Does your child snore?

George Livermore, M.D.
Board Certified
in Otolaryngology

If your child snores three or more times a week, it's something you should have checked. It could mean a serious disruption in your child's quality of sleep, which may lead to behavioral and school problems, headaches, irritability or daytime sleepiness. A common cause of snoring in children is enlarged tonsils and adenoids. George Livermore is here to help. Same-day appointments are often available, and walk-ins are welcome.

To schedule an appointment with Dr. Livermore, call 931-684-2701.
