How To Sanitize A Mobile Phone

The most germ-addled item in your home may not be the toilet or the kitchen sponge. Mobile phones pick up bacteria wherever they go. In addition, users touch their phones an average of 47 times a day according to the national average determined by a Deloitte research survey, introducing new contaminants to the device each time they do so.

Researchers at the University of Arizona found that cell phones carry 10 times more bacteria than many toilet seats, and there may be as many as 17,000 bacterial gene copies on the average high-schooler's phone. While cell phone safety often focuses on protecting data, smartphone users also should consider keeping their phones clean to remove the potentially harmful microbes that accumu-

late on phones every day. Avoid excess moisture when cleaning cell phones, advises the home and lifestyle experts at The Spruce as moisture can damage internal components. Most cell phone screens have an oleophobic coating that repels oils from hands and fingers. Harsh cleansers or abrasive materials on the glass can prematurely remove this coating and/or scratch the surface.

While you clean at your own risk, many tech experts suggest a spray mixture of distilled water and isopropyl alcohol applied to a microfiber cloth to remove surface contaminants. Don't directly wet the phone. There also are pre-packaged cleansers sold for electronics usage. Invest in an antimicrobial cover to provide an added layer of protection for the phone.

Other ways to keep a phone clean are to wash your hands before use and to try to keep the phone away from areas that may be vulnerable to germs, such as bathrooms. TF192686

What is Traditional Usui Reiki?

By Lori Kleinsmith

Reiki, pronounced "ray kee" is a natural and holistic approach to healing and well-being that balances and harmonizes on all levels: mental, emotional, physical and spiritual. It is based on the principal that there is energy flowing in and through all living things, and that when this energy is low or impeded, stress, fatigue or illness are more likely to manifest. Reiki helps to restore one's natural state of health and well-being by balancing and harmonizing these energies.

Reiki is based on the "Usui System of Natural Healing." It was founded by a Christian monk, Dr. Mikao Usui, who was the principle and teacher at a Christian seminary in Kyoto, Japan. Since the 1980s, Reiki has made its way into the U.S, Canada and eventually becoming worldwide, gaining a wide acceptance as a natural and holistic approach to healing. There are three levels in Traditional Usui Reiki. Level one, two and the Master level. It is not uncommon for people to take level one and be content not to go any further. Many times it is people who would like to work on animals that one level is all they feel they need. Once you learn Reiki it is yours to use on yourself, others, animals and more. When learning Reiki it is best to find a Master/Teacher that you can learn from in person. There is a rich knowledge that is shared by the teacher to the student. Who benefits from a Reiki session? Everyone! Young, old and in the middle! A few examples of the benefits of Reiki are: In this stressed out world...Stress relief, trying to get pregnant or relaxing during pregnancy, taking the edge off of withdrawal symptom from alcohol and drugs. May also help to relieve nausea and pain for cancer patients and stimulate nerves for stroke patients. It can also help in processing the loss of a loved one whether it is from death or divorce. The list goes on and on. It is a wonderful, loving, stress relieving and harmonizing addition that everyone of all ages can benefit from.

Since becoming popular there have been many spinoffs of Reiki. The Traditional Usui Reiki is taught at Pinnacle Hypnosis by Lori Kleinsmith, Reiki Master and Certified Hypnotist. How do you know if you learned traditional Usui Reiki? A lineage from Mikao Usui is given to every student. UPCOMING TRADITIONAL USUI Reiki Classes: Level 1 - April 13 & 14; Level 2 - June 8 & 9 (Must have completed level 1) Both classes are 10 am to 3 pm each day. Reservations required. Class sizes are capped at 5 students. Master Level is offered on an individual basis. For more information contact:

Thank You

We would like to send a heartfelt thank you to all that participated in the fundraisers and the BennyFit event that will offset Ben's expenses for his living kidney donation to our beloved Linda. From the girls at Snuzzle's, to the owner at Janelle's, and all the others behind the scenes, thank you so much for all the planning, donating, and supporting us through this journey. There are no words to express how grateful we are, and the generosity of the community... it is overwhelming.

All our families can do is say "Thank You" from the bottom of our hearts.

READER'S Recipe

CARROT PINEAPPLE CAKE

2 cups all-purpose flour	2 cups shredded carrots
2 teaspoons baking soda	1 cup flaked coconut
1 teaspoon baking powder	1 cup chopped walnuts
1 teaspoon salt	1 (8 ounce) can crushed pineapple, drained
2 teaspoons ground cinnamon	1 (8 ounce) package cream cheese
1 3/4 cups white sugar	1/4 cup butter, softened
1 cup vegetable oil	2 cups confectioners' sugar
3 eggs	
1 teaspoon vanilla extract	

Preheat oven to 350 degrees F. Grease and flour a 9x13 inch pan. Mix flour, baking soda, baking powder, salt and cinnamon. Make a well in the center and add sugar, oil, eggs and vanilla. Mix with wooden spoon until smooth. Stir in carrots, coconut, walnuts and pineapple. Pour into 9x13 inch pan. Bake at 350 degrees for about 45 minutes. Don't panic, the center will sink a little. Allow to cool. To make the frosting: Cream the butter and cream cheese until smooth. Add the confectioners sugar and beat until creamy.
