# SPEAK OUT

Dear Speakout:

Sunday, June 16th is Father's Day this year.

I would like to take this opportunity to tell all fathers just how important they are and how much they mean to all of us.

In today's society the role of a father does not mean what it meant many decades ago. So many children grow up in homes without the benefit of a father. With so many homes today not having a father at home, many children don't possess the safety and security they so desperately need. A mother deserves the peace of mind of having a soul mate with whom to raise her children.

A good father is a man who makes a commitment to be there for his family by spending quality time, providing for their needs, but most important of all by giving the love his family so needs. He is there not only in the good times but also in the hard times.

Every child needs a good role model after which to pattern their lives as they grow into adulthood.

The family is the central core of our society and the father plays an indispensable role in that family unit.

Any man can sire a child but it takes a special man to be a father. I would like to congratulate all the fathers who have and are taking their roles as fathers seriously.

I believe that God has a special reward awaiting a good father in Heaven for the role he spent in his family.

If you are blest with still having a father, please take the time to thank him for everything he does for you but most importantly for who he is. If your father has passed away, take time to go to his gravesite and decorate his grave. Tell your children of all the wonderful times you spent with your father so that his memory will live on in your children.

Have a wonderful Father's Day with your family.

Ronald Powell

Renner received her Bachelor's in Psychology and Education from Nazareth College in 1980. From there, she attended Ohio University and earned a Master's degree in Experimental Psychology in 1982 and graduated with a Doctorate in Experimental Psychology in 1985.

"I am proud and humbled to be asked to be this year's commencement speaker. ## Boyd & Parker VFW Blessed by Community

VFW Boyd and Parker Post 547 is overwhelmed with gratitude over the outpouring of community support they have received lately. Various organizations and people from the community have donated their time and resources to help improve the VFW buildings and grounds. The VFW would like to recognize and let them know how much their help means to their organization.

First, a large amount of surplus floor tile was donated from Mount Morris Central School, allowing the VFW to install new flooring in the main hall as it would cut the cost down drastically.

The VFW is grateful for the support they received. Thank

You Mount Morris Central School and Superintendent Greg Bump!

Boyd & Parker VFW 547 is the Charter Organization for Cub Scouts in Mount Morris. Various members of the community came together last year and rechartered Pack 82. It has been a great honor for the VFW to be their Charter Organization. As a way of saying 'thank you' to the VFW Post, parents of Pack 82 scouts were more than willing to lend a hand when needed.

As many VFW members are unable to do manual labor due to their ages, help was needed. On Mother's Day weekend, these 'parents' volunteered at the VFW to prepare the floor and install the sub floor and tile. We are so grateful to these community members who took time away from their own families on this important weekend to help us out.

The VFW is especially grateful to Brandon Zingaro who coordinated the project and provided many of the tools we needed to get the job done.

Not only was Brandon at the VFW working into the late evening Friday, Saturday and Sunday, but many of his family members were also there working diligently at help the VFW achieve their goal.

In need of attention, the kitchen was cleaned and organized by Christina and Brian Guillod who also helped with the flooring. No amount of thanks could ever let Brandon, Brian and Christina know how grateful the VFW truly is. Thank you Cub Scout Pack 82!

**continued >>>**

On Memorial Day this year, Kircher Construction donated the lift that was used at the Veterans Park to hold the flag. This was a wonderful addition to the ceremony and the VFW is very grateful. After the ceremony, Jim Olverd joined the rest of the community at the VFW's buildings on Elm Street for a free hotdog and refreshment.

While at the VFW, Jim was asked, by one of our post officers, to provide a price quote so the VFW could repair the parking lot and driveways as they were in rough shape. The next day Jim and three of his employees from Kircher Construction, Inc. were at the VFW to repair our parking lot and driveways at no cost!

As a volunteer and non-profit organization, funding for the VFW comes from building rentals and fundraisers. In order to obtain rentals, the buildings and grounds must be in good condition. The VFW has been trying to raise funds to do many needed repairs. These donations have helped tremendously! Thank you Cub Scout Pack 82 and Kircher Construction, Inc. for your kindness and generosity! We are so grateful to you and proud to be members of such a generous and caring community!

## Improving the Health Status of Livingston County Residents

Adults in Livingston County are spending less time in the hospital and access to a supermarket or large grocery store among the low-income population has improved. These are just a few findings from the New York State Department of Health's Prevention Agenda Dashboard, which measures progress on 96 health outcome indicators, including reductions in health disparities.

While Livingston County scores well in many areas, there are several areas which are considered areas for improvement. For example, the ratio of Black non-Hispanics to White non-Hispanics regarding premature deaths worsened according to the New York State Department of Health's Prevention Agenda Dashboard.

The New York State Prevention Agenda is the blueprint for state and local action to improve the health of New Yorkers in five priority areas: preventing chronic diseases; promoting a safe and healthy environment; promoting healthy women, infants and children; promoting mental health and preventing substance abuse; and preventing sexually-transmitted diseases, health care associated infections and vaccine-preventable diseases.

The agenda also strives to improve the poorer health outcomes based on racial, ethnic, disability, socioeconomic and other factors, known as health disparities. The Livingston County Department of Health, UR Medicine, Noyes Health and other community agencies and organizations utilize the Prevention Agenda to identify health priorities, and develop and implement health improvement plans to address them.

"The Livingston County Department of Health collaborates with many community partners to improve the health of the county through initiatives such as Be Well in Livingston and the Mobile Crisis Response Program. Please visit [www.livingstoncounty.us/doh.htm](http://www.livingstoncounty.us/doh.htm) for more information on the Prevention Agenda Dashboard and the community health improvement plan. For more information on local initiatives and/or joining a committee, visit the Genesee Valley Health Partnership at [www.gvhp.org](http://www.gvhp.org).

## Are You Sick?

For those of you who are sick, for those in pain, and for those who have a terminal illness, what is the will of God for you? Many people believe that their physical issues are the cards they've been dealt in life, and they're stuck playing them.

### THIS JUST ISN'T TRUE!

Jesus said in John 10:10 that He came to bring life, and bring it abundantly. Pain, sickness and terminal illness are not living an abundant life, and God wants you healed and set free. Before Jesus left the earth, He told his followers to take the good news out to all people, to lay hands on the sick, pray for them, and see them recover.

This is what we do at Healing Rooms on the Genesee. Let us know what's going on. Together we'll find a way...

## Wisdom Teeth

Wisdom teeth are always the last teeth to typically erupt in the mouth. Although your teen's mouth may seem big enough to accommodate them, most often it is not. As soon as it is clear that the wisdom teeth, technically known as third molars, will not grow in normally, they should be removed. Early removal of the wisdom teeth lessens the risk that your teen will experience impacted or partial eruption, and the complications that often result.
