Thank You

We would like to thank everyone for the many acts of kindness and support after the recent passing of Diana Torcello. The numerous cards, phone calls, prayers, messages and flowers were greatly appreciated and comforting during this difficult time.

A Special thanks to Bill D'Angelo of Martins Funeral Home, Deacon George of St Mary's Church, Livingston Country Center for Nursing, Livingston County Hospice, and friends and family that attended Diana's Graveside service.

Notes from the NUNDA VILLAGE BOARD

2019 Seasonal Cleanup Schedule Reminder

There has been concern over brush and tree removal and the requirements for proper cleanup. The following information is the change and re-implementation of current policy for the Village:

- Pick-up will be the **first Wednesday** of the month throughout the Summer months
 - Tree Removal will not be picked up by the Village
 - Do not place brush curbside **until the weekend** prior to pick-up
 - Brush cannot be longer than 5 feet long
 - Do not mix leaves in with brush, they will not be picked up
- Should there be any questions, please contact the Village Administrator/Clerk-Treasurer at 585-468-2215.

Visit: www.villageofnunda.org
to keep posted on Nunda events.

FOR RENT LEICESTER: One bedroom apartment with basement and 1 car garage. \$545 a month. Available August 1st. Lease, good references, security deposit required. No pets. Call (585) 658-2606.

SPEAK OUT

Dear "Speak Out,"

We are very blest to have the Mount Morris Shopper and the opportunity to voice our opinions in the "Speak Out" section.

I can't believe that no one has any opinions or concerns which they would like to share with their fellow readers.

Perhaps everything is wonderful in the lives of all of us but I don't believe that is so.

I was pleased to see the wonderful article in the "Speak Out" section a couple of weeks ago written by a very caring lady regarding Memorial Day.

One of the freedoms provided to each of us in the "First Amendment" of the "Bill of Rights" attached to the "United States Constitution" is the freedom of the press. It reads as follows:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

If we take our freedom of the press for granted, there are those who would completely remove that freedom from us. If you do not agree with this, just look at the dictatorships around our world. I personally know people who believe that they have the only correct views and that anyone else who differs from their views is in error and should keep their views to themselves.

If our founding fathers were alive today and saw how we take many of our freedoms for granted, they would be amazed at the direction in which our country is proceeding. They risked imprisonment and even death to secure these freedoms for each of us.

During the American Revolutionary War, soldiers often entered newspapers and destroyed presses, burned papers and imprisoned the newspaper staff.

I would encourage each and every one who reads this article to take advantage of the "Speak Out" section and to personally thank the staff of the Mount Morris Shopper for providing this opportunity to share our views with others.

I attempt to express my views in a positive manner not only for the readers but also in consideration for the staff of the Mount Morris Shopper.

I look forward to viewing future articles in the "Speak Out" section whether I agree with them or not. That is your freedom of the press.

Ronald Powell
Nunda

The above articles are editorial opinions and do not necessarily represent the views of the Mount Morris Shopper, its management and staff, or the Mount Morris Shopper advertisers.

Through the 4-H market animal project, members learn how to manage, feed, and fit an animal to produce a high quality product for the consumer.
The members learn business skills, such as financial management, marketing, and record keeping as they track profit/losses on the project.

Support from buyers is critical to the sustainability of this program.

HARMFUL ALGAL BLOOMS – HEALTH ADVISORY

Harmful algal blooms (Blue Green Algae) have recently been found in areas throughout Conesus Lake. Blooms occur when algae multiply very rapidly over a short period of time, usually in calm, warm water.

There are thousands of different algae species, however, a few of these may produce toxins. The toxins are a concern when there is a high level present in the water. The Livingston County Department of Health is monitoring for algae blooms and may collect samples of the water if the bloom is concentrated and persistent. Harmful algal blooms may persist in varying degrees and at various locations throughout the summer and fall seasons. The public water supply is safe for drinking.

At this time, visual monitoring has detected the presence of harmful algae in the affected areas. Contact with the algae may result in some health effects such as itching, rashes, fever, headache, upper respiratory symptoms, vomiting and diarrhea. These symptoms are not just caused by harmful algae contact. If you experience any of these symptoms and they persist, you should seek medical advice. You are advised not to drink or use the lake water for cooking and do not swim, wade, play, or come into direct contact with water that is discolored or has scums on the surface. Pets should not be allowed to drink or to come into contact with discolored water. If contact occurs, wash with soap and clean water to remove algal material.

Always rinse after coming into contact with any surface water whether or not a blue-green algae bloom is present. Avoid contact with surface water when open cuts or wounds are present on the body.

Questions may be directed to the Livingston County Department of Health. The Livingston County Department of Health can be reached at 243-7280 Monday thru Friday from 8:00am to 4:00pm or by email: dept-of-health@co.livingston.ny.us.

KPTSA Shoe Drive Fundraiser

Keshequa PTSA (Parent Teacher Student Association) wants to thank everyone who donated to our Shoe Drive Fundraiser. It ran from April 8th-June 3rd to raise funds for student activities in the school and promoted student awareness of Earth Day, while making a difference in people's lives around the world. Our goal was to collect 100 bags of 25 pairs of shoes each, and the students helped us surpass our goal, collecting 118 bags! The two grades who collected the most shoes were given an ice cream social, and there was some friendly competition. The winners were fifth graders, who collected a total of 545 pairs, and PreK students, who collected 500 pairs of shoes.

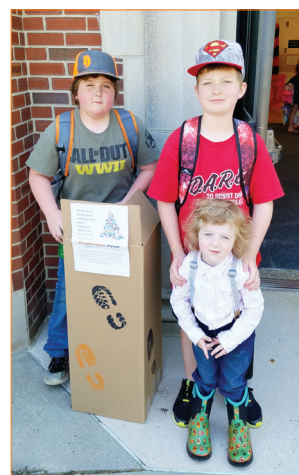

According to the U.S. Department of the Interior, Americans throw away at least 300 million pairs of shoes each year. These shoes end up in landfills, where they can take 30 to 40 years to decompose. All donated shoes will be redistributed throughout the Funds2Orgs network of micro-enterprise (small business) partners in 25 different countries.

Funds2Orgs works with micro-entrepreneurs in helping them create, maintain and grow small businesses in developing countries where economic opportunity and jobs are limited. Proceeds from the sales of the shoes collected in shoe drive fundraisers are used to feed, clothe and house their families. One budding entrepreneur in Haiti even earned enough to send to her son to law school.

The KPTSA could not have succeeded at something like this without the help of so many individuals and businesses in our community. It was an amazing community effort to collect so many shoes, and it was wonderful to see so much unity in doing something for our children. They would like to thank the businesses who held collection boxes including Nunda Lumber, Christine's Styles, M&T Bank, Nunda Physical Therapy, Pizza Corner, Tompkins Insurance, Nunda Post Office, Nails that Mesmerize, Trinity Church, Nunda Methodist Church, Dalton Post Office, Crossroads Salon, Mount Morris Shopper, WCJW in Warsaw, and the Livingston County Building and Colony Cleaners in Geneseo. They would also like to thank the media who provided us with support,

advertising, and publicity, including the Mount Morris Shopper, Genesee Valley Pennysaver, and WCJW CJ Country radio station.

We are so grateful to the Keshequa School staff and community members for all of their support, donations and encouragement. We would also like to extend our appreciation to the Nunda Cub Scouts, Girls on the Run, and all of the volunteers for their help in collecting and sorting the shoes.

NOTARY PUBLIC REVIEW

This course will demystify the office of notary public. For anyone planning to take New York's notary public examination, and for commissioned notaries who want to improve their understanding of regulations, this seminar will use plain English to clarify laws, concepts and procedures. You will learn how to avoid conflicts of interest, maintain professional ethics, establish proper fees, minimize legal liability, handle special situations and more. To become a notary, you must be at least 18 years of age and either reside in New York or engage in business in the state.

Keep Your Children Safe This Summer

When summer weather comes, it means more outdoor activity for children. For parents and guardians this means being extra careful to make sure your children stay safe. Keep your children safe this summer by following these simple tips:

Water safety: Never let your child play in or near water without an adult present. Even if children know how to swim, they can still find themselves at risk. Also remember that infants, toddlers and young children can drown in as little as 2 inches of water. Make sure that children wear life jackets in and around natural bodies of water, even if they know how to swim. Pools should have a four-sided fence, separating the pool from the house, keeping children away from the area when they are not supposed to be swimming. Also, teach kids to swim to prevent drowning and learn CPR to be ready in case of an emergency.

Insect Repellent: There are many insect repellants that are safe to use for children. Be sure you pick repellants with DEET, picaridin (KBR 3023), IR 3535, or citronella oil. If you use a repellant with DEET, be sure the product has less than 30% DEET, and do not spray near the mouth or eyes and follow manufacturer's directions. Do not use insect repellants with DEET on infants; instead cover them with netting to avoid bites.

Sun Safety: Overexposure to sun and ultraviolet light increases your child's risk of skin cancer. Regular use of sunscreen can lower children's risk of skin cancer by almost 78% (www.keepkidshealthy.com). Sunscreen with an SPF of 15 or higher is the best defense. Sunscreen should be applied 30-45 minutes before exposure to the sun, and should be re-applied every 2 hours or sooner if your child has been swimming or sweating. Also, be sure to stay in the shade whenever possible, and wear clothing that protects you from the sun, such as a hat and sunglasses. Schedule outdoor activities for morning and evening hours when the sun is not as strong.

Bicycle Safety: All children ages 14 and under are required by law to wear their bicycle helmets. Wearing a bicycle helmet can protect a child of any age from serious injury. Make sure your bicycle has reflectors if you are biking at night.

For questions on summer safety please contact the Livingston County Department of Health at (585) 243-7299 or visit our website at www.livingstoncounty.us/doh.htm.

Think Ticks

Summer is here, which means it's time for New Yorkers to take precautions to protect themselves from Lyme disease.

Lyme disease has become an important public health problem in New York State. "Lyme disease is spread by the bite of infected deer ticks," said Mark Grove, Director of Environmental Health of the Livingston County Department of Health.

"Ticks cannot fly or jump. They like to rest on low-lying vegetation and attach to a passing animal or person. Once on a body, ticks often attach to the more hidden areas such as the groin, armpits and scalp," warned Grove.

Campers, hikers, outdoor workers and others who frequent wooded and tall grassy areas will be more likely exposed to ticks. Because new homes are often built in wooded areas, transmission of Lyme disease near homes can be a concern in some areas of the state. The risk of exposure to ticks is greatest along trails in the woods and on the edges of properties with tall vegetation, but ticks may also be carried by animals and pets into lawns and gardens.

Early stages of Lyme disease are usually marked by one or more of the following symptoms and signs: fatigue, chills and fever, headache, muscle and joint pain, swollen lymph nodes, and/or a "bull's eye" red rash appearing on the skin at the site of the bite.

Lyme disease is often difficult to diagnose, because its symptoms and signs mimic those of many other diseases. Left untreated, Lyme disease can produce severe arthritis, or cause neurological or cardiac problems. However, with early detection and treatment with antibiotics, recovery from Lyme disease is usually rapid and complete.

Domestic animals, such as dogs and outdoor cats, may become infected with Lyme disease bacteria, and some of these animals may develop arthritis.

Dogs appear to be more at risk from Lyme disease. Symptoms in dogs include lethargy, joint pain, fever, fatigue and kidney damage. While there is debate about whether cats suffer from Lyme disease, cats are thought to be highly resistant to the disease.

You can decrease you and your family's chances of being bitten by a tick by following a few precautions:

- When in wooded and grassy areas which are likely to be tick-infested, wear lightcolored clothing (to spot ticks) and tuck pants into socks and shirt into pants.
- After every two to three hours outdoors, check for ticks on clothing or skin. Brush off any ticks on clothing before they can attach to your skin. Also, check your children and pets for ticks.
- Do a thorough tick-check of your entire body at the end of the day. Pay particular attention to the back of the knees, behind the ears, the scalp, the armpits and your back.
- If you decide to use tick repellent, apply carefully following label directions.
- Children may be at greater risk for reactions to repellents, in part because their exposure may be greater. Do not apply repellents directly to children. Apply to your own hands and then put it on the child. Never apply to the hands of small children.
- No one should apply repellents near eyes, nose or mouth. Also, use it sparingly around ears. If any ticks are found, they should be removed immediately. Use fine-tipped tweezers to carefully grasp the mouth-parts of the tick close to the skin, and then gently and steadily pull the tick out without twisting or squeezing.

After removing the tick, wash the bite area thoroughly, apply antiseptic, and mark the area to watch for symptoms. (Name of official) reminded people that gasoline, kerosene, petroleum jelly or hot matches should never be used to remove ticks.

For more information about Lyme disease, call the Livingston County Department of Health at 585-243-7280 or visit the web site at www.livingstoncounty.us/doh.htm.

ARE YOU RECEIVING

your

MOUNT MORRIS SHOPPER

...Every Week?

Your shopper does not go on vacation. You should have your shopper each and every week.

...On Time?

Your paper should be delivered by Sunday at 5 PM.

Does God Want Me Sick, Or Well?

The answer to that question can be puzzling and even difficult, especially if you have a chronic illness, or the doctors have no good solutions. At Healing Rooms on the Genesee, we offer the following for your consideration:

1. If God wants you sick, by going to a doctor you are disobeying God. That doesn't make sense. God wants the same thing that you and your doctor want. He wants you healed.
2. Jesus, when asked to teach His disciples to pray, 'introduced' God as Father to them (see Lk 11:1-4). What good Father wants His children sick? Again, it does not make sense that God wants you sick.
3. John 10:10 says "the thief (satan) does not come except to steal, and to kill, and to destroy... I (Jesus) have come, that they may have life, and that they may have it more abundantly." Sickness and abundant life are opposites and do not go together.
4. As you read through the gospels, you will find that all who came to Jesus were healed. He, Jesus, does not change. He wants you healed. So does His Father.

It should be clear that God and Jesus are in the healing business. If this raises questions in your mind, that's OK. Give us a call. We will be happy to talk about this.

LIVINGSTON COUNTY'S 2021 BICENTENNIAL

~ Free Scanning Event in July ~

Formed in 1821, Livingston County will be celebrating its Bicentennial in 2021. Multiple county-wide events will be held as this milestone draws near. The first event will be hosted in July by the Livingston County Historian's Office.

All are invited to share both historic and contemporary photographs, documents, and other records that help to capture Livingston County's history. Staff will scan the materials and record any information the owner shares about each piece. All originals will be returned along with a digital copy of the scans on a flash drive. The County Historian's Office will then make the images available to researchers.

**July 15-19 for
Livingston County Employees**

July 22-26 for the Public

Appointments are necessary.
For more information, contact
Livingston County Historian's
Office at 585-243-7955 or
