Elect LeRoy Wood Keshequa School Board

As an auditor for the Keshequa School District over the past 12 years, I have had the opportunity to grow and learn as an employee about many of the operations our school district performs from an administrative viewpoint (banking, budgeting, policy).

I believe this working experience, my 20 years in the United States Navy, and my current position as Village of Nunda Administrator/Clerk-Treasurer - has uniquely prepared me to be the dynamic School Board Member our students, community, educators, administrators, and staff - expect and deserve.

I am prepared and highly motivated to take on the responsibilities as a Board Member with efficiency, transparency, and confidence.

I ask for your vote in this election Tuesday at the Keshequa Central School.

Thank you!

SPEAK OUT

Dear Speak Out!

Monday, May 27th is Memorial Day. It was begun as Decoration Day in 1868 after the Civil War to honor and remember those who died while serving in the armed forces of the United States of America. Many of we Americans see Memorial Day as only a day for picnicking and camping while we leave gravesites without any decorations of any kind. We should be ashamed, as those men and women died so that we can continue to enjoy our freedoms.

When I was a boy, the cemeteries were decorated with thousands of flowers, while today only a few people see fit to decorate graves. We have even forgotten and neglect the graves of our own family members who have departed. I think it could be summed up best with what a relative of mine told me last summer, that he works hard and believes that he deserves a day off to enjoy himself. Unfortunately I think he and many others with the same views have missed the point, that without those who have served in the armed forces of the United States of America, we would not be able to enjoy our freedoms.

I encourage all of you to wake up and remember these men and women who died in the service of their country, as well as all our departed family and friends, this Memorial Day, May 27th.

Empty Bowls Fundraiser

Our first **Empty Bowl Fundraiser** was a success! On April 26th 2019, Keshequa Primary School hosted its first annual Empty Bowls Fundraiser and family STEAM Night. This event ran from 5pm- 7pm where families were encouraged to come out and support the artists that handcrafted bowls and venture through various STEAM Challenges.

The Empty Bowls fundraiser is an art fundraiser where students make handmade bowls and donate them to the cause. Students from grades Prek-12 had a hand in making the bowls.

Families came out to enjoy a simple soup dinner for a \$10 donation. One hundred percent of each meal's proceeds were devoted to the Keshequa Primary Backpack Program. The Backpack program supplements students in need of extra meals to fight hunger.

This night was all about supporting student artists, a great cause and exploring through STEAM (Science Technology, Engineering, Arts and Mathematics) Challenges. Students had a variety of challenges to choose from, such as Dash and Dot coding robots, Spheros, cardboard building challenges and more!

**Thank You
FOR FILLING YOUR
BELLY AND OUR
backpacks!**

This event wouldn't have been possible without the Art Department, the Keshequa PTSA, Genesee Valley BOCES and the many volunteers who donated their time! We would like to Thank everyone who came out to support this event and we hope to see you next year!

Hyperbaric Oxygen Therapy in Nunda

The human brain comprises only 2% of the body's weight. However, it uses 20-25% of the body's oxygen supply. Lack of oxygen in just one vessel in the brain can lead to a stroke!! Low oxygen concentration can also cause chronic fatigue, lack of concentration & insomnia.

There is a solution...

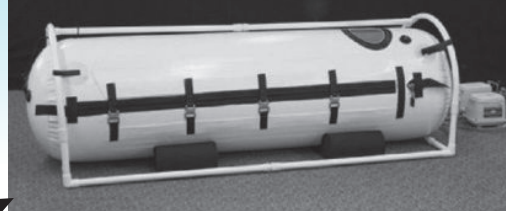

- Significant Anti-Inflammatory effect.
- Lyme Disease and Psoriasis Treatment.
- Post Traumatic Stress Disorder Therapy.
- Fast recovery after minor surgeries (especially plastic surgery).
- Reduction of tremors in patients with Parkinson's Disease.
- 2 & 1/2 hour nap in a chamber equals 6 hours of normal sleep.
- Anti-aging, rejuvenation (including weight loss, decrease fat cells).
- Prevention and Rehabilitation for Dementia, Alzheimer's, and Stroke patients.
- 1 hour in a chamber equals 20 pills of ibuprofen, 200 mg (without side effects).
- Wound Healing (including burns). Oxygen heals your body with less scarring.
- Prevent complications in Fetal Anemia (completely safe for pregnant women).

....and many more!

According to the Mayo Clinic, the effects are similar to growth hormones and stem cells.

PRAYER TO THE HOLY SPIRIT: Holy Spirit, You who makes me see everything and who shows me the way to reach my ideal; You who gives me the divine gift to forgive and forget the wrong that is done to me; and You who are in all instances of my life with me; I, in this short dialogue, want to thank You for everything and confirm once more that I never want to be separated from You no matter how great material desires may be. I want to be with You and my loved ones in perpetual glory. Amen. Thank You for Your love towards me and my loved ones. A person must pray this prayer 3 consecutive days without asking your wish. After the third day, your wish will be granted no matter how difficult it may be. Then promise to publish this dialogue as soon as your favor has been granted. G. S.

Could You Use a PRAYER OF FAITH?

We met Joe several years ago near Penn Yan. He told us how he had been diagnosed with brain cancer. Joe was not just concerned about his health, but also about how his family would get along without him. He agreed to let us pray for him. We called on the name of the Lord and cursed the cancer in the name of Jesus.

The following week, the cancer doctor told Joe the cancer was miraculously gone.

Four years later, we saw Joe and he was really doing well, and very thankful. Our God is a very good God - He heals. Nothing is too hard for Him.

Wisdom Teeth

Wisdom teeth are always the last teeth to typically erupt in the mouth. Although your teen's mouth may seem big enough to accommodate them, most often it is not. As soon as it is clear that the wisdom teeth, technically known as third molars, will not grow in normally, they should be removed. Early removal of the wisdom teeth lessens the risk that your teen will experience impacted or partial eruption, and the complications that often result.
