Making \$50 Has Never Been Easier

It pays to recycle. Let Consumers Energy pick up your working fridge or freezer, and we'll send you a \$50 rebate. Get even more when you recycle your air conditioner or dehumidifier along with your fridge or freezer*. We'll handle the recycling, you'll handle the reward.

Schedule your free pickup by calling 888-990-2246.

*Limit of four small appliances per year. Air conditioners or dehumidifiers may only be included with the recycling of a refrigerator or freezer.

SchaFour Builders took this 2400 square foot "A" Frame Cottage and turned it into a 4586 square foot two story 6 bedroom and 5 bathroom home.

This beautiful home has a formal dining room with a fireplace, a large kitchen with a butler's pantry, large island and breakfast nook. The kitchen opens up into a large great room with a natural stone fireplace, built in cabinets and vaulted ceiling.

The master bedroom suite has a large walk-in closet and a space perfect for a home office. The master bathroom has a large tiled shower.

On the lake side of the house there is a large deck constructed with composite material for beauty and longevity. On the deck you will find a hot tub and attached to the deck is a gazebo, making this a perfect place to sit and enjoy the view of the lake.

The exterior of the house is finished with Diamond Coat Siding and accented with stone. The roof is a combination of asphalt shingles and standing seam metal roofing.

KITCHEN REMODEL

This kitchen remodel takes full advantage of the home's phenomenal views and lends an open concept great room while also offering a functional workspace for this avid amateur chef & wine enthusiast. The design requests included easy to maintain surfaces, wine storage, spice organization, display space for vintage glass collection and attractive way to house the microwave.

THE RESULT:

Solid wood painted finish cabinetry in antique white shaker style, top "stacker" glass door cabinets with LED lighting, full extension drawer glides, soft close drawers & doors, spice rack pull-out base cabinet. Custom designed microwave counter-height space allows for more accessibility. Custom built open shelving for spices on back of small prep island. Overrefrigerator cabinet for storage of large serving platters. Undercabinet wine glass racks. LED undercabinet lighting allows color change and remote control. Granite countertop in Chesapeake Blue. Vintage wave glass backsplash. Slide-in gas range with smart controls. Built-in dual zone wine refrigerator. Custom shaped crown molding. Oversized stainless steel cabinet pulls. (Modification in layout required fill-in of existing ceramic tile floor.)

FEATURES: About house;

This owner of this existing home came to us with the idea to capture the beauty of the area, located within the city limits. By adding a living room that has floor to ceiling windows on three sides, one is able to feel as if you are in your back yard, yet still indoors, in comfort on chilly mornings or hot afternoons. Hidden in the ceiling are backlit soffits that can create lighting changes to follow your mood and lifestyle. Only steps away from this space is a completely renovated custom kitchen that affords easy entertaining with a large island with quartz tops, luxury appliances, and a custom built pantry of dreams. Again, the large kitchen window allows for a continuous view of the river from the minute one steps in the front door. Of course, no upscale home is complete without adding a well-appointed master bathroom which

includes a roll in shower, heated tile floors, and all the niceties one could ask for such as large dual vanities, heated backlit water closets and more. This home enjoys two such master suites. Comfort wasn't forgotten on this gem of a home which has wood flooring and crown moldings throughout the home, separate heating and cooling zones for each type of space, as well as fireplaces for each living room. Outside, a large composite deck overlooks the Chippewa River in a backyard that is just steps away from the curb. Premium fiberglass windows which never require painting, a 50 year roof, maintenance free siding, and covered eaves through all make this house a pleasure to own, and not have to constantly maintain. Window blinds, thermostats, doorbells, cameras and even smoke detectors are all Wi-Fi enabled and controlled, allowing control of the home functions while on the road. Bluetooth speaker recessed can lights ensure that you can enjoy

all of your favorite tunes from your smart phone without having a stereo system to be seen or stored. Top to bottom and inside to out, this home has had thought and purposeful character added to every space making this house into a dream-come-true home that will last a lifetime. At three bedrooms, three bathrooms, and a large open space that combines two living rooms, married by the kitchen, there is simply no wasted space that won't be enjoyed every day that this home lived in. Durable, comfortable, stylish, healthy, and efficient, what else could one want in a dream home?

Behind Closed Door Solutions.... Bathroom Doors that is

Do you have a toilet that clogs so often that its best friend is a plunger? No one ever wants to talk about what goes on behind a closed bathroom door. We have a toilet that will take away all these worries. Our contemporary style Caroma dual flush high-efficiency toilet has a signature larger trapway. More than twice the size of most toilets made today - virtually eliminating clogs!! Also, don't forget to ask about our bidet seat selection for an extra special experience behind that closed bathroom door.

The Straight Scoop: Digital Hearing Aids Can Significantly Improve Your Quality of Life

The Surgeon General recommends everyone over the age of fifty have their hearing checked at least once a year.

Hearing loss makes life increasingly difficult to interact with friends and loved ones and not just for the person with the loss but many times even more frustrating for the people that are trying to communicate with you. They have to repeat themselves, raise their voices, or take the time to get in front of the hard of hearing person so they can read lips. Yes it's stressful on all concerned.

Vanity and denial - are these the reasons you're not helping yourself hear better? Think of your loved ones and friends. Is it fair to them or you?

If the brain has difficulty understanding speech or you get words confused, please come in and get your hearing checked. The longer you wait, the more time you will spend not understanding their message. Help the folks you communicate with by helping yourself with hearing treatments that can significantly improve the quality of life.

It is estimated that partial hearing loss strikes one out of three adults over the age of fifty. A hearing loss usually comes on so gradually, most people are not aware of it happening. It is silent and painless, gradually stealing away your ability to hear the soft sounds of speech clearly. Early detection and correction are essential in avoiding speech deprivation now and in later years.

Michael Long has served this community in hearing health care since 1986, providing the highest professional standards in dispensing

premium hearing systems and services. His utmost concern is making people hear and seeing them smile.

It's not just your hearing that's affected when you don't hear well, but your whole way of life. Hearing helps people and families to get close again - puts happiness back in their marriages - lifts people up from depression - recreates friendships - gets people out of their homes and back into the flow of living - makes people feel younger, which improves their outlook, which improves their health and most importantly, no more embarrassment!

You'll be surprised to learn that digital hearing aids are very affordable today and are available in a variety of styles and sizes.

Digital hearing aids provide effective solutions to complaints commonly associated with analog products: feedback, background noise and low-fidelity sound processing.

The newest digital chip performs millions of calculations per second based on the algorithm's hearing correction code. The Advanced Digital Algorithm provides:

- Automatic Feedback Suppression
- Adaptive Noise Management
- Digital Directional Technology
- High Fidelity Digital Sound
- Extended Battery Life

If you or a loved one suspect an untreated hearing loss, you should contact your local hearing professional.

Come in - don't put this off any longer! Hear your loved ones and the sounds of the world!

EXPERIENCE THE DIFFERENCE CULLIGAN WATER CAN MAKE.

Tough on iron water

If there's iron in your water, you don't need us to tell you how bad a problem it is. Ugly rust stains on your clothes, fixtures and dishes remind you everyday. Culligan's Iron-Cleer takes care of that.

Stops that rotten egg odor

Hydrogen sulfide. If you have it, you know it. It's what causes that "rotten egg" odor in your water. Culligan's Iron-Cleer removes hydrogen sulfide.
