit the Wesley W. Jung Carriage Museum at Wade House Historic Site for a fun-filled adventure.

Carriages and wagons await visitors, in a state-of-the-art, 20,000 square foot museum in the heart of Greenbush. The collection features over 70 horse-drawn carriages and vehicles that span the period from 1870 to 1915. Many were made in Sheboygan.

Visitors will also experience an exhibit all about Frank Lloyd Wright and see one of his personal carriages as well as other specialty wagons. There's even a stagecoach for the whole family to take a group photo in. The museum has hands-on activities for everyone. Guests can even try snowshoeing, weather permitting (use of snowshoes is included in admission).

Plus, keep an eye out for upcoming kid's activities in April.

The Wesley W. Jung Carriage Museum is open Saturdays and Sundays from 11 am to 5 pm. The cost is \$7 for adults, \$6 for seniors and \$3.50 for children. Families (2 adults and 2 children 5-17) can also purchase a pass for \$19. Wisconsin Historical Society members receive free admission.

For more information visit, wadehouse.org.

Model UN conference

ELGHS students attend simulation of diplomatic efforts

On Friday, March 1 students from Elkhart Lake-Glenbeulah High School participated in the Annual Marian University Model UN Conference. This year's conference had nearly 200 participants that represented over 60 countries.

Model United Nations or Model U.N. is an academic simulation of the United Na-

tions where students play the role of diplomatic representatives from other countries. Through live negotiations with other students representing different countries, they advocate to solving international issues that affect nearly every country in the world. EL-GHS students represented the counties of Austria, Panama, and Poland.

Students were able to develop and utilize many essential skills, such as negotiation, public speaking, and collaboration. This experience helped them develop a diverse array of perspectives that help to give them an excellent capacity for global awareness, politics, and debate of real-world issues and current events.
