Ductless mini-split heat pumps are highly efficient and can be the perfect solution for cooling or heating spaces without installing expensive ductwork. One outdoor unit can provide hot or cold air for up to eight indoor units, which are controlled individually by wall consoles, remotes, or smart phones.

Ductless heat pumps are increasingly used in:

- Homes or commercial buildings with no ductwork.
- Additions, garages or sheds where extending ductwork is not feasible.
- Rooms that are not regularly occupied, as indoor units can be turned off to save money.

## The Dutch Heritage Boosters would like to say Hartelijk Bedankt! (Thank You!)

Thank you to all the volunteers who helped this past year for Poffertjes Mix Day, the Century Home, the Little White Store, the Parade of Flags, the Heritage Walk and the Puppet Show.

Over 700 volunteer hours have been dedicated to the various jobs of cleaning, measuring, mixing, packing, grilling, buttering, sugaring, marching, riding, walking, repairing, decorating and preparing.

We want to thank you all for giving of your time, talents, and financial gifts.

If you would like to help with any of the above activities in the future, please contact us on our Facebook page at [www.facebook.com/dutchheritageboosters](http://www.facebook.com/dutchheritageboosters) or on our webpage at [www.dutchheritageboosters.com](http://www.dutchheritageboosters.com)

The DHB organized in 1986 to promote and maintain the Dutch heritage early settlers of Orange City brought to the town. The group maintains The Little White Store, The Century Home and a library of authentic Dutch costume patterns. They also sponsor Sinterklaas Dag each December, as well as the Dutch Heritage Walk and parade of flags during Tulip Festival. The volunteer group may best be known for the poffertjes they make and serve from The Little White Store each Tulip Festival and on other special occasions.
