FOCUS ON FARMING

Many Conservation Program Options for Gratiot County Farmers

Gratiot County farmers managing land in the Pine River or the Shiawassee River Watersheds should be aware that there are several unique conservation programs available. In addition to the Saginaw Bay Watershed RCPP— whose contracts are administered by USDA-Natural Resources Conservation Service— two alternative conservation programs exist. These programs, the *Sediment Reduction Pay-for-Performance (PfP)* program, and the *Water Replenishment PfP Program*, offer flexible options and shorter-term contracts than traditional Farm Bill programs. Both take an innovative approach to incentivizing conservation practices. There are no set, per-acre payment rates. Instead, farmers are offered a lump sum payment based on the unique characteristics of their farmland.

 216 Eastman St. Breckenridge, MI 989-842-3104 800-472-4629

For example, payments through the Sediment Reduction PfP program are based on the tonnage of soil saved by implementing practices that reduce soil erosion. Similarly, payments through the Water Replenishment PfP program, are based on the gallons of water that can be retained in the soil rather than running off the surface. Many of the same best management practices are available through both programs. However, implementing cover crops and residue management practices result in the highest payments in the Sediment Reduction program, while no-till and drainage water management result in the highest payments through the Water Replenishment PfP program.

Farmers in Gratiot County should be no stranger to the PfP concept. In 2014, the Gratiot Conservation District launched the Upper Bad River Watershed Sediment Reduction Program. This project was the first to test the pay for performance payment structure in the region, serving as the forerunner to the current Saginaw Bay PfP projects.

The map below displays the current availability of these Saginaw Bay Watershed Conservation Program options. These programs are available to eligible farmers from now until the spring of 2020. Payment contracts are available on a first come, first serve basis.

61st Annual Shepherd Maple Syrup Festival

The Village of Shepherd will hold its 61st Annual Maple Syrup Festival on April 25-28, 2019. Started in 1958, the long running tradition will once again feature pancake and sausage meals flavored with Shepherd's own, locally produced syrup. Returning events will include amusement rides, a craft show, car show, parade, live music performers, and more.

The long running tradition is completely dependent on volunteers who help out in everywhere, from tapping the trees, to making the pancakes and coordinating the festival's events.

Go to www.shepherdmaplesyrupfestival.org for more information on the festival.

We hope you enjoy this famous Shepherd Maple Syrup. It all started in 1958 as a volunteer project with the plan to have the proceeds fund recreational activities in our community. It has grown from a pancake supper into a 3-day festival. All of the labor it takes to make and serve the syrup, candy, pancakes and sausage for the festival is donated by volunteers from our area. Please come join us at our Maple Syrup Festival, which is held annually during the last full weekend of April.

Park it in the CLASSIFIEDS *and watch it go fast!*
