# SPEAK OUT

Dear Speak Out!

Friday, May 31st is National Smile Day. When I was a little boy in the late forties and early fifties, my mother and I would go shopping in the grocery and department stores in Mount Morris. We would be greeted by almost everyone with a big smile and hello. People would stop and visit. Today as I shop from the smallest stores to the biggest super stores, I will smile and say hello to everyone I meet. People will not make eye contact but instead pass by without so much as acknowledging that I exist. We say that we have it so much better today than we did back then, but I disagree! We have become a cold, unfriendly society. I encourage you the next time you venture out to smile and say hello to those you meet in the hope we can again be a friendly country.

## INFORMATIONAL MEETING

The Livingston County Board of Supervisors will hold a public informational meeting on the proposed Livingston County Sheriff's Office Training Complex to be located at 7524 Mount Morris-Nunda Road in the Town of Mount Morris.

The meeting will be held 6:30 p.m. Thursday, June 6, 2019 in the conference room of Building #1 Murray Hill Drive. County Administration and Sheriff's Office staff will be available to answer questions on this project.

## THANK YOU

We extend a sincere Thank You to Mount Morris Cub Scout Pack #82 and their parents and leaders for the wonderful job they did of sprucing up Tuscarora Park on Livingston County Cleanup Day. They removed all the brush around the park and weeded, mulched and replanted the flower bed. Thanks to their efforts the park looks beautiful! Please feel free to visit our lovely public park which is open daily 8 a.m. to 10 p.m. The Town-owned park is located at 8056 Dutch Street Road and includes a playground, baseball field, pavilion and grills. Tuscarora Park can be reserved for a refundable deposit of \$25 by contacting the Town Clerk.

# Positively Letchworth

## Friends of Letchworth Scholarship Awarded

Miss Allison Karasiewicz, daughter of John and Vanessa Karasiewicz of Pike, New York, has been awarded the 2019 Friends of Letchworth Scholarship. Allison is a senior at Letchworth Central School. Presentation of the award was made by Doug Kelly, Park Manager, at the "I Love My Park Day" gathering on May 4, 2019.

Competition for this scholarship included senior class members from all schools adjoining Letchworth State Park. This year's scholarship is \$1000 and is funded by the Friends of Letchworth and donations from individuals interested in promoting this beautiful park through a scholarship program.

The scholarship is offered each year and is awarded on the merits of a composition concerning some aspect of the Park. Since Letchworth Park is hosting the National Civilian Conservation Corps (CCC) reunion in 2019 this year's essay concerned the CCC's history, its role in shaping our present day park and how it will continue to shape the park experience.

## Public Information Meeting on Sheriff's Office Training Complex

The Livingston County Board of Supervisors will hold a Public Informational Meeting on the proposed Livingston County Sheriff's Office Training Complex on Thursday, June 6, 2019 at 6:30 pm at the Building #1 Conference Room located at 1 Murray Hill Drive on Livingston County's Mount Morris Campus.

The Complex is going to be sited on county-owned land located at 7524 Mount Morris-Nunda Road in the Town of Mount Morris. The meeting is intended to provide the public with an opportunity to learn about the various components of the proposed complex, including, but not limited to, intended use and purpose, hours of operation, and individuals/entities permitted access.

County Administration staff and Sheriff's Office staff will be present to answer questions related to the specifics of the project. Members of the Mount Morris Town Board, Planning Board and Zoning Board of Appeals have also been invited and are expected to be in attendance.

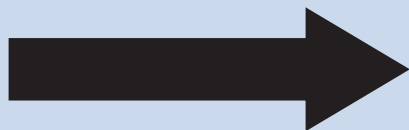

Project details and answers to frequently asked questions can be found on the County's web-site. [www.livingstoncounty.us](http://www.livingstoncounty.us)

## Rabies Positive Fox in Mount Morris

According to the Livingston County Public Health Director, Jennifer Rodriguez, the New York State Health Department laboratory has confirmed that a fox in the Town of Mount Morris tested positive for rabies on May 6, 2019.

Rabies is a deadly virus that attacks the central nervous system in mammals. It is most frequently found in raccoons, skunks, and bats. All mammals, including unvaccinated dogs, cats, and farm animals, are at risk for getting rabies.

It is important to note that there is no way to tell if an animal is rabid just by looking at it. Wild and feral animals should always be avoided. Signs of rabies in wildlife include: inability to walk, appearance of "drunkenness," unwillingness to drink water or eat, drooling, aggressive behavior, or any significant change in temperament. All potential rabies exposures should be reported to the Livingston County Department of Health.

### **Below are important steps to prevent rabies.**

- ... Stay away from unfamiliar animals, either wild or domestic, even if they appear friendly.
- ... Thoroughly wash any wound from an animal with soap and water and seek immediate medical attention.
- ... Avoid wild and feral animals, especially if the animal is showing any sign of rabies.
- ... Be a responsible pet owner by keeping your pet's vaccinations current. Getting your pets vaccinated can help stop the spread of rabies from wild animals to humans.

New York State Law requires that all dogs, cats and ferrets have current rabies vaccinations, beginning at 4 months of age. An unvaccinated pet that comes into contact with a rabid animal must be kept in strict confinement for six months or be euthanized. Free rabies clinics are offered for dogs, cats, and ferrets every year in Livingston County. The next rabies clinic is on May 15, 2019 in Caledonia. Pre-registration is available on the Environmental Health website listed below.

It is important to be aware of the facts and use caution to protect your family and your pets. If you have any question or would like further information on rabies or rabies vaccination clinics, please contact the Livingston County Department of Health at 243-7280 or visit [www.livingstoncounty.us/eh](http://www.livingstoncounty.us/eh).

## Livingston County Department of Health Responds to Mumps Cases

Mount Morris, NY (May 29, 2019) - The Livingston County Department of Health continues to work closely with the New York State Department of Health and Livonia Central School to ensure the health and safety of our residents through active surveillance and investigation regarding mumps cases. As of May 29, 2019, there have been three confirmed mumps cases among Livingston County residents.

Mumps is a disease caused by a virus. You can catch mumps through the air from an infected person's cough or sneeze. You can also get it by direct contact with an infected surface. The virus usually makes you feel sick and causes a salivary gland between your jaw and ear to swell. Other symptoms include low-grade fever, fatigue, muscle aches and loss of appetite. After a person is exposed to mumps, symptoms usually appear 16 to 18 days after infection, but this period can range from 12 to 25 days after infection. Mumps cannot be treated.

While the mumps vaccine is not 100 percent effective, two doses of the vaccine provide the best protection against the disease. Individuals who have not previously been diagnosed with mumps or who are unsure of their vaccine history should contact their health care provider or local health department to inquire about receiving the measles, mumps and rubella vaccine, known as the MMR.

### **Here are some everyday preventive actions that can stop the spread of mumps:**

- ... Do not share food, drinks, utensils or other personal items that may contain saliva.
- ... Wash your hands frequently with soap and water, or use an alcohol-based hand rub if soap and water are not available.
- ... Cover your nose and mouth with a tissue if you sneeze or cough, and discard the tissue after you use it. If a tissue is not available, sneeze or cough into your upper sleeve or elbow, not your hands.
- ... Clean and disinfect objects and surfaces that may be contaminated with germs.
- ... People with the mumps should stay home, and away from public places for five days after the onset of symptoms and limit contact with others in their household.

"If you have questions or concerns about your level of vaccination, please contact your primary care provider. If you, your child or another family member has been exposed to mumps or have symptoms of mumps please stay home and call your local health department, doctor or clinic immediately for advice. If you never had mumps or were never vaccinated against it, you may need to stay home from work or school for a while", stated Jennifer Rodriguez, Public Health Director.

## Are You Sick?

For those of you who are sick, for those in pain, and for those who have a terminal illness, what is the will of God for you? Many people believe that their physical issues are the cards they've been dealt in life, and they're stuck playing them.

### THIS JUST ISN'T TRUE!

Jesus said in John 10:10 that He came to bring life, and bring it abundantly. Pain, sickness and terminal illness are not living an abundant life, and God wants you healed and set free. Before Jesus left the earth, He told his followers to take the good news out to all people, to lay hands on the sick, pray for them, and see them recover.
