FREE Hearing Consultation

DO YOU HAVE AN UNDERSTANDING PROBLEM?

Take this simple test to help find out...
DO YOU...

- Have difficulty understanding what is being said, unless you are directly facing the speaker?
- Find yourself complaining that people are mumbling or slurring their words?
- Continually ask people to repeat words or phrases, though they feel they're speaking loud enough?
- Prefer the TV or radio louder than others do?
- Have difficulty understanding conversation within a group of people?
- Avoid group meetings, social occasions, public facilities, or family gatherings where listening may be difficult?
- Have trouble hearing at the movies, house of worship, concert halls, or at other public gatherings especially where sound sources are at a distance?
- Have ringing in the ears or other head noises (hissing, buzzing, crickets, etc.)?

This may be caused by Tinnitus which often accompanies hearing loss. If you checked at least two of these questions, you may have a hearing loss/understanding issue and need to have your hearing tested. Call today to set up an appointment for your free hearing consultation.

Life insurance rescues families in times of terrible tragedy. And if you are young and healthy, it is so inexpensive, there is no excuse not to have it. I have a plan for you that includes living benefits of cash if you get cancer, have a stroke or heart attack or several other things. You don't have to die to receive cash help when "life happens".
