They may start as well-intentioned efforts to calm anxiety, improve sleep or ease depression. But prescriptions for sedatives known as benzodiazepines may lead to long-term use among one in four older adults who receive them, according to new research published in JAMA Internal Medicine. That's despite warnings against long-term use of these drugs, especially among older people, because they can increase the risk of car crashes, falls and broken hips, as well as causing other side effects.

The U.S. Food and Drug Administration has approved Libtayo (cemiplimab-rwlc) injection for intravenous use for the treatment of patients with metastatic cutaneous squamous cell carcinoma (CSCC) or locally advanced CSCC who are not candidates for curative surgery or curative radiation. This is the first FDA approval of a drug specifically for advanced CSCC. CSCC is the second most common human cancer in the United States with an estimated annual incidence of approximately 700,000 cases. The most common form of skin cancer is basal cell cancer. Squamous cells are thin, flat cells that look like fish scales and are found in the tissue that forms the surface of the skin. CSCC usually develops in skin areas that have been regularly exposed to the sun or other forms of ultraviolet radiation. While the majority of patients with CSCC are cured with surgical resection, a small percentage of patients will develop advanced disease that no longer responds to local treatments including surgery and radiation. Advanced CSCC may cause disfigurement at the site of the tumor and local complications such as bleeding or infection, or it may spread (metastasize) to local lymph nodes, distant tissues and organs and become life-threatening.

SHOP TODAY'S LOW PRICE TAGS:

We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:

Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

POLARIS ATV RZR-170
2016 RZR, bought new late March, 2016, used it very little. Used it every other weekend in April, May, June, July and August 2016. Late August 2016 it was put in storage. This ATV has all the extras, fuel injection, disc brakes, full top, roll cage, front windshield, rear windshield, window net, bucket seats, lift kit, big wheels, knobby mud tires. This ATV has never been in rocks or the woods. Tires still have casting tabs on them. Driven on dirt road that goes around the farm. The color is white with a little black and red trim. Seats and wheels are black. I paid \$6,200 dollars for it. Make me an offer. For more info, call me. 256-352-4644.
