## Councilman Mark Gjonaj

250 Broadway, Suite 1847  
New York, NY 10007  
(212) 788-7375

This summer, I have pledged to be a part of the New York City Council Participatory Budgeting Cycle. Constituents from the 13th Council District will have the incredible opportunity to influence the types of capital improvements they would like to make in their community. They will be given the platform to directly express project ideas and be involved in the New York City Capital Budget process.

Each fiscal year, every Council Member is given a \$5 million capital budget, in which each council member has the option of pledging at least 1 million dollars towards Participatory Budgeting to fund capital improvement projects. Started in the New York City Council in 2011, this process has allowed voters to fund different projects such as, enhanced security, technology in schools, and bus countdown clocks.

Participatory Budgeting does more than just allocate funds. It introduced the concept of civic engagement and responsibility by giving voting power to all constituents starting from age 11. It empowers and diversifies communities by providing ballots in several different languages. It increases accessibility and awareness by bringing voting booths to schools, libraries, and green markets. Since, Participatory Budgeting is heavily based on volunteerism, it also increases community engagement and activism.

Hence, I am looking forward to the commencement of the Participatory Budgeting Cycle. I urge you to stop by the District Office for a Participatory Budget project idea card - no idea is too big or small. The voices and ideas of constituents are absolutely vital to uplifting and enhancing communities. Together, we can create a more active and empowered Council District 13.

HOME MORTGAGE

**Mortgage Talk with Irene Amato**

It's that time. Your new lease has arrived and the same question arises, Should I rent or should I buy?

Purchasing a home is a complex decision that requires education. Knowledge is Power! For some, it's easier to sign a lease for another year and think about buying when the lease expires. Unfortunately, the majority of renters re-sign again and again.

We know the simple facts of owning a home outweigh renting. Some of the financial advantages are, the tax deduction for mortgage interest (yes that does still exist), and knowing a portion of your monthly mortgage payments are applied towards your principal balance is a plus too. Paying down your mortgage balance (by making monthly mortgage payments) frees up equity in your home. Equity is the difference between the mortgage balance that you owe and the value your home is currently worth. Not only does equity growth occur by making monthly principal payments to your mortgage but it also builds by the real estate market rising every year. While gaining equity is not a direct cash savings in your bank account, we must recognize it as an overall savings benefit of owning a home.

We talked about some of the financial aspects of owning a home now let's cover some of the fun facts. Owning a home offers privacy, a piece of the American dream of homeownership, and a place to call your own. Purchasing a house can offer access to an outdoor yard for family functions and for your own enjoyment such as bbq's and holiday parties. It often provides parking spaces or even a garage and some have a pool or one can be added.

For those who are purchasing a co-op or condo, these can offer washers and dryer's in the apartment or building, parking garages or assigned spots for cars, and some even have amenities such as a pool or gym and a community room to host family events. Imagine all of this while taking advantage of tax benefits and building home equity for your future.

As I mentioned in the beginning of this article, owning a home can be a complex decision. There is a fear factor of having a 30 year payment and simple fear of the unknown. That's understandable and why it is so important to discuss your individual concerns and options with a licensed mortgage professional and tax accountant.

The truth of the matter is, that some renters can own their own home for less or equal to what they're paying in rent. Don't be misled by the myth of needing a large down payment or excellent credit when applying for mortgage financing. There are programs out there that allow for non-perfect credit and less than 20% down payment. Everyone deserves the opportunity to get a better understanding about the home buying process, programs available and the qualifications.

Don't let your fear of the unknown hold you back from becoming a homeowner and living out the American dream of homeownership. Asap Mortgage offers FREE pre-qualifications and financial check ups to all consumers. Check out the **A.S.A.P Mortgage Home Expo, July 13th, 9am - 2pm at Maestro's 1703 Bronxdale Avenue.** This event will offer a full overview of the home buying process for renters and existing home owners seeking to gain knowledge.

Can't make the event call **1-866-THINK-ASAP** today for a FREE personalized evaluation and overview of the home buying process.

You owe it to yourself and family to explore the opportunity of homeownership and make an educated decision if owning a home is for you!

### HOME ENERGY ASSISTANCE PROGRAM COOLING ASSISTANCE (HEAP)

The Home Energy Assistance Program's Cooling Assistance benefit is now accepting applications from low-income households that qualify for a free air conditioner with its installation. Only one air conditioner or fan that does not exceed \$800 with installation will be given per applicant household. For those interested, you must print out an application at <https://www1.nyc.gov/site/hra/help/energy-assistance.page> and mail it to the attention of HEAP at P.O. Box 1401, Church Street Station, New York, NY 10008. As always, my office is available for you if you need the application printed. Please be mindful that there are income requirements in order to apply. To list a few, a household size of one person cannot have a maximum gross monthly income more than \$2,391. If you have a household size of two people, the maximum gross monthly income is \$3,127.

### PROJECT OPEN HOUSE

The Mayor's Office for People with Disabilities (MOPD) announced that the application for Project Open House is now available online. Project Open House is a community development block granted offered by the United States Department of Housing and Urban Development and locally administered by the MOPD. Project Open House assists permanently disabled people with needed improvements in their apartments. For example, eligible participants could see work such as widened doorways, the installation of accessible railings and other barrier removals that may be required by individuals with disabilities. MOPD and the City of New York's Department of Housing Preservation and Development obtain the licensed contractor to complete the approved work. To be eligible, applicants must be permanently disabled, must reside within the five boroughs of the City of New York and must meet the "Section 8 Income Limits by Household." Additionally, the building owner or representative must allow MOPD and HPD to complete the work. Please share this wonderful opportunity with loved ones and friends. To begin the process and request an application, please visit <https://www1.nyc.gov/site/mopd/initiatives/project-open-house.page>. As always, please contact me with any questions at (718) 892-1161.
